The Hound of the Baskervilles, A Study in Scarlet, The Sign of Four - Sir Arthur Conan Doyle 2014-12-02

Three of the enthralling novels that brought us the world's greatest fictional detective are gathered here in one volume. In 1887, Sir Arthur

Conan Doyle's mystery novel A Study in Scarlet unleashed for the first time the unflappable Sherlock Holmes and his partner, Dr. John Watson. Watson and Holmes would go on to become two of the most widely admired characters in all of literature. The stories and novels that followed—including The Sign of Four and The Hound of the Baskervilles—expanded the duo's practice at 221B Baker Street, thrilling

readers with the impeccable powers of deduction that inevitably guide Holmes toward any mystery's solution. *A Study in Scarlet*, a tale of Mormons and murder, is a drama of long-simmering revenge that plays out on the gaslit streets of London but has its dark roots in the pioneer settlements of Utah. *The Sign of Four* weaves together a stolen treasure from India, poison darts, and double-crossing thieves, while *The Hound of the Baskervilles* sets the legend of a diabolical hellhound and an old family curse against the backdrop of a desolate, moonlit moor. All three novels are gripping, timeless, and exquisitely plotted—beloved and indispensable classics of the detective genre.

The grey towers of Baskerville Hall and the wild open country of Dartmoor hold many secrets for Holmes and Watson to unravel. The detective is contemptuous of supernatural manifestations, but the reader will remain perpetually haunted by the hound from the moor. The editor of this volume, W.W. Robson, was Emeritus David Masson Professor of English Literature at the University of Edinburgh and author of *Modern English Literature*. The general editor of the *Oxford Sherlock Holmes*, Owen Dudley Edwards, is Reader in History at the University of Edinburgh and author of *The Quest for Sherlock Holmes: A Biographical Study of Sir Arthur Conan Doyle*.

The Hound of the Baskervilles - Arthur Conan Doyle 2006-01-10

The Hound of the Baskervilles (1901–02) is Arthur Conan Doyle's most celebrated Sherlock Holmes adventure. At the end of the yew tree path of his ancestral home, Sir Charles Baskerville is found dead. Close by are the footprints of a gigantic hound. Called to investigate, Holmes seems to face a supernatural foe. In the tense narration of the detective's efforts to solve the crime, Conan Doyle meditates on late Victorian and early

twentieth-century ideas of ancestry and atavism, the possible biological determination of criminals, the stability of the British landed classes, and the place of the supernatural. Historical documents included with this fully-annotated Broadview edition help contextualize the novel's debates and reveal its cultural and literary significance as a supreme instance of early detective fiction. Also included is the Conan Doyle short story "The Adventure of the Speckled Band."

Sherlock: The Hound of the Baskervilles - Arthur Conan Doyle 2012-03-29

The hit BBC series Sherlock offers a fresh, contemporary take on the original Sir Arthur Conan Doyle stories, and has helped introduce a whole new generation of fans to the legendary detective. In this TV tie-in edition of the classic

novel, first published in The Strand in 1901, Sherlock Holmes and Dr Watson are called to the haunting and beautiful moors of Dartmoor and the home of the Baskerville family, who seem to have fallen victim to a family curse. A terrifying spectre in the shape of a great hound was once said to have hunted an ancestor across the moors and the recent, mysterious death of Sir Charles Baskerville suggests that the hound has returned. The Curious Incident of the Dog in the Night-Time - Mark Haddon 2009-02-24

A bestselling modern classic—both poignant and funny—narrated by a fifteen year old autistic savant obsessed with Sherlock Holmes, this dazzling novel weaves together an old-fashioned mystery, a contemporary coming-of-age story, and a fascinating excursion into a mind incapable

of processing emotions. Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. Although gifted with a superbly logical brain, Christopher is autistic. Everyday interactions and admonishments have little meaning for him. At fifteen, Christopher's carefully constructed world falls apart when he finds his neighbour's dog Wellington impaled on a garden fork, and he is initially blamed for the killing. Christopher decides that he will track down the real killer, and turns to his favourite fictional character, the impeccably logical Sherlock Holmes, for inspiration. But the investigation leads him down some unexpected paths and ultimately brings him face to face with the dissolution of his parents' marriage. As Christopher tries to deal with the crisis within his own family, the narrative draws readers into the workings of Christopher's mind. And herein lies the key to the brilliance of Mark Haddon's choice of narrator: The most wrenching of emotional

moments are chronicled by a boy who cannot fathom emotions. The effect is dazzling, making for one of the freshest debuts in years: a comedy, a tearjerker, a mystery story, a novel of exceptional literary merit that is great fun to read.

Differentiated book-It has a historical context with research of the timeThe novel The Dog Of The Baskervilles was published in 1902 in English, the artist in charge of the cover was covered Alfred Garth Jones, has 181 pages and the publisher of the Hound of the Baskervilles is George Newnes. The novel is mainly set in Dartmoor, in Devon, a county in western England.Conan Doyle developed this novel shortly after returning from South Africa, where he worked as a clinical volunteer at a

Bloemfontein Hospital. He was helped in writing by a Daily Express journalist known as Bertram Fletcher Robinson, who gave him information for the novel. The story tells Holmes and Watson chasing the ghost of a dog that stalks the city. Meet also the steppe wolf, it's a good book. Dr. James Mortimer asks Sherlock Holmes for a recommendation after the death of his friend, Sir Charles Baskerville. He was found dead on his Devonshire property. Mortimer is now afraid of Sir Charles's nephew and sole beneficiary, Sir Henry Baskerville is the new Baskerville Hall teacher. Know the Da Vinci code you will surely like. Death was attributed to a heart attack, but Mortimer suspects, because Sir Charles died with an expression of horror on his face. The Baskerville family has allegedly been under a curse since the Civil War era. Holmes meets Sir Henry, a newcomer from Canada. Sir Henry received an anonymous note, cut and pasted from newspaper, warning him to leave the moors of Baskerville, and one of his new boots

inexplicably missing in his hotel room in London. Holmes and Dr. Watson follow him back to his hotel and watches a man following him in a taxi. Holmes examines Dr. Mortimer's cane. Barrymore and his wife, who also works at Baskerville Hall, want to leave the property soon. Watson hears a woman crying at night; it is obvious to him that it was Mrs. Barrymore, but her husband denies it. Watson cannot find any evidence that Barrymore was in Devon on the day of the persecution in London. He meets a brother and sister who live nearby. When his brother is out of earshot, Miss Stapleton confuses Watson with Sir Henry and warns him to leave. She and Sir Henry later meet and fall in love quickly, which awakens Stapleton's anger; He then apologizes and invites Sir Henry to dinner with him a few days later. Barrymore arouses another suspicion when Watson and Sir Henry catch him at night with a candle in an empty room. He refuses to answer his questions, but Mrs. Barrymore confesses that Selden is her brother, and her husband is

indicating that they have left supplies. They hear a scream and discover Selden's body, killed by a fall. Initially he was mistaken for Sir Henry, whose old clothes were on. In Baskerville Hall, Holmes notices a resemblance between Stapleton and a portrait of Hugo Baskerville. Then he notes that Stapleton could be an unknown member of the Baskerville family, who sought to reclaim Baskerville's wealth by eliminating his relatives. Holmes and Watson travel to Stapleton's house, where Sir Henry is having dinner. He is rescued from a hound that Stapleton releases while Sir Henry returns home walking down the moor. Shooting the dead animal in the fight, Sherlock reveals that it was a perfectly deadly dog: a mixture of hound and mastiff, painted with phosphorus to give it a hellish appearance. Miss Stapleton is found bound and gagged inside the house, while Stapleton apparently dies in an attempt to reach his hiding place in a nearby mine. They also find Sir Henry's boot, which was used to give the dog the scent of Sir Henry.

Conan Doyle - Arthur Conan Doyle 2021-07-28

We owe The Hound of the Baskervilles (1902) to Arthur Conan Doyle's good friend Fletcher Bobbles Robinson, who took him to visit some scary English moors and prehistoric ruins, and told him marvelous local legends about escaped prisoners and a 17th-century aristocrat who fell afoul of the family dog. Doyle transmogrified the legend: generations ago, a hound of hell tore out the throat of devilish Hugo Baskerville on the moonlit moor. Poor, accursed Baskerville Hall now has another mysterious death: that of Sir Charles Baskerville. Could the culprit somehow be mixed up with secretive servant Barrymore, history-obsessed Dr. Frankland, butterfly-chasing Stapleton, or Selden, the Notting Hill murderer at large? Someones been signaling with candles from the mansions windows. Nor can supernatural forces be ruled out. Can Dr. Watson left alone by Sherlock Holmes to sleuth in fear for

much of the novel save the next Baskerville, Sir Henry, from the hound's fangs?

The Hound of the Baskervilles - Arthur Conan Doyle 2017-12-26T23:14:09Z

It would be hard to nominate a more well-known character in English literature than that of the austere analytical detective Sherlock Holmes, created by Arthur Conan Doyle in the late 1880s. Holmes, alongside his friend and biographer Dr. John Watson, appeared in two initial novels and dozens of short stories serialized in popular magazines, attracting a devoted, almost fanatical following which continues to this day. The Hound of the Baskervilles, serialized in 1901-1902, was the third novel featuring Holmes and Watson.

Sherlock Holmes is consulted in his Baker Street apartment by Dr. Mortimer, a physician now living on the fringes of Dartmoor. He gives Holmes and Watson an account of a centuries-old legend, in which a hell-hound slaughtered the debauched heir of the Baskerville family who had been in lecherous pursuit of an innocent maiden across the moor. The same hound is reputed to have harrowed several of the subsequent heirs to the estate. This ancient story might be dismissed as mere fancy, but for the fact that the elderly Sir Charles Baskerville recently died in very mysterious circumstances, apparently fleeing in terror from something which came from the moor. Dr. Mortimer is concerned that the new heir, Sir Henry, just returned from Canada, may be at risk from this supernatural beast. Holmes is intrigued, but being too busy to go himself, sends Dr. Watson to accompany Sir Henry to the ancestral home on Dartmoor and to report anything suspicious. The Hound of the Baskervilles is arguably the best, and certainly

the most popular, of Doyle's novels featuring his iconic detective. It has been translated into almost every language in the world and been the basis of dozens of movies (starting as early as 1914), radio plays and comic books. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

The Hound of the Baskervilles: Another Adventure of Sherlock Holmes - Sir Arthur Conan Doyle 2020-09-28

Mr. Sherlock Holmes, who was usually very late in the mornings, save upon those not infrequent occasions when he was up all night, was seated at the breakfast table. I stood upon the hearth-rug and picked up the stick which our visitor had left behind him the night before. It was a fine, thick piece of wood, bulbous-headed, of the sort which is known as a "Penang lawyer." Just under the head was a broad silver band nearly an inch across. "To James Mortimer, M.R.C.S., from his friends of the C.C.H.," was engraved upon it, with the date "1884." It was just such a stick as the

old-fashioned family practitioner used to carry—dignified, solid, and reassuring. “Well, Watson, what do you make of it?” Holmes was sitting with his back to me, and I had given him no sign of my occupation. “How did you know what I was doing? I believe you have eyes in the back of your head.” “I have, at least, a well-polished, silver-plated coffee-pot in front of me,” said he. “But, tell me, Watson, what do you make of our visitor’s stick? Since we have been so unfortunate as to miss him and have no notion of his errand, this accidental souvenir becomes of importance. Let me hear you reconstruct the man by an examination of it.” “I think,” said I, following as far as I could the methods of my companion, “that Dr. Mortimer is a successful, elderly medical man, well-esteemed since those who know him give him this mark of their appreciation.” “Good!” said Holmes. “Excellent!” “I think also that the probability is in favour of his being a country practitioner who does a great deal of his visiting on foot.” “Why so?” “Because

this stick, though originally a very handsome one has been so knocked about that I can hardly imagine a town practitioner carrying it. The thick-iron ferrule is worn down, so it is evident that he has done a great amount of walking with it.” “Perfectly sound!” said Holmes. “And then again, there is the ‘friends of the C.C.H.’ I should guess that to be the Something Hunt, the local hunt to whose members he has possibly given some surgical assistance, and which has made him a small presentation in return.” “Really, Watson, you excel yourself,” said Holmes, pushing back his chair and lighting a cigarette. “I am bound to say that in all the accounts which you have been so good as to give of my own small achievements you have habitually underrated your own abilities. It may be that you are not yourself luminous, but you are a conductor of light. Some people without possessing genius have a remarkable power of stimulating it. I confess, my dear fellow, that I am very much in your debt.” He had never said as

much before, and I must admit that his words gave me keen pleasure, for I had often been piqued by his indifference to my admiration and to the attempts which I had made to give publicity to his methods. I was proud, too, to think that I had so far mastered his system as to apply it in a way which earned his approval. He now took the stick from my hands and examined it for a few minutes with his naked eyes. Then with an expression of interest he laid down his cigarette, and carrying the cane to the window, he looked over it again with a convex lens. "Interesting, though elementary," said he as he returned to his favourite corner of the settee. "There are certainly one or two indications upon the stick. It gives us the basis for several deductions." "Has anything escaped me?" I asked with some self-importance. "I trust that there is nothing of consequence which I have overlooked?" "I am afraid, my dear Watson, that most of your conclusions were erroneous. When I said that you stimulated me I meant, to be frank,

that in noting your fallacies I was occasionally guided towards the truth. Not that you are entirely wrong in this instance. The man is certainly a country practitioner. And he walks a good deal."
