Instill - Jamaal Nelson 2020-01-11

Spreading Peace, Love and Unity through poetry. I want to instill a positive consciousness to our people. To our men, women and youth. We have been deprived of that for over 400 years. Slavery is very much alive.

Today in this age of time it is more mental than physical. It's also industrial racism. I pray that we will rise from all these pains and scares. I pray that our people, who are death, dumb and blind to the knowledge of self, are brought to the light of their identity. We have to change internally as a people before we seek external elevation.

Free Gift with Purchase - Jean Godfrey-June 2006-04-18

Everybody loves beauty products. Even if you think you know nothing about them, or even if you think you hate them, you actually know plenty about them and, in fact, have several of them that you love. You have major opinions that lie barely beneath the surface. Women

whomodestly/moralistically claim to “never use all that beauty stuff” are big Clinique ladies, usually with a healthy helping of Neutrogena. —Free Gift with Purchase From the beloved beauty editor of Lucky magazine comes a dishy, charming, and insightful memoir of an unlikely career. Combining the personal stories of a quirky tomboy who found herself in the inner circle of the beauty world with priceless makeup tips (Is there really a perfect red lipstick out there for everyone? Which miracle skin potion actually works?), Jean Godfrey-June takes us behind the scenes to a world of glamour, fashion, and celebrity. Godfrey-June’s funny, smart, outsider perspective on beauty has set her apart since she first started writing her popular “Godfrey’s Guide” column for Elle magazine. In Free Gift with Purchase, she invites us into the absurd excess of the offices, closets, and medicine cabinets of beauty editors. From shelves upon shelves of face lotion, conditioner, lipstick, eye cream, wrinkle reducers, and perfume to thoroughly disturbing “acne breakfasts” and “cellulite lunches”; from the lows (a makeover from hell, getting pedicure tips from porn stars) to the highs (the glamour of the fashion shows in Paris, lounging in bed with Tom Ford, a flight on Donald Trump’s private jet, and landing her dream job at Lucky magazine), we see it all. Like a friend sharing the details of her incredibly cool job, Jean lets us in on the lessons she’s learned along the way, about the eternal search for the right haircut

and the perfect lip gloss, of course—but more important, about what her job has meant to her and why she loves what she does, blemishes and all.

Brasil Inspired - Nando Costa 2003

Soaring past most nations' notion of culture Brazil boasts jungle, concrete, football, corruption, carnival and the place where first and third worlds make easy bedfellows. That such a place is well-charted through maps and guides is hardly surprising but the creative output and impressions of that country have largely been ignored. "Brasil "takes the center stage to lap up the works produced (exclusively for this book) by designers from all corners of the globe.

A Grand Complication - Stacy Perman 2013-02-19

Two wealthy and powerful men engage in a decades-long contest to create and possess the most remarkable watch in history. James Ward Packard of Warren, Ohio, was an entrepreneur and a talented engineer of infinite curiosity, a self-made man who earned millions from his inventions, including the design and manufacture of America’s first luxury car—the elegant and storied Packard. Henry Graves, Jr., was the very essence of blue-blooded refinement in the early 1900s: son of a Wall Street financier, a central figure in New York high society, and a connoisseur of beautiful things—especially fine watches. Then, as now, expensive watches were the ultimate sign of luxury and wealth, but in the early twentieth century the limitless ambition, wealth, and creativity of these two men pushed the boundaries of mathematics, astronomy, craftsmanship, technology, and physics to create ever more ingenious timepieces. In any watch, features beyond the display of hours, minutes, and seconds are known as “complications.” Packard and Graves spurred acclaimed Swiss

watchmaker Patek Philippe to create the Mona Lisa of timepieces—a fabled watch that incorporated twenty-four complications and took nearly eight years to design and build. For the period, it was the most complicated watch ever created. For years it disappeared, but then it surfaced at a Sotheby's auction in 1999, touching off a heated bidding war, shattering all known records when it fetched \$11 million from an anonymous bidder. New York Times bestselling author Stacy Perman takes us from the clubby world of New York high society into the ateliers of the greatest Swiss watchmakers, and into the high-octane, often secretive subculture of modern-day watch collecting. With meticulous research, vivid historical details, and a wealth of dynamic personalities, *A Grand Complication* is the fascinating story of the thrilling duel between two of the most intriguing men of the early twentieth century. Above all, it is a sweeping chronicle of innovation, the desire for beauty, and the lengths people will go to possess it.

The Lost Legends of New Jersey - Frederick Reiken 2012-12-01

Romeo and Juliet in northern New Jersey? Yiddish constellations in Asbury Park? A garbage dump in the Meadowlands that's filled with old musical instruments from a high school marching band? Love and sex, hockey and snorkeling, a family that is falling apart despite the best intentions—this is what Frederick Reiken has delivered in his brilliant second novel. But the real subject is true love, the one and only-known in Yiddish as *b'shert*. Anthony Rubin, the young protagonist, isn't sure whether he's found it with his neighbor, Juliette, daughter of a reputed Mafioso. His mother, who quits the family after her husband's affair with a neighbor, doesn't believe in true love at all. But his father does, and so does Anthony's grandpa, who meets the love of his life at 78. Reiken is known for creating characters you feel you've known all your life, for mapping landscapes with profound intimacy and wonder. *The Lost Legends of New Jersey* is a rich, resonant book, filled with joy as well as heartbreak, and the extraordinary magic that can arise within ordinary lives.

29 Gifts - Cami Walker 2009-12

One month after her wedding day, thirty-three-year-old Cami Walker was diagnosed with multiple sclerosis, and the life she knew changed forever. Cami was soon in and out of L.A.'s emergency rooms with alarming frequency as she battled the neurological condition that left her barely able to walk and put enormous stress on her marriage. Each day brought new negative thoughts: Im going to end up in a wheelchair. Marks probably going to leave me. My life is over. Why did this have to happen to me? Then, as a remedy for her condition, Cami received an uncommon prescription from a friend, an African medicine woman named Mbali

Creazzo: Give away 29 gifts in 29 days. By giving, Mbali told her, you are focusing on what you have to offer others, inviting more abundance into your life. The gifts, she said, could be anything, but their giving had to be both authentic and mindful. At least one gift needed to be something she felt was scarce in her life. 29 Gifts is Camis poignant and unforgettable story of embracing the natural process of giving and receiving. Many of her gifts were simple a phone call, spare change, even a Kleenex. Yet the acts of kindness were transformative. By Day 29, not only had her health and happiness turned around, but she had also embarked on creating a worldwide giving movement. Including personal essays from members of the 29 Gifts.org online community whose lives changed for the better after taking the Challenge, 29 Gifts shows just how a simple, daily practice of altruism can dramatically alter your outlook on the world.

The Company I Keep - Leonard A. Lauder 2020-11-17

In his much-anticipated memoir, *The Company I Keep: My Life in Beauty*, Chairman Emeritus and former CEO of The Estée Lauder Companies Leonard A. Lauder shares the business and life lessons he learned as well as the adventures he had while helping transform the mom-and-pop business his mother founded in 1946 in the family kitchen into the beloved brand and ultimately into the iconic global prestige beauty company it is today. In its infancy in the 1940s and 50s, the company comprised a

handful of products, sold under a single brand in just a few prestigious department stores across the United States. Today, The Estée Lauder Companies constitutes one of the world's leading manufacturers and marketers of prestige skin care, makeup, fragrance and hair care products. It comprises more than 25 brands, whose products are sold in over 150 countries and territories. This growth and success was led by Leonard A. Lauder, Estée Lauder's oldest son, who envisioned and effected this expansion during a remarkable 60-year tenure, including leading the company as CEO and Chairman. In this captivating personal account complete with great stories as only he can tell them, Mr. Lauder, now known as The Estée Lauder Companies' "Chief Teaching Officer," reflects on his childhood, growing up during the Great Depression, the vibrant decades of the post-World War II boom, and his work growing the company into the beauty powerhouse it is today. Mr. Lauder pays loving tribute to his mother Estée Lauder, its eponymous founder, and to the employees of the company, both past and present, while sharing inside stories about the company, including tales of cutthroat rivalry with Charles Revson of Revlon and others. The book offers keen insights on honing ambition, leveraging success, learning from mistakes, and growing an international company in an age of economic turbulence, uncertainty, and fierce competition.

The 7 Triggers to Yes: The New Science Behind Influencing People's Decisions - Russell H. Granger 2008-01-07

Introducing 7 scientifically proven ways to masterfully apply the skill of persuasion and get the results you want Everybody knows that the best way to persuade people to reach the "Yes" response is by using logic and reason, right? Wrong. According to the latest research in neuroscience, most people respond to emotional cues rather than rational ones. Instead of using facts and figures to persuade, you should be tapping into the brain's internal triggers for making decisions. With the new technology of

realtime brain imaging, scientists have been able to pinpoint seven of these emotional triggers. Activating one or more of the other person's triggers will make you a master persuader in every aspect of your life. You'll learn how to motivate a "Yes" response from clients, coworkers, employees, and entire organizations. Just say "YES" to success. "7 Triggers to Yes is a great book. It's not the same old information repackaged. It contains information you can apply not only to your job but also in your everyday life, so you will forge constructive relationships, become a better leader, and create organizational change--all of which will lead to a more powerful, influential, and successful life." --From the review by Melissa F. Coupon Crazy - Mary Potter Kenyon 2013-06-18

A fascinating history of this marketing tactic, and why some shoppers take it to extremes—from a longtime expert couponer. *Coupon Crazy* examines the phenomenon of avid coupon use and the socio-cultural and socioeconomic factors that construct it. By delving into the history of couponing, refunding, the science of shopping, and the dark underbelly of a coupon world the average American doesn't even know about, Mary Potter Kenyon manages to both fascinate and educate. Readers will meet today's "Coupon Queens" (and Kings) and learn about an era when trash really was cash. Not just an observer of this ethnographic research, Mary lived it for over thirty years. "My favorite aspect of the entire book was the

candid tone Kenyon takes in sharing her story and others. As someone that both uses coupons and teaches couponing practices, I found the book triggering self-reflection at many points: Do I purchase products just because they are on sale? Do I devalue products I've gotten for free? Do I allow coupons to inform my purchases or the other way around? If you are a couponer, it's quite possible you'll find yourself reflecting on your own shopping habits as you read this book, too." —Angela Russell, The Coupon Project
