The book focuses on modern cases to

expose students to contemporary contract law, but it also includes many important or iconic older cases. The cases are set in context by extensive author-written explanatory text. Insightful questions draw attention to difficult and crucial aspects of the law and prompt vigorous class discussion. Numerous problems, ranging from simple to complex, supplement cases and introduce topics taught most effectively through problems. The casebook's traditional organization begins with formation and then corresponds to the sequence followed by the Restatement (2nd) of Contracts and treatises. Its concise, efficient presentation results in an optimum length for

the course. Procedural issues are highlighted when presented by the cases and transactional issues such as drafting, client counseling, and negotiation are raised through the use of questions and small exercises throughout the text. Strengthening the text's focus on contemporary methods of contracting, modern issues in standard contracts are explored along with contracts entered into electronically. International and comparative material offers alternative approaches for students to consider, such as those taken by the United Nations Convention on Contracts for the International Sale of Goods (CISG) and the UNIDROIT Principles of International Commercial Contracts.

Problems in Contract Law
- Charles L. Knapp 2012
In Problems in Contract Law: Cases and Materials, Ninth Edition, by Charles L. Knapp, Nathan M. Crystal, and Harry G. Prince, a balance of traditional and contemporary cases reflect the development and complexity of contract law. Explanatory notes and text place classic and contemporary cases in their larger legal context, while questions and problem exercises bridge theory and practice. This successful book includes various perspectives and contractual settings, and offers a highly intelligent, contemporary treatment of contract law. It can easily be used in teaching by traditional case analysis, through problem-based instruction, or using

theoretical inquiry. New to the Ninth Edition: Seven new cases that reflect advances in or improved statements of contract law Two restored cases (Kirksey v. Kirksey and Hill v. Jones) that provide valuable perspectives on fundamental areas of contract law Eight new problems (including seven net additions and one replacement) to provide more review options for students and to add contemporary fact patterns A new, two-color design featuring interesting photographs illustrating people and places discussed in some of the cases Editing of note and text material to reduce length without affecting coverage Reorganization of text and comment material to focus comments primarily on historical developments, allowing professors flexibility in assigning or deleting

comments Student accessibility to deleted cases from prior editions through Connected Casebook, allowing professors the further flexibility of continuing to easily assign cases for which they have a particular preference Professors and students will benefit from: A mixture of classic and contemporary cases The authors' emphasis on accessibility of the material--rejecting a hide-the-ball approach Review questions at the end of each chapter that are primarily designed for students to perform self-assessments of their grasp of the material. Answers with explanations are included in an appendix within the book. Closely Held Business Organizations - Robert A. Ragazzo 2012 This is still the most comprehensive business

organizations casebook to focus on closely held business. The book offers more coverage on LLCs than any other business organizations book, and the principal change in the new edition focuses on the most recent uniform LLC Act (as well as Delaware law). Everything else has been brought up to date, including material on the Model Business Corporation Act (which now speaks as of December 2010), Delaware law (which includes corporations, limited partnerships, and limited liability companies), and federal securities law (included in the public corporation supplement). Business Organizations - Lisa M. Fairfax 2019-09-09 Business Organizations: An Integrated Approach (Doctrine and Practice Series) covers traditional corporate

law doctrine and cases and thus will be familiar to corporate law professors, but also uses a variety of techniques to ensure that students are able to understand and learn complex topics in a sophisticated but accessible manner. These techniques include: outlining core concepts at the beginning of each chapter reinforcing core ideas at the conclusion of each chapter presenting short questions before and after the cases to focus on key issues using different visuals for text books and statutes using problems that contain familiar and relatable factual scenarios throughout the book providing quick self-assessments and online multiple choice assessments highlighting key business concepts the first time they appear in cases to put

those concepts in context Business Organizations: An Integrated Approach also provides students with opportunities throughout the book to see how the law works in practice, through short drafting exercises and statutory analysis. Business Organizations: An Integrated Approach also seeks to integrate issues related to social responsibility, sustainability, corporate purpose, and shareholder rights throughout the book. It does so by discussing these themes at the outset and then using problems, questions and text boxes to demonstrate the ways in which these themes arise, and may have an impact on, in different cases and business law contexts.

looseleaf version of the Connected Casebook does not come with a binder. Constitutional Law: Cases, Materials, and Problems is designed as a "teacher's book" by stimulating thought, inviting classroom discussion, and helping professors to effectively teach. Its thought-provoking problem approach encourages students to delve deeper into constitutional doctrine and gives them an accessible and interesting way to learn constitutional issues. Problems at the beginning of each chapter are referenced throughout the text for continuity. Principal constitutional law cases are edited as lightly as possible to allow the Supreme Court to speak for itself, and shorter notes accompany the problems. A detailed Teacher's Manual gives

insights into the problems and cases in the text. Chapter-opening problems in the Third Edition are revised in light of the 2011 Supreme Court health care decision. The Occupy Wall Street Movement is carefully explored as well. New court cases are included, such as National Federation of Independent Business v. Sebelius, Arizona v. United States, United States v. Alvarez, Knox v. Service Employees International Union, Hosanna-Tabor Evangelical Lutheran Church, Arizona Christian School Tuition Organization v. Winn, Chamber of Commerce v. Whiting, Snyder v. Phelps, Brown v. Entertainment Merchants Association, Sorrel v. IMS Health Inc., Borough of Duryea v. Guarnieri, Nevada Commission on Ethics v. CasebookConnect offers you what you need most to be successful in your

law school classes - portability, meaningful feedback, and greater efficiency. Cases, Problems, and Materials on Contracts is distinguished among other texts by its excellent organization and thorough coverage of the basic themes of contract law. The accessible, straightforward text begins with clear introduction to each section or concept. Carefully selected cases have been tightly edited for the best effect. Using an engaging problem-oriented approach, students learn contract doctrine by applying their knowledge to short, well-conceived hypotheticals. Offering a flexible organization, the book starts with "Offer and Acceptance" and moves on to "Consideration," however, the book is designed so courses can

easily start with "Consideration" or "Remedies." Its flexibility allows for use in courses in which professors are required to teach sales, yet can also be adapted to avoid teaching the UCC. A manageable length accounts for the book being used in courses of 4, 5, and 6-hour length. The authors have worked closely on all chapters to deliver a seamless revision to this popular text. Key Features of the New Edition: The seventh edition begins with a new chapter containing an expanded introduction to the study of contracts law. Every chapter now includes new introductory material. All chapters, with the exception of chapter one, end with an "Assessment" section, which consists of multiple choice questions and answers,

designed to help the students review the material just learned. CasebookConnect offers you what you need most to be successful in your law school classes – portability, meaningful feedback, and greater

efficiency. Contracts: Cases and Doctrine, Sixth Edition, features a mix of lightly-edited classic and contemporary cases that stresses current contract doctrine along with the essential lawyering skill of case analysis—how to sift through the facts of the case to discern the prevailing rules and theory. Randy Barnett and Nate Oman's innovative text introduces each case and provides the historical background of the iconic cases that make the study of contract law engaging. Study Guide questions help students identify salient issues as they read each case. Judicial biographies of each judge provides additional context. Key Features of the New Edition: The 6th Edition has been edited to make it even more modular and therefore easier for

professors to select which doctrines to cover. The introductory materials have been shortened to permit a speedier entry to whichever basic doctrine the professor chooses to begin with. A new section on public policy defenses has been added. Recent developments involving arbitration agreements in the wake of the Supreme Court's AT&T Mobility case are also covered. In addition, roughly a dozen new cases have been substituted, chosen for their interesting facts or their proven pedagogical usefulness. As always, every effort is made to provide students with background materials on the litigation, such as new judicial biographies and excerpts from recently published scholarship dealing with the cases covered. New cases include: Jordan v.

Knafel Arnold Porter v. Fuqua Industries Nguyen v. Barnes & Noble Inc. Also, in keeping with the book's focus on the "classic" cases we have included some iconic cases missing from earlier editions, including: Masterson v. Sine Security Stove & Manufacturing Co. v. American Railway Express Lefkowitz v. Great Minneapolis Surplus Store Lawrence v. Fox Harris v. Contract Law - Marco J.
Jimenez 2021-01-31
Contract Law: A Case &
Problem-Based Approach
is a unique casebook
that provides an
organizational structure
introducing students to
each major area of
contract law before
exploring these areas in
greater depth later in
the casebook.
Specifically, the
casebook is broken into
three major parts, each
of which is designed not
only to orient the
students to the major
subject areas of
contract law but also

meant to help them
appreciate the
connections and
relationships between
and among these various
subject areas. Part I,
the "30,000-foot view,"
familiarizes students
with contract law,
discusses the sorts of
problems with which
contract law is
concerned, and
introduces them to some
of the basic rules and
theories governing
contract law. Part II,
the "10,000-foot view,"
exposes students to each
major substantive area
of contract law in more
depth by discussing one
classic case in each
area, along with
additional historical,
theoretical, and
contextual materials to
supplement the black-
letter doctrine. After
finishing Parts I and
II, the student will
have a basic
understanding of each
major area of contract

law, along with a good understanding of how these parts fit together. Part III is therefore designed to explore each of the major subject areas in greater depth, and is organized along the lines of a traditional contracts casebook, including a healthy mix of classic and modern cases, short problems, and exercises. New to the Second Edition: Additional materials and cases added to explore the contract doctrines of impossibility and impracticability in light of past and current epidemics (in the case of polio) and pandemics (in the case of COVID-19). Additional case added to explore the relationship between Contract Law, Civil Rights, and Constitutional Law. Reorganization of some materials in Chapter 8 (defenses). More focused

notes and appendices Professors and student will benefit from: Organization exposes students to main concepts, and gives professors a number of choices about how to teach their course. Helpful doctrinal introductions to each new major substantive section. Historical, theoretical, and comparative materials are presented to help students understand and think critically about the black-letter rules. "Thinking tools" feature that helps the student think critically about the law, along with theoretical, historical, doctrinal, contextual, and practice-oriented notes enrich the students' black-letter experience. Enjoyable, contextual materials that are included after a number of classic cases help to bring to light fascinating

background information.

Property - Christine A. Klein 2022-10-27
From renowned environmental and natural resource legal scholar Christine Klein, *Property: Cases, Problems, and Skills* is a comprehensive casebook that combines the core, doctrinal elements of a 1L Property course with larger, more nuanced social, environmental, and ethical perspectives. This book offers a versatile, middle position in the Property market: it is straightforward and tightly-organized while also avoiding oversimplification. *Property: Cases, Problems, and Skills* offers a wealth of doctrinal, policy, and theoretical subtleties for professors who want

to probe deeper. It adopts a modern, skills-based approach to Property Law, and includes a balance of classic and new cases, narrowly-focused skills exercises (including advocacy, drafting, client interviewing/counseling, and negotiation), and selected statutory excerpts. Chapter review problems (with answers provided in the Appendix for student self-testing) and a host of other pedagogical features such as discussion problems that raise novel and modern challenges, "A Place to Start" doctrinal overview boxes, and "Reading Guide" boxes, aid student understanding and comprehension. A two-color interior breaks up text for easier reading, with judicious use of photographs, text boxes, and pedagogical

diagrams. This clear and accessible casebook encourages students to engage with Property law's complexity, ambiguity, and nuance. New to the Second Edition: New Cases including: Maui Electric Co., 408 P.3d 1 (Haw. 2017): Adopting a state constitutional property right to a clean and healthful environment Adams v. Woodlands of Nashua, 864 A.2d 322 (N.H. 2005): Distinguishing covenant of quiet enjoyment from implied warranty of habitability Obergefell v. Hodges, 135 S. Ct. 2584 (2015): Holding the right to marry is a fundamental right inherent in the liberty of the person, and highlighting numerous property rights and protections available to spouses under state marital property systems In re Estate of Hanau (730 S.W.2d 663 (Tex.

1987): Introducing complexity of marital property systems in the context of spouses migrating from one state to another Restatement (Third) of Property, Servitudes: Stand-alone Restatement excerpt Styller v. Aylward (Mass. Land Ct. 2018): Considering whether short-term rentals, such as Airbnb, violate single-family zoning restrictions Murr v. Wisconsin, 137 S. Ct. 1933 (2017): Refining analysis of the "denominator issue" in a regulatory taking case involving a wild and scenic river Professors and students will benefit from: Tightly and clearly organized text, both substantively and visually, with a balance of new and classic cases A shorter page count than other Property casebooks that allows it to focus on the core, doctrinal

aspects of Property law
Visual aids including maps, diagrams, and photographs
Text that clearly identifies the majority/minority/trend status of each rule, as relevant
Chapter Reviews include concise post-case notes, multiple choice and essay questions (with answers in the Appendix), and “Bringing it Home” statutory practice (guiding students in researching their state’s statutory coverage of selected topics likely to be regulated by statute)
“Reading Guide” boxes preceding cases to guide the students in extracting contextual meaning from cases
A skills exercise in each chapter provides in-depth opportunities for students to develop skills related to the substantive material covered in the chapter
A discussion problem in

each chapter provides a rich factual context to facilitate further exploration of law and policy as applied to fresh, modern contexts
Post-case notes include “Practice Pointers” asking students to re-draft ambiguous language in documents that precipitated litigation, to explore alternatives to litigation, and to advise clients on litigation strategy
Notes on “The Place” convey background about the geographic location of the disputed property, designed to remind students that legal disputes can be influenced by physical and human context
Relevant statutory and Restatement excerpts are collected and presented in one location within the chapter (rather than scattered in snippets throughout).
Periodic statutory excerpts and exercises introduce

students to the interplay of common law and statutory law "Test Your Understanding" sections contain problems that the professor can work through during class (with answers in the teacher's manual), or that can be left to the students for self-directed learning

Conflict of Laws - Lea Brilmayer 2011

Buy a new version of this Connected Casebook and receive access to the online e-book, practice questions from your favorite study aids, and an outline tool on CasebookConnect, the all in one learning solution for law school students.

CasebookConnect offers you what you need most to be successful in your law school

classes—portability, meaningful feedback, and greater efficiency.

Cases, Problems, and Materials on Contracts is known for pioneering the problem method of law school teaching. A staple in classrooms for decades, it stands out from other texts in the scope of its coverage and its use of short, carefully-constructed Problems to expose students to new concepts, reinforce what they have just learned, and stimulate thought.

The Eighth Edition, the first since the passing of Thomas Crandall and the addition of David Horton as co-author, is more accessible than ever. It introduces complicated issues with a clear narrative summary or explicit statement of black-letter law. The cases have been tightly edited for best effect. The book can also be easily adapted to fit various pedagogical needs.

Although it starts with “Agreement” and moves to “Consideration,” it is also designed for teachers who prefer to begin with

“Consideration” or “Remedies.” It can be used in courses that both include and exclude sales. Finally, because it is shorter than most other texts in this field, it works in 4-unit, 5-unit, and 6-unit courses. New to the Eighth Edition:

Substantial input from a new co-author means that the book contains scores of new cases, Problems, and narrative introductions to issues. Each opinion has been streamlined to enhance readability. Where possible, applicable Restatement of Contracts and Uniform Commercial Code sections have been printed in the text, saving students the cost of buying separate supplements. Professors and students will benefit from: Coverage of the basics of Contracts Law in a format that allows greater exposure to the legal concepts through the many Problems that fill each chapter alongside the most illustrative cases on point Assessment multiple-choice questions at the end of each chapter that are meatier than such questions in most books,

focusing not on the "right answer" so much as on what real attorneys must consider when confronted with the issues presented The entire book's approach not just to teach rules of law but to train students to be lawyers faced with commercial issues. For example, Problems sometimes ask students whether they would be committing malpractice if they took a certain course of conduct, an issue very much on the mind of actual attorneys but seldom mentioned in law school classrooms. CasebookConnect features: ONLINE E-BOOK Law school comes with a lot of reading, so access your enhanced e-book anytime, anywhere to keep up with your coursework. Civil Procedure - A. Benjamin Spencer 2015 The Revised 4th Edition of Civil Procedure: A Contemporary Approach is updated with references to the 2015 amendments to the Federal Rules of Civil Procedure, as well as case law developments since the 2014 publication date of the Fourth Edition. Major recent case law developments included in this revised edition consist of decisions from the Supreme Court addressing personal jurisdiction (Goodyear Dunlop Tires Operations, S.A. v. Brown, 131 S. Ct. 2846 (2011), J. McIntyre Machinery, Ltd. v. Nicastro, 131 S. Ct. 2780 (2011), and Daimler AG v. Bauman, 134 S. Ct. 746 (2014)), federal

question jurisdiction (Gunn v. Minton, 133 S. Ct. 1059 (2013)), removal of class actions (Standard Fire Ins. Co. v. Knowles, 133 S. Ct. 1345 (2013)), change of venue and forum-selection clauses (Atl. Marine Constr. Co., Inc. v. U.S. Dist. Court for W. Dist. of Texas, 134 S. Ct. 568 (2013) [now a principal case]), class certification (Wal-Mart Stores, Inc. v. Dukes, 131 S. Ct. 2541 (2011), Comcast Corp. v. Behrend, 133 S. Ct. 1426 (2013), Amgen Inc. v. Conn. Ret. Plans & Trust Funds, 133 S. Ct. 1184 (2013)), class arbitration waivers (AT&T Mobility LLC v. Concepcion, 131 S. Ct. 1740 (2011) and American Express Co. v. Italian Colors Restaurant, 133 S. Ct. 2304 (2013)), and offers of judgment (Genesis HealthCare Corp. v. Symczyk, 133 S. Ct. 1523 (2013)).

Regarding the 2015 amendments to the Federal Rules of Civil Procedure, this revised edition makes reference to them in the text where appropriate. The changes include the "Duke Rules" package, which alters Rules 1, 4, 16, 26, 30, 31, 33 and 34 to make proportionality a main component of the scope of discovery, to eliminate access to subject matter discovery, require early discussions regarding preservation and privilege protection, permit early document requests, and shorten the time permitted to issue scheduling orders and to achieve service of process. The amendment to Rule 37 codifies an approach to preservation and spoliation that favors curative measures unless there is intentional spoliation, in which

case more severe sanctions such as adverse inference instructions or dismissal become available. This edition also fully incorporates recent amendments to the Federal Rules of Civil Procedure and to Title 28 of the U.S. Code, including the Federal Courts Jurisdiction and Venue Clarification Act of 2011 and the 2013 amendment to Rule 45 (subpoenas). Finally, the Revised Fourth Edition integrates references to online assessment tools in the Casebook Plus platform. These consist of a bank of 200 multiple-choice questions that provide comprehensive assessment of the topics covered in this book, with detailed feedback consisting of explanations for both correct and incorrect responses. This feature provides an unparalleled opportunity to engage

with the material actively as the course progresses and permits students and professors to determine the extent to which the material is being learned.

For example, Problems sometimes ask students whether they would be committing malpractice if they took a certain course of conduct, an issue very much on the mind of actual attorneys but seldom mentioned in law school classrooms.

California Criminal Law
- John E. B. Myers 2015
This is a comprehensive casebook on California criminal law, equipping

students for Socratic dialogue in class, for internships in DA and PD offices, for the bar examination, and for practice. Although the emphasis is California, the book prepares students for bar exams in all states, as well as for the Multistate bar exam. Chapter 1 introduces the criminal justice system. Chapter 2 discusses actus reus. Chapter 3 unpacks mens rea. Chapter 4 deals with causation. Chapter 5 analyzes homicide. Chapter 6 focuses on rape and other sex offenses. Chapter 7 grapples with accomplice liability. Chapter 8 addresses the inchoate offenses of solicitation, conspiracy and attempt. Chapter 9 drills down into defenses. Chapter 10 considers property crimes, plus burglary and an assortment of other offenses. Finally,

Chapter 11 is devoted to sentencing, with an introduction to theories of punishment.

Cases and Problems on Contracts - John D. Calamari 2004

Started as an experiment that has proven to be successful, the methodology in Cases and Problems on Contracts helps law students exercise analytic thinking and enables them to master basic contracts by working problems and dissecting cases. The material employs the problem method in tandem with case dissection to develop students' interest and increase their store of knowledge. Cases and Problems on Contracts includes sections on the agreement process, consideration, moral obligation, consideration, third-party beneficiaries, assignment and

delegation, statute of frauds, and discharge of contracts. The editors have included many cases involving lawyers as contracting parties to illuminate various aspects of professional responsibility.
