Fire and Stone - Howard E. Covington (Jr.) 2019-01-15

"... By focusing on the tenure of two very different university's presidents in Fire and Stone, Edward Kidder Graham (Fire) and Harry Woodburn Chase (Stone), Howard Covington recounts how these men complemented one another to lay the groundwork for our modern university. Each was the right leader at the right time, and this ... book shows how different leadership styles allowed them to implement their distinctive visions for the University"--

The New Politics of Numbers - Andrea Mennicken 2021-10-11

This open access book offers unique insight into how and where ideas and instruments of quantification have been adopted, and how they have come to matter. Rather than asking what quantification is, New Politics of Numbers explores what quantification does, its manifold consequences in multiple domains. It scrutinizes the power of numbers in terms of the changing relations between numbers and democracy, the politics of evidence, and dreams and schemes of bettering society. The book engages Foucault inspired studies of quantification and the economics of convention in a critical dialogue. In so doing, it provides a rich account of the plurality of possible ways in which numbers have come to govern, highlighting not only their disciplinary effects, but also the collective mobilization capacities quantification can offer. This book will be invaluable reading for academics and graduate students in a wide variety of disciplines, as well as policymakers interested in the opportunities and pitfalls of governance by numbers.

They hunt for fossils, visit museums, meet scientists and paleoneerds, and sleuth out untold stories of extinct worlds. As one of the oldest coasts on earth, the west coast is

a rich ground for fossil discovery. Its wonders include extinct marine mammals, pygmy mammoths, oyster bears, immense ammonites, shark-bitten camels, polar dinosaurs, Alaskan palms, California walruses, and a lava-baked rhinoceros. Join in for a fossil journey through deep time and discover how the west coast became the place it is today.

The Three Questions - Jon J Muth 2015-12-29

With his stunning watercolors -- and text that resounds with universal truths, award-winning artist Jon J Muth has transformed a story by Tolstoy into a timeless fable for young readers. What is the best time to do things? Who is the most important one? What is the right thing to do? Nikolai knows that he wants to be the best person he can be, but often he is unsure if he is doing the right thing. So he goes to ask Leo, the wise turtle. But it is Nikolai's own response to a stranger's cry for help that leads him directly to the answers he is looking for. Jon J Muth combined his studies of Zen with his love for Tolstoy to create this profound, yet simple book about compassion and living in the moment.

Beatrice and Croc Harry - Lawrence Hill 2022-01-11

One of Canada's most celebrated author's debut novel for young readers Beatrice, a young girl of uncertain age, wakes up all alone in a tree house in the forest. How did she arrive in this cozy dwelling, stocked carefully with bookshelves and oatmeal accoutrements? And who has been leaving a trail of clues, composed in delicate purple handwriting? So begins the adventure of a brave and resilient Black girl's search for identity and healing in bestselling author Lawrence Hill's middle-grade debut. Though Beatrice cannot recall how or why she arrived in the magical forest of Argilia--where every conceivable fish, bird, mammal and reptile coexist, and any creature with a beating heart can communicate with any other--something within tells her that beyond this forest is a family that is waiting anxiously for her return. Just outside her tree-house door lives Beatrice's most unlikely ally, the enormous and mercurial King Crocodile Croc Harry, who just may have a secret of his own. As they form an unusual truce and work toward their common goal, Beatrice and Croc Harry will learn more about their forest home than they ever could have imagined. And what they learn about themselves may destroy Beatrice's chances of returning home forever.

A Worthy Expedition - National Outdoor Leadership School 2017-01-06

A HISTORY OF OUTDOOR LEADERSHIP In 1965, in the Wind River mountains of Wyoming, legendary mountaineer Paul Petzoldt founded a new school dedicated to the notion that the wilderness classroom could teach leadership. In the fifty years since, the National Outdoor Leadership School (NOLS) has embraced and explored the unknown, leading over a quarter of a million students through transformative educational experiences both vast in scale and deeply personal. Graduates of NOLS are leaders across society: conservation, exploration, public policy, education,

land management, business, and wilderness medicine. And they carry firsthand appreciation for the value of protecting our wild planet for generations to come. Built by dedicated staff and the legacy of its students, NOLS has diversified and expanded to become a global presence and an industry leader. As the school moves into the future, the name of NOLS will continue to represent, as it always has, leadership, expertise, and the power of the wilderness. It is with one eye on the future that NOLS celebrates its past. This is its story.

Sign You Were Mistaken - Seth Landman 2013

Poetry. Seth Landman believes in questions. The first poem in his book is a question, a good one. He wants to ask questions, his poems create a rich, vast, deep, wide, whale's way oceanic sea of a place in which to ask all the questions we better be asking if we know what's good for us. "Seth Landman's poems are full of slow deep exposure that paradoxically makes distance feel close to us, as his mind moves from one thing and idea to another. His double vision creates worlds

and this doubling makes time sweet. He allows his voice to let the waves of signs come to him like a distant emanating star system, we too are attracted by the bright phrasing and shining result; wonderful feeling." Peter Gizzi "When I read Seth Landman's poetry I forgive an entire globe, with all its beauty and longing. There are no doubts in these poems, rather, Seth reassures us. We are going into his book together. We are going to come back more alive and with bigger hearts. These poems are epic in spirit and in perspective. They should be read at a gathering in honor of someone tremendous. They should be the last thing you read at night. They will insure holy dreams of ordinary life. I get a sense of something unrequited in here. You will too. You might find yourself obsessed with these pages." Natalie Lyalin"

Lessons from the Edge - Jana B. Matthews 2003

Entrepreneurs often struggle with many aspects of business: planning and financing company growth, creating a company vision, recruiting, leading, and managing people, as well as personal costs. In *Lessons from the Edge*, more than 50 business owners and entrepreneurs offer a wealth of real-life stories--in their own words--that provide rare insights about keeping a company healthy and growing. Here is a unique collection of first-person accounts by entrepreneurs who describe their mistakes in business and the lessons they have learned as a result. The stories cover a wide range of experiences from the trials and tribulations of partnerships, to the loss of key customers, theft, finding and retaining employees, and the personal cost of living on the edge. The authors have drawn on interviews with more than 50 entrepreneurs, all of whom are under 45 years of age and are founders or presidents of companies with revenues over \$1 million and growing rapidly. They volunteered to share their stories, describing why they lost or almost lost their companies, what they did wrong, and the lessons they have learned. Their narratives are full of mistakes, failure, courage, moments of realization, and timely moves that saved the day. Every company owner will find these accounts insightful, compelling, and occasionally gut wrenching, especially because most face similar challenges and live with the reality that they too could

fall off the edge. This instructive and inspiring book brims with lessons for all business owners about courage, persistence, and survival. *Lessons from the Edge* is an essential read for both established and prospective entrepreneurs.
