Pride and Prejudice in the Wild West Can anything good come from a man accepting a childish challenge when it involves a woman's heart? Lord Christopher Lockwood's life as a Western cowboy was all he imagined. Calloused hands, tan skin, and more hard work than he can handle. He gave up his aristocratic life of leisure to safeguard his only sister as she fled to America from the man who killed her husband. She found love again with a cattle rancher. It wasn't until a friend challenged Christopher to open his heart to the rancher's sister did he realize how little effort he'd made to get to know her. Priscilla Bellamy fell utterly and desperately in love with the English lord the moment he almost kissed her hand when they first met. Yet,

he's never given her a second look. In fact, he has gone out of his way to ignore her when in the same room, so on her eighteen birthday, she made the difficult decision to end her pursuit of the handsome lord. Until something changed. Now Christopher is wholeheartedly pursuing Priscilla, but it may be too late for him to win her heart. Learning that his older brother has died, he needs to return to England. Can their romance bloom if they live on two different continents?

The Duchess and the Cowboy - Debra Erfert  
2019-04-30

A young British duchess fleeing from her husband's murderer. A widowed American cowboy with a small daughter. Their second chance at love. At twenty-one, Jane Langley, Duchess of Chatham, is too young to be a widow. Her husband's misguided duel with his ruthless younger brother leaves him dead. The new duke's menacing threat to Jane—marry him or else—has her fleeing her home to America for safety, a place where she can buy her own property. Although Jane worries about her new role as a landowner in the Wild West, she wonders if a proper British duchess will be accepted in a land that lacks propriety. Does Carson City have a high society? Or does she become a pioneer woman? Her concerns change the morning she meets the ruggedly handsome cowboy Mr. Bellamy. Heath Bellamy is no stranger to misery. He lost his wife shortly after their daughter was born, and for the past two winters the cruel Nevada blizzards killed too many of his ranch's cattle. They need grass to survive. When a new owner takes over the neighboring big spread, he sees the possibility of the herd grazing on her land. When their relationship turns from friendship to deep affection, they must decide if love is worth risking getting their hearts broken all over again.

The evidence begins to pile up and the suspicious case of Willie Fishbine, who swindled the sisters out of a fortune and coincidentally died prior to the Pines case, is reopened. Not wanting Willie to be buried until they can find the killer responsible for the murders, Reagan must catch the culprit in time to walk down the aisle. **The Duke's Son and the Cowgirl** - Debra Erfert 2019-10-03

Pride and Prejudice runs into the Wild West. A duke's son not contemplating marriage. A young American woman who bowls him over. Can their friendship turn into love? Laurel Bellamy has no desire to stay in England after her sister marries

the handsome and rich Christopher Lockwood, the 6th Marquess of Sheffield. The ridiculous snobbishness from his titled social circle thoroughly sours her on aristocratic life—until she runs into George, literally. George Mitchell's title of Marquess Marlow might work against him when getting to know the exciting cowgirl. Americans don't have an aristocracy, so his title isn't impressing her. While George is utterly drawn to Laurel in a way he never expected, his parent's, The Duke and Duchess of Bromley, are less than satisfied with her lack of title and social standing. With such persistent and devious interference, George must make a choice between his family's traditions and his own happiness. *The Duke's Son and the Cowgirl* is a Victorian Western romance novel of approximately 53,000 words. No cheating. No cliffhangers, and a guaranteed happily ever after.

White Stag - Kara Barbieri 2019-01-08

*White Stag*, the first book in a brutally stunning series by Kara Barbieri, involves a young girl who finds herself becoming more monster than human and must uncover dangerous truths about who she is and the place that has become her home. A Wattpad breakout star with over a million reads! Now expanded, revised and available in print and eBook. As the last child in a family of daughters, seventeen-year-old Janneke was raised to be the male heir. While her sisters were becoming wives and mothers, she was taught to hunt, track, and fight. On the day her village was burned to the ground, Janneke—as the only survivor—was taken captive by the malicious Lydian and eventually sent to work for his nephew Soren. Janneke's survival in the court of merciless monsters has come at the cost of her connection to the human world. And when the Goblin King's death ignites an ancient hunt for the next king, Soren senses an opportunity for her to finally fully accept the ways of the brutal Permafrost. But every action he takes to bring her deeper into his world only shows her that a little humanity isn't bad—especially when it comes to those you care about. Through every battle they survive, Janneke's loyalty to Soren deepens. After dangerous truths are revealed, Janneke must choose between holding on or letting go of her last connections to a world she no longer

belongs to. She must make the right choice to save the only thing keeping both worlds from crumbling.

But she quickly learns she doesn't fit it. For the past year, Robert Bellamy's been working part-time as one of his pa's cowhands, and the rest of his time he's caring for his brother's horse ranch—until Charlotte asks him in confidence to be her matchmaker. Right now, Charlotte is in desperate need of a friend, and he will make it his priority to be that friend while she's here, and to find her a husband.
