The XX Factor - Alison Wolf
2013-10-01

Noted British academic and journalist Alison Wolf offers a surprising and thoughtful study of the professional elite, and examines the causes—and limits—of women's rise and the consequences of their difficult choices. The gender gap is closing. Today, for the first time in history, tens of millions of women are spending more time at the boardroom table than the kitchen table. These professional women are highly ambitious and highly educated, enjoying the same lifestyle prerogatives as their male counterparts. They are working longer

and marrying later—if they marry at all. They are heading Fortune 500 companies and appearing on the covers of Forbes and Businessweek. They represent a special type of working woman—the kind who doesn't just punch a clock for a paycheck, but derives self-worth and pleasure from wielding professional power. At the same time that the gender gap is narrowing, the gulf is widening among women themselves. While blockbuster books such as Lean In focus only on women in high pressure jobs, in reality there are four women in traditionally female roles for every Sheryl Sandberg. In this revealing and deeply intelligent book, Alison Wolf examines why more educated women work longer hours, why having children early is a good idea, and how feminism created a less equal world. Her ideas are sure to provoke and surprise, as she challenges much of what the liberal and conservative media consider to be women's best interests.

Technology and Vocational Education for Sustainable Development - Margarita Pavlova 2008-12-14

Empowerment is the overarching idea used in this book. The term has a variety of meanings in different sociocultural and political contexts, including "self-strength, control, self-power, self-reliance, own choice, life of dignity in accordance with one's values, capable of

fighting for one's rights, independence, own decision making, being free, awakening, and capability" (The World Bank, 2002, p. 10). However, the World Bank report observed that most definitions focus on issues of "gaining power and control over decisions and resources that determine the quality of one's life" (p. 10). This interpretation of empowerment provides a useful starting point for the development of the series of interconnected arguments explored here.

Establishment of the basis for understanding, identifying and developing strategies through education necessary for individuals to be able to make choices that influence the quality of their lives is the main aim of this book. There are a number of assumptions and boundaries that frame this analysis. First, the book focuses on "agents"; however, empowerment is often conceptualised in terms of relationships between agency and structure (e. g. , Alsop, Bertelsen, & H- land, 2006). Agency could be defined as "an actor's or group's ability to make purposeful choices – that is, the actor is able to envisage and purposively choose options" (p. 11).

The Yellow House - Sarah M. Broom
2019-08-13
A NEW YORK TIMES BESTSELLER WINNER OF THE 2019 NATIONAL BOOK AWARD FOR NONFICTION A brilliant, haunting and unforgettable memoir from a stunning new talent about the inexorable pull of home and family, set in a shotgun house in New Orleans East. In 1961, Sarah M. Broom's mother Ivory Mae bought a shotgun house in the then-promising neighborhood of New Orleans East and built her world inside of it. It was the height of the Space Race and the neighborhood was home to a major NASA plant—the postwar optimism seemed assured. Widowed, Ivory Mae remarried Sarah's father Simon Broom; their combined family would eventually number twelve children. But after Simon died, six months after Sarah's birth, the Yellow House would become Ivory Mae's thirteenth and most unruly child. A book of great ambition, Sarah M. Broom's *The Yellow House* tells a hundred years of her family and their relationship to home in a neglected area of one of America's most mythologized cities. This is the story of a mother's struggle against a house's entropy, and that of a prodigal daughter who left home only to reckon with the pull that home exerts, even after the Yellow House was wiped off the map after Hurricane

Katrina. *The Yellow House* expands the map of New Orleans to include the stories of its lesser known natives, guided deftly by one of its native daughters, to demonstrate how enduring drives of clan, pride, and familial love resist and defy erasure. Located in the gap between the "Big Easy" of tourist guides and the New Orleans in which Broom was raised, *The Yellow House* is a brilliant memoir of place, class, race, the seeping rot of inequality, and the internalized shame that often follows. It is a transformative, deeply moving story from an unparalleled new voice of startling clarity, authority, and power.

On Fire - Naomi Klein 2019-09-17

#1 New York Times and internationally bestselling author Naomi Klein makes the case for a Green New Deal in this "keenly argued, well-researched, and impassioned" manifesto (The Washington Post). An instant bestseller, On Fire shows Klein at her most prophetic and philosophical, investigating the climate crisis not only as a profound political challenge but also as a spiritual and imaginative one. Delving into topics ranging from the clash between

ecological time and our culture of “perpetual now,” to the soaring history of humans changing and evolving rapidly in the face of grave threats, to rising white supremacy and fortified borders as a form of “climate barbarism,” this is a rousing call to action for a planet on the brink. An expansive, far-ranging exploration that sees the battle for a greener world as indistinguishable from the fight for our lives, *On Fire* captures the burning urgency of the climate crisis, as well as the fiery energy of a rising political movement demanding a catalytic Green New Deal. “Naomi Klein’s work has always moved

and guided me. She is the great chronicler of our age of climate emergency, an inspirer of generations.” –Greta Thunberg, climate activist “If I were a rich man, I’d buy 245 million copies of Naomi Klein’s ‘*On Fire*’ and hand-deliver them to every eligible voter in America...Klein is a skilled writer.” –Jeff Goodell, *The New York Times*
