Gunshot Wounds - Vincent J.M. DiMaio, M.D. 1998-12-30

Written by the nation's foremost authority on gunshot wounds and forensic techniques as they relate to firearm injuries, Gunshot Wounds: Practical Aspects of Firearms, Ballistics, and Forensic Techniques, Second Edition provides critical information on gunshot wounds and the weapons and ammunition used to inflict them. The book describes practical aspects of ballistics, wound ballistics, and the classification of various wounds caused by handguns, bang guns, rifles, and shotguns. The final chapters explain autopsy technique and procedure and laboratory analysis relating to weapons and gunshot evidence.

Library Book Catalog - United States. Law Enforcement Assistance Administration 1973

Code Check Complete - Redwood Kardon 2012

Provides an all-in-one guide to the most commonly cited code violations encountered by building inspectors.

Handbook for Shooters and Reloaders - Parker O. Ackley 2021-10-07

Illustrated Edition of 1959 in Facsimile. This is the first edition of one of the classic descriptions of wildcat cartridges, first published in 1949. Though revised and updated in 1962, this is Ackley's first effort at tackling the loading data, theory, and practice of wildcat cartridges. A wildcat cartridge, often shortened to wildcat, is a custom cartridge for which ammunition and/or firearms are not mass-produced. These cartridges are often created in order to optimize a certain performance characteristic (such as the power, size, or efficiency) of an existing commercial cartridge. Developing and using wildcat cartridges does not generally serve a purpose in military or law enforcement; it is more a hobby for serious shooting, hunting, gunsmithing and handloading enthusiasts, particularly in the United States.

The Accurate Lee Enfield - Stephen Redgwell 2009-04-30

Learn secrets that only the armourers knew! Adjust and Tweak your No 1 or No 4 rifle for better performance! It doesn't matter which Lee Enfield you shoot, whether you reload or not, it's packed with info! You'll like the section on accurizing your rifle - it's got tricks to get your 303 shooting better than when it left the factory! Smoothing your trigger - illustrated. Tightening up your rifle - illustrated. Commercial, Milsurp ammunition. Winning Target Loads - sharing some secrets. Wind drift & drop tables. Bonus wildcat section. 26 to look at, including the beginning of the 338 JDJ.

The Ultimate Sniper - Major John Plaster 2006-01-01

Through revised text, new photos, specialised illustrations, updated charts and additional information sidebars, The Ultimate Sniper once again thoroughly details the three great skill areas of sniping; marksmanship, fieldcraft and tactics.

Applied Ballistics for Long Range Shooting - Bryan Litz 2015

Varmint Rifles and Cartridges - Charles T. Richards 2014-02-04

A thorough guide, Varmint Rifles and Cartridges provides detailed information about getting started in varmint hunting, selecting the best rifles for the job, and choosing your cartridges and other components. The text is supplemented by more than one hundred detailed photographs that illustrate the various types of rifles and cartridges available for varmint hunters. Varmint Rifles and Cartridges presents information about the history of varmint hunting and how those original rifles differ from the most popular rifles and cartridges available for varmint hunters on the market today. Each chapter of the book is dedicated to a particular cartridge, including the: •.204 Ruger •.223 Remington •.220 Swift •.243 Winchester •.257 Roberts At the end of each chapter, author C. T. Richards demonstrates how each cartridge and rifle performs through the results of range tests and trajectory tests he conducted himself. A varmint hunter since the 1950s, Richards is more than qualified to grade these products and offer advice on varmint hunting in general. The content of Varmint Rifles and Cartridges will appeal to readers considering varmint hunting for the first time, as well those who have previously acquired some experience in using these tools. Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts. We publish books about shotguns, rifles, handguns, target shooting, gun collecting, self-defense, archery, ammunition, knives, gunsmithing, gun repair, and wilderness survival. We publish books on deer hunting, big game hunting, small game hunting, wing shooting, turkey hunting, deer stands, duck blinds, bowhunting, wing shooting, hunting dogs, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.

Ammo and Ballistics 6: for Hunters, Shooters, and Collectors - Robert Forker 2017

The entirely updated and revised Ammo & Ballistics 6 is now available and is better than ever! Ammo & Ballistics 6 contains data and illustrations on virtually every sporting cartridge sold in the USA. Besides clear and concise writing that clarifies the complexities of ballistic coefficients and energy versus momentum, this revised edition covers 200-plus calibers . . . from the .17 Mach 2 to the .700 Nitro Express. It contains information on rifle and handgun calibers, and it covers manufacturers, bullet weights, types, and construction. In addition, each caliber has an exact technical drawing with all dimensions and angles. There are over 3,000 tables with ballistic data for every caliber and every load for all commercially loaded hunting ammunition sold in the United States. Tables include velocity, energy, wind drift, bullet drop, and ballistic coefficients up to 1,000 yards. Manufacturers include A-Square, Aguila, ATK, Black Hills, CCI/Speer, Cor-Bon Bullet, Dakota Arms, Eley Ltd., Federal Cartridge, FIOCCHI, Hirtenberger, Hornady, Patria Lapua Oy, Lazzeroni, Kynoch (Kynamco Ltd.), MagTech, Norma, Nosler, Inc., PMC (Eldorado Cartridge Corp.), Remington, Dynamit (Nobel-RWS Inc.), Sellier and Bellot, Ultramax, Weatherby, and Winchester. If you want to know where you will be hitting at long distances, this is the book for you. This book is, quite literally, indispensable for the hunter or

shooter.

The Wind Book for Rifle Shooters - Linda K. Miller 2020-05-26
All other factors being equal, it is your ability to read the wind that will make the most difference in your shooting accuracy. The better you understand the behavior of the wind, the better you will understand the behavior of your bullet. Now, champion shooters Linda K. Miller and Keith A. Cunningham reveal everything they wish they'd known about reading the wind before they started shooting (instead of having to learn as they went along) in concise, easy-to-read terms and accompanied with handy ninety-five diagrams. The Wind Book for Rifle Shooters contains straightforward guidance on the simple thought process they use to read the wind, the techniques and tactics they use to win matches, and the underlying skills that support both. Let these champions show you how to put together a simple wind-reading toolbox for calculating wind speed, direction, deflection, and drift. Then learn how to use these tools to read flags and mirage, record and interpret your observations, and time your shots to compensate for wind. Other topics covered include: Analyzing shot placement Recording and record keeping Confidence and following your hunches And much more! The essential wind-reading basics taught in this book will absolutely improve your shooting skills, whether you're a target shooter, a plinker, a hunter or a shooting professional.

The ABC's of Reloading - Bill Chevalier 2005-01-12

Starting with the basics, this guide leads the reader through the process of reloading with ease. Perfect for beginners and a great refresher for experienced reloaders, the book first discusses all the necessary tools and accessories needed to get started, then goes through step-by-step instructions and safety tips for loading your own metallic cartridges and shotshells. Helpful illustrations guide readers through each step and make the process easy to understand. The ABC's of Reloading covers all aspects of the hobby, from benchrest loading techniques, to ballistic software, to competition and hunting loads and more. It also includes a comprehensive directory of reloading manufacturers. The guide carefully pieces together steps and techniques for reloading into an understandable process, outlining the basic procedures and providing information on cartridge cases, primers, powders, bullets, equipment and much more, putting beginners on the road to becoming experts!

Western Powders Handloading Guide - Edition 1 - Rob Behr 2017-12-31

Ammunition reloading guide.

Nosler Reloading Guide 7 - 2012-10-17

Shooting & Reloading the 303 British and the 303 Epps - Stephen Redgwell

The Beginner's Guide to Reloading Ammunition - Steven D. Gregersen 2013-01-26

If you've ever wanted to reload ammunition but didn't know where to start this book is for you. You'll find detailed chapters about primers, cartridge cases, gun powder, and bullets, explaining in layman's terms what they are, variations you'll encounter and the characteristics of each. You'll also learn the different facets of case preparation: which are necessary and which are optional, and how to do them. You'll learn some characteristics of gunpowder and which types work best with bulk measurements. There'll be detailed photos and explanations teaching the process of reloading ammunition. From there you'll be shown how you can gear up to reload your own ammunition even if you don't have much money or space. Although most of the book is geared toward metallic cartridge reloading there's also a chapter on reloading shotgun ammunition. It too, will show you the steps involved and how to become operational with very little money and minimal space requirements. After reading this book the novice reloader will: (a) be capable of making informed choices when purchasing their equipment and components; (b) be able to understand the reloading process and why certain steps are taken or omitted; (c) have a safe, profitable and enjoyable experience from the very beginning.

Abc's of Reloading, 10th Edition - Philip Massaro 2021-04-13
Make Your Own Ammo and Save Money Too! Now in its 10th edition, The ABCs of Reloading has taught countless firearms

owners safe, reliable methods of creating their own ammunition. This long overdue new edition brings detailed reloading instruction to shooters who want to improve accuracy, save money and ensure themselves a constant supply of ammo regardless of supply and demand on retail shelves. Reloading expert and frequent Gun Digest contributor Phil Massaro lays out the basics of reloading and then digs further into the details in a fresh approach that introduces beginners to this valuable hobby while helping those already familiar with reloading take their skills and knowledge to the next level. As a bonus, long-range shooters searching for tips on making ultra-consistent ammo using high B.C. bullets and fine-tuning for precision accuracy will greatly benefit from Massaro's insight into that topic as well. Massaro's coverage of the vast array of reloading gear and components that have been introduced during the past decade alone makes this edition invaluable for the enthusiast who might be overwhelmed with questions. From the very basic questions of "How does a cartridge work?" and "What components do I need to get started?" to more advanced information on understanding cartridge pressure, headspace and using a chronograph to check your work, this is THE book to help shooters sort it all out.

If You Cross Me Once - Anthony Fields 2020-07-17

ZINFANDEL "ZIN" CARTER is beautiful and tenacious. Her sole mission in life is to become the best criminal defense attorney in Washington, DC so that she can free her father, MICHAEL CARTER, who's in prison for viciously murdering the man who killed Zin's mother. Incarcerated for almost twenty years, Michael's reach to the streets remains strong. Under his command are a band of killers that murder at his behest. QURAN, the main hitter of the crew is deadly and purposeful, but when he falls in love with Zin, his view of the world is about to change? Quran's younger brothers, JIHAD and KHITAB, idolize him, and they want nothing more than to please him. But when secrets are revealed, everyone's lives are at stake. Quran lives by the tacit rule IF YOU CROSS ME ONCE, you'll cross me twice, and he vows to never let that happen to him. From the mind of ANTHONY FIELDS, the man who brought you The Ultimate Sacrifice series, this highly anticipated story is one that you don't want to miss.

Cartridge Reloading in the Twenty-First Century - Charles T. Richards 2013-10-08

A comprehensive guide to modern cartridge reloading, Cartridge Reloading in the Twenty-First Century provides detailed information about getting started in reloading, selecting the basic tools needed, and choosing your components as well as step-by-step instructions for reloading rifle and handgun cartridges and how to test your loads at the range. The text is supplemented by more than one hundred detailed photographs that illustrate the various types of reloading equipment available and provide guidance in performing the actions that result in a handloaded cartridge. Cartridge Reloading in the Twenty-First Century covers many common problems the handloader may experience, provides unique information about reloading the .50 caliber BMG, and highlights the changes between reloading in the twenty-first century and reloading in the mid-twentieth century. Not only for beginners, Cartridge Reloading in the Twenty-First Century offers advanced reloading information that describes special reloading tools as well as techniques for improving the accuracy of your handloads. The content of Cartridge Reloading in the Twenty-First Century will appeal to both someone considering reloading rifle or handgun cartridges as well as a person who already has acquired some experience in cartridge reloading.

IT'S ALL HERE! 50 new cartridges Full-color feature story section Trendsetting wildcats Updated spec and reference charts Expert advice on handloads and cartridge selection

Sixguns - Elmer Keith 1961

"Over half a century has passed since I cut my teeth on an old .36 Navy Colt. For 40 years I have almost never been out of easy reach of a good sixgun. Thirty years I spent in the saddle, packing, punching cows and breaking saddle brones. The sixgun was worn just as regularly as my pants and many times was much more important to my existence. It pulled me out of several tight scrapes with wild horses, wilder cattle and some big game. Though I have witnessed several gun fights, have had guns pulled on me and have been shot at several times, I have never had to use my gun on a man. Several times it was touch-and-go and perhaps only the current knowledge that I was both fast and accurate with a sixgun saved me from being embroiled. Though I do not recommend a sixgun for big game, thirty head of big game have fallen to mine, including elk, bear, deer, cougar, mountain goat and javelina. I have also trailed up a great many big game animals of various species that were wounded by sportsmen and then I finished them off. No record was kept of these or the many coyotes, bobcats and lesser game, or the livestock I have had to kill." This classic includes the following chapters: Introduction I. History of the Sixgun II. Selecting the Handgun III. Learning To Shoot IV. Sixgun Sights V. Long Range Shooting VI. Game Shooting VII. Double Action Shooting VIII. Gun Rigs and Holsters IX. Quick Draw and Hip Shooting X. Gun Fighting XI. Revolver Versus Auto Pistol XII. Aerial and Trick Shooting XIII. Slip Shooting, Fanning, Cavalry Guns XIV. Loading and Management of Cap and Ball Sixguns XV. Repairs, Remodeling, Resighting XVI. A Bullet Chapter XVII. Cartridge Reloading XVIII. Selection of Cartridges XIX. Ornamentation, Barrel Lengths, Balance, Velocities XX. Care and Cleaning Supplement

Guns Illustrated 1982 - Amber 1981-06

Designing and Forming Custom Cartridges - Ken Howell 1995-03-01
