Iron Angel - Alan Campbell 2008-04-29

In this stunning follow-up to his epic fantasy debut, Alan Campbell propels readers into a captivating city battling for its own survival—and that of humankind—in a world of deities and demons, fallen angels and killers. After a destructive battle, the ancient swaying city of Deepgate has been overtaken. Most of the chains that suspend it have given way, toxic fumes are emanating from blazing structures, and the temple once inhabited by the ruling Presbyter now dangles upside down above the once-uncharted abyss. The victorious Spine have initiated martial law and are ruthlessly pursuing all who attempt to leave. Amid the turmoil, two captives are returned. Arriving by ship are the young angel Dill, now toughened by war, and traitor assassin Rachel Hael. Incarcerated in the slowly crumbling temple, the two await their fate, while from the abyss beneath them ghosts rise—for the death of the god Ulcis has left open the gates to Hell. But on orders from his divine brethren, Cospinol, the god of brine and fog, is traveling the world to Deepgate to seal this breach. His great skyship is being dragged through the air by the giant John Anchor, a monster of a man enslaved to pull the god's vessel, moving slowly, inevitably, toward the city. As the city waits, teetering on the brink, myriad plans for vengeance are set in motion, from the continent of Pandemia to Heaven itself. Among them is a ghostly archon sent to deliver a message to the gods on earth—using Dill as his vessel. Thrust from his body, Dill's own soul returns to Hell. When Dill and Rachel are attacked by Spine assassins, Rachel has no choice but to try to escape with the creature that calls itself Dill...and to somehow find a way to restore her friend's soul before it's too late. For powerful forces are stirring, and in the coming battle between gods, it is the world of men that is at stake.

Luther: First of the Fallen - Gav Thorpe 2021-03-16

Kept alive and imprisoned for ten thousand years, Luther is the curse and the salvation of the Dark Angels made manifest. None are so close to the heart and history of the Chapter as the man that embodies all that was great about the First Legion and all that is shameful about the Dark Angels. In his story is writ the tale of the Horus Heresy in a single, long life. Glory, honour, pride, shame and betrayal weave a tapestry of truth and lies that the Supreme Grand Masters of the Dark Angels have sought to understand and unravel across ten bloody millennia. Luther claims repentance for his past deeds, but was it his sins that condemned the Chapter to its secretive fate, or should warnings from history have been more closely heeded?

CoDex 1962 - Sjón 2018-09-11

Spanning eras, continents, and genres, CoDex 1962—twenty years in the making—is Sjón's epic three-part masterpiece Over the course of four dazzling novels translated into dozens of languages, Sjón has earned a global reputation as one of the world's most interesting writers. But what the world has never been able to read is his great trilogy of novels, known collectively as CoDex 1962—now finally complete. Josef Löwe, the narrator, was born in 1962—the same year, the same moment even, as Sjón. Josef's story, however, stretches back decades in the form of Leo Löwe—a Jewish fugitive during World War II who has an affair with a maid in a German inn; together, they form a baby from a piece of clay. If the first volume is a love story, the second is a crime story: Löwe arrives in Iceland with the clay-baby inside a hatbox, only to be embroiled in a murder mystery—but by the end of the volume, his clay son has come to life. And in the final volume, set in present-day Reykjavík, Josef's story becomes science fiction as he crosses paths with the outlandish CEO of a biotech company (based closely on reality) who brings the story of genetics and genesis full circle. But the future, according to Sjón, is not so dark as it seems. In CoDex 1962, Sjón has woven ancient and modern material and folklore and cosmic myths into a singular masterpiece—encompassing genre fiction, theology, expressionist film, comic strips, fortaean studies, genetics, and, of course, the rich tradition of Icelandic storytelling.
