Bitch of a Job - Eva Hore
2014-03-16

I've always been a timid, quiet woman with a boring job as a secretary. I rarely went out to have any fun. One evening, all that changed. When my coworkers finally convinced me to get out and live a little, the last thing I expected was to wind up spying on two gorgeous women. I saw them from the bar, then followed them into

the public restroom, where I could overhear them having sex. I was even more surprised when they asked me to join in!

Trying to See Round Corners - Reg Morris

This offers honest and largely unedited glimpses into the world of social work of 40 years or so ago. Illustrated by the professional practice of one Colin Millwood, an

enthusiastic but otherwise green social worker, it coincides with the early beginnings of his arrival at his local Social Services Department.

Advances in Grey Systems Research - Sifeng Liu

2010-06-28

This book contains contributions by some of the leading researchers in the area of grey systems theory and applications. All the papers included in this volume are selected from the contributions physically presented at the 2009 IEEE International Conference on Grey Systems and Intelligent Services, November 11 - 12, 2009, Nanjing, Jiangsu, People's Republic of China. This event was jointly sponsored by IEEE Systems, Man, and Cybernetics Society, Natural Science Foundation of China, and Grey Systems Society of China. Additionally, Nanjing University of Aeronautics and Astronautics also invested heavily in this event with its direct and

indirect financial and administrative supports. The conference aimed at bringing together all scholars and experts in the fields of grey systems and intelligent services from around the world to share their cutting edge research results, exchange innovative ideas, promote mutual understanding, and seek potential opportunities for collaboration. The conference program committee received 1054 full paper submissions from 16 countries and geographical regions. Nine hundred sixty four papers were submitted for regular sessions and 90 papers were tunnelled directly for special topic sessions. All the submitted papers, including those aiming at special topic sessions, were rigorously reviewed by at least 3 reviewers. Based on the reviewers' reports, 251 papers were accepted for oral presentations, while 99 accepted for poster presentations. In other

words, only slightly over 33% of the submitted papers were accepted by this conference. The rate of acceptance was lower than one third of the total submissions.

Four Signs of a Dynamic Catholic - Matthew Kelly 2014-12

As human beings we are constantly engaging and disengaging in everything we do. We engage and disengage at work, in marriage, as parents, in our quest for health and well-being, in personal finances, environmentally, politically,

and, of course, we engage or disengage spiritually. If you walk into any Catholic church next Sunday and look around, you will discover that some people are highly engaged, others are massively disengaged, and the majority are somewhere in between. Why? What is the difference between highly engaged Catholics and disengaged Catholics? Answering this question is essential to the future of the Catholic Church. If we truly want to engage Catholics and reinvigorate parish life, we must first discover what drives engagement among Catholics. Matthew Kelly explores this question in his groundbreaking new book, and the simplicity of what he discovers will amaze you. Four things make the difference between highly engaged Catholics and disengaged Catholics: the four signs of a Dynamic Catholic. Whether you are ready to let God take your spiritual life to the next level

or want to help reinvigorate your parish, *The Four Signs of a Dynamic Catholic* promises to take you on a journey that will help you live out the genius of Catholicism in your everyday life.

The Elite Way - Tariq Nasheed 2009

This book, *The Elite Way*, is designed to give men straightforward rules about dating and relationships without the filter of political correctness. To some, the concept of rules as they pertain to relationships may seem rigid, cold or calculating. After all, we have been taught that relationships are supposed to be based on spontaneity, chance encounters, luck and uncontrollable emotions. Any game or situation you get into has to have rules for there to be order. If you play a game like blackjack or poker, it is gambling, but it is also a game of strategy. That's why poker is often considered a sport. Understanding and

effectively dealing with women is a sport. That's why men who have mastered certain strategies to get women are often called "players." Best selling author and world renowned "Game Advisor" Tariq Elite (*The Art Of Mackin, Play Or Be Played, The Mack Within*, etc) breaks down the 10 essential rules that every man should know in order to effectively deal with women. Comprehending these rules will help any man master the sport of dating and relationships.

Lexus - Chester Dawson
2011-06-03

A behind-the-scenes look at

Lexus's surprising twenty-year success story—in a revised new edition In the 1980s, German brands BMW and Mercedes-Benz dominated the luxury car market and had little reason to fear competition from Japan. But in 1989, Toyota entered the market with the Lexus LS 400, a car that could compete with the Germans in every category but price—it was US\$30,000 cheaper. Within two years, Lexus had overtaken Mercedes-Benz in the United States and made a stunning success of Toyota's brave foray into the global luxury market. Lexus: The Relentless Pursuit reveals why Toyota decided to take on the German automakers and how the new brand won praise and success for its unparalleled quality, unforgettable advertising, and unprecedented customer service. From the first boardroom planning session to Lexus's entry into the mega-luxury supercar market, this is the complete

and compelling story of one of the world's most admired brands. Includes a new Foreword by legendary designer Erwin Lui, an Afterword with updates since the first edition, and a new Coda by leading Japanese automotive journalist Hisao Inoue Covers the racetrack triumph—and tragedy—behind the new US\$375,000 Lexus LFA supercar Offers important business lessons for brand managers and executives For car enthusiasts, business leaders, and anyone interested in branding and marketing, Lexus: The Relentless Pursuit offers an amazing story of excellence and innovation in the automotive industry.

The End of Detroit -

Micheline Maynard

2004-09-21

An in-depth, hard-hitting account of the mistakes, miscalculations and myopia that have doomed America's automobile industry. In the 1990s, Detroit's Big Three automobile companies were riding high. The introduction of the minivan and the SUV had revitalized the industry, and it was widely believed that Detroit had miraculously overcome the threat of foreign imports and regained its ascendant position. As Micheline Maynard makes brilliantly clear in THE END OF

DETROIT, however, the traditional American car industry was, in fact, headed for disaster. Maynard argues that by focusing on high-profit trucks and SUVs, the Big Three missed a golden opportunity to win back the American car-buyer. Foreign companies like Toyota and Honda solidified their dominance in family and economy cars, gained market share in high-margin luxury cars, and, in an ironic twist, soon stormed in with their own sophisticatedly engineered and marketed SUVs, pickups and minivans. Detroit, suffering from a “good enough” syndrome and wedded to ineffective marketing gimmicks like rebates and zero-percent financing, failed to give consumers what they really wanted—reliability, the latest technology and good design at a reasonable cost. Drawing on a wide range of interviews with industry leaders, including Toyota’s Fujio Cho, Nissan’s Carlos Ghosn, Chrysler’s Dieter

Zetsche, BMW’s Helmut Panke, and GM’s Robert Lutz, as well as car designers, engineers, test drivers and owners, Maynard presents a stark picture of the culture of arrogance and insularity that led American car manufacturers astray. Maynard predicts that, by the end of the decade, one of the American car makers will no longer exist in its present form.

Linear Programming - George Bernard Dantzig 1997

Linear programming represents one of the major applications of mathematics to business, industry, and economics. It provides a methodology for optimizing an output given that is a linear function of a number of inputs. George Dantzig is widely regarded as the founder of the subject with his invention of the simplex algorithm in the 1940's. This second volume is intended to add to the theory of the items discussed in the first volume. It also includes additional advanced topics such as variants of the simplex method; interior point methods (early and current methods), GUB, decomposition, integer programming, and game theory. Graduate students in the fields of operations research, industrial engineering and applied mathematics will find this volume of particular interest.

Althusser and Law - Laurent

de Sutter 2013-03-05
Althusser and Law is the first book specifically dedicated to the place of law in Louis Althusser's philosophy. The growing importance of Althusser's philosophy in contemporary debates on the left has - for practical and political, as well theoretical reasons - made a sustained consideration of his conception of law more necessary than ever. As a form of what Althusser called 'Ideological State Apparatuses', law is at the forefront of political struggles: from the destruction of Labour Law to the exploitation of Patent Law; from the privatisation of Public Law to the ongoing hegemony of Commercial Law; and from the discourse on Human Rights to the practice of judicial courts. Is Althusser still useful in helping us to understand these struggles? Does he have something to teach us about how law is produced, and how it is used and misused? This collection

demonstrates that Althusser's ideas about law are more important, and more contemporary, than ever. Indeed, the contributors to Althusser and Law argue that Althusser offers a new and invaluable perspective on the place of law in contemporary life.

Fire in Montana - Greg Martin 2006-05
In the summer of 1949 fifteen smokejumpers parachuted into a remote Montana canyon called Mann Gulch. It started as a very small fire in rugged country but within two hours after landing, thirteen of these young men were caught in a raging inferno and were killed. They died bravely, together with their

friends, and in the service of their country. Everyone was young and attractive, healthy and strong, enthusiastic and in love. They were bursting into the prime of their lives. There were no malcontents here. Everyone did their best but events overtook them. Until now the actual time line has never been connected to the people involved. Fire in Montana connects the lives of young smokejumpers who lived with a joy of life and expectations of shining futures, the forest rangers and volunteers who fought valiantly to rescue them, and their families, lovers, and friends who were forced to wait and pray, then face the devastating and heart wrenching loss.
