*The Power Of Intention* - Wayne W Dyer

Intention is generally viewed as a pit-bull kind of determination propelling one to succeed at all costs by never giving up on an inner picture. In this view, an attitude that combines hard work with an indefatigable drive toward excellence is the way to succeed. However, intention is viewed very differently in this book. Dr. Wayne W. Dyer has researched intention as a force in the universe that allows the act of creation to take place. This book explores intention not as something you do but as an energy you re a part of. We re all intended here through the invisible power of intention. This is the first book to look at intention as a field of energy that you can access to begin co-creating your life with the power of intention.

**Change Your Thoughts - Change Your Life** - Dr. Wayne W. Dyer 2009-01-01

Five hundred years before the birth of Jesus, a God-realized being named Lao-tzu in ancient China dictated 81 verses, which are regarded by many as the ultimate commentary on the nature of our existence. The classic text of these 81 verses, called the *Tao Te Ching* or the *Great Way*, offers advice and guidance that is balanced, moral, spiritual, and always concerned with working for the good. In this book, Dr. Wayne W. Dyer has reviewed hundreds of translations of the *Tao Te Ching* and has written 81 distinct essays on how to apply the ancient wisdom of Lao-tzu to today's modern world. This work contains the entire 81 verses of the *Tao*, compiled from Wayne's researching of 12 of the most well-respected translations of text that have survived for more than 25 centuries. Each chapter

is designed for actually living the Tao or the Great Way today. Some of the chapter titles are "Living with Flexibility," "Living Without Enemies," and "Living by Letting Go." Each of the 81 brief chapters focuses on living the Tao and concludes with a section called "Doing the Tao Now." Wayne spent one entire year reading, researching, and meditating on Lao-tzu's messages, practicing them each day and ultimately writing down these essays as he felt Lao-tzu wanted you to know them. This is a work to be read slowly, one essay a day. As Wayne says, "This is a book that will forever change the way you look at your life, and the result will be that you'll live in a new world aligned with nature. Writing this book changed me forever, too. I now live in accord with the natural world and feel the greatest sense of peace I've ever experienced. I'm so proud to present this interpretation of the Tao Te Ching, and offer the same opportunity for change that it has brought me."

**From Darkness to Light** - David L. Dyer 2012-04-28

David L. Dyer, brother to world-renowned motivational speaker Dr. Wayne Dyer, has his own inspirational story to share. It took David sixty-eight years and the life-altering diagnosis of Parkinson's disease to truly grasp the significance of his brother's famous mantra, "Do not die with your music still in you." Once he did, however, he was able to use his gift of language—a long-suppressed talent—to confront the demons that have haunted him for decades. In his memoir, *From Darkness to Light*, David recalls stories of his life, from his earliest memories to his most recent years. He recounts childhood memories of playing with Wayne, two years his junior; going into foster care after his father abandoned his family; facing bullies and teasing; and struggling to learn to swim. As he grew older and drifted away from his close friendship with Wayne, David turned to partying and alcohol—and the latter would stay with him for years. He later joined the army and found himself serving in Vietnam, where he witnessed horrific events that would affect him for decades to come. *From Darkness to Light* takes a cathartic journey through the events of one man's life, following him up to the present. It celebrates the bond of brotherhood, and it embraces David as a boy, as a veteran, and as the man he is today.

In this book, Serena sets out to explain what it was like to grow up with spiritual parents. She touches upon all ten of her dad's original secrets, imparting her own experiences with them and detailing how they have affected the way she approaches various situations in life. She shares stories, struggles, and triumphs—and Wayne, in turn, contributes his own perspective. The book follows a boy with a seemingly impossible dream who almost lets excuses ("I'm not smart enough" . . . "It's too hard," and so on) get in his way. He discovers, as will your child, that by following a few simple ideas and eliminating excuses . . . anything is possible!

*Getting in the Gap* - Dr. Wayne W. Dyer 2021-08-10

Why Meditate? The practice of meditation takes us on a fabulous journey into the gap between our thoughts, where all the advantages of a more peaceful, stress-free, healthy, and fatigue-free life are available—but they're merely side benefits. The paramount reason for daily meditation is to get into the gap between our thoughts and make conscious contact with the creative energy of life itself. In this uplifting book, Dr. Wayne W. Dyer explains the soul-nourishing meditation technique for making conscious contact with God, which the ancient masters have told us about. You have all the potential to be an instrument of the highest good for all concerned and to be a literal miracle worker in your own life. No person, government entity, or religious group can legitimately claim to do this for you. "In fact," says Dr. Dyer, "I agree with Carl Jung, who said that one of the main functions of formalized religion is to protect people against a direct experience of God." (Dr. Dyer helps you have this direct experience by leading you through the meditation technique in the accompanying audio download.) When you master getting into the gap, stay there for prolonged segments of meditation, and experience what you bring back into the world, you'll truly know the answer to the

question: "Why meditate?"

**Memories of Heaven** - Dr. Wayne W. Dyer 2020-02-25

In the popular vein of *Heaven Is for Real* and now available in paperback, *Memories of Heaven*, written by #1 New York Times best-selling author Dr. Wayne W. Dyer and friend and collaborator Dee Garne, collects astonishing real-life stories of children who vividly remember heaven . . . from the time before they were born! Dr. Wayne W. Dyer and co-author Dee Garne had often talked about how the ones who know the most about God are those who have just recently been wrapped in the arms of the Divine, our infants and toddlers. In fact, Dee had an interaction with her own young son that convinced her of this. Curious about this phenomenon, Wayne and Dee decided to issue an invitation to parents all over the world to share their experiences. The overwhelming response they received prompted them to put together this book, which includes the most interesting and illuminating of these stories in which very young children speak about their remembrances before they were born. It seems that infants and toddlers often arrive here with memories of their lifetimes in the spirit world and frequently provide evidence of this to their immediate families. They tell of dialogues with God, give evidence that they themselves had a hand in picking their own parents, speak about long-deceased family members they knew while in the dimension of Spirit, verify past-life recollections, and speak eloquently and accurately of a kind of Divine love that exists beyond this physical realm—and even of times when telepathic communication took place, as well as the ability to decide just when they would come here to

Earth. This fascinating book encourages parents and grandparents to take a much more active role in communicating with their new arrivals . . . and to realize that there is far more to this earthly experience than what we perceive with our five senses.

"This book offers you an opportunity to internalize and directly experience the great wisdom of the Tao Te Ching, a collection of verses authored by the Chinese prophet Lao-tzu."The words Tao Te Ching translate to 'living and applying the Great Way.' Although just 81 short verses, the Tao encourages you to change your life by literally changing the way you think. By reading through the verses presented here (which I've pieced together after reviewing hundreds of translations)—along with the corresponding affirmation I've created for each verse—you'll be embarking on a path that encompasses the profound ideas that Lao-tzu intended to convey."The Tao Te Ching offers you Divine guidance on virtually every area of human existence. It is a new way of thinking in a world that needs to recapture its ancient teachings. Work with the verses and affirmations regularly and you will come to know the truth behind the ancient Tao observation: When you change the way you look at things, the things you look at change." - Dr. Wayne W. Dyer

**Living an Inspired Life** - Wayne W. Dyer, Dr. 2016-03-01

There's a voice in the Universe entreating us to remember our purpose, our reason for being here now in this world of impermanence. The voice whispers, shouts, and sings to us that this experience—of being in form in space and time—has meaning. That voice belongs to inspiration, which is within each and every one of us. The feelings of emptiness; the idea that there must be something more; wondering, Is this all there is? and trying to determine the meaning of life . . . this is all

evidence of a yearning to reconnect with our soul space. We're aching for our calling to be felt and expressed. In *Living an Inspired Life* (previously published under the title *Inspiration*), Dr. Wayne W. Dyer explains how we've chosen to enter this world of particles and form. From our place of origin, in ways that we don't readily comprehend now, we knew what we were coming here to accomplish, and we participated in setting this life process in motion. So why not think along these same lines? Why put the responsibility or blame on any one or any thing that's not a part of us? On Earth we have the capacity of volition—we can choose—so let's assume that we had the same capacity when we resided in the spiritual realm. We chose our physical body, and we chose the parents we needed for the trip. It doesn't seem too great a stretch to move into the idea that we chose this life in concert with our Source. Inspiration can be cultivated and be a driving force throughout life, rather than showing up every now and then and just as mysteriously disappearing, seemingly independent of our desires. Inspiration is for everyone! It isn't reserved for high-profile creative geniuses in the arts and sciences—it's inherent in our Divine birthright. The problem is that as children we're gradually taught to believe exclusively in the world of phenomena where ego is dominant and inspiration diminished. As you read each chapter in this book, you'll find specific suggestions for living "in-Spirit." From a very personal viewpoint, Wayne offers a blueprint through the world of inspiration—your ultimate calling.
