Primitive Modernities - Florencia Garramuño 2011
Primitive Modernities traces how the changing meaning of the primitive enabled the transformation of tango and samba--music considered primitive and

marginal into art forms that symbolized the nations of Argentina and Brazil.

Awopbopaloobop

Alopbamboom - Nik Cohn 2001

A celebration of the language and primal

essence of rock'n'roll provides a fascinating history of a turbulent era, from the rise of Bill Haley to the death of Jimi Hendrix, that dispels rumors, tells scandalous stories, and details the music. Reprint.

Art Among Us - Pat Jasper 1986

Descriptive Translation Studies and Beyond - Gideon Toury 1995

A replacement of the author's well-known book on Translation Theory, *In Search of a Theory of Translation* (1980), this book makes a case for Descriptive Translation Studies as a scholarly activity as well as a branch of the discipline, having immediate consequences for issues of both a theoretical and applied nature. Methodological discussions are complemented by an assortment of case

studies of various scopes and levels, with emphasis on the need to contextualize whatever one sets out to focus on. Part One deals with the position of descriptive studies within TS and justifies the author's choice to devote a whole book to the subject. Part Two gives a detailed rationale for descriptive studies in translation and serves as a framework for the case studies comprising Part Three. Concrete descriptive issues are here tackled within ever growing contexts of a higher level: texts and modes of translational behaviour □ in the appropriate cultural setup; textual components □ in texts, and through these texts, in cultural constellations. Part Four asks the question: What is knowledge accumulated through

descriptive studies performed within one and the same framework likely to yield in terms of theory and practice? This is an excellent book for higher-level translation courses.

Best of Michael Buble

(Songbook) - Michael Buble 2010-04-01 (Easy Piano Personality). Easy arrangements of 14 favorites from this talented and beloved crooner. Includes: Crazy Love * Everything * Feeling Good * Fever * Georgia on My Mind * Haven't Met You Yet * Home * Lost * Me and Mrs. Jones * Quando, Quando, Quando (Tell Me When) * Save the Last Dance for Me * Sway (Quien Sera) * The Way You Look Tonight * You Don't Know Me.

The Sounds of Capitalism

- Timothy D. Taylor 2012-07-27
Here, Timothy D. Taylor

tracks the use of music in American advertising for nearly a century, from variety shows like 'The Clicquot Club Eskimons' to the rise of the jingle, from the postwar growth of consumerism, to the more complete fusion of popular music and consumption in the 1980s and after.

Freedom Road - Howard

Fast 2015-03-26
"Howard Fast makes superb use of his material. ... Aside from its social and historical implications, Freedom Road is a high-gear story, told with that peculiar dramatic intensity of which Fast is a master". -- Chicago Daily News

Americana - Ray Davies

2013-10-03
As a boy in post-War England, legendary Kinks singer/songwriter Ray Davies fell in love with America – its movies and music, its culture of

freedom fed his imagination. In Americana, Davies tries to make sense of his long love-hate relationship with the country that both inspires and frustrates him, and where he nearly lost his life in a street shooting. Some of the most fascinating characters in pop culture and the British Invasion make appearances, from the famous to the behind-the-scenes players. The book is interspersed with lyrics and also includes photographs from Davies's own collection and the Kinks' archive. From his quintessentially English perspective, Davies – with candour, humour, and wit – takes us on a very personal road trip through his life and storied career as a rock star, and reveals what music, fame and America really mean to him.

Rememberings - Sinéad O'Connor 2021

From the acclaimed, controversial singer-songwriter Sinéad O'Connor comes a revelatory memoir of her fraught childhood, musical triumphs, fearless activism, and of the enduring power of song. Blessed with a singular voice and a fiery temperament, Sinéad O'Connor rose to massive fame in the late 1980s and 1990s with a string of gold records. By the time she was twenty, she was world famous--living a rock star life out loud. From her trademark shaved head to her 1992 appearance on Saturday Night Live when she tore up Pope John Paul II's photograph, Sinéad has fascinated and outraged millions. In Rememberings, O'Connor recounts her painful tale of growing up in Dublin in a

dysfunctional, abusive household. Inspired by a brother's Bob Dylan records, she escaped into music. She relates her early forays with local Irish bands; we see Sinéad completing her first album while eight months pregnant, hanging with Rastas in the East Village, and soaring to unimaginable popularity with her cover of Prince's "Nothing Compares 2U." Intimate, replete with candid anecdotes and told in a singular form true to her unconventional career, Sinéad's memoir is a remarkable chronicle of an enduring and influential artist.

The Orange Economy -
Inter American
Development Bank
2013-10-01

This manual has been designed and written with the purpose of introducing key concepts and areas of debate

around the "creative economy", a valuable development opportunity that Latin America, the Caribbean and the world at large cannot afford to miss. The creative economy, which we call the "Orange Economy" in this book (you'll see why), encompasses the immense wealth of talent, intellectual property, interconnectedness, and, of course, cultural heritage of the Latin American and Caribbean region (and indeed, every region). At the end of this manual, you will have the knowledge base necessary to understand and explain what the Orange Economy is and why it is so important. You will also acquire the analytical tools needed to take better advantage of opportunities across the arts, heritage, media, and creative services.

Betrayed by Rita

Hayworth - Manuel Puig
2022-06-14

Manuel Puig's "dazzling and wholly original debut" (New York Times Book Review) is a startling anatomy of a small town in thrall to its own petty lusts, betrayals, scandals, thefts, and gossip--but most of all, to the movies. When it appeared in 1968, Manuel Puig's debut—a portrait of the artist as a child in small-town Argentina—was hailed as revolutionary. Borrowing from the language of "true romance" and movie magazines, the techniques of American modernism, and Hollywood montage, Puig created an exuberant queer aesthetic while also celebrating the secret lives of women. Hanging on the conversations of his mother, friends, and neighbors, Puig's stand-in Toto pieces together stories as full of

passion, desire, and revenge as anything dreamed up for the silver screen. "A screamingly funny book, with scenes of such utter bathos that only a student of final reels such as Puig could possibly have verbally recreated for us" (Alexander Coleman, New York Times), it is also a bittersweet love letter to the the golden age of Hollywood.

Joel Whitburn's Top Pop Singles 1955-2002 - Joel Whitburn 2003

(Book). A full 48 years in the making, Joel Whitburn's Top Pop Singles 1955-2002 (10th Edition) is by far the biggest and best edition of our bestseller we've ever published. From vinyl 45s to CD singles to album tracks, here and only here are the more than 25,000 titles and 6,000 artists that appeared on Billboard 's Pop music charts from

January, 1955 through
December, 2002.

Painstakingly researched
and brimming with basic
chart facts, detailed
artist and title data,
plus great new features
and format changes that
make it more useful than
ever!

*Misbehaving: The Making
of Behavioral Economics*

- Richard H. Thaler

2015-05-11

Winner of the Nobel
Prize in Economics Get
ready to change the way
you think about
economics. Nobel
laureate Richard H.
Thaler has spent his
career studying the
radical notion that the
central agents in the
economy are
humans—predictable,
error-prone individuals.
Misbehaving is his
arresting, frequently
hilarious account of the
struggle to bring an
academic discipline back
down to earth—and change
the way we think about

economics, ourselves,
and our world.

Traditional economics
assumes rational actors.
Early in his research,
Thaler realized these
Spock-like automatons
were nothing like real
people. Whether buying a
clock radio, selling
basketball tickets, or
applying for a mortgage,
we all succumb to biases
and make decisions that
deviate from the
standards of rationality
assumed by economists.
In other words, we
misbehave. More
importantly, our
misbehavior has serious
consequences. Dismissed
at first by economists
as an amusing sideshow,
the study of human
miscalculations and
their effects on markets
now drives efforts to
make better decisions in
our lives, our
businesses, and our
governments. Coupling
recent discoveries in
human psychology with a

practical understanding of incentives and market behavior, Thaler enlightens readers about how to make smarter decisions in an increasingly mystifying world. He reveals how behavioral economic analysis opens up new ways to look at everything from household finance to assigning faculty offices in a new building, to TV game shows, the NFL draft, and businesses like Uber. Laced with antic stories of Thaler's spirited battles with the bastions of traditional economic thinking, *Misbehaving* is a singular look into profound human foibles. When economics meets psychology, the implications for individuals, managers, and policy makers are both profound and entertaining. Shortlisted for the

Financial Times & McKinsey Business Book of the Year Award
The Last Ship - William Brinkley 2013-11-27
Hailed as "an extraordinary novel of men at war" (The Washington Post) this is the book that inspired the TNT television series starring Eric Dane, Rhona Mitra, Adam Baldwin and Michael Bay as Executive Producer. The unimaginable has happened. The world has been plunged into all-out nuclear war. Sailing near the Arctic Circle, the U.S.S. Nathan James is relatively unscathed, but the future is grim and Captain Thomas is facing mutiny from the tattered remnants of his crew. With civilization in ruins, he urges those that remain—one-hundred-and-fifty-two men and twenty-six women—to pull together in search of land. Once they reach safety, however, the men

and women on board realize that they are earth's last remaining survivors—and they've all been exposed to radiation. When none of the women seems able to conceive, fear sets in. Will this be the end of humankind?

Henderson the Rain King

- Saul Bellow 2007
Bellow evokes all the rich colour and exotic customs of a highly imaginary Africa in this comic novel about a middle-aged American millionaire who, seeking a new, more rewarding life, descends upon an African tribe.

Henderson's awesome feats of strength and his unbridled passion for life earns him the admiration of the tribe - but it is his gift for making rain that turns him from mere hero into messiah. A hilarious, often ribald story, HENDERSON THE RAIN KING is also a profound look

at the forces that drive a man through life.

Ahora - 1965

Yesterday - Robert Freeman 1996-09-25

Dovetailing nicely with the resurgence in Beatlemania brought on by the Anthology television documentary and archival recordings, this collection of black-and-white images, taken by photographer Robert Freeman, captures John, Paul, George, and Ringo in the early and middle stages of fame: the years 1963 to 1965. 90 photos.

Objects First with Java

- David J. Barnes 2009

This introductory programming textbook integrates BlueJ with Java. It provides a thorough treatment of object-oriented principles.

Women and Popular Music

- Sheila Whiteley 2000

From Janis Joplin to P.J. Harvey, Women and

Popular Music explores the changing role of women musicians and the ways in which their songs resonate in popular culture.

The Wanderings of Persiles and Sigismunda

- Miguel de Cervantes Saavedra 1854

Musical Savants - Leon K. Miller 2014-01-02

Using the case study of "Eddie" as his framework, Professor Miller challenges the prevailing notion that musical savants are essentially phenomenal tape recorders and deals with the issue of "idiot savants" in a detailed, empirical investigation. Through "Eddie" the author discusses, in specific and in general, topics including the background and historical context of musical savants; other cases; data regarding the nature of the skills exhibited and the

associated developmental deficits; and descriptions of a series of experiments used to define Eddie's talent. Finally, the author considers more general issues raised by savant behavior, particularly functions served by savant behavior, theories regarding its etiology, and its role in general development.

Symphony no. 5, in E minor, op 64 - Peter Ilich Tchaikovsky 1980

Singer's Library of Song

- Patrick M. Liebergen 2005-05

Singer's Library of Song features 37 of the world's best-loved songs from the Medieval era though the 20th Century, presented with historical information and performance suggestions that are designed to enhance and educate developing vocalists. Art Songs, Arias, Folk Songs,

Spirituals, and Lieder -
- they're all here, and
they're all beautifully
laid out in this
comprehensive 200-page
anthology for vocal
study. English, Latin,
Italian, German, French,
Spanish, and Hebrew
texts are included, and
accurate translations
and IPA pronunciation
guides pave the way for
serious singers. The
comb binding creates a
lay-flat book that is
perfect for study and
performance. Available
in low, medium, and high
editions with optional
accompaniment CDs (set
of 2), Singer's Library
of Song is a must-have
for every voice teacher
and student.

Hitman - David Foster
2008-11-04

"Hit Man" is the story
of Foster's triumphant

four decades in the tumultuous music industry--with 45 Grammy nominations, four wins, and three Oscar nominations. 8 pages of b&w photographs.

Bookella - Sophia Blanco
2022-03-15

A bookish twist on the Cinderella story.

Late Life Jazz - Ken Crossland 2013-07-12
When people hear the name "Clooney," they automatically think of George Clooney, one of Hollywood's biggest stars. But it was his aunt Rosemary who first catapulted the name into bright lights with a string of hit songs in the 1950s and a starring role alongside Bing Crosby in the immortal "White Christmas."

Drawing on interviews with family members, managers, promoters, and the jazz musicians who worked with her, as well as contemporary newspaper articles and

reviews, *Late Life Jazz* tells the unsung story of one of America's finest singers, Rosemary Clooney. Ken Crossland and Malcolm Macfarlane trace Rosemary's life from her hardscrabble beginnings in Maysville Kentucky, through her first performances singing with the Barney Rapp Band in Cincinnati, through her rise to pop stardom in the early 1950s when she topped the Hit Parade with songs such as "Come On-a My House," "Tenderly," and "Half As Much." By the time the 1960s arrived, however, personal turmoil, fueled by depression and an addiction to prescription medication, almost destroyed Clooney's career--and her life. She underwent years of therapy and recuperation before she was able to perform again in the early 1970s. Few expected her

to be anything more than a baroness of nostalgia, but Rosemary had other ideas. Rejuvenated by a series of concerts alongside her friend and mentor, Bing Crosby, she found a new medium in the midst of America's finest jazz musicians, building a second career and with it a reputation as one of the finest interpreters of the Great American Songbook. Vividly written and painstakingly researched, *Late Life Jazz* explores the rise, fall, and final triumph of Clooney the First, Aunt Rosemary, jazz singer par excellence.

The Way You Wear Your Hat - Bill Zehme

1999-05-05

Within is a masterful assembly of the most personal details and gorgeous minutiae of Frank Sinatra's way of living--matters of the heart and heartbreak, friendship and

leadership, drinking and cavorting, brawling and wooing, tuxedos and snap-brims--all crafted from rare interviews with Sinatra himself as well as many other intimates, including Tony Bennett, Don Rickles, Angie Dickinson, Tony Curtis, and Robert Wagner, in addition to daughters Nancy and Tina Sinatra. Illustrated with scores of photos, *The Way You Wear Your Hat* captures the timeless romance and classic style of the fifties and the loose sixties and is a stunning exploration of the Sinatra mystique.

Pandora In The Congo -

Albert Sánchez Piñol

2009-04-16

It is 1914. In the heart of the Belgian Congo, Garvey, a bedraggled British manservant, emerges from the jungle. He is the lone survivor of a mining expedition in which both his

masters have died, and all of the party's African porters have fled. With him, he carries two huge diamonds. From his prison cell in London, Garvey recounts his horrific and thrilling ordeal. Young Tommy Thomson is assigned to transcribe Garvey's story and only he can untangle the extraordinary mysteries of the Garvey case.

The World in Six Songs - Daniel J. Levitin
2008-08-19

The author of the New York Times bestseller *This Is Your Brain on Music* reveals music's role in the evolution of human culture in this thought-provoking book that "will leave you awestruck" (The New York Times). Daniel J. Levitin's astounding debut bestseller, *This Is Your Brain on Music*, enthralled and delighted readers as it

transformed our understanding of how music gets in our heads and stays there. Now in his second New York Times bestseller, his genius for combining science and art reveals how music shaped humanity across cultures and throughout history. Here he identifies six fundamental song functions or types—friendship, joy, comfort, religion, knowledge, and love—then shows how each in its own way has enabled the social bonding necessary for human culture and society to evolve. He shows, in effect, how these "six songs" work in our brains to preserve the emotional history of our lives and species. Dr. Levitin combines cutting-edge scientific research from his music cognition lab at McGill University and work in an array of related fields; his own

sometimes hilarious experiences in the music business; and illuminating interviews with musicians such as Sting and David Byrne, as well as conductors, anthropologists, and evolutionary biologists. *The World in Six Songs* is, ultimately, a revolution in our understanding of how human nature evolved—right up to the iPod.

Milenios de México - Humberto Musacchio 1999
A dictionary of Mexican history, geography, and society offers information on prominent individuals in all fields, cities, states, and geographical features, Mexico's relations with each country in the world, and other subjects.
The Fellowship of the Ring - John Ronald Reuel Tolkien 1997

Music in Spain During

the Eighteenth Century -

Malcolm Boyd 1998-11-26
Traditional musicology has tended to see the Spanish eighteenth century as a period of decline, but this 1998 volume shows it to be rich in interest and achievement. Covering stage genres, orchestral and instrumental music and vocal music (both sacred and secular), it brings together the results of research on such topics as opera, musical instruments, the secular cantata and the villancico and challenges received ideas about how Italian and Austrian music of the period influenced (or was opposed by) Spanish composers and theorists. Two final chapters outline the presence of Spanish musical sources in the New World.
