Basic Business Communication: Skills For Empowering The Internetgeneration (Book Only) - Lesikar 2005-04

**Business Communication (as per NEP-UP, for B.Com, Sem I) - Pooja Khanna**

□□□□□ - Ron Ludlow 1997

**Basic Business Communication** - Raymond Lesikar 2001-01-30  
Lesikar and Flatley's, Basic Business Communication (BBC): Skills for Empowering the Internet Generation, has long been known as a solid introductory business communication book that gets to the writing skills sooner than most other texts and gives students true "how-to" skills in all areas of business communication. It has solid examples, and is both consumer-and service-oriented. Its strength has also been its use of margin notes, cartoons and photos that relate to the concepts and use of cases. Recent editions have established BBC as truly cutting edge - it was the first text in the market with PowerPoint as part of its package, the first to have an online chapter, and with the 9th Edition is now the first to offer writing tips and templates for PDAs (personal digital assistants). Marie Flatley, has been elected incoming President of ABC (the Association for Business Communication) for 2001.

**M: Business Communication** - Marie Flatley 2011-02-02

M: Business Communication was created with students' and professors' needs in mind. Written by the co-authors of Lesikar's Business Communication: Making Connections in a Digital World, 12/e, it provides both student and instructor with all the tools needed to navigate through the complexity of the modern business communication environment. M: Business Communication attends to the dynamic, fast-paced, and ever-changing means by which business communication occurs by being the most technologically current and pedagogically effective book in the field.

It has realistic examples that are both consumer-and business-oriented. Students receive a cost-effective, easy to read, focused text complete with study resources (both print and online) to help them review for tests and apply chapter concepts. Professors receive a text that contains all the pertinent information - yet in a more condensed format that is easier to cover by students. Student friendly design - M: Business Communication was written and designed with today's student reader in mind. The layout and design provides student visual stimulation they've come to expect. The content was written to focus on the key concepts only The examples provided have been selected for greater student appeal. The writing style is highly readable with today's student reader in mind. ALL END OF CHAPTER MATERIAL IS LOCATED ONLINE ON THE OLC. Study/Prep Cards: these Study Cards are come bound in to each new book. There is 1 Study Card for each chapter. They do not regurgitate information from the text, which allows students to use the card passively. Instead, the front of the card asks the student to write what he/she recalls from each of the learning objectives in the chapter. After completing this step, the student turns to the back to review the learning objectives broken down into bulleted lists, and then completes fill-in-the-blank application questions to test their knowledge beyond basic comprehension. The answers to these application questions are available on the bottom of the card (upside down). The point of these cards is to create useful exercises that actually help students LEARN and remember, as opposed to passively reading (or not reading) the cards.

*EFFECTIVE BUSINESS COMMUNICATION* - ASHA KAUL 2014-12-11

Communicating a message effectively needs precision—be it verbal or non-verbal. At the professional front, the accuracy of the message to be shared becomes all the more important as the business decisions may depend on the same. This book, in its second edition, continues to detail on the pre-requisites of communicating effectively in the corporate environment and generally. Beginning with an overview of business communication, the book educates on the principles of communication—oral and written. Divided into nine chapters, the first two chapters deal with oral communication and the next seven deal with different forms of written communication. The book teaches how to write effective letters and prepare persuasive resumé. The chapters are well-supported with many examples and illustrative exhibits wherever

required. A new chapter (Chapter 9) has been added titled 'Writing to Communicate' which presents incorrect use of language and phrases that rob the text, be it a report or a letter, of authenticity and credibility. The chapter also presents correct use of the examples and the rationale or logic in the form of explanations. Designed as a textbook for the management students, this book would be equally useful for the management professionals and executives. Key features • Observes a simple pattern of Read-Comprehend-Test-Follow • Discusses strategies for identification and improvisation of communication skills (both oral and written) • Provides numerous examples and illustrations that facilitate proper grasp of the topics discussed.

**Communication** - Sandra Cleary 2008-03

Book & CD. The ability to communicate well is a key marker of success in any environment, particularly in the world of work. This book is based on the widely used and respected "The Communication Handbook", written by a team of dedicated communicators and higher education specialists. Although the material has been substantially reworked and expanded, the focus remains on different forms of communication. The emphasis is placed on writing as a communication tool, particularly within the business environment. To support this, each chapter contains numerous exercises to enable the student to practise the skills learnt. An exciting addition to this text is the inclusion of online interactive exercises for students. The drilling exercises will enable students to reinforce the principles that have been explained and tested in the book, but in a fun, interactive and learning-enabled way. Lecturers can use the range of exercises to ensure that students are prepared before class and to reinforce the theories and techniques taught in the classroom. (The package is being piloted at a major South African university). The authors draw from substantial experience in the classroom and from close contact with business and industry. For that reason a student working through this book will be well prepared to communicate with success in the business environment.
