**Toni Morrison's novel "Beloved". An analysis** - Adriana Zühlke 2003-04-29

Seminar paper from the year 2003 in the subject American Studies - Literature, grade: 1 (A), Ernst Moritz Arndt University of Greifswald (Institute for Anglistics/ American Studies), course: HS Writing the Line, Dividing the Land: The Mason-Dixon Line in History and Fiction, 7 entries in the bibliography, language: English, abstract: [...] Morrison's novel Beloved, which is discussed in this term paper, is full of emotions and feelings. It balances fear, hatred, tension, passion and also love, which appears in various forms such as motherly love, physical love or the abstract love of freedom. The analysis of this important and interesting theme focuses on questions like, e.g. How are feelings (especially love) presented and described? What significance do exemplarily selected relationships in the book have? How far are psychological aspects involved? Likewise, it is shed light on the political aspects in the book . Morrison questions the American maxim, which is stated in the Declaration of Independence, that "all men are created equal" by showing how slaves worked, fought and even died for "natural" human rights like freedom, the pursuit of happiness or, even more fundamental, the merely recognition as human beings. The multi-perspective view on the slaves' every-day live before, during and after the escape into freedom is both a fascinating and upsetting description of how slavery really was and, furthermore, an accusation of injustice and inhumanity throughout the time of slavery and today. In 2.0, the facets of slavery and its consequences are centred. It shall be shown how this dark part of the American history influenced, respectively manipulated, human beings and their actions and feelings. The analysis in 3.0 concentrates on the memory of the individual, i.e. it is examined whether and how it is possible for Sethe and other characters to overcome their horrible past. In addition, the issue of a collective memory is regarded. Moreover, the thesis that working through the past and overcoming it is closely connected with the supernatural, especially with the ghost of Beloved, is debated. Here, attention is turned in particular to Morrison's roots of African traditions and the question how

(much) they inspired the book and in what respect they are interwoven in the plot. Throughout the whole analysis, such important aspects as the physical and psychological effects of slavery, the special situation of women and narrative and stylistic features are considered, the latter is surveyed more detailed in 4.0. In the conclusion it should be summed up what was found out and it is shortly reflected on the author's intention and message. At the end, a brief personal comment will be given on *Beloved*.

*Ghostly Matters* - Avery F. Gordon 2008

"Avery Gordon's stunningly original and provocatively imaginative book explores the connections linking horror, history, and haunting." —George Lipsitz "The text is of great value to anyone working on issues pertaining to the fantastic and the uncanny." —American Studies International "Ghostly Matters immediately establishes Avery Gordon as a leader among her generation of social and cultural theorists in all fields. The sheer beauty of her language enhances an intellectual brilliance so daunting that some readers will mark the day they first read this book. One must go back many more years than most of us can remember to find a more important book." —Charles Lemert Drawing on a range of sources, including the fiction of Toni Morrison and Luisa Valenzuela (*He Who Searches*), Avery Gordon demonstrates that past or haunting social forces control present life in different and more complicated ways than most social analysts presume. Written with a power to match its subject, *Ghostly Matters* has advanced the way we look at the complex intersections of race, gender, and class as they traverse our lives in sharp relief and shadowy manifestations. Avery F. Gordon is professor of sociology at the University of California, Santa Barbara. Janice Radway is professor of literature at Duke University.

*Beloved* - Toni Morrison 2004-06-08

PULITZER PRIZE WINNER • NEW YORK TIMES BESTSELLER • An unflinchingly look into the abyss of slavery, from the acclaimed Nobel Prize winner. This spellbinding novel transforms history into a story as powerful as *Exodus* and as intimate as a lullaby. With a new afterword. Sethe, its protagonist, was born a slave and escaped to Ohio, but eighteen years later she is still not free. She has too many memories of Sweet Home, the beautiful farm where so many hideous things happened. And Sethe's new home is haunted by the ghost of her baby, who died nameless and whose tombstone is engraved with a single word: *Beloved*. Filled with bitter poetry and suspense as taut as a rope, *Beloved* is a towering achievement.

*Tar Baby* - Toni Morrison 1982

*The Significance of numbers in "Beloved"* - Nora Nobis 2012-11-13

Seminar paper from the year 2012 in the subject American Studies - Literature, grade: 1,3, University of Wuppertal, language: English, abstract: *Beloved* is a novel with many interesting themes which are worth examining. The following paper deals with the significance of numbers in Toni Morrison's *Beloved*. Numbers play an important role in this novel. The novel was first published in 1987 and is a neo-slave narrative (cf. Palladino 54) written in free indirect discourse. It is about Sethe, a former slave, and her family. Sethe will not deal with her past and the trauma she has suffered during her time in Kentucky on the plantation "Sweet Home". She is hunted by the ghost of her baby that she has killed because she did not want her to become a

slave. The ghost will only disappear after she has dealt with it and with her past. Numbers play an important role in *Beloved*. Morrison did not choose them by chance, they all have a meaning in the story of the novel. I want to show the significance they have - by some numbers with reference to the Bible. First, there is an analysis of the overall structure and the numbers of the book, of the three parts and the chapters including the first sentence of all three parts (cf. chapter 2.1). Then the numbers which occur in the novel are examined (cf. chapter 2.2-2.9), after this analysis, there will be an examination of the dedication - which is also a number (cf. chapter 3). The end of the paper is composed of the conclusion in chapter *Playing in the Dark* - Toni Morrison 2007-07-24

An immensely persuasive work of literary criticism that opens a new chapter in the American dialogue on race—and promises to change the way we read American literature—from the acclaimed Nobel Prize winner Morrison shows how much the themes of freedom and individualism, manhood and innocence, depended on the existence of a black population that was manifestly unfree—and that came to serve white authors as embodiments of their own fears and desires. According to the *Chicago Tribune*, Morrison "reimagines and remaps the possibility of America." Her brilliant discussions of the "Africanist" presence in the fiction of Poe, Melville, Cather, and Hemingway leads to a dramatic reappraisal of the essential characteristics of our literary tradition. Written with the artistic vision that has earned the Nobel Prize-winning author a pre-eminent place in modern letters, *Playing in the Dark* is an invaluable read for avid Morrison admirers as well as students, critics, and scholars of American literature.

*Topics in Public Economics* - David Pines 1998

The evolving modern world is characterized by two opposing trends: integration and segregation. On the one hand, we witness strong forces for segregation on the basis of nationality, ethnicity, religion, and culture in the former Soviet Union, the former Czechoslovakia, the former Yugoslavia, as well as in Northern Ireland, Spain, and Canada. These forces are quite strong and, in some cases, violent. On the other hand, the European Union and NAFTA represent the tendency for integration motivated primarily by economic considerations (such as gains from trade and scale economies). In fact, these opposing trends can be explained by the concepts developed in modern club theory, local public finance, and international trade.

*Beloved Stranger* - Clare Boylan 1999

Dick and Lily have been married for fifty years, and Lily finally believes that marriage is like an old tune you take for granted but find yourself whistling when you're happy. Until the night she wakes to find her husband's pyjama'd bottom poking out from under the bed. He claims there's an intruder and he's got him in his sights. When she turns on the light he backs out, holding a shotgun. 'Bugger got away when you created a diversion' he says. The comic incident marks the start of Dick's terrifying plunge into insanity. He enters a world of imaginary enemies, fantastic opportunities, sexual rivals. For an old-fashioned wife who accepted her partner for better or worse, there is nowhere left to turn except to her only daughter. Ruth, who has turned her back on emotional commitment in favour of good sex with good friends is now forced to penetrate the conspiratorial and chaotic web of her parents' marriage. Part love story, part thriller, *BELOVED STRANGER* is also, an analysis of marriage - a changeless institution in a vastly altered world, a private dictatorship where love and fear, tenderness or tyranny remain hidden at its heart.

*The Dearly Beloved* - Cara Wall 2019-08-13

"This gentle, gorgeously written book may be one of my favorites ever." —Jenna Bush Hager (A Today show "Read with Jenna" Book Club Selection!) This "moving portrait of love and friendship set against a backdrop of social change" (The New York Times Book Review, Editor's Choice) traces two married couples whose lives become entangled when the husbands become copastors at a famed New York city congregation in the 1960s. Charles and Lily, James and Nan. They meet in Greenwich Village in 1963 when Charles and James are jointly hired to steward the historic Third Presbyterian Church through turbulent times. Their personal differences however, threaten to tear them apart. Charles is destined to succeed his father as an esteemed professor of history at Harvard, until an unorthodox lecture about faith leads him to ministry. How then, can he fall in love with Lily—fiercely intellectual, elegantly stern—after she tells him with certainty that she will never believe in God? And yet, how can he not? James, the youngest son in a hardscrabble Chicago family, spent much of his youth angry at his alcoholic father and avoiding his anxious mother. Nan grew up in Mississippi, the devout and beloved daughter of a minister and a debutante. James's escape from his

desperate circumstances leads him to Nan and, despite his skepticism of hope in all its forms, her gentle, constant faith changes the course of his life. In *The Dearly Beloved*, Cara Wall reminds us of "the power of the novel in its simplest, richest form: bearing intimate witness to human beings grappling with their faith and falling in love," (Entertainment Weekly, A-) as we follow these two couples through decades of love and friendship, jealousy and understanding, forgiveness and commitment. Against the backdrop of turbulent changes facing the city and the church's congregation, Wall offers a poignant meditation on faith and reason, marriage and children, and the ways we find meaning in our lives. *The Dearly Beloved* is a gorgeous, wise, and provocative novel that is destined to become a classic.

#### **Motherhood, Childlessness and the Care of Children in Atlantic Slave Societies** - Camillia Cowling 2020-05-21

This book provides critical perspectives on the multiple forms of 'mothering' that took place in Atlantic slave societies. Facing repeated child death, mothering was a site of trauma and grief for many, even as slaveholders romanticized enslaved women's work in caring for slaveholders' children. Examining a wide range of societies including medieval Spain, Brazil, and New England, and including the work of historians

based in Brazil, Cuba, the United States, and Britain, this collection breaks new ground in demonstrating the importance of mothering for the perpetuation of slavery, and the complexity of the experience of motherhood in such circumstances. This pathbreaking collection, on all aspects of the experience, politics, and representations of motherhood under Atlantic slavery, analyses societies across the Atlantic world, and will be of interest to those studying the history of slavery as well as those studying mothering throughout history. This book comprises two special issues, originally published in *Slavery & Abolition* and *Women's History Review*.

**Thomas and Beulah** - Rita Dove 1986

Collects poems that tell a fictionalized version of the lives of the authors's maternal grandparents.

**Birthing a Slave** - Marie Jenkins Schwartz 2010-03-30

The deprivations and cruelty of slavery have overshadowed our understanding of the institution's most human dimension: birth. We often don't realize that after the United States stopped importing slaves in 1808, births were more important than ever; slavery and the southern way of life could continue only through babies born in bondage. In the antebellum South, slaveholders' interest in slave women was matched by physicians struggling to assert their own professional authority over childbirth, and the two began to work together to increase the number of infants born in the slave quarter. In unprecedented ways, doctors tried to manage the health of enslaved women from puberty through the reproductive years, attempting to foster pregnancy, cure infertility, and resolve gynecological problems, including cancer. Black women, however, proved an unruly force, distrustful of both the slaveholders and their doctors. With their own healing traditions, emphasizing the power of roots and herbs and the critical roles of family and community, enslaved women struggled to take charge of their own health in a system that did not respect their social circumstances, customs, or values. *Birthing a Slave* depicts the competing approaches to reproductive health that evolved on plantations, as both black women and white men sought to enhance the health of enslaved mothers--in very different ways and for entirely different reasons. *Birthing a Slave* is the first book to focus exclusively on the health care of enslaved women, and it argues convincingly for the critical role of reproductive medicine in the slave system of antebellum America.

[Teaching Literature to Adolescents](#) - Richard Beach 2016-03-10

This popular textbook introduces prospective and practicing English teachers to current methods of teaching literature in middle and high school classrooms. It underscores the value of providing students with a range of different critical approaches and tools for interpreting texts and the need to organize literature instruction around topics and issues of interest to them. Throughout the textbook, readers are encouraged to raise and explore inquiry-based questions in response to authentic dilemmas and issues they face in the critical literature classroom. New in this edition, the text shows how these approaches to fostering responses to literature also work as rich tools to address the Common Core English Language Arts Standards. Each chapter is organized around specific questions that English educators often hear in working with pre-service teachers. Suggested pedagogical methods are modelled by inviting readers to interact with the book through critical-inquiry methods for responding to texts. Readers are engaged in considering authentic dilemmas and issues facing literature teachers through inquiry-based responses to authentic case narratives. A Companion Website [<http://teachingliterature.pbworks.com>] provides resources and enrichment activities, inviting teachers to consider important issues in the context of their current or future classrooms.

[Objects and Intertexts in Toni Morrison's "Beloved"](#) - Maureen E. Ruprecht Fadem 2020-11-17

*Objects and Intertexts in Toni Morrison's "Beloved"*: The Case for Reparations is an inspired contribution to the scholarship on one of the most influential American novels and novelists. The author positions this contemporary classic as a meditation on historical justice and re-comprehends it as both a formal tragedy—a generic translation of fiction and tragedy or a “novel-tragedy” (Kliger)—and a novel of objects. Its many things—literary, conceptual, linguistic—are viewed as vessels carrying the (hi)story and the political concerns. From this, a third conclusion is drawn: Fadem argues for a view of *Beloved* as a case for reparations. That status is founded on two outstanding object lessons: the character of *Beloved* as embodiment of the subject-object relations defining the slave state and the grammatical object “weather” in the sentence “The rest is...” on the novel’s final page. This intertextual reference places *Beloved* in a comparative link with *Hamlet* and *Oresteia*. Fadem’s research is meticulous in engaging the full spectrum of tragedy theory, much critical theory, and a full swathe of scholarship on the novel. Few critics take up the matter of reparations, still fewer the politics of genre, craft, and form. This scholar posits Morrison’s tragedy as constituting a searing critique of modernity, as composed through meaningful intertextualities and as crafted by profound “thingly” objects (Brown). Altogether, Fadem has divined a fascinating singular treatment of *Beloved* exploring the connections between form and craft together with critical historical and political implications. The book argues, finally, that this novel’s first concern is justice, and its chief aim to serve as a clarion call for material—and not merely symbolic—reparations.

*"O Beloved Kids"* - Rudyard Kipling 1983-01

**Toni Morrison's Beloved** - William L. Andrews 1999-01-21

With the continued expansion of the literary canon, multicultural works of modern literary fiction and autobiography have assumed an increasing importance for students and scholars of American literature. This exciting new series assembles key documents and criticism concerning these works that have so recently become central components of the American literature curriculum. Each casebook will reprint documents relating to the work's historical context and reception, present the best in critical essays, and when possible, feature an interview of the author. The series will provide, for the first time, an accessible forum in which readers can come to a fuller understanding of these contemporary masterpieces and the unique aspects of American ethnic, racial, or cultural experience that they so ably portray. This casebook to Morrison's classic novel presents seven essays that represent the best in contemporary criticism of the book. In addition, the book includes a poem and an abolitionist's tra published after a slave named Margaret Garner killed her child to save her from slavery—the very incident Morrison fictionalizes in *Beloved*.

**Conversations with Toni Morrison** - Toni Morrison 1994

Collected interviews with the Nobel Prize winner in which she describes herself as an African American writer and that show her to be an artist whose creativity is intimately linked with her African American experience  
*Toni Morrison's Developing Class Consciousness* - Doreatha D. Mbali 2004

Toni Morrison scholars as well as those interested in the creative process will be excited about a new feature that appears in this second edition of this book: a sampling of Toni Morrison's creative process. In Part Two of this critical work, the author spotlights some of the autobiographical kernels that appear in each of Morrison's novels. Part One offers a comprehensive study of Morrison's novels, demonstrating that each one is a thematic and structural offshoot of the preceding one, evidencing a pattern of growth in Morrison's consciousness of the exploitation and oppression of all people of African descent and of her commitment to struggle for a solution. "The Bluest Eye investigates the effects of racism on African female children. "Sula explores avenues of self-fulfillment, but in the process ignores the collective that nurtures her. "Song of Solomon reveals Morrison's increased awareness of the impact of historical and current events on the nation-class oppression of African people."Tar Baby offers evidence of Morrison's awareness that capitalism is the primary enemy of African people. "Beloved proposes the only viable solution if African people are to be truly liberated: collective struggle. "Jazz avows that conditions make people wild, and conditions in the U.S. and the rest of the world are life-threatening for women in particular. "Paradise reflects Morrison's recognition of the African's mistaken belief that the enemy is the "white man," rather than capitalism.
