Due Diligence for Global

Deal Making - Arthur H. Rosenbloom 2002-09-01
Companies of all sizes have been initiating international transactions--mergers and acquisitions, joint ventures, strategic alliances, and private placements--in record numbers. Targeted due diligence is crucial to effectively research, value, and complete these complex deals. With an evolving climate of uncertainty and new, unpredictable threats to business, it is more essential than ever before. Due Diligence for Global Deal Making is an invaluable guidebook for companies trying to capitalize on the opportunities in both developed and emerging cross-border

markets. All too often global transactions fail to meet the parties' expectations, and the leading culprit is inadequate due diligence. Especially when the target partner lacks a financial performance track record and significant assets, expanding businesses must answer difficult questions, such as: Why (if at all) do this deal? What are the rules going in, and what happens if things go wrong? Where are the tax, legal, financial, and operational traps, and what are the opportunities? This book provides what's needed to avoid devastating mistakes and to master the steps that ensure success: Expert analysis, insights, and strategies from experienced practitioners and leading authorities in cross-border matters In-depth coverage of critical topics decision makers need to understand in order to succeed in cross-border transactions--from

corporate planning to operational, financial, legal, tax, accounting, and people/organizational considerations Best practices of corporate investors and professional advisers in conducting critical due diligence Noted experts discuss critical topics corporate executives-- and all those involved with their company's legal, operational, accounting, and tax matters--need to know to successfully complete complex global transactions today. The Legal Files - John Draneas 2021-02-15 Among the many contributors to Sports Car Market over the years, few have amassed the devoted and loyal following that John Draneas has with his monthly column, Legal Files. falling down. Discreet means circumspect or prudent; discrete means separate or distinct. Remember that "Questions are never indiscreet. Answers sometimes are" (Oscar Wilde). Flaunt means display, flout means disdain. If you flout this distinction you will flaunt your ignorance Forgo means do without; forego means go before. Fortuitous means accidental, not fortunate or well-timed. Times: Take care. Three times more than X is four times as much as X. Full stops: Use plenty. They keep sentences short. This helps the reader.

LSD, My Problem Child -

This is the story of LSD
told by a concerned yet
hopeful father, organic
chemist Albert Hofmann,
Ph.D. He traces LSD's
path from a promising

medicine to a
recreational drug
sparking hysteria and
prohibition. In LSD: My
Problem Child, we follow
Dr. Hofmann's trek
across Mexico to

notable figures about
his remarkable
discovery. Underlying it
all is Dr. Hofmann's
powerful conclusion that
mystical experiences may

Whether induced by LSD,

experiences help us to
comprehend "the wonder,

macrocosm of the spiral

than sixty years after
