The Seven Signs of Ethical Collapse - Marianne M. Jennings 2006-08-22

Do you want to make sure you · Don't invest your money in the next Enron? · Don't go to work for the next WorldCom right before the crash? · Identify and solve problems in your organization before they send it crashing to the ground? Marianne Jennings has spent a lifetime studying business ethics--- and ethical failures. In demand nationwide as a speaker and analyst on business ethics, she takes her decades of findings and shows us in *The Seven Signs of Ethical Collapse* the reasons that companies and nonprofits undergo ethical collapse, including: · Pressure to maintain numbers · Fear and silence · Young 'uns and a larger-than-life CEO · A weak board · Conflicts · Innovation like no other · Belief that goodness in some areas atones for wrongdoing in others Don't watch the next accounting disaster take your hard-earned savings, or accept the perfect job only to find out your boss is cooking the books. If you're just interested in understanding the (not-so) ethical underpinnings of business today, *The Seven Signs of Ethical Collapse* is both a must-have tool and a fascinating window into today's business world.

Business Ethics - O. C. Ferrell 1990-12

Business Ethics: Case Studies and Selected Readings - Marianne M. Jennings 2011-01-01

The best-selling text of its kind on the market, **BUSINESS ETHICS: CASE STUDIES AND SELECTED READINGS**, 7th Edition gets behind the decision-making process of business leaders today to illustrate why good leaders often make questionable decisions. This fascinating collection exposes common themes in less-than-ethical decision making, and shows why leaders make ethical compromises in business that they would not make in their personal lives. A combination of short and long cases, readings, hypothetical situations, and current ethical dilemmas, **BUSINESS ETHICS: CASE STUDIES AND SELECTED READINGS** provides students with a stimulating and thorough basis for evaluating business ethics, and encourages stronger values in future business leaders. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Business Ethics - Jeffrey Moriarty 2021-09-30

Packed with examples, this book offers a clear and engaging overview of ethical issues in business. It begins with a discussion of foundational issues, including the objectivity of ethics, the content of ethical theories, and the debate between capitalism and socialism, making it suitable for the beginning student. It then examines ethical issues in business in three broad areas. The first is the market. Issues explored are what can be sold (the limits of markets) and how it can be sold (ethics in marketing). The second is work. Topics in this area are health and safety, meaningful work, compensation, hiring and firing, privacy, and whistleblowing. The third area is the firm in society. Here readers explore corporate social responsibility, corporate political activity, and the set of ethical challenges that attend international business. Issues are introduced through real-world examples that underscore their importance and make them come alive. Arguments for opposing positions are given fair hearings and students are encouraged to develop and defend their own views. Key Features Introduces each topic with a real-world example, which is referenced regularly in the subsequent argument. Contains a critical evaluation of capitalism and socialism, with a focus on private property, the market system, and the welfare state. Explores the limits of markets and

encourages students to ask what should and should not be for sale. Explores the phenomena of corporate political activity and ethical consumerism. Includes initial chapter overviews and – at the end of each chapter – study questions and suggested additional readings.

Business - Marianne Jennings 2003

Without a doubt, the connection between law and business ethics is made clear with *Business: Its Legal, Ethical and Global Environment*. Through an integration of examples and applications, users learn how to apply legal and ethical reasoning skills when making business decisions. No other book on the market better prepares tomorrow's managers for the legal, ethical, and global environment in which they will work. Jennings balances coverage of traditional legal and ethical topics with emerging trends in the business world, such as cyberlaw, international law, and alternate dispute resolution. *Business Ethics + Mindtap Business Law, 1 Term 6 Months Printed Access Card* -

Selected Readings on Electronic Commerce Technologies: Contemporary Applications - Hu, Wen-Chen 2008-08-31

"This book offers research articles focused on key issues concerning the technologies and applications of electronic commerce"--Provided by publisher.

Ethical Issues in Business - Peg Tittle 2000-04-13

The core of this text comprises chapters on all the key issues of business in Canada today. Each chapter includes a hypothetical case study and an introduction highlighting key ethical points; two academic essays; and a real-life case study. Questions for discussion accompany the essays and case studies. The author has also included a general introduction to ethical issues and an overview of ethical theory; a section on institutionalizing ethics (discussing ethics officers/programs/codes etc.); and appendices providing excerpts from important classic contributions to ethical theory and from relevant Canadian law.

Business Ethics - Marianne Jennings 2018

Gain a better understanding of common threads and patterns of ethical challenges with cases and readings drawn from pop culture, business, and history. **BUSINESS ETHICS: CASE STUDIES AND SELECTED READINGS, 9E** provides relevant issues, such as getting out of student loans-- the consequences and societal costs as well as benefit to graduates. Probing questions and content force you to look beyond emotions and opinions to evaluate the costs of ethical decisions, such as Edward Snowden's actions and whether they harmed or helped society. Cases provide historical perspective as you learn how individuals slip into behavior that lead to ethical and legal breaches. Real examples of business decisions gone awry in this market-leading collection of readings present patterns of behaviors and choices that often result in the destruction of businesses and personal lives. Perspective and insights provide a knowledge base for readers to recognize and resolve ethical issues.

Selected Readings in Business - Myra Shulman 2003

The revised edition of *Selected Readings in Business* addresses the new developments in the business world since 1991--e-commerce, information technology, women's status as professionals, application of science to business, and the increasing globalization of our world. Each unit has Internet activities to accompany it. Still the perfect text for international students embarking on an MBA program or a business career.

Cross-cultural Perspectives in Medical Ethics - Robert M. Veatch 2000

Cross- Cultural Perspectives in Medical Ethics, Second Edition, is an anthology of the latest and best readings on the medical ethics of as many of the major religious, philosophical, and medical traditions that are available today.

Corporate Social Responsibility - Andrew Crane 2014

As a relatively young subject matter, corporate social responsibility has unsurprisingly developed and evolved in numerous ways since the first edition of this textbook was published. Retaining the features which made the first edition a top selling text in the field, the new edition continues to be the only textbook available which provides a ready-made, enhanced course pack for CSR classes. Authoritative editor introductions provide accessible entry points to the subjects covered - an approach which is particularly suited to advanced undergraduate and postgraduate teaching that emphasises a research-led approach. New case studies are integrated throughout the text to enable students to think and analyze the subject from every angle. The entire textbook reflects the global nature of CSR as a discipline and further pedagogical features include chapter learning outcomes; study questions; 'challenges for practice' boxes and additional 'further reading' features at the end of each chapter. This highly rated textbook now also benefits from a regularly updated companion website which features a brand new 'CSR Case Club' presenting students and lecturers with further case suggestions with which to enhance learning; lecture slides; updates from the popular Crane and Matten blog, links to further reading and career sites, YouTube clips and suggested answers to study questions. An Ivey CaseMate has also been created for this book at <https://www.iveycases.com/CaseMateBookDetail.aspx?id=335>.

Business Ethics - Marianne Jennings 2012-01-01

Packed with real-life examples of business decisions gone awry, the book explores the complex issues of business ethics from the leaders' perspectives. This best-selling text offers a rare collection of readings which examines the business decision-making processes of many types of leaders, while revealing some of the common factors that push them over ethical lines they might not otherwise cross.

Applied Public Relations - Kathy Brittain McKee 2010-03-17

Applied Public Relations provides readers with the opportunity to observe and analyze how contemporary businesses and organizations interact with key groups and influences. Through the presentation of cases covering a wide variety of industries, locations, and settings, authors Kathy Brittain McKee and Larry F. Lamb examine how real organizations develop and maintain their relationships, offering valuable insights into contemporary business and organizational management practices. McKee and Lamb place special emphasis on public relations as a strategic management function that must coordinate its planning and activities with key organizational units - human resources,

marketing, legal counsel, finance, and operations, among others. A commitment to the ethical practice of public relations underlies the book, and students are challenged not only to assess the effectiveness of the practices outlined, but also to understand the ethical implications of those choices. This second edition includes the following key features: New and updated cases Additional Professional Insight commentaries Expanded use of charts and photos An appendix with the PRSA Member Code of Ethics and the IABC Code of Ethics for Professional Communicators A companion website with resources for the student and the instructor. With its practical orientation and scope, *Applied Public Relations* is a useful text for courses on public relations management, public relations cases and campaigns, and integrated communication management.

Giving Voice to Values - Mary C. Gentile 2010-08-24

How can you effectively stand up for your values when pressured by your boss, customers, or shareholders to do the opposite? Drawing on actual business experiences as well as on social science research, Babson College business educator and consultant Mary Gentile challenges the assumptions about business ethics at companies and business schools. She gives business leaders, managers, and students the tools not just to recognize what is right, but also to ensure that the right things happen. The book is inspired by a program Gentile launched at the Aspen Institute with Yale School of Management, and now housed at Babson College, with pilot programs in over one hundred schools and organizations, including INSEAD and MIT Sloan School of Management. She explains why past attempts at preparing business leaders to act ethically too often failed, arguing that the issue isn't distinguishing what is right or wrong, but knowing how to act on your values despite opposing pressure. Through research-based advice, practical exercises, and scripts for handling a wide range of ethical dilemmas, Gentile empowers business leaders with the skills to voice and act on their values, and align their professional path with their principles. *Giving Voice to Values* is an engaging, innovative, and useful guide that is essential reading for anyone in business.

Maybe I Should... - Mimi Benjamin 2019-11-08

Maybe I Should... . . Case Studies on Ethics for Student Affairs Professionals (2nd ed.) offers graduate students and new student affairs professionals the opportunity to hone their knowledge of and sensitivities to everyday professional ethics. The second edition includes all new cases addressing contemporary topics across multiple functional areas, including: admissions and orientation, advocacy and inclusion, career and academic support, residence life and housing, student involvement and student conduct. Readers are encouraged to puzzle through each situation to identify, articulate, and provide rationales for plausible and preferred strategies for addressing ethical conundrums in their professional work. Benjamin and Jessup-Anger provide a framework for analyzing cases along with resources for incorporating professional ethics and case study analysis into formal education or staff development activities in student affairs.

For Business Ethics - Campbell Jones 2005-08-03

For Business Ethics is a daring adventure into the world of business ethics. It offers a clear and accessible introduction to business ethics and also expands business ethics beyond its current narrow confines. It is ground-breaking in the sense that it invites a distinctively critical approach to business ethics, an approach that the authors argue is part and parcel of ethics. With a thought-provoking glossary and recommendations for further readings, *For Business Ethics* is an essential purchase for students and practitioners alike. It is at once an introduction to business ethics and a challenge to anyone who wishes to take part in or change contemporary organized society.

Business Ethics: Case Studies and Selected Readings - Marianne M. Jennings 2014-01-31

Packed with real-life examples of business decisions gone awry, the 8th Edition of **BUSINESS ETHICS: CASE STUDIES AND SELECTED READINGS** explores the complex issues of business ethics from the leaders' perspectives. This best-selling text offers a rare collection of readings which examines the business decision-making processes of many types of leaders, while revealing some of the common factors that push them over ethical lines they might not otherwise cross. A combination of short and long cases,

readings, hypothetical situations, and current ethical dilemmas, **BUSINESS ETHICS: CASE STUDIES AND SELECTED READINGS** provides a stimulating and thorough basis for evaluating business ethics, and encourages stronger values in future business leaders. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Selected Readings on Strategic Information Systems - Hunter, M. Gordon
2008-08-31

"This book offers research articles on key issues concerning information technology in support of the strategic management of organizations"--
Provided by publisher.

Business Ethics and Values - Colin M. Fisher 2006

"Business Ethics and Values" introduces students to the complexities and principles of ethical issues by focusing on developing ethical awareness and the ability to argue business ethics matters. A proven resource, the second edition of this text continues to present a successful blend of concrete issues and academic theory, suitable for undergraduate and postgraduate students with or without practical experience of the world of organisations. It gives as much importance to individual conscience at work as it does to socially responsible behaviour at the corporate level and within the global business world. Hallmark features: Broad coverage of the many issues in this subject ensures that students see the whole picture. The use of real-world case studies and simulations helps to stimulate debate and appreciate the multi-faceted aspects of ethical arguments. New to this edition: New material on the ethics of e-communication, sustainability and the ethical impact of globalisation ensures that students are learning from the most up-to-date material available. Further analysis of Anglo-American approaches to corporate governance and their ethical underpinnings. Short test and assignment questions at the end of each chapter help students to consolidate their learning. More simulation exercises and activities give students the opportunity to reflect on their attitudes to this engaging subject. A well-developed supplements package to support tutors and students includes an instructor's manual, PowerPoint slides and a companion website. Colin Fisher is Professor of Managerial Ethics and Values, Nottingham Business School, Nottingham Trent University. Alan Lovell is Professor of Organisational Accountability and Head of the Department of Accounting, Finance & Economics, Nottingham Business School, Nottingham Trent University.

Business Ethics - Denis Collins 2017-11-27

Business Ethics: Best Practices for Designing and Managing Ethical Organizations, Second Edition focuses on how to create organizations of high integrity and superior performance. Author Denis Collins shows how to design organizations that reinforce ethical behavior and reduce ethical risks using his unique Optimal Ethics Systems Model that outlines how to hire and train ethical employees, make ethical decisions, and create a trusting, productive work environment. Taking a practical approach, this text is packed with tips, strategies, and real-world case studies that profile a wide variety of businesses, industries, and issues. New to This Edition: Premium Ethical Dilemma videos located in the Interactive eBook challenge students to practice their ethical reasoning and ethical decision-making skills. New case studies tackle complex ethical issues through real-world companies such as the NFL, Wells Fargo, Exxon Mobil, and Volkswagen. New chapter-opening ethical dilemmas based on real situations allow students to grapple with the grey areas of business ethics. Optimal Ethics System Check-Up surveys summarize the best practices discussed in the chapter to allow students to assess, benchmark, and continuously improve their own organization. Ethics in the News activities profile real-world events such as United Airlines' removal of a passenger on an overbooked flight to challenge students to think critically about how they would respond in a particular situation. Up for Debate features highlight contentious issues that students encounter in real life (such as Facebook privacy).

Case Studies in Biomedical Ethics - Robert M. Veatch 2015

The most comprehensive and up-to-date collection of its kind, **Case Studies in Biomedical Ethics: Decision-Making, Principles, and Cases, Second Edition**, explores fundamental ethical questions arising from real situations faced by

health professionals, patients, and others. Featuring a wide range of more than 100 case studies drawn from current events, court cases, and physicians' experiences, the book is divided into three parts. Part 1 presents a basic framework for ethical decision-making in healthcare, while Part 2 explains the relevant ethical principles: beneficence and nonmaleficence, justice, respect for autonomy, veracity, fidelity, and avoidance of killing. Parts 1 and 2 provide students with the background to analyze the ethical dilemmas presented in Part 3, which features cases on a broad spectrum of issues including abortion, mental health, experimentation on humans, the right to refuse treatment, and much more. The volume is enhanced by opening text boxes in each chapter that cross-reference relevant cases in other chapters, an appendix of important ethical codes, and a glossary of key terms.

Markets, Ethics, and Business Ethics - Steve Scalet 2014

ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- Promotes a deeper understanding of markets, corporate responsibility and business ethics **Markets, Ethics, and Business Ethics** provides an introductory discussion on basic, challenging concepts of business ethics: markets, property rights, law, and corporations. This title presents a balance of institutional perspectives and the concrete decisions people make within those institutions. The text studies the rules and incentives of a business system as well as the ethical decisions that people confront within their roles as consumers, investors, managers, owners, employees, and citizens.

Business Ethics - W. Michael Hoffman 2001

Can a corporation have a conscience? What is wrong with reverse discrimination? Can ethical management and managed care coexist? Hoffman, Frederick, and Schwartz address these and many other current, intriguing, often complex issues in corporate morality. This introductory business ethics text contains a thorough general introduction on ethical theory, 54 readings, and 25 cases. Divided into five parts, each with an introduction that presents the major themes of its articles and cases, the text contains an impartial, point-counterpoint presentation of different perspectives on the most important issues being debated in business ethics. Each chapter ends with questions that can be used for student discussion, review, tests/quizzes, or for student assignments. The fourth edition has 27 new readings, 15 new cases, and 10 new mini-cases.

Case Studies in Pharmacy Ethics - Robert Veatch 2010-04-10

Pharmacists face ethical choices constantly -- sometimes dramatic life-and-death decisions, but more often subtle, less conspicuous choices that are nonetheless important. Among the topics confronted are assisted suicide, conscientious refusal, pain management, equitable distribution of drug resources within institutions and managed care plans, confidentiality, and alternative and non-traditional therapies. Veatch and Haddad's book, first published in 1999, was the first collection of case studies based on the real experiences of practicing pharmacists, for use as a teaching tool for pharmacy students. The second edition accounts for the many changes in pharmacy since 1999, including assisted suicide in Oregon, the purchasing of less expensive drugs from Canada, and the influence of managed care on prescriptions. The presentation of some cases is shortened, most are revised and updated, and two new chapters have been added. The first new chapter presents a new model for analyzing cases, while the second focuses on the ethics of new drug distribution systems, for example hospitals where

pharmacists are forced to choose drugs based on cost-effectiveness, and internet based pharmacies.

Business Ethics - Marianne Jennings 1999

Business in Ethical Focus: An Anthology - Second Edition - Fritz Allhoff
2016-12-20

Business in Ethical Focus is a compilation of classical and contemporary essays and case studies in business ethics. Readers will become acquainted with seminal ideas on corporate social responsibility and the place of business in a just society. Other topics include diversity in the workplace, sexual harassment, workplace rights, environmental responsibility and sustainability, global business, intellectual property, bribery, and ethical issues in advertising and marketing. This second edition adds a dozen original case studies, as well as new sections on global perspectives (with articles on Islamic, Confucian, and Buddhist business ethics), entrepreneurship, and the non-profit sector. Background material on ethical theory and the nature of business ethics is included to orient readers new to this field.

Readings & Cases in Information Security: Law & Ethics - Michael E. Whitman 2010-06-23

Readings and Cases in Information Security: Law and Ethics provides a depth of content and analytical viewpoint not found in many other books. Designed for use with any Cengage Learning security text, this resource offers readers a real-life view of information security management, including the ethical and legal issues associated with various on-the-job experiences. Included are a wide selection of foundational readings and scenarios from a variety of experts to give the reader the most realistic perspective of a career in information security. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Business Ethics - Stephen M. Byars 2018-09-24

A Business Tale - Marianne M. Jennings 2005-02

"Named one of the Best Business Books of 2003 by Library Journal! Wouldn't it be nice if all executives had a magical rabbit--like the one in the movie Harvey -- following them around reminding them to be ethical? In this charming fable, Aristotle (Ari, for short) is a pooka -- a mythical, invisible creature with a penchant for advising against dishonesty. Our hero, Edgar P. Benchley, has been able to see and hear Ari since childhood, and as he journeys through his professional life, constantly faced with challenging questions of good conduct, Ari helps remind him that nice guys can succeed . . . even in the world of business. Much needed in these times when confidence in corporations has eroded, A Business Tale offers readers the inspiration to make ethical choices even when it isn't easy or immediately rewarding. Following the story, the book also contains real-life examples and a 10-step action plan for ethical behavior in the workplace. A Business Tale is an easy-to-read, unforgettable "spoonful of sugar" to help companies and individuals digest the sometimes tart lessons of practical morality in the workplace."

Bioethics: Legal and Clinical Case Studies - Joseph P. DeMarco 2017-06-28

Bioethics: Legal and Clinical Case Studies is a case-based introduction to ethical issues in health care. Through seventy-eight compelling scenarios, the authors demonstrate the practical importance of ethics, showing how the concerns at issue bear on the lives of patients, health-care providers, and others. Many central topics are covered, including informed consent, medical futility, reproductive ethics, privacy, cultural competence, and clinical trials. Each chapter includes a selection of important legal cases as well as clinical case studies for critical analysis. The case studies are often presented as moral dilemmas and are conducive to rich discussion. A companion website offers a curated collection of relevant legal precedents along with additional case studies and other resources.

Business Ethics - Christian U Becker 2019-05-02

Ethical aspects of business and the economy are of increasing concern in business practice, higher education, and society in general. This concern results from significant business scandals and economic crises, such as the financial crisis of 2008 and the following great recession, as well as from pressing current and future challenges for the economy, such as sustainability

and globalization. As a result, there is a growing demand for normative analysis and orientation for business and the economy, where business ethics has become a crucial part of organizational management, risk management, branding, and strategic management. Business Ethics: Methods and Application provides a new systematic approach to normative business ethics that covers the complex and various ethical challenges of modern business. It aims to train analytical thinking skills in the field of business ethics and to approach ethical issues in business in a rational and systematic way. The book develops a number of specific methods for business ethics analysis that are tailored for ethical decision-making in business and for analyzing complex ethical topics in business. The book discusses fundamental ethical questions regarding the meaning of business and the economy for the individual person, society, the environment, and people around the world. As a result, Business Ethics: Methods and Application develops normative guidelines for business in the 21st century and its fundamental challenges and will be key reading for undergraduate, postgraduate, and MBA students of business ethics, business strategy, business and society, and related fields.

Annual Editions: Business Ethics, 26/e - Eric Teoro 2015-01-26

The Annual Editions series is designed to provide convenient, inexpensive access to a wide range of current articles from some of the most respected magazines, newspapers, and journals published today. Nicomachean Ethics - Aristotle 2021-11-13

Nicomachean Ethics Aristotle - The Nicomachean Ethics is one of Aristotle's most widely read and influential works. Ideas central to ethics—that happiness

is the end of human endeavor, that moral virtue is formed through action and habituation, and that good action requires prudence—found their most powerful proponent in the person medieval scholars simply called "the Philosopher." Drawing on their intimate knowledge of Aristotle's thought, Robert C. Bartlett and Susan D. Collins have produced here an English-language translation of the *Ethics* that is as remarkably faithful to the original as it is graceful in its rendering. Aristotle is well known for the precision with which he chooses his words, and in this elegant translation his work has found its ideal match. Bartlett and Collins provide copious notes and a glossary providing context and further explanation for students, as well as an introduction and a substantial interpretive essay that sketch central arguments of the work and the seminal place of Aristotle's *Ethics* in his political philosophy as a whole. The *Nicomachean Ethics* has engaged the serious interest of readers across centuries and civilizations—of peoples ancient, medieval, and modern; pagan, Christian, Muslim, and Jewish—and this new edition will take its place as the standard English-language translation.

Business Ethics + Mindtap Business Law, 1 Terms 6 Months Printed Access Card -

John Duns Scotus - Thomas Williams 2017-03-24

Thomas Williams presents the most extensive collection of John Duns Scotus's work on ethics and moral psychology available in English. John Duns Scotus: Selected Writings on Ethics includes extended discussions—and as far as

possible, complete questions—on divine and human freedom, the moral attributes of God, the relationship between will and intellect, moral and intellectual virtue, practical reasoning, charity, the metaphysics of goodness and rightness, the various acts, affections, and passions of the will, justice, the natural law, sin, marriage and divorce, the justification for private property, and lying and perjury. Relying on the recently completed critical edition of the *Ordinatio* and other critically edited texts, this collection presents the most reliable and up-to-date versions of Scotus's work in an accessible and philosophically informed translation.

Infusing Ethics into the Development of Engineers - National Academy of Engineering 2016-02-17

Ethical practice in engineering is critical for ensuring public trust in the field and in its practitioners, especially as engineers increasingly tackle international and socially complex problems that combine technical and ethical challenges. This report aims to raise awareness of the variety of exceptional programs and strategies for improving engineers' understanding of ethical and social issues and provides a resource for those who seek to improve ethical development of engineers at their own institutions. This publication presents 25 activities and programs that are exemplary in their approach to infusing ethics into the development of engineering students. It is intended to serve as a resource for institutions of higher education seeking to enhance their efforts in this area.
