Degrees of the Zodiac: Revised Edition - Esther V. Leinbach 2012-02-01

Degrees of the Zodiac was written by noted astrologer Esther V. Leinbach and originally published by Macoy Publishing Company in 1973. This Revised Edition from the author's son, Kevin Leinbach, has been updated for the new Millennium, using the Author's original source material and research. Popular Astrology takes into consideration only one factor: the location of the Sun in the Zodiac, the Sun Sign. Even some astrologers only consider the twelve signs of the Zodiac and disregard the individual 30 degrees that make up the total span of the sign. But the degrees are a very significant influence in the chart and more and more astrologers are discovering how important degrees are to horoscope interpretation. The 360 Degrees in the circle of the Zodiac are activated by the Sun, the Moon and the Planets, even the house cusps of every horoscope. These degrees help to account for the many different expressions of each individual sign. Degree influences have often been seen as ethereal and mysterious, relying on symbolism to suggest potential expressions. Perhaps the advantage of symbols is that they can be interpreted in the current context directly. But symbols can also be

quite difficult to decipher. This book was originally written to bring the symbolism into a descriptive, practically applicable format that can more easily be used in chart interpretation. The approach is psychological rather than symbolic. It was intended to be accessible to the novice as well as the professional astrologer. But when particular references are made to current insights or methods, there is some danger that degree descriptions can become outdated. This Revised Edition has been released to update the descriptions with a current perspective and incorporate a context and evolutionary perspective that was simply not in place when *Degrees of the Zodiac* was originally published. *Planetary Activity on the Degrees of the Zodiac 1970-1979* - Robie Z. Inside Degrees - Ellias Lonsdale 1997-07-08

In much the same way in which he characterized planets and asteroids as powerful, gendered beings in *Inside Planets*, Ellias Lonsdale gives new depth and nuance to degree analysis, an area often seen as technical or reduced to cliché. The degree symbols are most useful in elaborating a personal birth chart. One can learn about personal cycles from studying the place of a transiting or progressed planet by degree at a given time, revealing collective as well as personal timings. The Zodiac degrees also act as an oracle. One can open the collection anywhere for a given day, or in response to a question. The degrees will reveal what is happening now and, if we are attentive and responsive to the cues, what is required of us. By comparing charts of friends and famous people who are known for certain qualities, one can gradually discriminate among the

degrees. These beautifully written and fully imagined readings of the Chandra degree symbols speak to a deep level of personal change and authenticity.

The Zodiac by Degrees provides symbols and interpretations for each of the 360 degrees of the zodiac. These symbols make a direct connection with your basic spiritual energies and penetrate the private language of your personal mythology. For this second edition, every one of the 360 degrees has been reexamined from extensive lists of examples. In the end, about ninety degrees have undergone major changes and all of the rest have been clarified and sharpened. The result is a symbol system of unparalleled accuracy, and an indispensable tool for both amateur and practicing astrologers. The Zodiac by Degrees gave me serious goose bumps on several occasions. Inside of half an hour, the text had cleared up my ambivalence about the exact degree of my Ascendant and given me a new understanding of my Sun degree#8212one vastly more evocative than the traditional Sabian interpretation. 360 Degrees of Your Star Destiny - Ellias Lonsdale 2021-07-27

- Explains how each of the 12 signs of the zodiac has 30 degrees, and each degree, like every star, is the center of a whole system of meanings
- Provides detailed write-ups for each of the 360 degrees of the zodiac
- Details how to use the degrees for personal chart interpretation and as an oracle for guidance and inspiration

In this extraordinary synthesis of 50 years in star work, astrologer Ellias Lonsdale explains how each of the 12 signs of the zodiac has 30 degrees, and each degree, like every star, is the center of a whole system of meanings. Inspired by the Chandra Symbols, evocative images for each degree channeled by John Sandbach nearly 40 years ago, as well as his studies with master astrologers Dane Rudhyar and Marc Edmund Jones, Lonsdale explores the deeper story, or Star Spark, of each of the 360 degrees of

the zodiac, providing detailed write-ups for each degree. The author explains how to determine the degree of your Sun sign and other planets from your birth chart and how to use this information for personal chart interpretation. Offering a way to tune in to your future star cycles as well as analyze a past event, he discusses how you can learn about personal cycles from studying the degree of a transiting or progressed planet at a specific time, such as Mercury Retrograde, or by following the degree meanings for successive New Moons or Solar Returns, revealing collective as well as personal timings. He also details how to use the 360 Star Sparks as an astrological oracle to consult when you need guidance or support for your awakening process as well as how they can be used as a source for daily contemplation by following the Sun through each degree day by day throughout the year. Providing an astrological tool to help you see deeply inside your life, your shadow, what you are questioning, and where you are being guided, this key to the symbolic power of the 360 degrees of the zodiac shows that by embracing our star cycles, we can discover our unique life path and light up the stars within.

Numerology of Astrology - Lynn Buess
2013-12-25

Lynn Buess has done it again! As an innovator in the consciousness and self-awareness field for over forty years, he has now contributed a decidedly unique perspective of the time-honored system of astrology, helping humanity further understand its relationship to the universe. With this latest contribution to self-growth, Lynn offers an original perspective of numerology ? this time with the combination of numerological characteristics and astrological influences. He not only writes from an intellectual viewpoint but as

someone who has experienced glimpses of cosmic consciousness. Like most of his works, it is his hope that this volume will help seekers better connect to their cosmic memories of being both human and eternal in nature. Experience all the signs of the zodiac in minute detail: Aries ? Taurus ? Gemini ? Cancer ? Leo ? Virgo ? Libra ? Scorpio ? Sagittarius ? Capricorn ? Aquarius ? Pisces It is my feeling that the sun degree serves a role of pinpointing just where the soul has the opportunity to make significant strides in personal growth or potentially stumble into a setback. A combination of the numerical value of the degree and the sun sign are blended together to offer insight about the nature of that commitment. ? Lynn Buess, MA, EdS
