**The International Court of Justice and Decolonisation** - Thomas Burri 2021-03-04

Reflections on the ICJ's Chagos Advisory Opinion and its broader context: British colonialism, US military interests, and human rights violations.

**The United Nations Guide to Model UN** - Department of Global Communications 2020-05-01

Model United Nations (MUN) simulations are popular exercises for those interested in learning more about the UN. It is estimated that hundreds of thousands of students worldwide participate every year in MUN at all educational levels in schools and universities. Many of today's leaders in law, government, business and the arts participated in MUN as students. Some MUNs however do not follow the actual rules and practices used at the UN. This guide is designed for students and teachers on how to organize and participate in MUNs that simulate the way the UN actually works.

[A Global Agenda](#) - John Tessitore 2000

This annual publication provides readers with the most accurate, complete, and up-to-date information on the work of the United Nations. Designed to serve international affairs experts, concerned citizens, and students, each volume of A Global Agenda offers a comprehensive overview of the complex and disparate activities of the entire UN system over the course of a year and describes their significance within the context of contemporary events. Sponsored by the United Nations Association of the United States of America.

*Our Common Agenda - Report of the Secretary-General* - United Nations 2021-09-10

On the seventy-fifth anniversary of the United Nations, the world has faced its biggest shared test since the Second World War in the coronavirus disease (COVID-19) pandemic. Yet while our welfare, and indeed the permanence of human life, depend on us working together, international cooperation has never been harder to achieve. This report answers a call from UN Member

States to provide recommendations to advance our common agenda and to respond to current and future challenges. Its proposals are grounded in a renewal of the social contract, adapted to the challenges of this century, taking into account younger and future generations, complemented by a new global deal to better protect the global commons and deliver global public goods. Through a deepening of solidarity—at the national level, between generations, and in the multilateral system—Our Common Agenda provides a path forward to a greener, safer and better future.

**A Global Agenda** - Diana Ayton-Shenker 2002

This annual publication provides readers with the most accurate, complete, and up-to-date information on the work of the United Nations. Designed to serve international affairs experts, concerned citizens, and students, each volume of A Global Agenda offers a comprehensive overview of the complex and disparate activities of the entire UN system over the course of a year and describes their significance within the context of contemporary events. Sponsored by the United Nations Association of the United States of America.

A Year at the Helm of the United Nations General Assembly - Nassir Abdulaziz Al-Nasser 2014

From September 2011 to September 2012, Ambassador Nasser Abdulaziz Al-Nasser of Qatar presided over the 66th session of the "world's parliament" - the United Nations General Assembly. It was a critical moment in international affairs as the UN responded to a range of global challenges, from the world financial crisis to the Arab Spring. In A Year at the Helm of the General Assembly, Al-Nasser presents a high-level look inside the organization, assessing its strengths and weaknesses, its successes and struggles. He recounts

dramatic moments, such as replacing the Libyan delegation, and a tireless schedule of overseas travel, including joint visits with the Secretary-General to Libya and Somalia. His work takes him from major international summits such as the Conference on Sustainable Development in Rio de Janeiro, Brazil (Rio+20) to the European Parliament, which he was the first General Assembly President to address, to academic institutions from Oxford to Moscow to Morocco. Al-Nasser structures the book as he did his 66th session, around four main themes or "pillars: " mediation, UN reform, natural disaster prevention and response, and sustainable development. He offers a wide range of recommendations to intergovernmental institutions, to states, to the public sector, and to individuals. Al-Nasser was determined to leave behind a General Assembly that the people of the world could look up to and depend on. This volume is a testament to all that he accomplished in that regard, and a unique resource for those interested in knowing more about the world's most representative body at a crucial moment in history. *The Universal Declaration of Human Rights* - William A. Schabas 2013-04-18

A collection of United Nations documents associated with the drafting of the Universal Declaration of Human Rights, these volumes facilitate research into the scope of, meaning of and intent behind the instrument's provisions. It permits an examination of the various drafts of what became the thirty articles of the Declaration, including one of the earliest documents – a compilation of human rights provisions from national constitutions, organised thematically. The documents are organised chronologically and thorough thematic indexing facilitates research into the origins of specific rights

and norms. It is also annotated in order to provide information relating to names, places, events and concepts that might have been familiar in the late 1940s but are today more obscure.

Global Governance and the Emergence of Global Institutions for the 21st Century - Augusto Lopez-Claros 2020-01-23

Is there any hope for those who despair at the state of the world and the powerlessness of governments to find a way forward? Global Governance and the Emergence of Global Institutions for the 21st Century provides ambitious but reasonable proposals to give our globalized world the institutions of international governance necessary to address effectively the catastrophic risks facing humanity that are beyond national control. The solution, the authors suggest, is to extend to the international level the same principles of sensible governance that exist in well-governed national systems: rule of law, legislation in the common interest, an executive branch to implement such legislation, and courts to enforce it. The best

protection is unified collective action, based on shared values and respect for diversity, to implement widely accepted international principles to advance universal human prosperity and well-being. This title is also available as Open Access.

*Resolutions Adopted by the General Assembly* - United Nations. General Assembly 1972

Israel's Moment - Jeffrey Herf 2022-02-03

A new account of support for and opposition to Zionist aspirations in Palestine in the United States and Europe from 1945 to 1949.

*The Legal Significance of the Declarations of the General Assembly of the United Nations* - Obed Y. Asamoah 2012-12-06

Mr. Asamoah's book is concerned with an area of growing importance in the evolution of contemporary international law. The traditional division of the sources of International law into custom and treaties has already been supplemented in Article 38 of the Statute of the International Court of Justice by the "general principles of law recognized by civilized nations" and as subsidiary sources, the judicial decisions and the teachings of highly qualified publicists. But in order to cope with the diversity of international law in our time, we have to look to a far greater variety of sources of international law, and we shall have to recognize that, in accordance with the many-sided character of international law, these sources may vary greatly in intensity. In recent years, Declaratory Resolutions of the General Assembly have been much concerned with the general principles of international law. Sometimes these Declarations are interpretations of the Charter and other instruments;

sometimes they are evidence of state practice and a developing customary international law ; sometimes they formulate new principles which, in some cases will eventually lead to international treaties or new custom, or in other cases will be accepted as authoritative statements of international legal principles, in circumstances where a formal treaty cannot be attained. There are many reasons--often of an internal character--which prevent the conclusion of a treaty but not the acceptance of the principles contained in it.

*The PGA Handbook* - Nicole Ruder 2011-06-30

International Justice in the United Nations General Assembly - Michael Ramsden 2021-07-22

Through the lens of five institutional functions - quasi-legislative, quasi-judicial, recommendatory, empowering and sanctioning - this important book assesses the practice and legal foundations of the United Nations General Assembly in advancing international justice, an increasing priority of the international community. Challenging the assumption that the General Assembly is merely a weak deliberative assembly, Michael Ramsden shows that its pioneering resolutions on international justice have become an invaluable tool in the fight against impunity. As concerns remain over the aptness of international institutions in responding to atrocities, particularly the Security Council, this book establishes the legal foundation for the General Assembly to step into the breach. Chapters also offer innovative arguments on the General Assembly's institutional powers to end impunity as well as a detailed examination on the influence of General Assembly resolutions in judicial decision-making. International Justice in the United Nations

General Assembly will be a key resource for scholars and students in the fields of international law and international institutional law, as well as UN and international institutional practitioners who are involved in policy development.

**New Zealand at the 47th United Nations General Assembly** - New Zealand. Delegation to the General Assembly of the United Nations 1993

*The United Nations Security Council and War* - Vaughan Lowe 2010

This text brings together leading scholars and practitioners to provide an analysis of the legal, historical, and political context in which the Security Council operates. They explore the different functions that the Council has acquired over the last 60 years, partly in response to the changing nature of war.

*Rules of Procedure of the General Assembly* - United Nations. General Assembly 1966

Congressional Record - United States. Congress 1971

The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in *The Debates and Proceedings in the Congress of the United States* (1789-1824), *the Register of Debates in Congress* (1824-1837), and *the Congressional Globe* (1833-1873)

**United Nations General Assembly Resolutions in Our Changing World** - Blaine Sloan 1991

This thoughtful work by the world's leading authority on the law of United Nations General Assembly Resolutions remains of inestimable value in its assessment of the

potential role of these resolutions under the "New World Order." An insider familiar with the institution's complexities, Professor Sloan examines with insight and clarity the new opportunities available to the United Nations in a world released from the stifling restraints of the Cold War. The book includes detailed documentary annexes as well as a bibliography and index. Published under the Transnational Publishers imprint.

International Justice in the United Nations General Assembly - Ramsden, Michael 2021-07-31

International Justice in the United Nations General Assembly probes the role that the UN's plenary body has played in developing international criminal law and addressing country-specific impunity gaps. It covers the General Assembly's norm-making capabilities, its judicial and investigatory functions, and the legal effect of its recommendations. With talk of a 'new Cold War' and growing levels of plenary activism in the face of Security Council deadlock, this book will make for timely and essential reading for all in the field of international criminal justice.

**Dumbarton Oaks** - Robert C. Hilderbrand 2001-02-01

Hilderbrand explains why, with the Second World War moving toward an Allied victory in the summer of 1944, the United States, Great Britain, the Soviet Union, and China began to give greater priority to protecting their own sovereignty than to preventing

*Key Resolutions of the United Nations General Assembly 1946-1996* - United Nations. General Assembly 1997-08-28  
Key resolutions from the first fifty years of the United Nations General Assembly.

*Rules of Procedure of the General Assembly* - United Nations. General Assembly 2006

At its first regular session, the General Assembly

adopted provisional Rules of Procedure based on a text contained in the report of the Preparatory Commission of the United Nations. The present revised edition of the Rules of Procedure embodies all the amendments adopted by the General Assembly up to and including its sixtieth session.

**The Rule of Law in the United Nations Security Council Decision-Making Process** - Sherif Elgebeily 2017-03-31

The UN Security Council is entrusted under the UN Charter with primary responsibility for the maintenance and restoration of the international peace; it is the only body with the power to authorise military intervention legally and impose international sanctions where it decides. However, its decision-making process has hitherto been obscure and allegations of political bias have been made against the Security Council in its responses to potential international threats. Despite the rule of law featuring on the Security Council's agenda for over a decade and a UN General Assembly declaration in 2012 establishing that the rule of law should apply internally to the UN, the Security Council has yet to formulate or incorporate a rule of law framework that would govern its decision-making process. This book explains the necessity of a rule of law framework for the Security Council before analysing existing literature and UN documents on the domestic and international rule of law in search of concepts suitable for transposition to the arena of the Security Council. It emerges with eight core components, which form a bespoke rule of law framework for the Security Council. Against this framework, the Security Council's decision-making process since the end of the Cold War is meticulously evaluated, illustrating explicitly where and how the rule of law has been undermined or neglected

in its behaviour. Ultimately, the book concludes that the Security Council and other bodies are unwilling or unable adequately to regulate the decision-making process against a suitable rule of law framework, and argues that there exists a need for the external regulation of Council practice and judicial review of its decisions.

**Index to Proceedings of the General Assembly - 2009-07**

The Subject Index is a valuable guide for anyone interested in the work of the General Assembly. It offers sessional information; a check-list of meetings; information on principal organs and subsidiary bodies to which members were elected or appointed; a subject list of documents; reports of the main and procedural committees; resolutions and decisions adopted; and a voting chart.

**Repertory of Practice of United Nations Organs - United Nations. Secretary-General 1982**

**Charter of the United Nations and Statute of the International Court of Justice - United Nations 2016-04-15**

The Charter of the United Nations was signed in 1945 by 51 countries representing all continents, paving the way for the creation of the United Nations on 24 October 1945. The Statute of the International Court of Justice forms part of the Charter. The aim of the Charter is to save humanity from war; to reaffirm human rights and the dignity and worth of the human person; to proclaim the equal rights of men and women and of nations large and small; and to promote the prosperity of all humankind. The Charter is the foundation of international peace and security.

**Genocide and the Europeans - Karen E. Smith 2010-10-07**

Genocide is one of the most heinous abuses of human rights imaginable, yet reaction to it by European governments in the post-Cold War world has been criticised for not matching the severity of the crime. European governments rarely agree on whether to call a situation genocide, and their responses to purported genocides have often been limited to delivering humanitarian aid to victims and supporting prosecution of perpetrators in international criminal tribunals. More coercive measures - including sanctions or military intervention - are usually rejected as infeasible or unnecessary. This book explores the European approach to genocide, reviewing government attitudes towards the negotiation and ratification of the 1948 Genocide Convention and analysing responses to purported genocides since the end of the Second World War. Karen E. Smith considers why some European governments were hostile to the Genocide Convention and why European governments have been reluctant to use the term genocide to describe atrocities ever since.

*The General Assembly of the United Nations - Sydney Dawson Bailey 1978*

This gives accounts of such matters as preparation of the agenda, procedure governing debates, voting, election and appointments, and problems relating to budget and financial administration.

*The UN General Assembly - M.J. Peterson 2006-04-27*

The United Nations General Assembly is arguably the most important discussion forum in global politics. This is a concise and accessible introduction to its history, organization and politics. Examining the development of the Assembly as a forum for improving international cooperation, this study details its development of shared norms and goals in the political context of the

immediate post-World War II era. The Assembly has had to adapt quickly to the Cold War, the South-North contentions over development, the dissolution of the Soviet bloc and the rise in concern about terrorism. This study also presents a fascinating look ahead to three potential futures: a world of states, a world government, and a world of network governance. To flourish in any of these contexts it shows how the practices of the institution will require considerable change. The common criticisms of the Assembly are also covered in depth, such as that it is just a talking shop; that it is hamstrung by the Security Council and that it benefits the rich at the expense of the poor. This is an ideal book for students of the United Nations, international organizations and global governance.

*Global Environment Outlook - GEO-6: Healthy Planet, Healthy People* - UN Environment 2019-05-31

Published to coincide with the Fourth United Nations Environmental Assembly, UN Environment's sixth Global Environment Outlook calls on decision makers to take bold and urgent action to address pressing environmental issues in order to protect the planet and human health. By bringing together hundreds of scientists, peer reviewers and collaborating institutions and partners, the GEO reports build on sound scientific knowledge to provide governments, local authorities, businesses and individual citizens with the information needed to guide societies to a truly sustainable world by 2050. GEO-6 outlines the current state of the environment, illustrates possible future environmental trends and analyses the effectiveness of policies. This flagship report shows how governments can put us on the path to a truly sustainable future - emphasising that urgent and

inclusive action is needed to achieve a healthy planet with healthy people. This title is also available as Open Access on Cambridge Core.

*The United Nations and the Development of Collective Security* - Dan Sarooshi 1999

This book examines one of the most important challenges facing the United Nations today: the effective and lawful use of force by or under the authority of the UN to maintain or restore peace. In particular, the book provides a legal analysis of the institutional mechanisms and processes which the UN employs to use force to maintain or restore peace. The UN Security Council is the main organ of the UN entrusted with the responsibility for the maintenance or restoration of peace. It is given broad powers of enforcement under Chapter VII of the UN Charter in order to achieve this objective. However, the Charter provision which was intended to provide the Council with a standing military force to carry out enforcement action has not as yet been implemented. In response, the Council has sought to deal with an increasing demand for military enforcement action by delegating its powers in this area to other UN organs (e.g. the UN Secretary-General in Somalia, and the War Crimes Tribunals for Rwanda and the former Yugoslavia), UN Member States (e.g. the coalition against Iraq), and regional and collective self-defence organizations (e.g. NATO in Bosnia). It is this process of delegation of military enforcement powers by the Council which is the focus of the book. By examining the legal framework which governs the process of a delegation by the Council of its Chapter VII powers; the practice relating to the exercise of these powers by each of the delegates concerned; and the policy issues relating to such delegations, the book makes a

significant contribution to the content of the law pertaining to the use of force by the UN and provides guidance as to the likely future developments in the legal framework governing collective action to maintain peace under the auspices of the United Nations.

*United Nations Resolutions* - United Nations. General Assembly 1982

The Procedure of the UN Security Council - Loraine Sievers 2014

This text is a revised edition and contains new material documenting the extensive and rapid innovations in the UN Security Council's procedures of the past two decades. It provides insight into the inside workings of the world's pre-eminent body for the maintenance of international peace and security. Grounded in the history and politics of the Council, it describes the ways the Council has responded through its working methods to a changing world. It explains the Council's role in its wider UN Charter context and examines its relations with other UN organs and its own subsidiary bodies.

*Official Records - General Assembly United Nations* - United Nations. General Assembly 19??

**Official Records - General Assembly, United Nations** - United Nations. General Assembly 19??

*The Netherlands in the United Nations* - United Nations. General Assembly. Delegation from the Netherlands 1973

**The Oxford Handbook on the United Nations** - Thomas G. Weiss 2018-06-28

This Handbook provides in one volume an authoritative

and independent treatment of the UN's seventy-year history, written by an international cast of more than 50 distinguished scholars, analysts, and practitioners. It provides a clear and penetrating examination of the UN's development since 1945 and the challenges and opportunities now facing the organization. It assesses the implications for the UN of rapid changes in the world - from technological innovation to shifting foreign policy priorities - and the UN's future place in a changing multilateral landscape. Citations and additional readings contain a wealth of primary and secondary references to the history, politics, and law of the world organization. This key reference also contains appendices of the UN Charter, the Statute of the International Court of Justice, and the Universal Declaration of Human Rights.

Report of the Secretary-General on the Work of the Organization 2022 - United Nations 2022-09-15

The Report of the Secretary-General on the Work of the Organization (A/77/1) is issued in response to Article 98 of the UN Charter and highlights how the UN Secretariat translates resources into impact. The Report covers nine sections: (i) promotion of sustained economic growth and sustainable development; (ii) maintenance of international peace and security; (iii) development in Africa; (iv) promotion of human rights; (v) effective coordination of humanitarian assistance; (vi) promotion of justice and international law; (vii) disarmament; (viii) drug control, crime prevention and combating international terrorism; and (ix) effective functioning of the Organization. The e-book for this publication has been converted into an accessible format for the visually impaired and people with print reading disabilities. It is fully compatible with leading

screen-reader technologies such as JAWS and NVDA
