Horngren's Accounting, The Managerial Chapters - Tracie L. Miller-Nobles 2015-09-17  
Readers looking for a dynamic way to learn accounting. Redefining tradition in the accounting course. The tenth edition of Horngren's Accounting presents the core content of the accounting course in a fresh format designed to help today's learners succeed. Built upon the

foundation of the Horngren franchise, this new edition was created by an all-new author team who sought to bridge the gap between textbook content and classroom instruction techniques. New pedagogical features such as Instructor Tips & Tricks and Common Questions, Answered walk students through the material as a great instructor would, fostering

deeper understanding of accounting theory and practice.

The table of contents for the tenth edition has been significantly overhauled to match the way the contemporary course is often taught.

Additionally, the whole text has been put through a rigorous accuracy check, so instructors can be confident that it is up-to-date and error-free. And thorough integration between the text and MyAccountingLab places practice opportunities just a few clicks away—and provides a truly interactive learning experience.

**Taxation of Business Entities -**

Steven A. Bank 2016

Softbound - New, softbound print book.

Theories of Social Order -

Michael Hechter 2009

This newly expanded and reorganized collection of readings provides a compelling exploration of what arguably remains the single most important problem in social theory: the problem of

social order.

Professionalism in Early Childhood Education - Stephanie Feeney 2011-11-21

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book.

Investigate what it means to be an early childhood professional and acquire the knowledge, skills and traits exemplary early childhood educators possess!

Written for those entering the field or striving to grow within the profession, early child care authority and author, Dr.

Stephanie Feeney helps readers understand the nature of the profession, what it means to behave in a professional way, and where they stand in their own professional journey. She devotes chapters to moral and technical competence and explains what the terms profession and professional mean. Complete with self-assessments and first-hand

accounts, Dr. Feeney guides readers in understanding what it means to be an educator who embodies the highest standards of professionalism in their work with children, families and colleagues. Take a look inside... Explores the topic of professionalism—examines what constitutes a profession, the professional status of ECE and issues related to professionalism in ECE. Discusses what professionalism looks like in the early childhood field (Chapter 4)—includes discussion of the knowledge and skills, or what those who work with young children should know and be able to do. Addresses professional behavior (chapter 5)—features discussion of professional conduct, doing what is right, including ethical behavior Showcases exemplars in the field and provide guidance to aspiring early childhood professionals (chapter 6)—draws on the experiences of outstanding early

childhood educators and illustrates ways to best serve young children. Includes reflection questions and self-assessments—helps readers examine their own practice and work toward a higher level of professionalism.

Corporate and White Collar

Crime - John Minkes 2008-06-24

'This timely collection contains

contemporary case studies and

critical analyses by leading

writers in the study of white

collar corporate crime. It makes

an invaluable contribution to the

'criminology of the corporation'" -

Professor Hazel Croall, Glasgow

Caledonian University Corporate

and White Collar Crime is an

essential overview of this diverse

subject area and encourages

students to develop a broad

understanding of the topic.

Aimed primarily at

undergraduate and postgraduate

students in Criminology,

Criminal Justice and Business and

Management Studies, the book

will cross-over into many other

disciplines including Law and Social Policy. "This is an innovative and multidisciplinary analysis of corporate and white collar crime that is both theoretically and empirically rich. The text serves as a poignant reminder why research involving the powerful must be a central part of criminological inquiry and why this book is essential reading." Professor Reece Walters, The Open University "Again and again, pension funds are pillaged, investors fleeced, commuters killed, workers maimed, and communities poisoned. Why is it that so few of these acts are defined as crimes, and why is it that, even when they are, prosecution is so rarely effective? Corporate Crime and White Collar Crime addresses these very questions through its rigorous, well-developed analysis and its wide ranging empirical focus - on Europe, North America, Asia and beyond. The

book can help all of us to re-examine our understanding of the nature of crime and of criminals, and to reassess the costs as well as the benefits of our current economic, political and social order." Professor Frank Pearce, Queen's University, Canada

[Horngren's Accounting, the Financial Chapters](#) - Tracie L. Nobles 2013-01-23

Readers looking for a dynamic way to learn accounting.

## IntroBooks Team

Each and every organization needs to develop a good strategy for public affairs. Public affairs have received such kind of importance in today's world because no organization can survive in isolation. Every institution requires other institutions as well as the public that act as the customer, the decision-maker as well as the employees that can make or break the image of an organization. With the advent of technology, this task has become easier for managers. The information could be disseminated at a very low cost with the use of mass media and socializing websites. Creating a good image for an institution has become relatively much easier, but this comes with the negative fact that the dissolution of the image has also become an easy task. Public affairs have been increasingly given importance in the corporate world as increased

competition has resulted in excess marketing and advertising campaigns that are used to create a Goodwill for the company.

There are various tools under public affairs that are used by various organizations in order to fulfill their objectives and goals in the long run.

College Success The Books A La Carte (aka "Student Value Edition" or "Loose Leaf") is a three-hole-punched, full-color version of the premium textbook that's available at 35% less than the traditional bound text.

Students can lighten their load and carry just what they need!

Teaching Students with Severe Disabilities - David L. Westling  
2009

This updated edition of Teaching Students with Severe Disabilities, is written in a way that makes the most complex findings of research understandable and usable in the real educational world. Drawing on their own experiences, the authors bring a level of currency and reality to the book that is unparalleled. This book offers comprehensive coverage of all of the issues that are pertinent to teaching students with severe disabilities. The authors clearly and completely address both methodology and curriculum, presenting topics in

the order in which a teacher would approach them: prior considerations, planning and assessment, general instructional procedures, and, finally, procedures targeted to learners with specific disabling conditions. In addition, they pay thoughtful attention to assessment, the role of paraprofessionals, and multicultural concerns.

Linguistics and Literacy -

William Frawley 2013-04-17

William Frawley University of Delaware

Several years ago, I performed a kind of perverse experiment. I showed, to several linguistic colleagues, the following comment made by Walker Percy (in The Message in the Bottle): language is too important a problem to be left only to linguists. The linguists' responses were peculiarly predictable: "What does Percy know? He's a mercenary outsider, a novelist, a psychiatrist! How can he say something like that?" Now, it should be known

that the linguists who said such things in response were ardent followers of the linguistic vogue: to cross disciplines at whim for the sake of explanation---any explanation. It was odd, to say the least: Percy was damned by the very people who agreed with him! Fortunately, the papers in this book, though radically interdisciplinary, do not fall prey to the kind of hypocrisy described above. The papers (from the Third Delaware Symposium on Language Studies) address the question of literacy---a linguistic problem too important to be left only to linguists--but many of the authors are not linguists at all, and those who are linguists have taken the care to see beyond the parochialism of a single discipline. The subsequent papers have been written by psychologists, linguists, anthropologists, computer scientists, and language teachers to explain the problem of how humans develop,

comprehend, and produce extended pieces of information (discourses and texts).

Cost Accounting: Concepts & Methods - Dr. N.K. Agrawal  
2008-08-01

This book contains important topics on materials, labour, overheads, methods of costing and cost accounting systems and a large number of solved and unsolved problems for practice and self-examination with examination-oriented approach. All unsolved problems have been provided with their end answers and hints. These will help students to assess the accuracy of their attempts and preparedness for the examination.

*Criminal Justice Planning* - American Society of Criminology  
1977

This book represents a selection of papers presented at the meeting of the American Society of Criminology held in Chicago, November 1974, concerning criminal justice planning. It is

one of a series of books from that meeting and is being published in response to the demand that the ideas, data, and research presented in Chicago be made available to professionals concerned about criminal justice.

**Health Promotion in Nursing Practice** - Carolyn L. Murdaugh 2019

"Health Promotion in Nursing Practice gives nurses and other health care professionals a practical, evidence-based guide to promoting health within diverse racial, ethnic, cultural, and economic populations, across the lifespan. A complete guide to health promotion across diverse populations, at all stages of life, written for undergraduate and graduate courses in health promotion and disease prevention, as well as for practicing health professionals. The text covers individual and community models guiding health promotion interventions, strategies to implement and

evaluate programs, and the evolving role of digital technology in improving efficacy. The eighth edition focuses on increasing access to innovative health programs for all populations, especially those most vulnerable, and on promoting self-care for individuals and communities. Learning activities and resources challenge students to think critically to advance in the field of health promotion." -- Back cover.

**Linking Theory to Practice** - Frances K. Stage 2017-10-05 Framed by an overview of theories that guide student affairs practice, the cases in this book present a challenging array of problems that student affairs and higher education personnel face on campus, such as racial diversity, alcohol abuse, and student activism. This revised fourth edition contains 20 new cases reflecting current campus issues, including identity, study abroad, social media, bullying,

housing and food insecurity, student activism, and other perennial campus issues. An excellent teaching tool, this book provides a comprehensive and realistic set of challenges to prepare aspiring student affairs professionals for the increasingly complex college environment. Features include: A structure that sets the stage for case study

methods and links student affairs theory with practical applications. Cases written by well-known and respected contributors set in a wide variety of institution types and locations. Over 35 complex case studies reflecting the multifaceted issues student affairs professionals face in today's college environment.
