Japanese Rose - Rei Kimura
2017-03-09

The kamikaze pilots or "Winds of God" were created in 1945, during Japan's twilight year of the Second World War. The world looked upon this monstrous creation of "human bombs" with disbelief but the young patriotic men of Japan who signed up for the terrifying attack missions of the kamikaze program were unstoppable. Women looked on with envy and frustration at their own inadequacies which allowed only men into the program, but did anyone of them really take the daring step of breaking this rule? "Japanese Rose" is a haunting story of the secret life and love of Sayuri Miyamoto, the woman who DID dare to take on the whole Japanese military to follow her dream of becoming a kamikaze pilot and paid dearly for that dream. "No one must ever know there was a female kamikaze pilot to dishonor

and disgrace the discipline of the Japanese military so from today, you Sayuri Miyamoto are officially dead!" This book also takes readers on a sad journey through the ravages of war torn Japan seen from the eyes of a young woman who cherished the impossible and forbidden dream of becoming a female kamikaze pilot. "Who is this? And why do you call me by this name? It hasn't been used for 60 years!" the crisp irritable voice had changed to a soft, quivering whisper like the moaning of an injured animal and it made Mayumi uncomfortable at her intrusion into someone's obviously painful past. With these words, Sayuri Miyamoto finally broke the silence that had been imposed on her for decades. But History will never admit or accept her existence so was she real or a myth born of the feverish imagination of one woman with an unfulfilled dream?

Kublai Khan - John Man
2012-03-31

In Xanadu did Kubla Khan A stately pleasure dome decree Kublai Khan lives on in the popular imagination thanks to these two lines of poetry by Coleridge. But the true story behind this legend is even more fantastic than the poem would have us believe. He inherited the second largest

land empire in history from his grandfather, Genghis Khan. He promptly set about extending this into the biggest empire the world has ever seen, extending his rule from China to Iraq, from Siberia to Afghanistan. His personal domain covered sixty-percent of all Asia, and one-fifth of the world's land area. The West first learnt of this great Khan through the reports of Marco Polo. Kublai had not been born to rule, but had clawed his way to leadership, achieving power only in his 40s. He had inherited Genghis Khan's great dream of world domination. But unlike his grandfather he saw China and not Mongolia as the key to controlling power and turned Genghis' unwieldy empire into a federation. Using China's great wealth, coupled with his shrewd and subtle government, he created an empire that was the greatest since the fall of Rome, and shaped the modern world as we know it

today. He gave China its modern-day borders and his legacy is that country's resurgence, and the superpower China of tomorrow.
