Ravel composed the original piano version of this piece in 1899 after resuming his studies at the Paris Conservatory. It was published the next year and became an overnight success. Despite some self-criticism of his youthful work for being "poor in form", Ravel thought well enough of it to prepare an orchestral version in late 1910, which was given its premiere under the baton of Henry Wood at the Manchester Gentlemen's Concerts on 27 February 1911. This newly-engraved critical edition will be appreciated by Ravel fans, students, and conductors everywhere.

Deux Gymnopedies, Orchestral setting - Erik Satie 2004-09

This is a newly-engraved critical edition of Claude Debussy's superb orchestration of two of the *Gymnopedies* by his friend Erik Satie.

Debussy used the two outer movements of the original three pieces in reverse order, so that Satie's No. 3 became No. 1 while No. 1 became No. 2. Satie was virtually unknown as a composer at the time of the 1897 Paris premiere of the orchestral setting, which did much to advance his reputation in the early years of the twentieth century. The piano originals

are now even more renowned than Debussy's orchestration, which remains a fixture in the orchestral repertoire. The 2004 edition is now made available in a convenient and affordable study score which is sure to be appreciated by musicians, students and fans of both composers everywhere.
