**Three Stories** - J. M. Coetzee 2014-10-22

A man contemplates his deep connection to a house. The

unfathomable idea of threshing wheat points to a life lost. And a writer ponders the creation of his narrator. Three Stories—'His Man and He', written as Coetzee's acceptance speech for the Nobel Prize for Literature, 'A House in Spain' and 'Nietverloren'—is the work of a master at his peak. These are stories that embody the essence of our existence. J.M. Coetzee was the first author to win the Booker Prize twice and was awarded the Nobel Prize for Literature in 2003. His work includes *Waiting for the Barbarians*, *Life and Times of Michael K*, *The Master of Petersburg*, *Disgrace*, *Diary of a Bad Year* and most recently, *The Childhood of Jesus*. He lives in Adelaide. 'All [the stories are] impeccably crafted and a joy to read, with the book itself beautifully presented in duck egg blue and inlaid gold too.' *New Daily* 'For all the sharpness and sorrow of Coetzee's writing, there is something grandly calming about his style: his sentences seem to give off light, and not in a hard dazzle, but in the glow of a child's night-light.' *Age/Sydney Morning Herald* 'Coetzee's strength as a writer is such that each of the stories is engaging, thought-provoking and highly readable.' *West Australian Rambler* [1963]; 1963 - N C ) Epsom High School (Henderson 2021-09-10

*Boomerang Chavez* - Emili Blasco 2016-06-15

The institutional, economic, and social breakdown of Venezuela is not the result of the dismantling of Hugo Chávez's legacy, but rather a result of his policies. It is like a boomerang which, as it returns to the person that throws it, shatters the glass in which the father of the Bolivarian revolution saw himself: from benefactor to the poor to culprit for the great shortages, inflation, and violence which buffets the country, especially its lower class-scarcity of basic goods, long lines at stores, widespread crime... Chavismo was very much of a fraud from the outset: transfer of sovereignty to Cuba, electoral deceit, unprecedented economic corruption, narco-state...

**Deadly Dust** - David Rosner 1994

During the Depression, silicosis, an industrial lung

disease, emerged as a national social crisis. Experts estimated that hundreds of thousands of workers were at risk of disease, disability, and death by inhaling silica in mines, foundries, and quarries. By the 1950s, however, silicosis was nearly forgotten by the media and health professionals. Asking what makes a health threat a public issue, David Rosner and Gerald Markowitz examine how a culture defines disease and how disease itself is understood at different moments in history. They also consider who should assume responsibility for occupational disease.

Vibrations and Waves - A.P. French 2017-12-21  
The M.I.T. Introductory Physics Series is the result of a program of careful study, planning, and development that began in 1960. The Education Research Center at the Massachusetts Institute of Technology (formerly the Science Teaching Center) was established to study the process of instruction, aids thereto, and the learning process itself, with special reference to science teaching at the university level. Generous support from a number of foundations provided the means for assembling and maintaining an experienced staff to cooperate with members of the Institute's Physics Department in the examination, improvement, and development of physics curriculum materials for students planning careers in the sciences. After careful analysis of objectives and the problems involved, preliminary versions of textbooks were prepared, tested through

classroom use at M.I.T. and other institutions, re-evaluated, rewritten, and tried again. Only then were the final manuscripts undertaken.

Learning with Information Systems - Simon Bell 2013-02-01

In *Learning with Information Systems* the author takes the developing world as the context and through a series of case studies develops a commonly used systems analysis methodology. He demonstrates how this methodology can evolve and adapt as new ideas become prominent. Issues of sustainability of information systems, participation in systems design and user ownership of systems are all examined. This book does not attempt to be prescriptive for all contexts nor does it focus on any particular technology. It addresses the essential questions and promises practical approaches which will help in the avoidance of the worst forms of disaster associated with the planning of information systems for developing countries.

The Age of Dreaming - Nina Revoyr 2008-04-01

In 1960s L.A., a Japanese American former silent film star investigates a mystery from his dark past in this novel by the author of *Southland*. Jun Nakayama was a silent film star in the early days of Hollywood. By 1964, he is living in complete obscurity, until a young writer, Nick Bellinger, tracks him down for an interview. When Bellinger reveals that he has written a screenplay with Nakayama in mind, Jun is intrigued by the possibility of returning to movies. But he begins to worry that someone might delve too deeply into the past and uncover the events that abruptly ended his career in 1922. Like the changing social and racial tides in California—and the unsolved murder of his favorite director. Spurred on by his fear of a potential

“misunderstanding,” Jun begins to track down his surviving acquaintances from his years as Perennial Pictures’ greatest star. In the process, he recounts the lives of several other figures from the silent film era: Elizabeth Banks, the working-class girl from St. Louis who becomes a major Hollywood diva. Nora Minton Niles, the dreamy, childlike teenage star controlled by her ambitious mother. Hanako Minatoya, the elegant actress and playwright who serves as Jun’s inspiration and foil. And Ashley Bennett Tyler, the British director whose guiding hand turns Jun into a star. But what Jun ultimately discovers is far more complex and personal than even he could have imagined. The *Age of Dreaming* alternates between the 1960s and the height of the silent film era, telling the story of a man caught between worlds. Jun must try to please both his Japanese and American fans, and while he is adored by moviegoers—especially women—he’s despised by public officials, who see him as a threat to American power and racial purity. Praise for *The Age of Dreaming* “With Nabokov-worthy sentences, characters so real our hearts begin to beat with theirs, and a story as deeply mysterious and riveting as any the Hollywood it conjures up could have created, *The Age of Dreaming* is a masterpiece of the sort that doesn’t just seduce the reader—it leaves you transformed . . . . Revoyr deserves to be counted among the top ranks of novelists at work today.” —Jerry Stahl, author of *I, Fatty* “Brilliant and original . . . . The carefully restrained voice of its narrator recalls Ishiguro’s *The Remains of the Day*.” —Alison Lurie, Pulitzer Prize winner “Cunning . . . . Revoyr beautifully invokes Jun’s self-deceptions and his growing self-awareness. It’s an enormously satisfying novel.” —Publishers Weekly
