[An Embassy Besieged](#) - Emmy

Barth 2010-08-05

Here for the first time in print is

the story of a small group who

dared to confront Adolf Hitler and the Third Reich with the love of Jesus Christ. Avoiding covert resistance on the one hand and complicity and compromise on the other, the Rhn Bruderhof, under the courageous leadership of Eberhard Arnold, boldly witnessed to the politics of the Kingdom of God in Nazi Germany. Although "less than a gnat to an elephant," in Arnold's words, they believed that as God's ambassadors love could overcome hatred-even of Adolf Hitler himself. This is an amazing account of a community who stayed true to the nonviolent way of the Cross, and how, despite relentless

Nazi opposition, God protected and victoriously led them along the way.

Affective Trajectories - Hansjörg

Dilger 2020-02-28

The contributors to *Affective*

Trajectories examine the mutual and highly complex

entwinements between religion

and affect in urban Africa in the early twenty-first century.

Drawing on ethnographic

research throughout the

continent and in African

diasporic communities abroad,

they trace the myriad ways religious ideas, practices, and materialities interact with affect to configure life in urban spaces. Whether examining the affective force of the built urban environment or how religious practices contribute to new forms of attachment, identification, and place-making, they illustrate the force of affect as it is shaped by temporality and spatiality in the religious lives of individuals and communities. Among other topics, they explore Masowe Apostolic Christianity in relation to experiences of displacement in Harare, Zimbabwe; Muslim identity, belonging, and the global ummah in Ghana; crime,

emotions, and conversion to neo-Pentecostalism in Cape Town; and spiritual cleansing in a Congolese branch of a Japanese religious movement. In so doing, the contributors demonstrate how the social and material living conditions of African cities generate diverse affective forms of religious experiences in ways that foster both localized and transnational paths of emotional knowledge. Stories of Minjung Theology -
Byung-Mu Ahn 2019
"This autobiography combines the personal story of Ahn Byung-Mu, one of the foremost Asian theologians, with the history of the Korean nation in the light of the dramatic social, political and cultural upheavals of the 1970s. It records the history of minjung (the people's) theology, one of the vigorous theologies to emerge in Asia, Ahu's involvement in it, and his interpretations of major Christian doctrines such as God, Sin, Jesus, and Holy Spirit from the minjung perspective. The volume also contains an introductory essay which

situates Ahn's work in its context and discusses the place and purpose of minjung hermeneutics in a vastly different Korea"--

Francis O. Olonade 2019-10-22
There is a champion in everyone; that's the good news. The bad news is that a lot of people live and die without discovering this great treasure that God has deposited in them. In the book, Discover the Champion in You, Rev (Dr) Francis Olonade brings the truth to bear on certain aspects of discovering God's will for your life and becoming the champion God has created you to be. How can true greatness be achieved? What can I do to guarantee its fulfilment? Can the champion in me fail to find expression? You will find out the enemies that can cause the short-circuiting of God's plan and how you can overcome them. Biblical Counseling Manual - Adam A. Pulaski 2004
All that was done to us, what

we have done to others, the failures, the ills, the violations of our persons, the brutalities, the perversions of life, rejections, death of loved ones, tragedies, loneliness, abandonment, Jesus paid the penalty for all these sins, and provided the means to handle the tragedies of life. We do not need to deal with these violations and tragedies on our own. Christ is in us to work out our salvation daily (Phil. 2:12-13; Gal. 2:20; 2 Cor. 5:21; Rom. 6:3-6; Ezek. 18:20). Being in Christ, we are new creatures and we are to deal with life now from the biblical perspective. Our problem is not with Satan, not with people, not with the circumstances of life, but our

problem lies in our relationship with God. Our focus is to change from a concern about self, to a concern about God's glory and that is accomplished by our godly responses to others and life in general (Rom. 5:17; Cor. 5:21). Thus, the answer to healing the soul lies here: loving God by obeying His commands (John 14:21), and dealing with unresolved actions of the past in a spirit of repentance and reconciliation (Matt. 7:5).

Don't Fire Your Church

Members - Jonathan Leeman
2016-01-15

Church membership is not just a status, it's an office. Leaders shouldn't fire members from the

responsibilities given to them by Jesus—they should train them! When members are trained, the church grows in holiness and love, discipleship and mission. Complacency and nominalism are diminished. Jesus gives every church member an office in the church's government: to assume final responsibility for guarding the what and the who of the gospel in the church and its ministry. Similarly, Jesus gives leaders to the church for equipping the members to do this church-building and mission-accomplishing work. In our day, the tasks of reinvigorating congregational authority and elder authority must work together. The vision

of congregationalism pictured in this book offers an integrated view of the Christian life.

Congregationalism is biblical, but biblical congregationalism just might look a little different than you expect. It is nothing less than Jesus' authorization for living out his kingdom rule among a people on mission.

Principles of Management -
Openstax 2022-03-25
Principles of Management is designed to meet the scope and sequence requirements of the introductory course on management. This is a

traditional approach to management using the leading, planning, organizing, and controlling approach.

Management is a broad business discipline, and the Principles of Management course covers many management areas such as human resource management and strategic management, as well as behavioral areas such as motivation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters. Taking as his thesis the prominence given to the Church in the Wilderness in Bible prophecy, and the fact that “‘the Church in the Wilderness,’ and not the proud hierarchy enthroned in the world’s great capital, was the true church of Christ,” he has spent years developing this subject. In its present form, **Truth Triumphant** represents much arduous research in the libraries of Europe as well as in America. Excellent ancient sources are most difficult to obtain, but the author has been successful in gaining access to many of them. To crystallize the subject matter and make the historical facts live in modern times, the

author also made extensive travels throughout Europe and Asia. The doctrines of the primitive Christian church spread to Ireland, Scotland, and Wales. As grains of a mustard seed they lodged in the hearts of many Godly souls in southern France and northern Italy – people known as the Albigenses and the Waldenses. The faith of Jesus was valiantly upheld by the Church of the East. This term, as used by the author, not only includes the Syrian and Assyrian Churches, but is also the term applied to the development of apostolic Christianity throughout the lands of the East. The spirit of Christ, burning in the hearts of loyal

men who would not compromise with paganism, sent them forth as missionaries to lands afar. Patrick, Columbanus, Marcos, and a host of others were missionaries to distant lands. They braved the ignorance of the barbarian, the intolerance of the apostate church leaders, and the persecution of the state in order that they might win souls to God. To unfold the dangers that were ever present in the conflict of the true church against error, to reveal the sinister working of evil and the divine strength by which men of God made truth triumphant, to challenge the Remnant Church today in its final controversy

against the powers of evil, and to show the holy, unchanging message of the Bible as it has been preserved for those who will “fear God, and keep His commandments” – these are the sincere aims of the author as he presents this book to those who know the truth.

Don't Follow Your Heart - Jon Bloom 2015

The Black Panther Party - The Dr. Huey P. Newton Foundation 2010-03-28

The Black Panther Party represents Black Panther Party members' coordinated responses over the last four decades to the failure of city,

state, and federal bureaucrats to address the basic needs of their respective communities.

The Party pioneered free social service programs that are now in the mainstream of American life. The Party's Sickle Cell Anemia Research Foundation, operated with Oakland's Children's Hospital, was among the nation's first such testing programs. Its Free Breakfast Program served as a model for national programs. Other initiatives included free clinics, grocery giveaways, school and education programs, senior programs, and legal aid programs. Published here for the first time in book form, The Black Panther Party makes the

case that the programs' methods are viable models for addressing the persistent, basic social injustices and economic problems of today's American cities and suburbs.

Christianity and Social Change in Contemporary Africa: Volume One - B. Nyamnjoh 2020-05-25

This volume brings together seven empirically grounded contributions by African social scientists of different disciplinary backgrounds. The authors explore the social impact of religious innovation and competition in present day Africa. They represent a selection from an interdisciplinary initiative that made 23 research grants for

theologians and social scientists to study Christianity and social change in contemporary Africa. These contributions focus on a variety of dynamics in contemporary African religion (mostly Christianity), including gender, health and healing, social media, entrepreneurship, and inter-religious borrowing and accommodation. The volume seeks to enhance understanding of religions vital presence and power in contemporary Africa. It reveals problems as well as possibilities, notably some ethical concerns and psychological maladies that arise in some of these new movements, notably neo-

Pentecostal and militant fundamentalist groups. Yet the contributions do not fixate on African problems and victimization. Instead, they explore sources of African creativity, resiliency and agency. The book calls on scholars of religion and religiosity in Africa to invest new conceptual and methodological energy in understanding what it means to be actively religious in Africa today.

The Great Controversy - Ellen Gould White 2017-03-02

A foundational text in the Seventh Day Adventist church, The Great Controversy is a vision White had of the great battle between Christ and Satan throughout the ages of the early and modern church. Although the book is not held with as high esteem in Protestant circles, it still is able to outline a

way of impactful theological thinking.

Dynamics of Identity in the World of the Early Christians - Philip A. Harland 2009-11-19

This study sheds new light on identity formation and maintenance in the world of the early Christians by drawing on neglected archaeological and epigraphic evidence concerning associations and immigrant groups and by incorporating insights from the social sciences. The study's unique contribution relates, in part, to its interdisciplinary character, standing at the intersection of Christian Origins, Jewish Studies, Classical Studies, and the Social Sciences. It also

breaks new ground in its thoroughly comparative framework, giving the Greek and Roman evidence its due, not as mere background but as an integral factor in understanding dynamics of identity among early Christians. This makes the work particularly well suited as a text for courses that aim to understand early Christian groups and literature, including the New Testament, in relation to their Greek, Roman, and Judean contexts. Inscriptions pertaining to associations provide a new angle of vision on the ways in which members in Christian congregations and Jewish synagogues experienced

belonging and expressed their identities within the Greco-Roman world. The many other groups of immigrants throughout the cities of the empire provide a particularly appropriate framework for understanding both synagogues of Judeans and groups of Jesus-followers as minority cultural groups in these same contexts. Moreover, there were both shared means of expressing identity (including fictive familial metaphors) and peculiarities in the case of both Jews and Christians as minority cultural groups, who (like other "foreigners") were sometimes characterized as dangerous, alien "anti-associations". By

paying close attention to dynamics of identity and belonging within associations and cultural minority groups, we can gain new insights into Pauline, Johannine, and other early Christian communities.
