Filipino Americans have a long and rich history with and within the United States, and they are currently the second largest Asian group in the

country. However, very little is known about how their historical and contemporary relationship with America may shape their psychological experiences. The most insidious psychological consequence of their historical and contemporary experiences is colonial mentality or internalized oppression. Some common manifestations of this phenomenon are described below:

- Skin-whitening products are used often by Filipinos in the Philippines to make their skins lighter. Skin whitening clinics and businesses are popular in the Philippines as well. The "beautiful" people such as actors and other celebrities endorse these skin-whitening procedures. Children are told to stay away from the sun so they do not get "too dark." Many Filipinos also regard anything

"imported" to be more special than anything "local" or made in the Philippines. • In the United States, many Filipino Americans make fun of "fresh-off-the-boats" (FOBs) or those who speak English with Filipino accents. Many Filipino Americans try to dilute their "Filipino-ness" by saying that they are mixed with some other races. Also, many Filipino Americans regard Filipinos in the Philippines, and pretty much everything about the Philippines, to be of "lower class" and those of the "third world." The historical and contemporary reasons for why Filipino -/ Americans display these attitudes, beliefs, and behaviors - often referred to as colonial mentality - are explored in *Brown Skin, White Minds*. This book is a peer-reviewed publication that integrates knowledge

from multiple scholarly and scientific disciplines to identify the past and current catalysts for such self-denigrating attitudes and behaviors. It takes the reader from indigenous Tao culture, Spanish and American colonialism, colonial mentality or internalized oppression along with its implications on Kapwa, identity, and mental health, to decolonization in the clinical, community, and research settings. This book is intended for the entire community - teachers, researchers, students, and service providers interested in or who are working with Filipinos and Filipino Americans, or those who are interested in the psychological consequences of colonialism and oppression. This book may serve as a tool for remembering the past and as a tool for awakening

to address the present.

**Contracting Colonialism** - Vicente L.

Rafael 1993

In an innovative mix of history, anthropology, and post-colonial theory, Vicente L. Rafael examines the role of language in the religious conversion of the Tagalogs to Catholicism and their subsequent colonization during the early period

(1580-1705) of Spanish rule in the Philippines. By tracing this history of communication between Spaniards and Tagalogs, Rafael maps the conditions that made possible both the emergence of a colonial regime and resistance to it. Originally published in 1988, this new paperback edition contains an updated preface that places the book in theoretical relation to other recent works in cultural studies and comparative colonialism.

*1519-1522* - Antonio Pigafetta

2007-01-01

The First Voyage around the World is also a remarkably accurate ethnographic and geographical account of the circumnavigation, and one that has earned its reputation among modern historiographers and students

of the early contacts between Europe and the East Indies.

*Philippine Folk Tales Compiled* - Mabel Cook Cole 2017-09-21

Stories seventeen to twenty-three are regarded as fables and are told to amuse the children or to while away the midday hours when the people seek shaded spots to lounge or stop on the trail to rest. Most of them are known to the Christianized tribes throughout the Islands and show great similarity to the tales found in the islands to the south and, in some cases, in Europe. In many of them the chief incidents are identical with those found elsewhere, but the story tellers, by introducing old customs and beliefs, have moulded and colored them until they reflect the common ideas of the Tinguian. The third group includes stories from several

wild tribes who dwell in the large island of Mindanao.

Philippine Studies - Priscelina Patajo-Legasto 2008

These essays by Philippine and U.S.-based scholars illustrate the dynamism and complexities of the discursive field of Philippine studies as a critique of vestiges of "universalist" (Western/hegemonic) paradigms; as an affirmation of "traditional" and "emergent" cultural practices; as a site for new readings of "old" texts and "new" popular forms brought into the ambit of serious scholarship; and as a liberative space for new art and

literary genres.

*Luzon at War* - Milagros Camayon  
Guerrero 2017-11-15  
Mila Guerrero's *Luzon at War*, first  
written in 1977, grew out of a world  
in motion seeking to understand  
another earlier era of radical  
turmoil. Its findings helped lay the  
groundwork for the emergence since  
the 1980s of new ways for  
understanding the historical roots  
and unresolvable contradictions of

the Philippine Revolution. The book  
puts forth a series of questions  
about the colonial origins of the  
nation, the tensions between State  
and society, the role of the  
intelligentsia, and the resistance of  
ordinary people that successive  
generations of scholars are still  
seeking to come to terms with. It  
remains arguably the most astute  
critique of the first Philippine  
Republic, laying bare many of the  
sources of today's political and  
social problems.

The Philippine War, 1899-1902 - Brian McAllister Linn 2000

"Brian Linn provides a treatment of military operations in the Philippines. From the pitched battles of the early war to the final campaigns against guerrillas, Linn traces the entire course of the conflict. More than an overview of Filipino resistance and American pacification, this is a detailed study of the fighting in the "boondocks." "In addition to presenting a military history of the war, Linn challenges previous interpretations. Rather than being a clash of armies of societies, the war was a series of regional struggles that differed greatly from island to island. By shifting away from the

narrow focus on one or two provinces to encompass the entire archipelago, Linn offers a more thorough understanding of the entire war."-- BOOK JACKET. Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

**History of the Philippines** - Luis H. Francia 2013-09-18

The story of this nation of over seven thousand islands, from ancient Malay settlements to Spanish colonization, the American occupation, and beyond. A History of the Philippines recasts various Philippine narratives with an eye for the layers of colonial and post-colonial history that have created this diverse and fascinating population. It begins with the pre-Westernized Philippines in the sixteenth century and continues

through the 1899 Philippine-American War and the nation's relationship with the United States' controlling presence, culminating with its independence in 1946 and two ongoing insurgencies, one Islamic and one Communist. Award-winning author Luis H. Francia creates an illuminating portrait that offers valuable insights into the heart and soul of the modern Filipino, laying bare the multicultural, multiracial society of contemporary times.

**A History of the Philippines** - Renato Constantino 1975

Unlike other conventional histories, the unifying thread of *A History of the Philippines* is the struggle of the peoples themselves against various forms of oppression, from Spanish conquest and colonization to U.S. imperialism. Constantino

provides a penetrating analysis of the productive relations and class structure in the Philippines, and how these have shaped—and been shaped by—the role of the Filipino people in the making of their own history. Additionally, he challenges the dominant views of Spanish and U.S. historians by exposing the myths and prejudices propagated in their work, and, in doing so, makes a major breakthrough toward intellectual decolonization. This book is an indispensable key to the history of conquest and resistance in the Philippine.

**Out of this Struggle** - Luis V. Teodoro 2019-09-30

In his preface, Danilo E. Ponce

describes this book as an "unblinking look at Filipino history in Hawaii." Written from a Filipino viewpoint, the book commemorates seventy five years of collective existence of this ethnic group in the Aloha State. It examines Filipino experience in Hawaii in the context of Philippine history and culture. This is not a simple book, for its subject is complex. For example, there were three waves of Filipino immigration to Hawaii – each wave bringing people of differing socio-economic, educational, and geopolitical backgrounds. It would be misleading to speak of one homogeneous group called "Filipinos" being affected at any given time. Implicit in *Out of This Struggle* is the human drama that underlies events. Hawaii's need for labor promised the Filipinos the

possibility of bettering their economic status, but plantation wages proved so low that entire families needed to work to live, limiting their access to education. Out of this frustration came their active and telling role in the organization of the IL WU and the labor strife of the 1920s. As Hawaii's Filipinos look to the future beyond 1981, they find in their community many and varied elements-proof of vitality, of a community trying to identify issues, examine events, and understand itself. *Out of This Struggle* will contribute to that understanding. This book is one of the projects of the Filipino 75th Anniversary Commemoration Commission, which was created by the 1977 Hawaii State Legislature, through Enabling Act 181, to oversee the year-long

celebration of the arrival of the first Filipinos in Hawaii in 1906. The idea of the Commission itself came from a group called the Hawaii Filipino-American Community Foundation, which, as early as 1976, had thought of the need to celebrate the 75th anniversary of Filipino immigration to Hawaii not only through ceremony, but more appropriately, through more permanent means. One of these means was to be a book which would give its readers some understanding of what the past 75 years have meant for the Filipinos in Hawaii. At the same time, 'the members of the Foundation felt that such a book would adequately mirror the changes that have taken place in the Filipino community, as well as lay to rest the prevalent view that the old stereotypes still apply. The

members of the Education (Printed) Committee of the Commission, whose task was to oversee the production of this book, are, fittingly, also members of the Foundation.

**Dusk** - F. Sionil José 2013-03-20  
With Dusk (originally published in the Philippines as Po-on), F. Sionil Jose begins his five-novel Rosales Saga, which the poet and critic Ricaredo Demetillo called "the first great Filipino novels written in English." Set in the 1880s, Dusk records the exile of a tenant family from its village and the new life it attempts to make in the small town of

Rosales. Here commences the epic tale of a family unwillingly thrown into the turmoil of history. But this is more than a historical novel; it is also the eternal story of man's tortured search for true faith and the larger meaning of existence. Jose has achieved a fiction of extraordinary scope and passion, a book as meaningful to Philippine literature as *One Hundred Years of Solitude* is to Latin American literature. "The foremost Filipino novelist in English, his novels deserve a much wider readership than the Philippines can offer."--Ian Buruma, *New York Review of Books* "Tolstoy himself, not to mention Italo Svevo, would envy the author of this story."--*Chicago Tribune*  
**Mixed Blessing** - Hazel M. McPerson  
2002

Join up with Mickey and his friends as they set out on a magical adventure. At Daisy's surprise birthday party, the cuckoo in one of her presents, a magical cuckoo clock, flies off. As Mickey and Donald set off to find him, they soon enter a fun-filled fairytale wonderland, where nothing is quite as it seems.

*In Our Image* - Stanley Karnow  
2010-11-24

"A brilliant, coherent social and political overview spanning three turbulent centuries."--*San Francisco Chronicle* Stanley Karnow won the Pulitzer Prize for this account of

America's imperial experience in the Philippines. In a swiftly paced, brilliantly vivid narrative, Karnow focuses on the relationship that has existed between the two nations since the United States acquired the country from Spain in 1898, examining how we have sought to remake the Philippines "in our image," an experiment marked from the outset by blundering, ignorance, and mutual misunderstanding. "Stanley Karnow has written the ultimate book—brilliant, panoramic, engrossing—about American behavior overseas in the twentieth century."—The Boston Sunday Globe "A page-turning story and authoritative history."—The New York Times "Perhaps the best journalist writing on Asian affairs."—Newsweek
