"A wonderful, heartwarming coming-of-age story" Readings For Van Uoc

Phan, fantasies fell into two categories: nourishing, or pointless.

Daydreaming about Billy Gardiner, for example? Pointless. It always left her feeling sick, as though she'd eaten too much sugar. Van Uoc doesn't believe in fairies, zombies, vampires, Father Christmas - or magic wishes. She believes in keeping a low profile: real life will start when school finishes. But when she attracts the attention of Billy Gardiner, she finds herself in an unwelcome spotlight. Not even Jane Eyre can help her now. Wishes were not a thing. They were not. Correction. Wishes were a thing. Wishes that came true were sometimes a thing. Wishes that came true because of magic were not a thing! Were they?

The structure is based on the original yurt design, employing a center ring and tension cable, but it is built using wood-framed panelized construction that includes radial rafters similar to a traditional yurt. A panelized building system means that the components can be constructed off-site and then transported to the site for assembly. There are two editions of this book. This is the BLACK & WHITE EDITION: Detailed instructions, photographs and illustrations include the design, materials list and cut-list for a 16-foot diameter wood structure. Life and Longbows - Nicholas Viau 2018-08-20

He'd been attracted to all things bow and arrow throughout his youth but wasn't sure why. Then, at the age of 27, the stress of a busy work week thrust him deep into the pages of an archery-infused comic book, where he was introduced to Howard Hill, the famous longbow-wielding archer and hunter. Through Hill, Nick discovered the longbow and was thrilled to find a community of present-day enthusiasts still shooting and hunting with it. Before long, he had one of his own and was looking to join them. *Life and Longbows* isn't your average hunting book.
