lush wilderness of the Amazon and never  
returned. Years later, one of its members  
has stumbled out of the world's most  
inhospitable rainforest—a former Special  
Forces soldier, scarred, mutilated, terrified,  
and mere hours from death, who went in  
with one arm missing . . . and came out  
with both intact. Unable to comprehend this  
inexplicable event, the government sends  
Nathan Rand into this impenetrable secret  
world of undreamed-of perils to follow the  
trail of his vanished father . . . toward

mysteries that must be solved at any cost.  
But the nightmare that is awaiting Nate and  
his team of scientists and seasoned U.S.  
Rangers dwarfs any danger they  
anticipated . . . an ancient, unspoken  
terror—a power beyond human  
imagination—that can forever alter the world  
beyond the dark, lethal confines of  
Amazonia.

**Misreading the Bengal Delta** - Camelia  
Dewan 2021

"Key global players increasingly politicize  
discussion of climatic change. This is  
especially evident in regard to Bangladesh,  
much of which is perilously close to sea  
level and vulnerable to flooding, and which  
has long been the recipient of various  
development schemes for "poverty  
reduction" or "progress" to justify  
interventions in its environment and  
society. Some of these projects have  
resulted in severe, often unintended,

environmental effects, such as silting of waterbodies that are surrounded by embankments; biodiversity loss and weakening of the sea walls (which protect against floods) resulting from tiger-prawn monoculture; and loss of soil fertility in intensive agriculture. Camelia Dewan utilizes ethnography and environmental history to highlight flawed assumptions of international development projects in Bangladesh, which often misread the coastal landscape by attributing causality solely to climate change. Examination of multiple and often conflicting perspectives--from poor rural coastal populations, middle-class elites, political actors, and NGO staff--shows how, since the colonial era, Bangladesh has endured intrusions, and how its current environmental crisis goes beyond global warming. This case study informs broader issues worldwide by documenting how the idea of climate

change shapes development projects in the Global South, and the extent to which these endeavors correspond with the problems and concerns of populations they are intended to help. This provocative study will be welcomed by readers in the fields of environmental anthropology, human geography, and development studies"--*Consuming Cultural Hegemony* - Harisur Rahman 2019-11-22

This book examines the circulation and viewership of Bollywood films and filmi modernity in Bangladesh. The writer poses a number of fundamental questions: what it means to be a Bangladeshi in South Asia, what it means to be a Bangladeshi fan of Hindi film, and how popular film reflects power relations in South Asia. The writer argues that partition has resulted in India holding hegemonic power over all of South Asia's nation-states at the political, economic, and military levels--a situation

that has made possible its cultural hegemony. The book draws on relevant literature from anthropology, sociology, film, media, communication, and cultural studies to explore the concepts of hegemony, circulation, viewership, cultural taste, and South Asian cultural history and politics.

In these first journals the most important and formative years of the poet's storied life are captured, his inner thoughts detailed in what the San Francisco Chronicle calls a "vivid first-person account...Ginsberg's unmistakable voice coming into its own for the first time." Ginsberg's journals-so candid he insisted they be published only after his death-

document his complex, fascinating relationships with such figures of Beat lore as Jack Kerouac and William S. Burroughs, and reveal a growing self-awareness about himself, his sexuality, and his identity as a poet. Illustrated with never-before-seen photos and bolstered by an appendix of his earliest poems, *The Book of Martyrdom and Artifice* is a major literary event.

**Towards a Philosophy of Photography** - Vilém Flusser 2013-06-01

Media philosopher Vilém Flusser proposed a revolutionary new way of thinking about photography. An analysis of the medium in terms of aesthetics, science and politics provided him with new ways of understanding both the cultural crises of the past and the new social forms nascent within them. Flusser showed how the transformation of textual into visual culture (from the linearity of history into the two-dimensionality of magic) and of industrial into post-industrial society (from work into leisure) went hand in hand, and how photography allows us to read and interpret

these changes with particular clarity.

**Nyaya Philosophy** - Arbind Kumar Jha  
2005-01-01

The question of knowledge brings in its train a host of other contentious issues. What is nature of knowledge? How is it acquired? How do we judge the validity of knowledge? these are questions which have evoked multiple response from the people concerned. Among the six schools of thought, the Nyaya philosophy is very much capable to address the above mentioned questions. Nyaya as a science lays down the rules and methods that are essentially necessary for a clear and precise understanding of all the materials of our knowledge. Almost all the Indian philosophies have been greatly influenced by logical and dialectical technicalities of Nyaya epistemology, which indicated its supremacy in the field of epistemology. As a thorough going realistic view of the universe, Nyaya supplies an important

Eastern parallel to the triumphant modern realism of the West and contains the anticipations as well as possible alternatives of many contemporaries' realistic theories. The book provides a detailed account of Nyaya philosophy from the perspective of Naiyayika way of knowing. It examines the Nyaya way of knowing and highlights its scope and interface with education. In short what follows is a detailed resume of the epistemological mapping of broadways of Naiyayika assumptions, a reflective response to the conceptual contours and the educational import of Nyaya epistemology.

Wit and Humor of the Age - Melville De Lancey Landon 1890

**Bonding** - Maggie Siebert 2022-02-08  
"Maggie understands that splatter for splatter's sake is boring. Psychopathy is boring. Coldness is boring. She's interested in feeling, and when her stories turn violent (as they frequently do), it's with a surreal emotional barbarity that distorts the entire world. You can mop up blood with any fabric. Maggie's concern is with the wound left behind, because the wound never leaves—it haunts. As a result, each of these stories leaves a wound of its own. Some weep, watching as you try (and fail) to recover. Others laugh. But never without feeling." -B.R. Yeager, author of *Negative Space* "And once finished, I felt like my tongue had been misplaced, guts heavy and expanded ... gums numb with a tongue that'd been put elsewhere, my mouth clean around a pipe weaving up through pitch and shadow ... and well past ready, primed for delight, waiting but knowing I had

already been filled to skin; crying shit,  
hearing piss, fingernails seeping bile, pores

dribbling blood, soles slopping off and out  
to meet a drain mid-floor ..." -Christopher  
Norris, author of Hunchback '88
