Shadows in the Jungle -

Larry Alexander 2009-02-03

From the New York Times bestselling coauthor of A Higher Call, an up-close-and-personal account of the Alamo Scouts in World War II.

Determined to retake the Philippines ever since his ignominious flight from the islands in 1942, General Douglas MacArthur needed a first-rate intelligence-gathering unit. Out of thousands, only 138 soldiers were chosen: the best, toughest, and most fit

men the army had to offer.

Their task: silently slip onto Japanese-held islands, stalk through the thick jungles, and assess enemy locations, conditions, morale, and troop strength, all while remaining undetected. It was an impossible task, doomed to failure, but incredibly, the Alamo Scouts were a valuable success. Acclaimed author Larry Alexander follows the men who made up the elite recon unit that served as General MacArthur's eyes and

ears during the Pacific War. Drawing from personal interviews and testimonies from Scout veterans, Alexander weaves together the tales of the individual Scouts, who often spent weeks behind enemy lines to complete their missions. Now, more than seventy years after the war, the story of the Alamo Scouts will finally be told.

Jungle Book - Rudyard Kipling
2022-05-17

"The Jungle Book" is a collection of stories. The tales in the book are fables, using animals in an anthropomorphic manner to give moral lessons. The verses of The Law of the Jungle, for example, lay down rules for the safety of individuals, families and communities. Kipling put in them nearly everything he knew or "heard or dreamed about the Indian jungle." The best-known of them are the three stories revolving around the adventures of an abandoned "man cub" Mowgli who is raised by wolves in the Indian jungle. The most famous of the other four stories are probably "Rikki-Tikki-Tavi", the story of a heroic mongoose, and "Toomai of the Elephants", the tale of a young elephant-handler. As with much of Kipling's work, each of the stories is preceded by a piece of verse, and succeeded by another. "The Second Jungle Book" is a sequel which features five stories about Mowgli and three unrelated

stories, all but one set in India, most of which Kipling wrote while living in Vermont.

Rudyard Kipling (1865-1936) was an English short-story writer, poet, and novelist. He wrote tales and poems of British soldiers in India and stories for children. He is regarded as a major innovator in the art of the short story; his children's books are classics of children's literature; and one critic described his work as exhibiting "a versatile and luminous narrative gift".

THE JUNGLE BOOK - A Classic of Children's Literature - Rudyard Kipling 2018-09-13

Herein are a collection of illustrated children's stories and poems by the English author Rudyard Kipling set in the jungles of India. Originally

published as short stories in a magazine, so popular were they, that the author was persuaded to put them into a book as a single collection. The Jungle Book, and its sequel, are now considered to be a classic of children's literature. The principal character is the boy or "man-cub" Mowgli, who is raised in the jungle by wolves. The stories feature Mowgli the man-cub's adventures with his animal brethren and the lessons they teach him in order to survive. Set in a forest in India; thought to be the "Seonee" (Seoni) forest in the central state of Madhya Pradesh, the supporting cast of characters are animals such as Akela the wolf, Shere Khan the tiger, Baloo the bear, Kaa the python and Rikki-Tikki-Tavi the mongoose amongst the many which feature. The story traces his growth from man-cub to young man and his eventual re-introduction into human society and the struggles of letting go of old friends and relationships in order to move on. So sit back with a steamy beverage and be prepared to

be entertained for many-an-hour. If and when you come to pick up the story where you left it, don't be surprised if you find a younger reader is now engrossed in the book and is reluctant to let it go. 10% of the net sale will be donated to charities by the publisher.

The Jungle

Book(Illustrated) - Rudyard Kipling 2016-05-20

The Jungle Book (1894) is a collection of stories by English author Rudyard Kipling. The stories were first published in magazines in 1893-94. The original publications contain illustrations, some by the author's father, John Lockwood Kipling. Kipling was born in India and spent the first six years of his childhood there. After about ten years in England, he went back to India and worked there for about six-and-a-half years. These stories were written when Kipling lived in Naulakha, the home he built in Dummerston, Vermont(just north of

Brattleboro), in the United States. There is evidence that the collection of stories was written for his daughter Josephine, who died in 1899 at six years of age; a rare first edition of the book with a poignant handwritten note by the author to his young daughter was discovered at the National Trust's Wimpole Hall in Cambridgeshire in 2010. The tales in the book (as well as those in The Second Jungle Book which followed in 1895, and which includes five further stories about Mowgli) are fables, using animals in an anthropomorphic manner to give moral lessons. The verses of The Law of the Jungle, for example, lay down rules for the safety of individuals, families, and communities. Kipling put in them nearly everything he knew or "heard or dreamed about the Indian jungle.
