Standoff: Virus and Us - Bharat S. Thakkar
Ph.D. 2022-04-04

"This book offers research geared toward understanding the Covid-19 outbreak, in particular, has highlighted the necessity for change management in the development of a comprehensive social media communication strategy in the time of crisis. Organizations can no longer afford the effects of misinformation, scaremongering, or trivialization of organizational events, status, or needs. This book will serve as a valuable resource to researchers interested in pandemic studies generally as well as those studying the importance of innovation in managing modern organizations". Bharat Thakkar, CEO, PREMGroup, Inc., Wheaton, IL, USA. ** Editor: Bharat S. Thakkar, Ph.D., is CEO of PREMGroup, Inc, a consulting firm in Illinois and an adjunct professor at the Illinois Institute of Technology, Chicago, IL, USA. He has expertise in design of systems packaging, reliability management, and heavy machinery design using reliability principles along with Leadership and Management principles. ** "As the COVID-19 pandemic is upending global culture at various levels, this is a remarkably timely book about how businesses must position themselves for the new reality. Under Dr. Bharat Thakkar's watchful eye, the book's authors offer insights that perhaps no other work could." Mayank Chhaya, Journalist & Writer, Naperville, IL, USA ** "Cultures transcend national borders and bias the way we understand the subjective reality of our existence. Failure to understand, appreciate, and navigate cultural differences is a failure to understanding the symbiotic nature of how we

communicate ideas, manage ourselves and businesses, and align ourselves with the physical, psychological, and spiritual needs of our humanity." Kevin Sorbello, Capella University, Minneapolis, MN, USA.

Boy on the Lion Throne - Elizabeth Cody Kimmel
2009-03-03

Follows the childhood of the 14th Dalai Lama from his simple life in a mountain village to the thousand-room Potala Palace and his perilous escape into exile.

Dalai Lama - Mayank Chhaya 2009

The Third Eye - T. Lobsang Rampa 2018-07-25
T. Lobsang Rampa was preordained to be a Tibetan priest, a sign from the stars that could not be ignored. When he left his wealthy home to enter the monastery, his heart was filled with trepidation, with only a slight knowledge of the rigorous spiritual training and physical ordeal that awaited him.

Virtual Orientalism - Jane Naomi Iwamura 2011
Jane Iwamura examines contemporary fascination with Eastern spirituality and provides a cultural history of the representation of Asian religions in American mass media. At the heart of her study is the Oriental Monk, a non-sexual, solitary, conventionalized icon who generously and purposefully shares his wisdom with the West.

Who Is the Dalai Lama? - Dana Meachen Rau
2018-04-03

Get to know the Dalai Lama, Tibet's spiritual leader and one of the most popular world leaders today. Two-year-old Lhamo Thondup never imagined he would be anything other than an

ordinary child, but after undergoing a series of tests, he was proclaimed the 14th Dalai Lama of Tibet. By age 15, he found himself the undisputed leader of six million people who were facing the threat of a full-scale war from the Chinese. After the defeat of the Tibetan national uprising in 1959, the Dalai Lama had to flee Tibet and went into exile in India. For nearly 50 years, he has aimed to establish Tibet as a self-governing, democratic state. In 1989, he was awarded the Nobel Peace Prize for his nonviolent efforts for the liberation of Tibet and his concern for global environmental problems. As the spiritual leader of Tibetan Buddhism, the Dalai Lama continues to spend his life working to benefit humanity and preserving Tibetan culture.

The Essential Dalai Lama - Rajiv Mehrotra
2006-08-29

An invaluable collection that brings together the best of the Dalai Lama's writings on all aspects of life. An inspiration to millions of people worldwide, the Dalai Lama has authored more than fifty books. Now, for the first time, The Essential Dalai Lama brings together the best of the Dalai Lama's writings on all aspects of life, from work to meditation. Divided into four sections—The Vision, Buddhist Perspectives, Practice, A World in Harmony—The Essential Dalai Lama contains eloquent applications of the principles of ancient Buddhist thought to contemporary issues, all expressed in the Dalai Lama's uniquely compelling voice. This is the perfect compilation for anyone who wishes to have one source for the Dalai Lama's teachings or who seeks an introduction to the philosophy and practice of Buddhism.

Dalai Lama - Mayank Chhaya 2007

Drawing on personal interviews, provides a portrait of one of the world's most important religious figures, offering a study of Tibet and its Buddhist traditions, the forces that shaped his beliefs, his role in exile, and the future of Tibet.

Tibet - Lezlee Brown Halper 2014-04-01

Tibet's enduring myth, animated by the tales of Himalayan adventurers, British military expeditions, and the novel, *Lost Horizon*, remains an inspirational fantasy, a modern morality play about the failure of brutality to subdue the human spirit. Tibet also exercises immense "soft power" as one of the lenses through which the world views China. This book traces the origins

and manifestations of the Tibetan myth, as propagated by Younghusband, Madam Blavatsky, Himmler, Acheson and Roosevelt. The authors discuss how, after WW2, Tibet— isolated, misunderstood and with a tiny elite unschooled in political-military realities --- misread the diplomacy between its two giant neighbours, India and China, forlornly hoping London or Washington might intervene. China's People's Liberation Army sought nothing less than to deconstruct traditional Tibet, unseat the Dalai Lama and "absorb" this vast region into the People's Republic, and Lhasa succumbed to China's invasion in 1950. Drawing on declassified CIA and Chinese documents, the authors reveal Mao's collusion with Stalin to subdue Tibet, double-dealing by Nehru, the brilliant diplomacy of Chou en Lai and how Washington see-sawed between the China lobby, who insisted there be no backing for an independent Tibet, and Presidents Truman and later Eisenhower, who initiated a covert CIA programme to support the Dalai Lama and resist Chinese occupation. It is an ignoble saga with few, if any, heroes, other than ordinary Tibetans.

Thakur - Sri Ramakrishna - Rajiv Mehrotra
2011-02-01

The story of Sri Ramakrishna, one of the most beloved Hindu spiritual leaders. All religions are true. The important thing is to reach the roof. You can reach it by stone stairs or by wooden stairs or by bamboo steps or by a rope. One should not think, 'My religion alone is the right path and other religions are false.' I had to practice each religion for a time - Hinduism, Islam, Christianity. Infinite are the paths and infinite are opinions. - Sri Ramakrishna. In Thakur - Sri Ramakrishna: A Biography, Rajiv Mehrotra explores the 'challenge and the riddle' presented by the great mystic who, more than a century after his death, continues to dominate secular Hindu consciousness. Sri Ramakrishna brought a new vitality not only to the practices, rituals and symbols of the Hindu heritage but also the celebration of divinity in diverse forms, and reinforced the underlying possibility of a real harmony between all religions. It is this vision that makes him one of the great religious teachers of all time and so profoundly relevant today. This illuminating and intimate biography is most reader-friendly and comprehensive,

revealing this boundless power and magnetism of Sri Ramakrishna, as well as the Order that was inspired by his spiritual quest. Mehrotra's narrative gift is remarkably precise and richly evocative, integrating all details of an aspect into a visual and verbal complex of significance. This is a book for all those who want to know more about Sri Ramakrishna, as well as for anyone looking for a brilliant read.

The Cold War: The Definitive Encyclopedia and Document Collection [5 volumes] - Spencer C. Tucker 2020-10-27

This sweeping reference work covers every aspect of the Cold War, from its ignition in the ashes of World War II, through the Berlin Wall and the Cuban Missile Crisis, to the collapse of the Soviet Union in 1991. The Cold War superpower face-off between the Soviet Union and the United States dominated international affairs in the second half of the 20th century and still reverberates around the world today. This comprehensive and insightful multivolume set provides authoritative entries on all aspects of this world-changing event, including wars, new military technologies, diplomatic initiatives, espionage activities, important individuals and organizations, economic developments, societal and cultural events, and more. This expansive coverage provides readers with the necessary context to understand the many facets of this complex conflict. The work begins with a preface and introduction and then offers illuminating introductory essays on the origins and course of the Cold War, which are followed by some 1,500 entries on key individuals, wars, battles, weapons systems, diplomacy, politics, economics, and art and culture. Each entry has cross-references and a list of books for further reading. The text includes more than 100 key primary source documents, a detailed chronology, a glossary, and a selective bibliography. Numerous illustrations and maps are inset throughout to provide additional context to the material. Includes more than 1,500 entries covering all facets of the Cold War from its origins to its aftermath, including all political, diplomatic, military, social, economic, and cultural aspects. Incorporates the scholarship of more than 200 internationally recognized contributors from around the world, many writing about events and issues from the perspective of their country of

origin. Offers more than 100 original documents—a collection that draws heavily on material from archives in China, Eastern Europe, and the former Soviet Union. Provides hundreds of powerful images and dozens of informative maps detailing specific military conflicts and movements of various groups. Includes a detailed chronology of important events that occurred before, during, and after the Cold War.

Mystic Rebel - Ryder Syvertsen 1988-04

Bart Lasker, a CIA agent, stays behind in Tibet after completing his mission in order to oppose the Communist Chinese occupying forces.

Lama of the Gobi - Michael Kohn 2010-11

Danzan Ravjaa is perhaps Mongolia's most beloved saint. As a boy, he was only saved from Manchu execution by the intervention of the young Ninth Dalai Lama. He went on to become one of the greatest mystics and creative geniuses of his time. This book takes the reader on a journey through Mongolian history, Tibetan Buddhism and the traditions of nomadic culture to investigate the man and the many legends that surround him.

El Dalai Lama - Mayank Chhaya 1993

Escape from the Land of Snows - Stephan Talty 2010-12-28

The remarkable true story of the miraculous journey that made the Dalai Lama into the man he is today and sparked the fight for Tibetan freedom. "A hair-raising tale of daring and escape."—The Washington Post. In the early weeks of 1959, a bloody uprising gripped the streets of the Tibetan capital of Lhasa as ragtag Tibetan rebels faced off against their Communist Chinese occupiers. Realizing that the impending battle would result in a bloodbath and his own capture, the young Dalai Lama began planning an audacious escape to India, a two-week journey that would involve numerous near-death encounters, a dangerous mountain crossing, and evading thousands of Chinese soldiers who were intent on hunting him down. The journey would transform this naïve young man into one of the world's greatest statesmen . . . and create an enduring beacon of hope for a nation. Emotionally powerful and irresistibly page-turning, *Escape from the Land of Snows* is simultaneously a portrait of the inhabitants of a spiritual nation forced to take up arms in defense

of their ideals, and the saga of a burgeoning leader who was ultimately transformed into the towering figure the world knows today—a charismatic champion of free thinking and universal compassion.

Dalai Lama - Mayank Chhaya 2014-03-12

If Tibet is the stubborn weak link in China's drive for recognition and respect as a world superpower, then the Dalai Lama holds the key to China's ambitions. For this extraordinary individual, who for almost his entire life has been the spiritual leader of his people, holds his country's destiny - and with it China's prestige - in his hands. But who is the Dalai Lama? What is the secret of his allure and his immense moral authority? Instantly recognizable by millions, his personality yet remains elusive. Longstanding exile, religious mentor, accomplished writer and skilful diplomat, his many guises seem only to add to his mystique. In a thoroughly researched and richly anecdotal biography, Mayank Chhaya strips away the multiple layers of the Dalai Lama's personality. He reveals the man behind the public face and, based on many exclusive personal interviews, uncovers the hidden contexts which have shaped his subject's beliefs, politics and ideals. The result is a compelling profile of the god-like figure who, at the age of two, was revealed to the world as the reincarnation of his predecessor before becoming one of the era's most romantic political celebrities. Crucially, the author assesses how the current unrest in Tibet will determine China's long-term future and sheds fresh light on a dangerous and simmering relationship. The book will be essential reading for anyone who follows world affairs, for those with an interest in the explosive interaction between religion and politics in contemporary Buddhism and spirituality, and for those who are irresistibly drawn to the mesmerising figure that is the Dalai Lama himself. In examining the life of the Dalai Lama as an individual in the context of his different roles as man, monk and mystic, Mayank Chhaya has succeeded in presenting an engaging portrait of one of the world's great leaders. - Desmond

Tutu - neither debunking nor hagiographic, but taking a Buddhist-style Middle way toward its subject.. fascinating and demystifying. - Publishers Weekly

T. Lobsang Rampa - Karen Mutton 2006-01-01

There are those whose feet are firmly on The Path, who are known as "Old Souls" and who possess inner knowledge. They are aware of Truth, they have no need of a book such as this. But for the vast majority, who may indeed be true seekers, because of the way we are educated in the so-called civilized world, analysis, proof, the opinion of others is often necessary. I believe this book provides what they need. It has been diligently researched, and even if some of the reports printed here are, at the least, inaccurate, that is not the fault of the author. She has merely reproduced what has been said and written about a personage who defies our present stage of understanding. It is for the reader to form his or her own opinion. Excerpt: In January 1981 two prominent Tibetan identities died in exile. The lady known as "Amala", or "mother of the nation", died after a long illness in Dharamsala, India. She had given birth to sixteen children, including her most famous son His Holiness the Fourteenth Dalai Lama. Her two other sons had been recognised as "tulkus" or reincarnations of high lamas. She was beloved by the whole Tibetan nation in exile who mourned her passing. In an emergency ward of the Foothills hospital in Calgary the famous author and mystic known as Tuesday Lobsang Rampa also breathed his last after decades of ill health. His nineteen books about Tibet and the occult arts had sold in the millions and his admirers could be found on six continents. Despite his fame, however, there were no accolades or eulogies from the Tibetan community. He died unrecognised and unclaimed by the people of Tibet whom he had tried to help. Lobsang Rampa, who resembled an Englishman with a Devonshire accent, claimed that he was a Tibetan lama. His critics claimed that he was Cyril Hoskin, a Cornish plumber who had written "The Third Eye", a book about Tibet which was one of the greatest literary hoaxes of all time. Rampa insisted that he was a high Tibetan lama who had transmigrated into the willing body of Cyril Hoskin to perform his mission in life. His detailed recollections of Tibet and China, wealth of knowledge about the occult arts and disarming sincerity led many readers to believe in his authenticity. Rampa's critics were vociferous in their condemnation of the author.

They included Tibetan and oriental scholars, the Press and the Tibetan community in exile, including some famous personalities. The author clung on tenaciously, writing nineteen books and continually proclaiming his innocence and authenticity. After his death his books were relegated to the New Age fringe while other authors shamelessly plagiarised his material. By the 1990s Lobsang Rampa occupied a full page of "The Guinness Book of Fakes, Frauds and Forgery`" and most of his books were out of print. The internet brought together many of Dr Rampa's loyal readers who had benefited from his teachings on the mystical arts and affirmations of the Afterlife. The new millennium has revealed Rampa's silent influence in such esoteric fields as UFOlogy, astral projection, aura photography, alternative history and the immortality of the human spirit. His positive image of Tibet has been instrumental in garnering support for this beleaguered land and introducing Buddhism to westerners. Ironically, "The Third Eye", written off by some as a hoax, remains the most popular book about Tibet ever written. Lobsang Rampa's personal motto was "I lit a candle". In commemoration of "The Third Eye's" fiftieth anniversary it is time to rekindle the flame of knowledge that Rampa first lit in 1955. Overall, Rampa's true identity is irrelevant as it is his knowledge that lives on. It is time to recognise Lobsang Rampa for what he was, a true mystic and trailblazer of the New Age. HIS CHARACTER Lobsang Rampa was a truly unique individual with many extraordinary attributes. A man of such complexity cannot be summed up in a few pages or even a few volumes, so the following account is merely scratching the surface. In some ways he was a man of contradictions. He was a celibate monk who had a devoted wife, an intensely private man who wrote extensively about his life, a self-professed Tibetan who had no contact with the Tibetan community and a Buddhist who practised many western occult arts. He often complained about people who sent him letters without return stamps, but he always answered them at great personal expense. Rampa's life was cursed by ill health. He suffered from coronary thrombosis, diabetes, arthritis and paraplegia. He was almost totally deaf and became proficient at lip reading. His spine and hands were damaged beyond

repair as a result of years of torture in prison of war camps. Although he often came across as grumpy in his later years, he never lost his wicked sense of humour and keen wit. Rampa was a generous man who had little interest in material possessions. Over the years he gave a colour television away to a stranger, a wheelchair to an injured policeman and a house full of furniture to newlyweds. Friends and acquaintances often received expensive gifts which they were unable to return without insulting him. During his lifetime he personally answered many thousands of letters from his admirers, usually bearing the cost of postage himself. He had a sincere desire to help people and his advice was often sought by numerous famous identities whose anonymity he respected.

The Publishers Weekly - 2006

A Saint in Seattle - David P. Jackson 2003
Exiled from his native land by the Communist Chinese, Tibetan lama Dezhung Rinpoche arrived in Seattle and continued his role as a teacher of teachers, mentoring some of the most prominent Western scholars of Tibetan Buddhism today.

Dalai Lama - Anna Leigh 2019
Forced into exile in India after Tibet's attempted revolt against occupying Chinese forces, the Dalai Lama launched a nonviolent campaign against the occupation that earned him a Nobel Peace Prize in 1989. Read about the life and work of the Dalai Lama, an international icon of peace.

Ocean of Milk, Ocean of Blood - Matthew W. King 2019-04-02
After the fall of the Qing empire, amid nationalist and socialist upheaval, Buddhist monks in the Mongolian frontiers of the Soviet Union and Republican China faced a chaotic and increasingly uncertain world. In this book, Matthew W. King tells the story of one Mongolian monk's efforts to defend Buddhist monasticism in revolutionary times, revealing an unexplored landscape of countermodern Buddhisms beyond old imperial formations and the newly invented national subject. *Ocean of Milk, Ocean of Blood* takes up the perspective of the polymath Zava Damdin (1867-1937): a historian, mystic, logician, and pilgrim whose life and works straddled the Qing and its socialist aftermath, between the monastery and the party scientific academy. Drawing on contacts with figures as

diverse as the Dalai Lama, mystic monks in China, European scholars inventing the field of Buddhist studies, and a member of the Bakhtin Circle, Zava Damdin labored for thirty years to protect Buddhist tradition against what he called the “bloody tides” of science, social mobility, and socialist party antagonism. Through a rich reading of his works, King reveals that modernity in Asia was not always shaped by epochal contact with Europe and that new models of Buddhist life, neither imperial nor national, unfolded in the post-Qing ruins. The first book to explore countermodern Buddhist monastic thought and practice along the Inner Asian frontiers during these tumultuous years, *Ocean of Milk, Ocean of Blood* illuminates previously unknown religious and intellectual legacies of the Qing and offers an unparalleled view of Buddhist life in the revolutionary period.

Cultural Sociology of the Middle East, Asia, and Africa - Andrea L. Stanton 2012-01-05

These volumes convey what daily life is like in the Middle East, Asia and Africa. Entries will aid readers in understanding the importance of cultural sociology, to appreciate the effects of cultural forces around the world.

The Mystic Heart - Wayne Teasdale 2010-10-06
Drawing on experience as an interreligious monk, Brother Wayne Teasdale reveals the power of spirituality and its practical elements. He combines a profound Christian faith with an intimate understanding of ancient religious traditions.

The World's Greatest Religious Leaders: How Religious Figures Helped Shape World History [2 volumes] - Scott E. Hendrix 2018-03-01

This book provides reliable information about important world religious leaders, correcting the misinformation that can be on the internet. • Examines roughly 160 alphabetically arranged reference entries that detail how religious leaders from different faiths changed the history of the world • Provides sidebars that discuss key events, offering background information and excerpts from consequential religious writings • Offers suggestions for further reading after each entry, and closes with a bibliography of important print and electronic resources suitable for student research

[Fearless in Tibet](#) - Matteo Pistono 2014-05-27

Nineteenth-century Tibetan mystic Tertön Sogyal was a visionary, whose mastery of meditation led him to be a revered teacher to the Thirteenth Dalai Lama. Known for his deep spiritual insights and service to the nation of Tibet, Tertön Sogyal's ability to harness the power of the mind was born of both his profound understanding of the Buddha's teachings and the unique experiences he had while striving for peace against tremendous odds. His life is an example of courage and diligence appreciated by spiritual practitioners of all traditions; and his practical instructions on meditation and opening one's heart—amid conflict, uncertainty, and change—are as relevant today as they were during his lifetime. Fearless in Tibet, the first comprehensive work in English on Tertön Sogyal, captures the essence of his teachings, visions, and spiritual realizations, as well as the challenges he faced during his early yogic training and his efforts to promote harmony between Tibet and China. Combining riveting storytelling and Tertön Sogyal's profound instructions, Matteo Pistono takes you on a journey through a mystical past that reveals practical inner guidance for today's challenges. You will see the power of transforming negativity into opportunity, letting go of attachments, becoming mindfully present, and embracing impermanence. This intricate tapestry of intrigue and spirituality will infuse your path with timeless wisdom and inspiration.

Magic and Mystery in Tibet - Madame Alexandra David-Neel 2012-04-27

A practicing Buddhist and Oriental linguist recounts supernatural events she witnessed in Tibet during the 1920s. Intelligent and witty, she describes the fantastic effects of meditation and shamanic magic — levitation, telepathy, more. 32 photographs.

The Way of Chuang-Tzū - Chuang-tzu 1965
Free renderings of selections from the works of Chuang-tzū, taken from various translations.

Tibet in Agony - Jianglin Li 2016-10-10
In 1959 the Dalai Lama emerged in India, where he set up his government in exile. Soon after he left Lhasa the Chinese People's Liberation Army pummeled the city in the "Battle of Lhasa." The Tibetans were forced to capitulate, putting Mao in a position to impose Communist rule over Tibet

Spiritual Ecology: A Quiet Revolution - Leslie E. Sponsel 2012-07-19

A prominent scientist and scholar documents and explains the thoughts, actions, and legacies of spiritual ecology's pioneers from ancient times to the present, demonstrating how the movement may offer the last chance to restore a healthy relationship between humankind and nature. • Clear, concise, and captivating essays on well-known, as well as little-known, pioneers in spiritual ecology • Chapter-long treatment of each individual's contributions, allowing for in-depth coverage • An extensive resource guide, including films and websites • An appendix listing approximately 100 pioneers in spiritual ecology

Leadership for the 21st Century - Ann E. Prentice 2013-07-11

Leadership is much more than a management technique: it is possessing the insight to see where it is possible to make a difference, and also having the tools to make that difference. Leadership for the 21st Century defines leadership, explains how it is practiced, and provides a rich portrait of what it is to be a leader, covering relevant and timely topics such as the importance of diversity, the role of social media in 21st-century leadership, and how to pass a leadership role on to another. It provides priceless information not only on what constitutes successful leadership but also illuminates why leadership falters. Based primarily upon research, this book assembles leadership lessons from more than 100 biographies and autobiographies of a diverse group of leaders, including individuals from the worlds of science, economics, business, and human rights, and also includes thought on leadership derived from of many other individuals representing both leaders and those who follow the leaders. As a result, the author presents not only a clear "how-to" guidebook for those wishing to lead, but also a comprehensive, multifaceted examination of leadership from several relevant perspectives.

Dialogue Gap - Peter Nixon 2012-02-06

The book that bridges the chasm between communication and understanding in negotiations For years Peter Nixon worked with people from all walks of life, teaching them the art of negotiation. But it soon became apparent that the issue was not negotiation itself, but dialogue

between parties. We have become experts at sending information—via email, text message, Internet, TV, and other forms of media, communicating, but not engaging, in an active dialogue defined by collaborative thinking. In Dialogue Gap, Nixon explores this growing disconnect and its significance in an increasingly globalized world where the ability to engage with others—in order to address issues like climate change, cultural differences, etc.—has become essential. Helps the reader differentiate communication and dialogue Explores the make-up and causes of the "Dialogue Gap" and what constitutes "good" dialogue (the right people talking about the right issues in the right way at the right time and in the right place) Identifies the most common reasons people don't dialogue effectively and provides helpful tips on how to engage in more effective, productive dialogues Effective dialogue is essential for general success, ensuring that all key stakeholders—in business, politics, or elsewhere—get what they want in the most efficient and productive way possible. Looking at successful and failed dialogues the author has experienced first-hand in Asia, Europe, North America, the Caribbean, and the Middle East in both the public and private sector from across industries, Dialogue Gap provides essential information for making the most of your interactions with others.

Understanding the Dalai Lama - Rajiv Mehrotra 2009-01-01

His Holiness the Fourteenth Dalai Lama of Tibet is revered by 6 million followers around the world. He describes himself as "a simple, smiling monk". But he is a theologian who can debate the intricacies of Buddhism, a philosopher whose thinking influences people around the world, a political and spiritual leader of the displaced Tibetan people, a best-selling author, a son and brother, and simply a friend to many. This extraordinary collection of essays describe the different aspects of this remarkable man, who is universally recognised as the best hope for peace and unity in today's troubled world. The contributors include Pico Lyer, who provides an insight into the personality of the disarming man with an infectious laugh, Robert Thurman, who describes his spiritual development, Matthieu Ricard, who describes a typical day in his life, and

Daniel Goleman, who illustrates the high level of scientific understanding that his holiness displays.

Dalai Lama. Uomo, monaco, mistico. Biografia autorizzata - Mayank Chhaya 2014

The Ecstatic Prayers of Jean Moreau - Clark Eide 2015-12-15

In his "Ecstatic Prayers", Jean Moreau, hero of "A Monk's Way," opens his heart and soul to his Father/Mother God. This intimate 25 prayer collection, offering his poetic "cries from the Soul", can help us reach another dynamic and dimension in our own prayer life. They are the cries of a mystic. In the spirit of Yogananda, whom he admires, he is a man in love with his God, catapulted to another level, the level of transcendence. This first edition of his most compelling prayers will enrich one's own personal prayer life and search for transcendence.

Culture in Global Businesses - Bharat S. Thakkar 2021-12-23

This book offers research geared toward understanding culture and its influence on the success of global businesses. Divided into two parts that look at the leveraging culture cultural diversity from an organizational as well as national perspective, the chapters investigate the effects of technology on culture, the role of leadership in corporate culture, and communicating and managing change across cultures. The book emphasizes that embracing cultural and subcultural differences alongside instilling organizational culture are the keys to successful modern business. With contributions from authors from academic as well as professional backgrounds, this book will serve as a valuable resource to researchers interested in cultural studies generally as well as those studying the importance of culture to managing modern organizations.

Dalai Lama. Hombre, monje, místico - Mayank Chhaya 2010-09-03

Escrita con la plena participación del Dalai Lama, esta actualizada y fascinante biografía muestra tanto la faceta más pública como el eterno misterio que envuelve al Dalai Lama, uno de los líderes espirituales más importantes del mundo. En 1997 Su Santidad el Dalai Lama autorizó al periodista indio Mayank Chhaya a escribir sobre su vida. A partir de ese momento, Chhaya y el

Dalai Lama mantuvieron más de una docena de entrevistas en la residencia del gobernante del Tíbet en el exilio. El resultado de estos encuentros es Dalai Lama. Hombre, monje, místico, un retrato en profundidad de una figura que suscita un inagotable interés en personas de todo el planeta. Chhaya escribe sobre el Tíbet y la tradición budista de la que emergió la figura del Dalai Lama para ayudar a los lectores a entender el contexto que dio forma a sus creencias, su forma de ejercer la política y sus ideales. El autor dibuja la figura del Dalai Lama bajo las luces de su vida en el exilio y los varios papeles que este debe adoptar como máximo responsable de sus seguidores.

Tibet - Paul Christiaan Klieger 2021-04-22

The history of Tibet has long intrigued the world, and so has the dilemma of its future—will it ever return to independence or will it always remain part of China? How will the succession of the aging and revered Dalai Lama affect Tibet and the world? This book makes the case for a fully Tibetan independent state for much of its 2,500-year existence, but its story is a complex one. A great empire from the seventh to ninth centuries, in 1249, Tibet was incorporated as a territory of the Mongol Empire—which annexed China itself in 1279. Tibet reclaimed its independence from China in 1368, and although the Manchus later exerted their direct influence in Tibetan affairs, by 1840 Tibet began to resume its independent course until communist China invaded in 1950. And since that time, Tibetan nationalism has been maintained primarily by over 100,000 refugees living abroad. This book is a valuable, fascinating account of a region with a rich history, but an uncertain future.

Nonviolent Resistance as a Philosophy of Life - Ramin Jahanbegloo 2021-01-14

What do we mean by nonviolence? What can nonviolence achieve? Are there limits to nonviolence and, if so, what are they? These are the questions the Iranian political philosopher and activist Ramin Jahanbegloo tackles in his journey through the major political advocates of nonviolence during the 20th century. While nonviolent resistance has accompanied human culture from its earliest beginnings, and representations of nonviolence in Eastern religions like Jainism, Buddhism and Hinduism are ubiquitous, it is only in 20th century that it

emerged as a major preoccupation of figures such as Gandhi, Martin Luther King Jr., Nelson Mandela, Mother Teresa and Václav Havel. Focusing on examples of their way of thinking in different cultural, geographic and political contexts, from the Indian Independence Movement and US Civil rights and Anti-Apartheid movement to the Velvet Revolution in Czechoslovakia and nonviolent protests in Tunisia, Iran, Serbia and Hong-Kong, Jahanbegloo explores why nonviolence remains relevant as a form of resistance against injustice and oppression around the world. With balanced readings of central players and events, this comparative study of a pivotal form of resistance written by accomplished scholar of Gandhi presents convincing reasons to commit to nonviolence, reminding us why it matters to the development of contemporary political thought. Sam Pitroda, a Biography - Mayank Chhaya 1992

High Hopes - Tony London 2016-01-01
High Hopes is the story of Tibetan education in

India since the arrival of Tenzin Gyatso, the Fourteenth Dalai Lama in India in 1959. When His Holiness the Dalai Lama arrived in India, he came with his retinue and many thousands of followers who arrived soon after. Their arduous journey was to a country about which most of them were ignorant. They came as deeply committed Buddhists and with a positive belief in the future. Other than the monks and high officials, most of them had little or no formal education or experience. They arrived into a country which was still emerging and forming its own identity, and still reeling from the 'Partition' and all of the related changes that had taken place after the departure of the British 'Raj'. This relatively small group of Tibetans were strangers in the political landscape of the sub-continent, with its millions. Somehow Nehru and the Indians found a way to accommodate the Tibetans. This book traces that story and the way that the Tibetans in-exile have been able to forge their own unique Buddhist way of life and to incorporate that into their path for future.
