Business Ethics: Ethical Decision Making & Cases - O. C. Ferrell 2014-01-01

Packed with cases, exercises, simulations, and practice tests, the market-leading BUSINESS ETHICS: ETHICAL DECISION MAKING AND CASES, Tenth Edition, thoroughly covers the complex environment in which managers confront ethical decision making. Using a proven managerial framework, this accessible, applied text addresses the overall concepts, processes, and best practices associated with successful business ethics programs--helping readers see how ethics can be integrated into key strategic business decisions. Thoroughly revised, the new tenth edition incorporates coverage of new legislation affecting business ethics, the most up-to-date examples, and the best practices of high-profile organizations. It also includes 20 all-new or updated original case studies. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Business Ethics - Stephen M. Byars 2018-09-24

Management Ethics - D. Melé 2011-11-29

The recent financial crisis has awakened a renewed sensibility to ethics in business and management, and an increasing interest in a better understanding of how ethics and economics are intertwined. Managers and executives must understand not just the moral value of ethical behaviour, but also how this can strengthen and benefit the organization.

Nicomachean Ethics - Aristotle 2021-11-13

Nicomachean Ethics Aristotle - The Nicomachean Ethics is one of Aristotle's most widely read and influential works. Ideas central to ethics—that happiness is the end of human endeavor, that moral virtue is formed through action and habituation, and that good action requires prudence—found their most powerful proponent in the person medieval scholars simply called "the Philosopher." Drawing on their intimate knowledge of Aristotle's thought, Robert C. Bartlett and Susan D. Collins have produced here an English-language translation of the Ethics that is as remarkably faithful to the original as it is graceful in its rendering. Aristotle is well known for the precision with which he chooses his words, and in this elegant translation his work has found its ideal match. Bartlett and Collins provide copious notes and a glossary providing context and further explanation for students, as well as an introduction and a substantial interpretive essay that sketch central arguments of the work and the seminal place of Aristotle's Ethics in his political philosophy as a whole. The Nicomachean Ethics has engaged the serious interest of readers across centuries and civilizations—of peoples ancient, medieval, and modern; pagan, Christian, Muslim, and Jewish—and this new edition will take its place as the standard English-language translation.

Moral Issues in Business - William H. Shaw 1995-01

With this combined text/anthology/casebook, there is no need for supplemental works; it combines coverage of ethical theories (capitalism, corporations, environment) and micro issues (the business setting) as well as readings and cases for analysis. This approach introduces students to the relevant concepts and principles and it supplies them with the social, historical, and philosophical background they need to grapple with important theoretical and practical philosophical issues they will be exposed to in today's business environment.

Business Ethics and Social Responsibility' 2007 Ed. - 2007

Business Ethics and Values - Colin M. Fisher 2006
"Business Ethics and Values" introduces students to the

complexities and principles of ethical issues by focusing on developing ethical awareness and the ability to argue business ethics matters. A proven resource, the second edition of this text continues to present a successful blend of concrete issues and academic theory, suitable for undergraduate and postgraduate students with or without practical experience of the world of organisations. It gives as much importance to individual conscience at work as it does to socially responsible behaviour at the corporate level and within the global business world. Hallmark features: Broad coverage of the many issues in this subject ensures that students see the whole picture. The use of real-world case studies and simulations helps to stimulate debate and appreciate the multi-faceted aspects of ethical arguments. New to this edition: New material on the ethics of e-communication, sustainability and the ethical impact of globalisation ensures that students are learning from the most up-to-date material available. Further analysis of Anglo-American approaches to corporate governance and their ethical underpinnings. Short test and assignment questions at the end of each chapter help students to consolidate their learning. More simulation exercises and activities give students the opportunity to reflect on their attitudes to this engaging subject. A well-developed supplements package to support tutors and students includes an instructor's manual, PowerPoint slides and a companion website. Colin Fisher is Professor of Managerial Ethics and Values, Nottingham Business School, Nottingham Trent University. Alan Lovell is Professor of Organisational Accountability and Head of the Department of Accounting, Finance & Economics, Nottingham Business School, Nottingham Trent University.

Organizational Ethics - Craig E. Johnson 2018-01-31

This textbook provides a wide-ranging overview of everything you will need to know to prepare you for initial teacher training and your early career in the primary classroom. Covering practical issues including planning, assessment and classroom organisation, and thought-provoking topics such as reflecting on your own teaching practice and developing critical thinking skills, this textbook gives you a pragmatic and insightful understanding of teaching in primary schools. This third edition has been comprehensively revised to include new chapters on: Personal, social, health and economic education (PSHE) Safeguarding and your responsibilities Teaching EAL learners Behaviour management and encouraging behaviour for learning Inclusion and special educational needs, including the 2015 SEND Code of Practice Critical perspectives on fundamental British values Moving on to Master's level study This is essential reading for all students on primary initial teacher education courses including university-based (PGCE, BEd, BA with QTS), and schools-based (School Direct, SCITT, Teach First) routes into teaching.

Business Ethics Now - ANDREW. GHILLYER 2020-07-07

Business Ethics and Corporate Governance (Principles and Practices) - Khanka S.S. 2014

(For the Students of MBA, PGDBM, M.COM. And Other Management Courses)

Business Ethics Now - Andrew W. Ghillyer 2013-09-03

Business Ethics Now 4e by Andrew W. Ghillyer provides assistance to employees by taking a journey through the challenging world of business ethics at the ground level of the organization rather than flying through the abstract concepts and philosophical arguments at the treetop level. By examining issues and scenarios that relate directly to their work environment (and their degree of autonomy in that environment), employees can develop a clearer sense of

how their corporate code of ethics relates to operational decisions made on a daily basis.

Business Ethics - Andrew Crane 2019-06

How can you be an ethical corporate citizen in an increasingly complex, multiple-stakeholder world? This is the most pressing question facing businesses today, small and large, local and global. *Business Ethics*, fifth edition, is a thorough yet accessible exploration of the main ethical theories and how these apply to major stakeholders facing this question. Written from a truly international perspective and supported by diverse and innovative learning features, this book provides the tools and concepts necessary to understand and effectively manage ethical challenges wherever you are in the world. NEW TO THIS EDITION Professor Laura Spence and Dr Sarah Glozer join the author team, bringing fresh perspectives and new expertise. Practitioner Spotlights feature prominent businesswomen and men, discovering the ethical challenges they face at work and also the skills they employ to tackle them. Ethics in Action boxes have been substantially refreshed, with new examples exploring ethical considerations at organizations such as Nudie, Jeans Co., Brewdog, and indigenous Bangladeshi tanneries, as well as complex issues including digital currency, modern slavery, and Big Data. New Case Studies address the latest developments in the business environment, such as the sharing economy and sustainability. This title is available as an eBook. Please contact your Learning Resource Consultant for more information.

A Short Course in International Business Ethics 3rd Ed., eBook - Charles Mitchell 2009

Honest Work - Joanne B. Ciulla 2018-07-02

Combining readings and case studies, this text asserts that business ethics is primarily about the ethics of individuals and challenges students to reconcile their personal value systems with standard business practice. With a unique focus on the personal dimension of ethics, this is a practical overview of the ethical issues students are most likely to face in the workforce.

Ethics on the Job: Cases and Strategies - Raymond S. Pfeiffer 2012-12-13

ETHICS ON THE JOB guides the reader through a step-by-step analysis to help them make good decisions in the face of ethical conflict. With the RESOLVEDD strategy, the authors have devised a powerful system for ethical decision-making in the workplace, which they teach students to implement through timely case studies and detailed analyses. Students develop a working grasp of important philosophical principles and their application in ethical conflicts, and learn to apply the RESOLVEDD strategy to ethical issues in their own lives. A classic text in ethical decision-making, ETHICS ON THE JOB is widely used in business ethics classes and corporate training programs across the country. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Ethics and Morality in Sport Management - Joy Theresa DeSensi 2010

The third edition continues to examine the ethical concepts, principles and issues in the administration and organisation of sport that made the first two editions of this textbook so widely adopted. The book approaches the topics from four directions: ethical theory, personal and professional ethics, ethics applied, and future moral and ethical issues. Joy T DeSensi and Danny Rosenberg have enhanced the text by adding two new chapters that help to frame the content in a globalised context. In addition, the references, examples, scenarios, and analyses have been updated throughout the book.

Understanding Business Ethics - Peter A. Stanwick 2015-09-16

Filled with real-world case studies and examples of ethical dilemmas, *Understanding Business Ethics*, Third Edition prepares students and managers alike to make ethical decisions in today's complex, global environment. Bestselling authors Peter A. Stanwick and Sarah D. Stanwick explain the fundamental importance of ethical leadership, decision making, and strategic planning while examining emerging trends in business ethics such as the developing world, human rights, environmental sustainability, and technology. In addition to presenting information related to the Association to Advance Collegiate

Schools of Business (AACSB), the text's 26 real-world cases profile a variety of industries, countries, and ethical issues in a way that is relevant and meaningful to students' lives. The Third Edition features new cases from well-known companies such as Disney and General Motors, new coverage of emerging topics such as big data and social media, expanded coverage of corporate social responsibility, and more. Using an applied approach, this text helps students understand why and how business ethics really do matter!

Applied Business Ethics: A Skills-Based Approach - Dean Bredeson 2012-07-25

More than a general ethics text, APPLIED BUSINESS ETHICS: A SKILLS-BASED APPROACH applies practical ethical situations to real-world business settings and decisions. The text's thought-provoking scenarios read like a Hollywood screenplay, with up-to-the-minute issues that draw students into discussions and encourage debate. Written by an award-winning business ethics instructor, APPLIED BUSINESS ETHICS has been field-tested by students and faculty across the U.S. with a goal of improving the classroom experience, and making business ethics fun for everyone. Business Ethics: A Textbook with Cases - William H. Shaw 2016-01-01

BUSINESS ETHICS, 9th Edition is a comprehensive and practical guide that will help you with real life ethical issues that rise in the business world. It will assist you through the process of developing the critical thinking and analytical skills needed to successfully navigate the unique set of problems that emerge when ethics and commerce collide. This book focuses on key ethical concepts and emphasizes the real world importance of critical topics such as the nature of morality, major theories of ethics and economic justice, and competing views of capitalism and corporate responsibility. It is thorough, flexible, and designed to bolster student involvement with the material for better comprehension and understanding. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Business Ethics - Sheena Carmichael 1995

Business Ethics and Corporate Governance - Fernando A.C. 2010-09

The Oxford Handbook of Business Ethics - George G. Brenkert 2010

The Oxford Handbook of Business Ethics is a comprehensive treatment of business ethics from a philosophical approach. Each chapter is written by an accomplished philosopher who surveys a major ethical issue in business, offers his or her own contribution to the issues that define that topic, and provides a bibliography that identifies key works in the field.

EBOOK: Business Ethics Now - Andrew Ghillyer 2013-10-16

Business Ethics Now 4e by Andrew W. Ghillyer provides assistance to employees by taking a journey through the challenging world of business ethics at the ground level of the organization rather than flying through the abstract concepts and philosophical arguments at the treetop level. By examining issues and scenarios that relate directly to their work environment (and their degree of autonomy in that environment), employees can develop a clearer sense of how their corporate code of ethics relates to operational decisions made on a daily basis.

ISE Business Ethics Now - Andrew Ghillyer 2020

Business Ethics - Christian U Becker 2019-05-02

Ethical aspects of business and the economy are of increasing concern in business practice, higher education, and society in general. This concern results from significant business scandals and economic crises, such as the financial crisis of 2008 and the following great recession, as well as from pressing current and future challenges for the economy, such as sustainability and globalization. As a result, there is a growing demand for normative analysis and orientation for business and the economy, where business ethics has become a crucial part of organizational management, risk management, branding, and strategic

management. *Business Ethics: Methods and Application* provides a new systematic approach to normative business ethics that covers the complex and various ethical challenges of modern business. It aims to train analytical thinking skills in the field of business ethics and to approach ethical issues in business in a rational and systematic way. The book develops a number of specific methods for business ethics analysis that are tailored for ethical decision-making in business and for analyzing complex ethical topics in business. The book discusses fundamental ethical questions regarding the meaning of business and the economy for the individual person, society, the environment, and people around the world. As a result, *Business Ethics: Methods and Application* develops normative guidelines for business in the 21st century and its fundamental challenges and will be key reading for undergraduate, postgraduate, and MBA students of business ethics, business strategy, business and society, and related fields.

Business Ethics: Ethical Decision Making and Cases - O. C. Ferrell
2021-06-16

Learn to make successful ethical decisions in the midst of the new business realities of 2020 and 2021 with Ferrell/Fraedrich/Ferrell's market-leading *BUSINESS ETHICS: ETHICAL DECISION MAKING AND CASES*, 13E. Packed with current examples and exercises, this edition demonstrates how to integrate ethics into key strategic business decisions as reorganized chapters clearly present the ethical decision-making process in today's complex ethical, legal, social and political environments. New scenarios highlight 2020 economic and pandemic realities and preview ethical challenges you are most likely to encounter as a new manager. Updates address the processes and best practices behind successful business ethics programs as well as the latest legislation and new coverage of global sustainability and corporate social responsibility. New and original cases provide insights into ethics in familiar organizations, such as Tesla and TOMS, while exercises reinforce concepts with hands-on applications.

Corporate Governance and Business Ethics - Alexander Brink
2011-08-12

This volume explores corporate governance from three perspectives: a traditional economic, a philosophical, and an integrated business ethics perspective. Corporate governance has enjoyed a long tradition in the English-speaking world of management sciences. Following its traditional understanding it is defined as leadership and control of a firm with the aim of securing the long-term survival and viability of that firm. But recent business scandals and financial crises continue to provide ample cause for concern and have all fuelled interest in the ethical aspects. As a result, corporate governance has been criticized by many social groups. Economic sciences have failed to provide a clear definition of the corporate governance concept. Complexity increases if we embed the economic approach of corporate governance in a philosophical context. This book seeks to define the concept by examining its economic, philosophical and business ethics foundations.

Business Ethics Now - Andrew Ghillyer 2012

This book provides assistance to employees by taking a journey through the challenging world of business ethics

Business Ethics: Ethical Decision Making & Cases - O. C. Ferrell
2012-01-01

With a vibrant four-color design, the market-leading *BUSINESS ETHICS: ETHICAL DECISION MAKING AND CASES*, Ninth Edition, delivers an accessible, applied text that thoroughly covers the complex environment in which managers confront ethical decision making. Using a proven managerial framework, the authors address the overall concepts, processes, and best practices associated with successful business ethics programs--helping students see how ethics can be integrated into key strategic business decisions. The new edition has been completely revised and updated to include coverage of new legislation affecting business ethics, the most up-to-date examples, and the best practices of high-profile organizations. It also includes 20 original cases that are either new or updated. Packed with cases, exercises, simulations, and practice tests, *BUSINESS ETHICS: ETHICAL DECISION MAKING AND CASES*, Ninth Edition gives students an abundance of opportunities to master text material

through hands-on application. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Business Ethics - Archie B. Carroll 2013-12-19

These readings grew out of the author's monthly column on business ethics in the business section of the Athens Banner-Herald newspaper. Written in an open and engaging style, the book features topics that are timely, each followed by several thought provoking discussion questions. The book includes readings on the current financial crisis in order to challenge today's students to confront the economic reality in which they will have to live. An excellent addition to any Business Ethics course.

Honest Work - Joanne B. Ciulla 2011

Honest Work: A Business Ethics Reader, now includes 103 readings and 80 cases on such classic topics as honesty and trust in the workplace, whistleblowing, product liability, finance ethics, and conflicts of interest, along with more cutting edge subjects including environmental ethics and ethics and technology. The text was revised in the midst of the worst global financial crisis since the Great Depression, which reaffirms the convictions that led the authors to develop this text: first, that business ethics is primarily about the ethics of individuals; second, that business itself is a morally sensitive endeavor as it directly or indirectly harms or benefits other people. *Honest Work* assumes that the goal of a business ethics course is to help students become successful as human beings so that they can go on to invent, run, and rebuild sustainable businesses. Unlike most texts, it brings ethical questions back to the reader, and challenges students to think about the relationship between the way they do business and the kind of life they want to live. questions, and suggested readings and web links. An Instructor's Manual with Test Bank is available to adopters.

Business Ethics - 2004

Description This official Government manual provides a practical guide to assist owners and managers in meeting emerging global standards and expectations for an effective business ethics program. The manual is intended to be a practical resource for owners and managers, and endeavors to provide a comprehensive framework for designing and implementing business ethics programs by addressing such issues as what it means to be a responsible business, how to approach responsible business conduct as a strategy, which structures and systems help management foster reasonable expectations among enterprise stakeholders as well as guide employees and agents to meet them, how to communicate with stakeholders about enterprise standards, expectations, and performance--and secure stakeholders' feedback, how to align management practices with core enterprise beliefs through a business ethics program, and how to evaluate performance under a business ethics program and learn from it.

Business Ethics - Denis Collins 2021-11-22

Business Ethics teaches students how to create organizations of high integrity and superior performance. Author Denis Collins and new co-author Patricia Kanashiro walk readers through designing ethical organizations using an Ethical Systems Model that outlines best practices for hiring, training, making ethical decisions, and fostering trust. The substantially revised Third Edition integrates the most current research findings; includes three new chapters on corporate governance and stakeholder relationships, global sustainability, and global corporate citizenship; and explores timely topics through new case studies on the opioid crisis, the #MeToo movement, climate change, and business responses to the COVID-19 pandemic. [Markets, Ethics, and Business Ethics](#) - Steven Scalet 2018-07-16

This book introduces a study of ethics and values to develop a deeper understanding of markets, business, and economic life. Its distinctive feature is its thorough integration across personal and institutional perspectives; across applied ethics and political philosophy; and across philosophy, business, and economics. Part 1 studies markets, property rights, and law, and introduces normative theories with many applications. Part 2 examines the purpose of corporations and their responsibilities. Parts 3 and 4 analyze business and economic life through the ethics and values of welfare and efficiency, liberty, rights, equality, desert, personal character, community, and the common good. This second edition maintains the strengths of the first edition—short, digestible chapters and engaging writing that explains challenging ideas clearly. The material is user-friendly, with an emphasis on a strong theoretical core. Easily adaptable to the instructor's teaching, the chapters are separable and can be shaped to the interests of the instructor with suggested course outlines and flexible application to case studies. This text is designed both for coursework in business ethics, as well as interdisciplinary programs in philosophy, politics, economics, and law. This second edition: revises presentation of eight normative theories, with increased emphasis on links to business and economic life; incorporates recent scholarship on shareholder/stakeholder debates about the purpose of corporations, bringing this important topic up to date; includes a new, streamlined preface that provides a quick overview of the book before smoothly guiding the reader to the first chapter; uses updated examples and applications; revamps a useful appendix, including enhancing the popular primer on ethics; includes Key Terms, Discussion Questions, Biographies, and Lists of Further Readings at the end of each chapter; includes a new ending chapter on the value of an ethical life.

[Business Ethics and Corporate Governance](#) - Fernando A.C. 2010-09

Business Ethics - Marianne Jennings 2018

Gain a better understanding of common threads and patterns of ethical challenges with cases and readings drawn from pop culture, business, and history. BUSINESS ETHICS: CASE STUDIES AND SELECTED READINGS, 9E provides relevant issues, such as getting out of student loans-- the consequences and societal costs as well as benefit to graduates. Probing questions and content force you to look beyond emotions and opinions to evaluate the costs of ethical decisions, such as Edward Snowden's actions and whether they harmed or helped society. Cases provide historical perspective as you learn how individuals slip into behavior that lead to ethical and legal breaches. Real examples of business decisions gone awry in this market-leading collection of readings present patterns of behaviors and choices that often result in the destruction of businesses and personal lives. Perspective and insights provide a knowledge base for readers to recognize and resolve ethical issues.

SAGE Brief Guide to Business Ethics - Sage Publishing 2011-03-14

Designed for courses in business ethics, corporate social responsibility, corporate strategy, and organizational behaviour, this text will also be an indispensable companion text for business students to use throughout their full programme of study. This text provides objective coverage of key issues in corporate social responsibility, the obligation of companies to various stakeholder groups, the contribution of business to society and culture, and the relationship between organizations and the quality of the environment. Business Ethics in Brief is divided into eight sections which contain important keywords that relate to those sections: Ethics and the Individual; Theories of Ethics; Understanding Global Ethics; Ethics of Management and Business; Employee and Human Resources Issues; Consumer Issues; Ethics of Advertising, Marketing, and PR; and Environmental Issues in Ethics. Key

features of the text include the following: - Keyword entries featuring comprehensive essays on such crucial topics as strategic corporate social responsibility, consumer rights, and ethical decision making - A listing of suggested readings for each entry, so that readers can find more information on topics of particular interest. - Three appendices: An appendix of "problematic practices" that highlights key corporations and industries and the ethical issues they faced; an appendix with key ethics institutes and organizations; and an appendix listing key business ethics periodicals

[Business Ethics: Decision Making for Personal Integrity & Social Responsibility](#) - Laura Hartman 2013-03-04

Business Ethics: Decision-Making for Personal Integrity & Social Responsibility, 3e is designed to prepare the student to apply an ethical decision-making model, not only in the ethics course but throughout her or his business discipline. This model teaches students ethical skills, vocabulary, and tools to apply in everyday business decisions and throughout their business courses. The authors speak in a sophisticated yet accessible manner while teaching the fundamentals of business ethics. Hartman's professional background in law and her teaching experience in the business curriculum, combined with DesJardins' background in philosophy and MacDonald's ability to distill complicated business transactions into understandable terms, results in a broad language, ideal for this approach and market. The authors' goal is to engage the student by focusing on cases and business scenarios that students already find interesting. Students are then asked to look at the issues from an ethical perspective.

Additionally, its focus on AACSB requirements makes it a comprehensive business ethics text for business school courses. The goal for the third edition is to provide "a comprehensive yet accessible introduction to the ethical issues arising in business." Hartman and DesJardins have retained the focus on decision-making as well as the emphasis on both personal and policy-level perspectives on ethics. This edition continues to provide pedagogical support throughout the text. The most noticeable changes involve a thorough updating of distinct items such as Reality Checks, Decision Points, and readings to reflect new cases, examples and data.

Business Ethics - William Shaw 2007-03-30

Combining engaging discussions and stimulating case studies, BUSINESS ETHICS brings you a comprehensive survey of business ethics that will guide you toward becoming an ethical professional—even if you've never studied philosophy before. Rich with real-world examples and introductions, the text introduces you to important philosophical concepts and principles via a range of perspectives that will help you begin to grapple with the compelling theoretical and practical issues of the evolving commercial landscape. In addition, this edition of the text features an updated two-color design and new pedagogical features. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

[Business Ethics](#) - K. Praveen Parboteeah 2018-10-16

A foundational text for the modern business student and an essential instructor resource, this book presents a thorough and comprehensive introduction to business ethics. Taking a strategic stakeholder approach—one that emphasizes how important it is to balance multiple stakeholders' needs—students will develop the critical skills they need to analyze and solve complex ethical issues, while ensuring overall business success. The second edition retains Business Ethics' strong balance of theory and practice, but incorporates several new features, including: Fresh cases ensuring students are exposed to the most topical real-world examples A global view, with examples from international and emerging markets, and coverage of ethical standards from around the world An expanded chapter on individual ethical decision-making, as well as a new chapter devoted to ethical theory A renewed emphasis on the popular boxed features with more integration of newer case studies, and the addition of "Emerging Market Business Ethics Insights" The latest data on business ethics and ethics related issues from a variety of reputable sources A comprehensive set of lecture slides, test questions, and instructor notes provide additional material for the classroom.
