All About Herbs, Charcoal, Medications, and Drugs - Ellen G. White 1999

One extremely helpful remedy of the past, described in this volume, was the use of charcoal in the treatment of bloody dysentery, probably as a complication of then common typhoid fever. Charcoal is generally beneficial in all forms of stomach and bowel upset. Its use at present should help to absorb the poisons from infections such as with the toxic strains of E. coli that can cause life threatening bloody diarrhea as well as other serious complications. Practical treatments are described for from stomach upset to eye infection, cough, and constipation. The external as well as the internal use of herbs and charcoal is described. This book is a comprehensive compilation of Spirit of Prophecy discussion regarding the subjects mentioned in the title as well as related items such as stimulants and narcotics. The focus is on the frequently perceived great divide between the simple, natural medicines readily used at home and the evolving complex drug medications prescribed by health professionals during the last 160 years. The some 335 unique referenecs (many with multi-paragraphs) are organized by date of authorship. There are two useful indices—the first by treatment and the second by disease. There are nine appendices with helpful, not otherwise readily available, ancillary material.

Christ's Object Lessons—Illustrated - Ellen G. White 1941

Heritage Edition—Over 100 illustrations of a century ago. Unabridged, original text consisting of inspiring and profound lessons from the stories and parables which Jesus told. Christ the Great Teacher gave much of His instruction as He walked with His disciples through the hills and valleys of Palestine or rested by the lake or river. In His parable teaching He linked divine truth with common things and incidents, as may be found in the experiences of the shepherd, the builder, the tiller of the soil, the traveler, and the homemaker. Familiar objects were associated with thoughts true and beautiful—thoughts of God's loving interest in us, of the grateful homage that is His due, and of the care we should have one for another. Thus lessons of divine wisdom and practical truth were made forcible and impressive. The Scripture says, "All these things spake Jesus unto the multitude in parables; . . . that it might be fulfilled which was spoken by the prophet, saying, I will open My mouth in parables; I will utter things which have been kept secret from the foundation of the world." Matt. 13:34, 35. Natural things were the medium for the spiritual; the things of nature and the life-experience of His hearers were connected with the truths of the written word. Leading thus from the natural to the spiritual kingdom, Christ's parables are links in the chain of truth that unites man with God, and earth with heaven. In this volume the parables are grouped according to their subjects, and their lessons are developed and illustrated. The book is full of gems of truth, and to many readers it will give a richer meaning to the common surroundings of everyday life.

Temperance - Ellen White 2021-08-03

This book called "Temperance" (BIG Print (A4) Original Text Edition without inclusive language) was a favorite theme of Mrs. Ellen G. White, both in her writings and in public discourse. In many of her articles which appeared in denominational journals through the years, and in manuscripts and letters of counsel addressed to both workers and laity, she urged Seventh-day Adventists to practice temperance and to promote vigorously the temperance cause. In response to earnest requests that this wealth of material and instruction should be made available in a single volume, this handbook has been prepared by authorization of the Ellen G. White publications, to whom Mrs. White committed the custody of her books and manuscripts. These selections have been drawn from the whole range of Mrs. White's writings on this subject, including some now out of print, such as the following: Health, or How to Live (1865); Christian Temperance and Bible Hygiene (1890); Special Testimonies (1892- 1912); and Drunkenness and Crime (1907). Both in the outline and in the content of subject matter, the compilers have earnestly sought to reflect the

emphasis which the author placed on the various phases of temperance.
