ESL Conversation Dialogues Scripts 21-30 Volume 3: Australian English Aussie Lingo. Bonus Glossary: 200+ Aussie Expressions - Jason Hogan

ESL Conversation Dialogues Scripts 21-30 contains dialogues featuring Australian English expressions, with a number of common expressions thrown in to challenge the student. While intermediate level and above is recommended, these dialogues can also be used to challenge beginners into improving their reading and pronunciation skills. The 10 dialogues in volume 3 feature over 200 Aussie English expressions which can give students planning to go to Australia, or those who have recently arrived, a quick crash course on common Aussie Lingo. This volume also features a bonus glossary with a brief explanation of what the Australian English words, phrases and idioms mean. Normally a glossary is not included as most native English speakers from Australia would know the meanings of the expressions used in the dialogues in the series, and would be able to explain them to students, but in an effort to help people to understand Australian English, even those native English speaking tutors and teachers who are not Australian would be able to quickly understand these dialogues and be able to teach them to others, with help from the glossary. These dialogues have been tested in private tuition lessons hundreds of times and have received great feedback from students new to Australia who are struggling to understand Australians. It is recommended that tutors add to the enjoyment of the lesson by using a strong Australian accent when reading their part of the dialogue. This series of dialogues and

conversations has been released to fulfil a demand in the ESL industry for more mature style conversations for use in private tuition as well as pair or group work in the adult classroom. These have been reformatted for use on an ebook device, so users can practice reading the dialogues out loud and discuss the language used with their tutor or with each other. As a natural offshoot of the research design, this study offers a comprehensive description of the most common linguistic features characterizing natural conversation. Illustrated with numerous dialogue extracts from "Friends" and conversation, topics such as vague, emotional, and informal language are discussed. Enacting the Roles of Boss and Employee in German Business Meetings - Tobias Barske 2016-08-17

This book investigates how participants in German business meetings collaborate to "talk" this speech exchange system into existence. Using the methodology of conversation analysis, the study describes how participants in meetings perform different social roles, specifically, focusing on ways in which the enactment of "doing-being-boss" and "doing-being-employee" depends upon a moment-by-moment collaboration between all participants. In its description of how participants enact these social roles through talk-in-interaction, the book also incorporates systematically embodied actions into the analysis of business meetings. Chapter Two situates this project within existing studies on business meetings, and introduces the research methodology of conversation analysis, while Chapter 3 examines all uses of the particle *ok* in German business meetings, arguing that certain uses of *ok* relate to enacting the social role of "doing-being-boss." Chapter 4 then investigates the practice of how employees produce extended reports about ongoing projects. In discussing the social role of "doing-being-employee," it compares the practice of story-telling in ordinary conversation to that of producing reports during German business meetings. Moreover, Chapter 5 problematizes the notion of pre-assigned social roles. Using the concept of zones of interactional transition, it discusses instances where employees question the role of the meeting facilitator, chairperson, and boss. In analyzing the interactional fallout in these examples, it offers additional evidence that social roles such as boss represent a social construct which depends on a constant co-construction of this role. Finally, the conclusion situates the study's findings within the field of institutional talk.
