Your Happiness Was Hacked - Vivek Wadhwa 2018-06-26

"Technology is a great servant but a terrible master. This is the most important book ever written about one of the most significant aspects of our lives—the consequences of our addiction to online technology and how we can liberate ourselves and our children from it." —Dean Ornish, M.D. Founder & President, Preventive Medicine Research Institute, Clinical Professor of Medicine, UCSF, Author, *The Spectrum Technology: your master, or your friend? Do you feel ruled by your smartphone and enslaved by your e-mail or social-network activities? Digital technology is making us miserable, say bestselling authors and former tech executives Vivek Wadhwa and Alex Salkever. We've become a tribe of tech addicts—and it's not entirely our fault. Taking advantage of vulnerabilities in human brain function, tech companies entice us to overdose on technology interaction. This damages our lives, work, families, and friendships. Swipe-driven dating apps train us to evaluate people like products, diminishing our relationships. At work, we e-mail on average 77 times a day, ruining our concentration. At home, light from our screens is contributing to epidemic sleep deprivation. But we can reclaim our lives without dismissing technology. The authors explain how to avoid getting hooked on tech and how to define and control the roles that tech is playing and could play in our lives. And they provide a guide to technological and personal tools for regaining control. This readable book turns personal observation into a handy action guide to adapting to our new reality of omnipresent technology.*

The Girl of My Dreams - Durjoy Dutta 2016-10-15

We are in the car. She's looking at me. I can see the love in her eyes for me. Then a huge crash. She's flung out of the window. I'm thrown out too. A pool of blood. Her eyes are still on me . . . but now it's a death stare. I am Daman and I wake up to this nightmare. Every. Single. Day. Waking up from a long coma, Daman learns that he was in a massive car crash with a girl who vanished soon after the accident, leaving him for dead. Strangely, all he remembers is a hazy face, her

hypnotic eyes, and her name—Shreyasi. To come to terms with his memory lapse he starts piecing together stories about himself and Shreyasi from his dreams, which he then turns into a hugely popular blog. When he's offered a lucrative publishing deal to convert his blog pieces into a novel, he signs up immediately. However, he gives in to editorial pressure and agrees to corrupt the original edgy character of Shreyasi. Big mistake. From then on Daman is stalked and threatened by a terrifying beauty who claims to be Shreyasi and who will stop at nothing to make him pay for being a sell-out. Before Daman fights back, he needs to know: Is she really who she claims to be? What does she want from him now? What if he doesn't do what she wants him to? *The Girl of My Dreams* is definitely not your usual love story.
