Their destiny is to fix history.
Their dream is to get home.
When you live in a house that's really a gateway between past and present, you have to be ready for anything. It's a painful fact the Kings have faced since moving to Pinedale eight days

ago. Desperately trying to rescue their mother from an unknown time and place, brothers Xander and David have lunged headlong into the chaos of history's greatest--and most volatile--events. But their goal has continually escaped their grasp. And worse: Finding Mom is only a small part of

what they must do, thanks to the barbaric Taksidian. His ruthless quest to seize their house and its power from them has put not only the family, but all of mankind, in grave danger. Somehow, the key to it all hinges on Uncle Jesse's words to the boys: "Fixing time is what our family was made to do." But how can they fix a world that has been turned upside down--much less ever find their way home? At long last, the secrets of the house and the King family are revealed in the stunning conclusion to this epic series.

David and his brother Xander's search for their abducted mother has repeatedly led them on strange and terrifying

journeys as they've stepped through the portals of the creepy old house and into some of history's most turbulent moments...and confronted an unimaginably bleak vision of the future. Now Jesse's words saddle them with an obligation to not only visit the past, but the need to rewrite it. Fulfilling their purpose will take everything they have, both mentally and physically. But they have no choice...because everything in the past-and the future-is on the line.

No one can be summoned from the Archipelago. And worse, their mentor and ally Bert seems to have forgotten them entirely! David, Xander, and Toria King never know what new adventures—and dangers—await them beyond the mysterious portals hidden on the top floor of their new house. The 13th Tribe - Robert Liparulo 2012-04-02

When a group of immortal vigilantes threatens millions, only one man is brave enough to stand in their way. Their story didn't start this year...or even this millennium. It began when Moses was on Mt. Sinai. Tired of waiting on the One True God, the twelve tribes of Israel began worshipping a golden calf through pagan revelry. Many received immediate death for their idolatry, but 40 were handed a far worse punishment—endless life on earth with no chance to

see the face of God. This group of immortals became the 13th Tribe, and they've been trying to earn their way into heaven ever since—by killing sinners. Though their logic is twisted, their brilliance is undeniable. Their wrath is unstoppable. And the technology they possess is beyond anything mere humans have ever seen. Jagger Baird knows nothing about the Tribe when he's hired as head of security for an archaeological dig on Mt. Sinai. The former Army Ranger is still reeling from an accident that claimed the life of his best friend, his arm, and his faith in God. The Tribe is poised to execute their most ambitious attack ever and the lives of millions hang in the balance. When Jagger's wife and son are caught in the crossfire, he'll stop at nothing to save them. But how can one man stand against an entire tribe of immortals? "Liparulo plunges deep into the pages of Scripture to find intriguing what-if's and stunning revelations—all woven into a tale that is both skin-tinglingly supernatural and thought-

provokingly real. Packed with high-tech gadgetry, action, and heart . . . Read this novel! Seriously!" —TED DEKKER, New York Times best-selling author of *Forbidden* and the Circle Series "The author of *Comes a Horseman* ushers in an exciting new series with this action-packed and intricately plotted spiritual thriller that should appeal to fans of Frank Peretti and Oliver North." —Library Journal "A fantasy-thriller with overt (but not overly intrusive) Christian themes . . . The book can be read as a story of a man's spiritual transition, or it can be read as a fast-paced thriller with fantasy elements. Either way, it's a success." —Booklist "Liparulo opens the *Immortal Files* series with a bang . . . Liparulo has concocted a fast-moving, imaginative narrative that examines moral questions . . . every reader is in for roller-coaster action, competently done, with a late-breaking major plot curve that leaves the door open for more." —Publishers Weekly "If you're a fan of suspense or biblical

fiction, this is one book you won't want to miss. Its mind-blowing action will keep readers totally immersed." —RT Book Review, 4 1/2 stars

Flesh-eating danger abounds in the chilling sequel to The Monstrumologist that is "as fast-paced, elegant, and yes, gruesome as its predecessor" (Publishers Weekly, starred review). While Dr. Warthrop is attempting to disprove that Homo vampiris, the vampire,

could exist, his former fiancée asks him to save her husband, who has been captured by a Wendigo—a creature that starves even as it gorges itself on human flesh. Although Dr. Warthrop considers the Wendigo to be fictitious, he relents and performs the rescue—but is he right to doubt the Wendigo's existence? Can the doctor and Will Henry hunt down the ultimate predator, who, like the legendary vampire, is neither living nor dead, and whose hunger for human flesh is never satisfied? This second book in The Monstrumologist series explores the line between myth and reality, love and hate, genius and madness.

Man and His Symbols - Carl G. Jung 2012-02-01

The landmark text about the inner workings of the unconscious mind—from the symbolism that unlocks the meaning of our dreams to their effect on our waking lives and artistic impulses—featuring more than a hundred images that break down Carl Jung’s revolutionary ideas “What emerges with great clarity from the book is that Jung has done immense service both to psychology as a science and to our general understanding of man in society.”—The Guardian “Our psyche is part of nature, and its enigma is limitless.” Since our inception, humanity has looked to dreams for guidance. But what are they? How can we understand them? And how can we use them to shape our lives? There is perhaps no one more equipped to answer these questions than the legendary psychologist Carl G. Jung. It is in his life’s work

that the unconscious mind comes to be understood as an expansive, rich world just as vital and true a part of the mind as the conscious, and it is in our dreams—those personal, integral expressions of our deepest selves—that it communicates itself to us. A seminal text written explicitly for the general reader, *Man and His Symbols* is a guide to understanding the symbols in our dreams and using that knowledge to build fuller, more receptive lives. Full of fascinating case studies and examples pulled from philosophy, history, myth, fairy tales, and more, this groundbreaking work—profusely illustrated with hundreds of visual examples—offers invaluable insight into the symbols we dream that demand understanding, why we seek meaning at all, and how these very symbols affect our lives. By illuminating the means to examine our prejudices, interpret psychological meanings, break free of our influences, and recenter our

individuality, *Man and His Symbols* proves to be—decades after its conception—a revelatory, absorbing, and relevant experience.

The King family has moved into a strange old house. Could it be a dream come true—or a place of nightmares? When the Kings move from LA to a secluded small town, fifteen-year-old Xander is beyond disappointed. He and his friends loved to create amateur films, but the tiny town of Pinedale is the last place a movie buff and future filmmaker wants to land. But he, David, and Toria are captivated by the many rooms in the old Victorian fixer-upper they moved into—as well as the heavy woods surrounding the house. They soon discover there's something odd about their new home. Sounds come from the wrong directions. Prints of giant, bare feet appear in the dust. And when David

tries to hide in the linen closet, he winds up in locker 119 at his new school. Then the really weird stuff kicks in: they find a hidden hallway with portals leading to far-off places—in long-ago times. Xander is starting to wonder if this kind of travel is a teen's dream come true . . . or his worst nightmare.
