Cecilia, Or, Memoirs of an Heiress - Fanny Burney 1783

**Disgrace** - J. M. Coetzee  
2017-01-03

J.M. Coetzee's latest novel, *The Schooldays of Jesus*, is now available from Viking. *Late Essays: 2006-2016* will be available January 2018. Set in post-apartheid South Africa, J. M. Coetzee's searing novel tells the story of David Lurie, a twice

divorced, 52-year-old professor of communications and Romantic Poetry at Cape Technical University. Lurie believes he has created a comfortable, if somewhat passionless, life for himself. He lives within his financial and emotional means. Though his position at the university has been reduced, he teaches his classes dutifully; and while age has diminished his

attractiveness, weekly visits to a prostitute satisfy his sexual needs. He considers himself happy. But when Lurie seduces one of his students, he sets in motion a chain of events that will shatter his complacency and leave him utterly disgraced. Lurie pursues his relationship with the young Melanie—whom he describes as having hips “as slim as a twelve-year-old’s”—obsessively and narcissistically, ignoring, on one occasion, her wish not to have sex. When Melanie and her father lodge a complaint against him, Lurie is brought before an academic committee where he admits he is guilty of all the charges but refuses to express any repentance for his acts. In the furor of the scandal, jeered at by students, threatened by Melanie’s boyfriend, ridiculed by his ex-wife, Lurie is forced to resign and flees Cape Town for his daughter Lucy’s smallholding in the country. There he struggles to rekindle his relationship with Lucy and to understand the changing relations of blacks and whites in the new South

Africa. But when three black strangers appear at their house asking to make a phone call, a harrowing afternoon of violence follows which leaves both of them badly shaken and further estranged from one another. After a brief return to Cape Town, where Lurie discovers his home has also been vandalized, he decides to stay on with his daughter, who is pregnant with the child of one of her attackers. Now thoroughly humiliated, Lurie devotes himself to volunteering at the animal clinic, where he helps put down diseased and unwanted dogs. It is here, Coetzee seems to suggest, that Lurie gains a redeeming sense of compassion absent from his life up to this point. Written with the austere clarity that has made J. M. Coetzee the winner of two Booker Prizes, *Disgrace* explores the downfall of one man and dramatizes, with unforgettable, at times almost unbearable, vividness the plight of a country caught in the chaotic aftermath of centuries of racial oppression.

*Sense and Sensibility* - Jane

Austen 2011-10-25

A Penguin Classics Deluxe Edition of the timeless story of Marianne and Elinor Dashwood. Marianne Dashwood wears her heart on her sleeve, and when she falls in love with the dashing but unsuitable John Willoughby she ignores her sister Elinor's warning that her impulsive behaviour leaves her open to gossip and innuendo. Meanwhile Elinor, always sensitive to social convention, is struggling to conceal her own romantic disappointment, even from those closest to her. Through their parallel experience of love - and its threatened loss - the sisters learn that sense must mix with sensibility if they are to find personal happiness in a society where status and money govern the rules of love. This edition includes an introduction, original essays, and suggestions for further exploration by Devoney Looser. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles,

Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

**The Geographer's Library** -  
Jon Fasman 2006-02-28

"A brainy noir . . . [a] winningly cryptic tale . . . a cabinet of wonders written by a novelist whose surname and sensibility fit comfortably on the shelf between Umberto Eco and John Fowles." —Los Angeles Times  
"One of the year's most literate and absorbing entertainments." —Kirkus Reviews  
Jon Fasman's dizzyingly plotted intellectual thriller suggests a marriage between Dan Brown and Donna Tartt. When reporter Paul Tomm is assigned to investigate the mysterious death of a reclusive academic, he finds himself pursuing leads that date back to the twelfth century and the theft of alchemical instruments from

the geographer of the Sicilian court. Now someone is trying to retrieve them. Interspersed with the present action are the stories of the men and women who came to possess those charmed—and sometimes cursed—artifacts, which have powers that go well beyond the transmutation of lead into gold. Deftly combining history, magic, suspense, and romance—and as handsomely illustrated as an ancient incunabulum—The Geographer’s Library is irresistible.

Memoirs of Emma Courtney - Mary Hays 2021-05-21  
Memoirs of Emma Courtney (1796) is a novel by English writer and feminist Mary Hays. Inspired by events from her own life, as well as by her acquaintance with radical political philosophers William Godwin and Mary Wollstonecraft, Hays’s novel received mixed reviews and was controversial for its representation of female sexuality, adultery, infanticide, and suicide. Modern critics and readers, however, have

recognized the novel as a groundbreaking work of feminist fiction. In a series of letters to her adopted son Augustus Harley, Emma Courtney reveals the tragic details of her life. Young and in love with Augustus’s father, Courtney dreamed of marrying him and starting a family. Despite their true connection, Harley is unable to marry—his continued income is only guaranteed, he claims, if he remains a bachelor. Meanwhile, a man named Mr. Montague promises Courtney a life of safety and financial stability if she will agree to marry him, which, after learning that Harley has secretly been married all along, she does. Heartbroken, Courtney settles for a life with her new husband, and raising her daughter becomes her only cause for passion. When she realizes the extent of Mr. Montague’s dishonesty, however, she struggles to reconcile her former sense of individuality with the life she has been forced to live. When Harley suddenly reappears, however,

feelings from the past return that threaten to flood Courtney's heart and overturn what stability she thought had been her own. *Memoirs of Emma Courtney* is an epistolary novel exploring themes of desire, inequality, and the love that transcends the values and bonds of society. With a beautifully designed cover and professionally typeset manuscript, this edition of Mary Hays's *Memoirs of Emma Courtney* is a classic of English literature reimagined for modern readers.

**The Oxford Handbook of Civil Society** - Michael

Edwards 2013-07-04

Broadly speaking, *The Oxford Handbook of Civil Society* views the topic of civil society through three prisms: as a part of society (voluntary associations), as a kind of society (marked out by certain social norms), and as a space for citizen action and engagement (the public square or sphere).

[Divided Fictions](#) - Kristina

Straub 2014-07-11

Today Fanny Burney's venture

into authorship would not be questionable. She was, after all, a daughter of a celebrated musician, and the Burney family was known to the circle of Samuel Johnson and Hester Thrale. Yet as Kristina Straub ably shows, the public recognition which followed the publication of her first novel placed Fanny Burney in a situation of disturbing ambiguity. Did she become famous or notorious? Was she a prodigy or a freak? In this study of Burney, Straub not only describes and analyzes the disturbing transition of a writer's self-awareness as a woman and a literary artist from private to public terms, but also reveals in Burney's works a hitherto unacknowledged complexity."

*The Life of Breath in Literature, Culture and Medicine* - David Fuller 2021-10-01

This open access book studies breath and breathing in literature and culture and provides crucial insights into the history of medicine, health and the emotions, the foundations of beliefs

concerning body, spirit and world, the connections between breath and creativity and the phenomenology of breath and breathlessness. Contributions span the classical, medieval, early modern, Romantic, Victorian, modern and contemporary periods, drawing on medical writings, philosophy, theology and the visual arts as well as on literary, historical and cultural studies. The collection illustrates the complex significance and symbolic power of breath and breathlessness across time: breath is written deeply into ideas of nature, spirituality, emotion, creativity and being, and is inextricable from notions of consciousness, spirit, inspiration, voice, feeling, freedom and movement. The volume also demonstrates the long-standing connections between breath and place, politics and aesthetics, illuminating both contrasts and continuities.

**Old Man Goriot** - Honoré de Balzac 2011-01-06

Monsieur Goriot is one of a disparate group of lodgers at Madame Vauquer's dingy Parisian boarding house. At first his wealth inspires respect, but as his circumstances are mysteriously reduced he becomes shunned by those around him, and soon his only remaining visitors are his two beautifully dressed daughters.

Goriot's fate is intertwined with two other fellow boarders: the young social climber Eugene Rastignac, who sees a way to gain the acceptance and wealth he craves, and the enigmatic figure of Vautrin, who is hiding darker secrets than anyone. Weaving a compelling and panoramic story of love, money, self-sacrifice, corruption, greed and ambition, *Old Man Goriot* is Balzac's acknowledged masterpiece. A key novel in his *Comédie Humaine* series, it is a vividly realized portrait of bourgeois Parisian society in the years following the French Revolution.

*The Woman of Colour* - Lyndon J. Dominique 2007-10-24

*The Woman of Colour* is a unique literary account of a black heiress' life immediately after the abolition of the British slave trade. Olivia Fairfield, the biracial heroine and orphaned daughter of a slaveholder, must travel from Jamaica to England, and as a condition of her father's will either marry her Caucasian first cousin or become dependent on his mercenary elder brother and sister-in-law. As Olivia decides between these two conflicting possibilities, her letters recount her impressions of Britain and its inhabitants as only a black woman could record them. She gives scathing descriptions of London, Bristol, and the British, as well as progressive critiques of race, racism, and slavery. The narrative follows her life from the heights of her arranged marriage to its swift descent into annulment and destitution, only to culminate in her resurrection as a self-proclaimed "widow" who flouts the conventional marriage plot. The appendices, which include contemporary reviews of the novel, historical documents on

race and inheritance in Jamaica, and examples of other women of colour in early British prose fiction, will further inspire readers to rethink issues of race, gender, class, and empire from an African woman's perspective.

*Doctor Thorne* - Anthony Trollope 1914

*Evelina* - Frances Burney 2012-05-31

With entries from the diary of Fanny Burney. 'O Sir, how much uneasiness must I suffer, to counterbalance one short morning of happiness!' In this comic and sharply incisive satire of excess and affectations, beautiful young Evelina falls victim to the rakish advances of Sir Clement Willoughby on her entrance to the world of fashionable London. Colliding with the manners and customs of a society she doesn't understand, she finds herself without hope that she should ever deserve the attention of the man she loves. Frances Burney's first novel brilliantly sends up eighteenth-century society -

and its opinions of women - while enticingly depicting its delights. The Penguin English Library - 100 editions of the best fiction in English, from the eighteenth century and the very first novels to the beginning of the First World War.

*Frances Burney's "Evelina"* - Svetlana Kochkina 2023-04-12

*Evelina*, the first novel by Frances Burney, published in 1778, enjoys lasting popularity among the reading public. Tracing its publication history through 174 editions, adaptations, and reprints, many of them newly discovered and identified, this book demonstrates how the novel's material embodiment in the form of the printed book has been reshaped by its publishers, recasting its content for new generations of readers. Four main chapters vividly describe how during 240 years, *Evelina*, a popular novel of manners, metamorphosed without any significant alterations to its text into a Regency "rambling" text, a romantic novel for "lecteurs

déliçats,” a cheap imprint for circulating libraries, a yellow-back, a book with a certain aesthetic cachet, a Christmas gift-book, finally becoming an integral part of the established literary canon in annotated scholarly editions. This book also focuses on the remodelling and transformation of the paratext in this novel, written by a woman author, by the heavily male-dominated publishing industry. Shorter Entr’acte sections discuss and describe alterations in the forms of Burney’s name and the title of her work, the omission and renaming of her authorial prefaces, and the redeployment of the publisher’s prefatorial apparatus to support particular editions throughout almost two-and-a-half centuries of the novel’s existence. Illustrated with reproductions of covers, frontispieces, and title pages, the book also provides an illuminating insight into the role of Evelina’s visual representation in its history as a marketable commodity, highlighting the existence of editions targeting various

segments of the book market: from the upper-middle-class to mass-readership. The first comprehensive and fully updated bibliography of English and translated editions, adaptations, and reprints of Evelina published in 13 languages and scripts appears in an appendix.

Journals and Letters - Frances Burney 2006-05-25

Novelist and playwright Frances (Fanny) Burney, 1752-1840, was also a prolific writer of journals and letters, beginning with the diary she started at fifteen and continuing until the end of her eventful life. From her youth in London high society to a period in the court of Queen Charlotte and her years interned in France with her husband Alexandre d'Arblay during the Napoleonic Wars, she captured the changing times around her, creating brilliantly comic and candid portraits of those she encountered - including the 'mad' King George, Samuel Johnson, Sir Joshua Reynolds, David Garrick and a charismatic Napoleon Bonaparte. She also

describes, in her most moving piece, undergoing a mastectomy at fifty-nine without anaesthetic. Whether a carefree young girl or a mature woman, Fanny Burney's forthright, intimate and wickedly perceptive voice brings her world powerfully to life.

**The Beggar's Opera and Polly** - John Gay 2013-05-09

'Gamesters and Highwaymen are generally very good to their Whores, but they are very Devils to their Wives.' With *The Beggar's Opera* (1728), John Gay created one of the most enduringly popular works in English theatre history, and invented a new dramatic form, the ballad opera. Gay's daring mixture of caustic political satire, well-loved popular tunes, and a story of crime and betrayal set in the urban underworld of prostitutes and thieves was an overnight sensation. Captain Macheath and Polly Peachum have become famous well beyond the confines of Gay's original play, and in its sequel, *Polly*, banned in Gay's lifetime, their adventures continue in the West Indies. With a cross-dressing heroine and a cast of female adventurers, pirates, Indian princes, rebel slaves,

and rapacious landowners, Polly lays bare a culture in which all human relationships are reduced to commercial transactions. Raucous, lyrical, witty, ironic and tragic by turns, *The Beggar's Opera* and *Polly* - published together here for the first time - offer a scathing and ebullient portrait of a society in which statesmen and outlaws, colonialists and pirates, are impossible to tell apart. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

**The Fictions of Language and the Languages of Fiction** - Monika Fludernik

2003-12-16

Monika Fludernik presents a detailed analysis of free indirect

discourse as it relates to narrative theory, and the crucial problematic of how speech and thought are represented in fiction. Building on the insights of Ann Banfield's *Unspeakable Sentences*, Fludernik radically extends Banfield's model to accommodate evidence from conversational narrative, non-fictional prose and literary works from Chaucer to the present. Fludernik's model subsumes earlier insights into the forms and functions of quotation and aligns them with discourse strategies observable in the oral language. Drawing on a vast range of literature, she provides an invaluable resource for researchers in the field and introduces English readers to extensive work on the subject in German as well as comparing the free indirect discourse features of German, French and English. This study effectively repositions the whole area between literature and linguistics, opening up a new set of questions in narrative theory.

The Wanderer, Or, Female Difficulties - Fanny Burney 2001

The Wanderer or Female Difficulties is the tale of a penniless emigree from Revolutionary France trying to earn her living in England while guarding her own secrets. Combining the best elements of the Gothic and historical novels, this newly appreciated work is an extraordinary piece of Romantic fiction. Burney's tough comedy offers a satiric view of complacent middle-class insularity that echoes Godwin and Wollstonecraft's attacks on the English social structure. The problems of the new feminism and of the old anti-feminism are explored in the relationship between the

heroine and her English patroness and rival, the Wollstonecraftian Elinor Joddrel, and the racism inherent within both the French and British empires is exposed when the emigree disguises herself as a black woman. This edition is fully annotated with appendices on the French Revolution, race relations, amusements, and geography and a previously unpublished manuscript revealing the connection between *The Wanderer* and *Camilla*.

**Evelina** - Fanny Burney 1810

*Daughter of the Lion* - Jennifer Roberson 1989-02-07

The sixth book in the *Chronicles of the Cheysuli* continues a tale of magical warriors and shapeshifters as they battle the sorcerers that threaten their existence. She is Keely, twin sister to Corin, and daughter to Niall, the ruler of Homana, and she alone has the power to shapechange into any form—a power akin to that of the Firstborn. Like her brothers, Keely has been chosen to play a crucial part in the Firstborn's

prophecy. Yet Keely is no weak pawn to be used in men's games of power and diplomacy. Trained alongside her brothers in the art of war, gifted with more of the old magic than most of her close kin, she will not easily give way even to Niall's commands, nor be forced against her will into an arranged marriage. But others besides Keely's father have plans for her future. Stahan, the most powerful Ihlini sorcerer, is preparing a trap from which even one as magically-gifted as Keely may find no escape. And in the deepwood, another waits to challenge Keely—an outlaw fully as dangerous to her future freedom as Strahan is to her life....

**Camilla: or, A picture of youth, by the author of *Evelina*. [with MS. note by Jane Austen].** - Fanny Burney 1802

The Exalted Heroine and the Triumph of Order - K. G. Hall 1993

The first part of this study provides background information to the eighteenth-

century English novel, and includes discussion of the relationship between literature and ideology, literary realism, the fiction reading/purchasing public, and authorial intention and technique. The second focuses on seven diverse, yet representative, novels of the period, paying particular attention to the presentation of class, women and religion in the works examined. Whilst no grand theory is proposed, the writer seeks to utilise an approach derived from sociological and Marxist thought, and to employ it as a practical mode of criticism. Although some familiarity with the novels is assumed in the individual analyses of each work, the first part of the study should be of interest to anyone curious about eighteenth-century fiction and the more general issues considered.

Ignorance is bliss, or so hopes Antoine, the lead character in Martin Page's stinging satire, *How I Became Stupid*—a modern day *Candide* with a

Darwin Award like sensibility. A twenty-five-year-old Aramaic scholar, Antoine has had it with being brilliant and deeply self-aware in today's culture. So tortured is he by the depth of his perception and understanding of himself and the world around him that he vows to denounce his intelligence by any means necessary in order to become "stupid" enough to be a happy, functioning member of society. What follows is a dark and hilarious odyssey as Antoine tries everything from alcoholism to stock-trading in order to lighten the burden of his brain on his soul.
