El ABC para administrar una empresa - Colegio de

Contadores Públicos de México, A.C 2020-08-03

El ABC para administrar una empresa, obra preparada por la Comisión de Apoyo al Ejercicio Independiente (CAEI) del Colegio de Contadores Públicos de México, A.C., representa un documento de gran trascendencia, el cual contribuye a manejar prácticamente todas las operaciones que una empresa debe realizar desde su origen, sin obviar el paso por todo el proceso legal e impositivo. Esta obra no solo ayuda al empresario y a los profesionales en la materia respecto a un plan de negocios, fiscal y contable en su versión electrónica; manejo y uso de los Comprobantes Fiscales Digitales por Internet (CFDI), leyes complementarias, seguridad social, comercio exterior; sino que, además, aborda aspectos vinculados con el capital humano, valuación de empresas, control interno, e incluso, lo inherente a operaciones inexistentes, tema por demás actual y de suma relevancia. Su estructura orienta fácilmente al lector por su contenido pragmático, como texto de consulta, o bien, para profundizar en los procedimientos y esquemas vinculados con los trámites y gestiones que requiere una empresa en marcha.

The Advanced Guide to Real Estate Investing - Ken McElroy 2013

If you're interested in real estate investing, you may have noticed the lack of coverage it gets in mainstream financial media, while stocks, bonds, and mutual funds are consistently touted as the safest and most profitable ways to invest. According to real estate guru Ken McElroy, that's because financial publications, tv and radio programs make the bulk of their money from advertising paid for by the very companies who provide such mainstream financial services. On the other hand, real estate investment is something you can do on your

own--without a large amount of money up front. Picking up where he left off in the bestselling ABC's of Real Estate Investing, McElroy reveals the next essential lessons and information that no serious investor can afford to miss. Building on the foundation of real estate investment 101, McElroy tells readers: How to think--and operate--like a real estate mogul How to identify and close expert deals Why multifamily housing is the best real estate investment out there How to surround yourself with a team that will help maximize your money How to avoid paying thousands in taxes by structuring property sales wisely Important projections about the future of real estate investment

Microsimulation as a Tool for the Evaluation of Public Policies - Amedeo Spadaro 2007

Los desarrollos en el ámbito de la investigación sobre la evaluación de políticas públicas están experimentando actualmente un gran avance. En este contexto, las técnicas de microsimulación -basadas en la representación del comportamiento de los individuos frente a cambios reales o hipotéticos en su entorno económico e institucional- han adquirido particular relevancia por su capacidad para evaluar a priori diferentes escenarios y facilitar la toma de decisiones. Las técnicas de simulación se realizan con modelos de absoluta precisión y exactitud que permiten estudiar y predecir el impacto y los efectos de una política sobre una muestra de individuos, familias o empresas representativa de la población total. Este libro presenta la microsimulación como técnica de evaluación de las políticas públicas, al mismo tiempo que propone una revisión razonada de los recientes avances. Una

conclusión común es que, gracias a un modelo de microsimulación, es posible identificar la mejor política de redistribución posible (en el sentido de maximizar una determinada función de bienestar social). De manera general, mediante el uso de esta técnica es posible hacer complementarios los enfoques macro de equilibrio económico general y micro de simulación de los comportamientos individuales. La presente publicación ofrece una herramienta de referencia a investigadores, académicos, políticos y analistas. Full Protection and Security in International Investment Law - Sebastián Mantilla Blanco 2019-10-24

This book provides a comprehensive study of the standard of 'full protection and security' (FPS) in international investment law. Ever since the Germany-Pakistan BIT of 1959, almost every investment agreement has included an FPS clause. FPS claims refer to the most diverse factual settings, from terrorist attacks to measures concerning concession contracts. Still, the FPS standard has received far less scholarly attention than other obligations under international investment law. Filling that gap, this study examines the evolution of FPS from its medieval roots to the modern age, delimits the scope of FPS in customary international law, and analyzes the relationship between FPS and the concept of due diligence in the law of state responsibility. It additionally explores the interpretation and application of FPS clauses, drawing particular attention to the diverse wording used in investment treaties, the role ascribed to custom, and the interplay between FPS and other treaty-based standards. Besides delivering a detailed analysis of the FPS standard, this book also serves as a guide to the relevant sources, providing an overview of numerous legal instruments, examples of

state practice, arbitral decisions, and related academic publications about the standard.

Por qué los ricos se vuelven más ricos - Robert T.

Kiyosaki 2017-11-17

Hace mucho tiempo los ahorradores eran ganadores. Hace mucho tiempo el ahorrador podía ahorrar y enriquecerse. Hoy los ahorradores son perdedores. Por qué los ricos se vuelven más ricos trata de la educación financiera real, no del cuento de hadas que afirma: "Ir a la escuela, conseguir un trabajo, trabajar duro, ahorrar, comprar una casa, salir de deudas e invertir a largo plazo en el mercado de valores". Este libro es la escuela de graduados de Padre Rico, Padre Pobre. Si estás buscando nuevas ideas sobre cómo sobrevivir y prosperar en el futuro, este libro es para ti. En este valioso libro, Robert T. Kiyosaki comparte los aprendizajes y lecciones que aprendió a lo largo de la vida, después de repetidamente hacerse la pregunta: "¿Cuándo aprenderemos sobre el dinero?" Al leer *Por qué los ricos se vuelven más ricos*, aprenderás: - Por qué la brecha entre los ricos y todos los demás se amplía. - Por qué los ahorradores son perdedores. - Por qué la deuda y los impuestos hacen a los ricos más ricos. - Por qué la educación tradicional realmente hace que muchas personas altamente educadas, como el Padre Pobre de Robert, vivan mal. - Por qué ir a la escuela, trabajar duro, ahorrar dinero, comprar una casa, salir de la deuda e invertir a largo plazo en el mercado de valores es el peor asesoramiento financiero para la mayoría de la gente. - Por qué la educación financiera real nunca se puede enseñar en las escuelas.

ABCs of Buying Rental Property - Ken McElroy 2020-09-29

Many Americans dream of financial freedom, but they're stuck in dead-end jobs and don't know how to get there. You don't need to be one of them. If you invested \$35,000 in the stock market today, it could take 52 years for that investment to grow to \$1 million. But if you invested that same amount into one single-family \$140,000 rental property, it would only take 19 years. With just two rental properties, you could generate \$417,000 in profit in just 10 years. Skeptical? Good,

because that's the first sign of a smart investor. This book will tackle that skepticism head on... and give you confidence and a path to financial freedom. THIS BOOK WILL TEACH YOU HOW TO: - Secure your investment money - Find your ideal market--and a positive-cash-flow property - Efficiently manage your property - Handle your record keeping - Boost revenues and cut costs - File your taxes using a step-by-step process - Build your real estate portfolio

Trump - The Best Real Estate Advice I Ever - Donald Trump 2012-07

Donald Trump has gathered in one book the best advice on real estate from the brightest and most experienced people... "Don't try to take the last penny off the table make sure that the people who buy from you also make money. If not, they won't buy from you again." -Michael Shvo, Founder of the Shvo Group and "the most successful young real estate broker in New York" "Mom said, 'If you don't have big breasts, put ribbons in your pigtails.'" Good salesmanship is nothing more than maximizing the positive and minimizing the negative. Although your competition might offer something you can't match, that doesn't matter. What matters is that you identify and play up what you've got." -Barbara Corcoran, Founder of the Corcoran Group, New York City's leading real estate company "Real estate can be so much fun you almost feel guilty earning money at it!" -Monda Bassil, President of Prestigious Properties of New York "When you sell real estate, pay tax only if you want, when you want, and in the amount you decide." -Gary Gorman, Founder of 1031 Exchange Experts, LLC, and author of *Exchanging UP!*

"Whether it is a real estate deal or any other venture, the key is to find something you enjoy doing, and then do it better than anyone else--because success comes easier to people who follow their passion." -Donald Trump, J r., Executive Vice President of Development and Acquisitions for The Trump Organization

Cataloging Cultural Objects - Project Manager Standards and Research Databases Murtha Baca, PhD 2006-06-12

In a visual and artifact-filled world, cataloging one-of-a-kind cultural objects without published guidelines and standards has been a challenge. Now for the first time, under the leadership of the Visual Resources Association, a cross-section of five visual and cultural heritage experts, along with scores of reviewers from varied institutions, have created a new data content standard focused on cultural materials. This cutting-edge reference offers practical resources for cataloging and flexibility to meet the needs of a wide range of institutions—from libraries to museums to archives. Consistently following these guidelines for selecting, ordering, and formatting data used to populate metadata elements in cultural materials' catalog records: Promotes good descriptive cataloging and reduces redundancy Builds a foundation of shared documentation Creates data sharing opportunities Enhances end-user access across institutional boundaries Complements existing standards (AACR) This is a must-have reference for museum professionals, visual resources curators, archivists, librarians and anyone who documents cultural objects (including architecture, paintings, sculpture, prints, manuscripts, photographs, visual media, performance art, archaeological sites, and artifacts) and their images.

The ABCs of Getting Out of Debt - Garrett Sutton
2013-02-28

In difficult times, debt can be a matter of life and death, happiness and despair. Controlling your debt can bring order and calm. Mastering debt can bring wealth and success. As bestselling Rich Dad/Poor Dad author Robert Kiyosaki says, "Good debt makes you rich and bad debt makes you poor." The ABCs of Getting Out of Debt provides the necessary knowledge to navigate through a

very challenging credit environment. A Rich Dad's Advisor and best selling author of numerous business books, Garrett Sutton, Esq. clearly writes on the key strategies readers must follow to get out of debt. Unlike other superficial offerings, Sutton explores the psychology and health effects of debt. From there, the reader learns how to beat the lenders at their own game, and how to understand and repair your own credit. Using real life illustrative stories, Sutton shares how to deal with debt collectors, avoid credit scams, and win with good credit. "The reason Garrett Sutton's book is so important is that like it or not, debt is a powerful force in our world today. The financially intelligent are using debt to enrich themselves while the financially uneducated are using debt to destroy their lives."- Robert Kiyosaki The times call for a book that offers hope and education on mastering credit and getting out of debt.

As business plan competitions become more popular around the world Writing Winning Business Plans also discusses how to enter and how to win these ever more lucrative contests. In addition, how to quickly interest a potential investor, also known as the elevator pitch, is explained. And, as opportunities arise around the world, how to present your plan in various countries is explored. Writing Winning Business Plans is the complete compendium for this essential business rite of passage – preparing a winning plan.

Strengthening Value Chains as an Industrial Policy

Instrument - Ramón Padilla 2014

This publication presents the recent experience of the Economic Commission for Latin America and the Caribbean (ECLAC) in respect of industrial policy design and

technical assistance for the Governments of two Central American countries: El Salvador and Guatemala. It adopts a value chain approach to identify in detail the restrictions facing these chains, both as a whole and at each of their links. Strategies aimed at strengthening value chains are participatory (public-private) and act as a driver of structural change by boosting productivity and value added, especially among small producers.

Investing in Rental Properties for Beginners - Lisa Phillips 2018-08-13

This book is about investing in sub \$30k properties (under \$30,000) and becoming a wealthy real estate investor enjoying the profits now, rather than later ... with only 2-5 properties instead of hundreds or overly priced properties. This book on investing in rental properties for beginners is the foundation of what I've built 47,000 person social media platform on - helping the average person get involved in rental properties on an average income, and building the cash flow of their dreams with 2-5 properties. That's it. This will teach you (the ordinary investor) how to tailor your investment strategy to your pocketbooks (and no one else's). You don't need to ask your parents or friends for loans because the best approach to building a rental portfolio is by purchasing units in modest neighborhoods that offer really high rents (i.e. purchase a \$44,000 rental that earns \$1200 a month in rents). If being a

real estate investor is your dream and being a landlord is not, this is the book for you! The author will personally take you through the steps she's used on over 560 people to build their dream income and lifestyle.

Macroeconomics - Olivier Blanchard 2021

An integrated, global view of macroeconomics, showing the connections between goods markets, financial markets, and labour markets worldwide. Analysis Thanks to the accumulation and distribution schemes we will be able to identify the participation of the professional as well as the general sentiment of the participants up to the present moment, enabling us to assess as objectively as possible who is most likely to be in control. The events and phases are unique to the methodology and help us to chart the development of the structures. This puts us in a position to know what to expect the market to do following the occurrence of each of them, giving us a roadmap to follow at all times. The structures are formed by events and phases and are some forms of representation on the chart of the continuous interaction between the different participants. How to do technical analysis in financial markets This book is the result of having studied a multitude of resources on this approach in addition to my own research and experience after having faced the market for years implementing this strategy. All this has allowed me to refine and improve some of the more primitive concepts of the methodology to adapt them to today's markets and give them a much more operational and real approach.
