Nevermore - William Hjortsberg 2012-03-13

Sir Arthur Conan Doyle and Harry Houdini team up to search for a literary-minded killer It is 1923 and a beautiful young woman has just been found outside a tenement, bones crushed, head ripped from her shoulders. A few stories above, her squalid apartment has been ransacked, and twenty-dollar gold pieces litter the floor. The window frame is smashed. She seems to have been hurled from the building by a beast of impossible strength, and the only witness claims to have seen a long-armed ape fleeing the scene. The police are baffled, but one reporter recognizes the author of the bloody crime: the long-dead Edgar Allan Poe. A psychopath is haunting New York City, imitating the murders that made Poe's stories so famous. To Harry Houdini and Sir Arthur Conan Doyle, the killing spree is of purely academic interest. But when Poe's ghost appears in Doyle's hotel room, the writer and the magician begin to suspect that the murders may hold a clue to understanding death itself. This ebook features an illustrated biography of William Hjortsberg including rare photos from the author's personal collection.

The Wind In My Heart - Crystal Lake Publishing 2021-01-12

Miles Landry is trying to put violence behind him when he takes up work as a private detective focused on humdrum adultery cases. But when a Tibetan monk hires him to find a missing person, things get weird fast. Charged with tracking down the reincarnation of a man possessed by a demonic guardian from the Tibetan Book of the Dead, Miles is plunged into a world of fortune-tellers, gangsters, and tantric rituals. The year is 1991 and a series of grisly murders has rocked New York City in the run up to a visit from the Dalai Lama. The police attribute the killings to Chinatown gang warfare. Miles-skeptical of the supernatural-is inclined to agree. But what if the monster he's hunting is more than a myth? Proudly represented by Crystal Lake Publishing-Tales from the Darkest Depths. Interview with the author: What makes this Horror/Noir novel so special? I've always been attracted to mashups of my favorite genres. I think what makes The Wind In My Heart special is that it takes the best of both worlds from crime novels and horror thrillers and adds a dash of the supernatural with a Tibetan twist. I'd like to think it's a unique cocktail. Tell us more about your lead character. Miles Landry is a private detective with a short fuse and a black sense of humor. He's suffered some personal losses that have left him pretty hardened. He's a pragmatic ex-military man who views the world with a skeptical eye. But he also tries to keep an open mind when his clients have an open wallet. So it's interesting to see what happens when a group of Buddhist monks hires him to solve a supernatural mystery. His world view is bound to clash with theirs, but he may learn something along the way. Why should readers give this book or your work a

try? So much of supernatural horror and thriller fiction is based on Judeo-Christian premises. I wanted to explore a different perspective on gods, demons, and the afterlife, and to contrast that with a very American setting. The result is a violent, urban occult thriller with the voice of a classic noir. It's a quick, entertaining read with some deep philosophical roots that have interested me for decades.

Odd Corners - William Hjortsberg 2004-03-30

In 1971, when William Hjortsberg first published *Gray Matters*, reviewers mentioned Borges. And in 1972 came *Symbiography*, a novella about a man who dreams for a living. He is, in fact, a best-selling dreamer. Before "Mad Max" (1979) and *Neuromancer* (1984), back in the days when reality was either "real" or chemical, Hjortsberg sat about to create a post-holocaust fiction, (mis-termed, we think, "science" fiction), that anticipates the Virtual, the Punk, and the Meta. In *The New York Times*, John Leonard called him "a satanic S.J. Perelman . . . by way of Disney and de Sade," and Harry Crews, also in *The Times*, continued, "He writes fiction the way Leroy Jordan plays football-with controlled abandon-which is to say, with the abandon that only the greatest discipline can release." As readers it is thrilling to realize how perfectly timed this work is for our day, fresher even, somehow, than it was thirty years ago. *Odd Corners* collects *Gray Matters* and *Symbiography* together with two stories never before in book form, a complete cyberworld, courtesy of William Hjordstberg.

The Sentinel - Jeffrey Konvitz 2016-01-12

Aspiring model Allison Parker finally moves into her dream apartment: a brownstone on Manhattan's Upper West Side. But her perfect home quickly turns hellish. Eventually, Allison starts hearing strange noises from the empty apartment above hers. Jubilee Hitchhiker - William Hjortsberg 2012-04-01

Confident and robust, *Jubilee Hitchhiker* is a comprehensive biography of late novelist and poet Richard Brautigan, author of *Troutfishing in America* and *A Confederate General from Big Sur*, among many others. When Brautigan took his own life in September of 1984 his close friends and network of artists and writers were devastated though not entirely surprised. To many, Brautigan was shrouded in enigma, erratic and unpredictable in his habits and presentation. But his career was formidable, an inspiration to young writers like Hjortsberg trying to get their start. Brautigan's career wove its way through both the Beat–influenced San Francisco Renaissance in the 1950s and the "Flower Power" hippie movement of the

1960s; while he never claimed direct artistic involvement with either period, *Jubilee Hitchhiker* also delves deeply into the spirited times in which he lived. As Hjortsberg guides us through his search to uncover Brautigan as a man the reader is pulled deeply into the writer's world. Ultimately this is a work that seeks to connect the Brautigan known to his fans with the man who ended his life so abruptly in 1984 while revealing the close ties between his writing and the actual events of his life. Part history, part biography, and part memoir this etches the portrait of a man destroyed by his genius.

The Cadaver of Gideon Wyck - Alexander Laing 2016-10-04

Strange mysteries abound in a small Maine town. Why did the brilliant, but cruel, Dr. Gideon Wyck perform an unnecessary amputation on one of his patients? Why does that patient now insist that black devils are trying to steal his soul? What is behind the series of monster babies being born to apparently normal, healthy women? And when Wyck is found dead under peculiar and inexplicable circumstances, who is responsible--and why? *The Cadaver of Gideon Wyck*, Alexander Laing's odd hybrid of horror, crime and science fiction, was an unlikely bestseller and critical success when first published in 1934, and it was later selected by Karl Edward Wagner as one of the top horror novels of all time. This new edition reprints the unabridged text of the first edition along with a reproduction of its dust jacket art and frontispiece by Lynd Ward.

Seeing Richard - Erik Weber 2015-11-19

Richard Brautigan (1935-84) was one of the most iconic US writers of the 1960s and 70s. But this ascent was matched by an equal and emphatic descent into alcoholism, which eventually led to his suicide at the age of 49. *Seeing Richard* is a collection of photographs Erik Weber made of Mr. Brautigan during their 15 year friendship. The images are of projects they worked on together, formal portraits made for book covers, and those of a more personal nature. The majority of the images have not been published before.

J. Finn). The day Anna McDonald's quiet, respectable life exploded started off like all the days before: Packing up the kids for school, making breakfast, listening to yet another true crime podcast. Then her husband comes downstairs with an announcement, and Anna is suddenly, shockingly alone. Reeling, desperate for distraction, Anna returns to the podcast. Other people's problems are much better than one's own -- a sunken yacht, a murdered family, a hint of international conspiracy. But this case actually is Anna's problem. She knows one of the victims from an earlier life, a life she's taken great pains to leave behind. And she is convinced that she knows what really happened. Then an unexpected visitor arrives on her front stoop, a meddling neighbor intervenes, and life as Anna knows it is well and truly over.

The devils of her past are awakened -- and they're in hot pursuit. Convinced she has no other options, Anna goes on the run, and in pursuit of the truth, with a washed-up musician at her side and the podcast as her guide. Conviction is "daredevil storytelling at its finest" (NPR's Fresh Air), a breathtaking thriller from one of the most "superbly talented" writers of our time (Hank Phillippi Ryan, bestselling author of Trust Me).

A History of Fear - Luke Dumas 2022-12-06

"Readers, beware: this novel is not safe and will have you questioning what's real for many sleepless nights to come." —Clay McLeod Chapman, author of The Remaking "A disorienting, creepy, paranoia-inducing reimagining of the devil-made-me-do-it tale" (Paul Tremblay, author of The Cabin at the End of the World) following the harrowing downfall of a tortured graduate student arrested for murder. The Devil is in Scotland. Grayson Hale, the most infamous murderer in Scotland, is better known by a different name: the Devil's Advocate. The twenty-five-year-old American grad student rose to instant notoriety when he confessed to the slaughter of his classmate Liam Stewart, claiming the Devil made him do it. When Hale is found hanged in his prison cell, officers uncover a handwritten manuscript that promises to answer the question that's haunted the nation for years: was Hale a lunatic, or had he been telling the truth all along? Unnervingly, Hale doesn't fit the bill of a killer. The first-person narrative that centers this novel reveals an acerbic young atheist, newly enrolled at the University of Edinburgh to carry on the legacy of his recently deceased father. In need of cash, he takes a job ghostwriting a mysterious book for a dark stranger, but has misgivings when the project begins to reawaken his satanophobia, a rare condition that causes him to live in terror that the Devil is after him. As he struggles to disentangle fact from fear, Grayson's world is turned upside-down after events force him to confront his growing suspicion that he's working for the one he has feared all this time—and that the book is only the beginning of their partnership. A History of Fear is a propulsive foray into the darkness of the human psyche, marrying dread-inducing atmosphere and heart-palpitating storytelling.

Everyone he questions dies soon after, as Angel's investigation ensnares him in a bizarre tangle of black magic, carnival freaks, and grisly voodoo. The Invisible Host - Gwen Bristow 1930

Dark Forces - Kirby McCauley 1989
