Something to Hide - Deborah Moggach 2016-05-03

“Classic Moggach: readable, memorable . . . an unashamedly colorful journey across continents, with clothes, food, landscapes brought joyously to life.” —The Times (London) “Nobody in the world knows our secret . . . that I’ve ruined Bev’s life, and she’s ruined mine.” Petra’s romantic life has always been a car crash, and even in her sixties she’s still getting it disastrously wrong. And then she falls in love with Jeremy, an old friend visiting from abroad. There’s just one catch: Jeremy is married to her best friend, Bev. Meanwhile, on opposite sides of the world, two other women are also struggling with the weight of betrayal: Lorrie, a Texan, is about to embark on the biggest deception of her life, and in China, Li Jing is trying to understand exactly what it is her husband does on his business trips. It turns out that no matter where you are in the world or how well you think you know the one you love, everyone has secrets.

Tink - Bodil Bredsdorff 2015-05-05

We first met Tink when he came to live in Crow Cove as a young boy in Eidi. Now hard times have come to the little settlement, and their food supply is dwindling. Tink, with the help of a newcomer to Crow Cove, saves his friends from starvation by learning how to fish—and also learns important lessons about the complexities of human nature, the importance of compassion, and his own valued place in his community. Tink is a strong new addition to the much-acclaimed Children of Crow series.

Blueprint for Black Power - Amos N. Wilson 1998

Afrikan life into the coming millennia is imperiled by White and Asian power. True power must nest in the ownership of the real estate wherever Afrikan people dwell. Economic destiny determines biological destiny. 'Blueprint for Black Power' details a master plan for the power revolution necessary for Black survival in the 21st century. White treatment of Afrikan Americans, despite a myriad of theories explaining White behavior, ultimately rests on the fact that they can. They possess the power to do so. Such a power differential must be neutralized if Blacks are to prosper in the 21st century ... Aptly titled, 'Blueprint for Black Power' stops not at critique but prescribes radical, practical theories, frameworks and approaches for true power. It gives a biting look into Black potentiality. Eidi - Bodil Bredsdorff 2009-10-13

Some years have passed since the Crow-Girl set off on a journey, met Eidi and her mother, Foula, along with a few others, and persuaded them to come live near the little cove where a brook runs out to the sea. But when Foula has another baby, Eidi feels there's no longer room for her in the settlement. So she leaves Crow Cove to make her own way in the world, hoping to help her old friend Rossan with his wool out on the heath. Fate, however, brings her to a harbor town where she must find work, and she takes a position as a weaver in the household of a wealthy merchant. In town, Eidi faces disturbing reminders of her past. She also meets a neglected boy named Tink and soon makes a decision that changes the course of both of their futures. The second book in the Children of Crow Cove series is beautifully written in Bodil Bredsdorff's spare style and will deeply satisfy fans of The Crow-Girl and new readers alike.
