They illustrate their arguments using real-world examples and studies, from the Finnish Ski Association to Philip Morris International. This book serves as required reading in advanced courses covering public relations practice, advanced topics in PR, corporate communication, management, and marketing. An Egyptian Novel - Orly Castel-Bloom 2017-07-21

The protagonist has Egyptian roots going back many generations: on her father's side, to the expulsion of the Jews of Spain in 1492, when seven brothers of the Kastil family (from Castilla) landed on the Gaza coast after many trials and tribulations. Her mother's side goes back even further, to the only family that Jewish history has ignored: the ones who said "No" to Moses and stayed in Egypt. After migrating to Israel in the 1950s and settling on a kibbutz—from which they were soon expelled for Stalinism—this storied clan moved to Tel Aviv. In this unconventional family saga, Orly Castel-Bloom blends fact with fiction, history with legend, reimagining the lives of her forebears in unforgettable prose.

Paul Richardson 2016-02-25

Ingrid Lundström, the daughter of a wealthy Swedish banker, has been a global roamer since she left school. An iconic blond, she resembles Agnetha Fältskog of Abba fame. These attributes dominate her existence, especially when she moves to Papua New Guinea, to work. Because of her connection to wealth, she becomes the target of criminals. Because of her appearance, she attracts special interest at every turn. When aspiring teacher Michael Mannion hears about Ingrid's fate at the hands of kidnappers, he travels to Papua New Guinea to track her down and attempt a rescue. However, he encounters many surprises. What he doesn't know is that he's as much the problem as the solution. They say love conquers all, but in a country where it's hard to separate fact from fiction, the serious from the lighthearted, and good guys from bad guys, love may not be enough. For Ingrid and Michael, love is their path to salvation but this path takes them on a different and sometimes unpredictable adventure.

City Cycling - John Pucher 2012-10-19

A guide to today's urban cycling renaissance, with information on cycling's health benefits, safety, bikes and bike equipment, bike lanes, bike sharing, and other topics. Bicycling in cities is booming, for many reasons: health and environmental benefits, time and cost savings, more and better bike lanes and paths, innovative bike sharing programs, and the sheer fun of riding. City Cycling offers a guide to this urban cycling renaissance, with the goal of promoting cycling as sustainable urban transportation available to everyone. It reports on cycling trends and policies in cities in North America, Europe, and Australia, and offers information on such topics as cycling safety, cycling infrastructure provisions including bikeways and bike parking, the wide range of bike designs and bike equipment, integration of cycling with public transportation, and promoting cycling for women and children. City Cycling emphasizes that bicycling should not be limited to those who are highly trained, extremely fit, and daring enough to battle traffic on busy roads. The chapters describe ways to make city cycling feasible, convenient, and safe for commutes to work and school, shopping trips, visits, and other daily transportation needs. The book also offers detailed examinations and illustrations of cycling conditions in different urban environments: small cities (including Davis, California, and Delft, the Netherlands), large cities (including Sydney, Chicago, Toronto and Berlin), and "megacities" (London, New York, Paris, and Tokyo). These chapters offer a closer look at how cities both with and without historical cycling cultures have developed cycling programs over time. The book makes clear that successful promotion of city cycling depends on coordinating infrastructure, programs, and government policies.

Joy Unconfined - Ian Strathcarron 2015-02-03

Lord Byron's Grand Tour is recorded as impressions in his own letters and journals, more methodically in the diary of his travelling companion John

Cam Hobhouse, and reflected poetically in the first two cantos of the epic poem that was to make his fame and start his legend. Lord Strathcarron's re-Tour follows in Byron's footsteps, revisiting the places the poet visited two hundred years ago and comparing what he found then to what one finds there now. At each point the re-Tour meets today's equivalents to the kings, consuls, governors, chieftains and gangsters that the Grand Tour met before it. Witty and perceptive, the re-Tour reveals much about Lord Byron and much too about how the world has changed in two centuries.

Left Luggage - Andrew Christie 2014-09-20

Santro - BVR Subbu 2018-01-05

There's no business like the car business! Within months of its launch in late 1998, with every well-known global automobile brand jockeying for a foothold in a small-car market almost monopolized by Maruti Udyog Limited, Hyundai Motor India's debut production, the Santro, emerged as a force to reckon with. The first car to be conceptualized and designed for India and then developed and manufactured in India, the 'Sunshine Car' has, over a period of sixteen years, set the record for the quickest small car brand to go from zero to one million units sold. It achieved profitability for Hyundai at an unprecedented speed and made an impressive global impact as a made-in-India automobile in markets as diverse as Algeria and Zimbabwe, Western Europe and North America. In *Santro: The Car That Built a Company*, BVR Subbu, who spearheaded much of the Santro's success, reveals the hitherto untold story of how this small car made such a big impact. Vivid anecdotes detail the challenges of introducing a new product in a new market, the canny business strategies that were employed to get the better of rival brands, the unforgettable marketing campaigns that made all the difference and the thrills of the high-stakes power battles and everyday drama that characterize corporate India. By turns revelatory, insightful and delightfully engaging, this is a business story with a difference about a car like no other.

Elders and Leaders - Gene A. Getz 2003-08-01

Strong leadership in the church is exactly what God had in mind.

However, very few people, Gene Getz believes, understand the biblical pattern for church leadership. He has written *Elders and Leaders* to unravel the mystery and alleviate the confusion surrounding this critical topic. In the first part of the book, Getz lays the historical and biblical groundwork for the position of elder. In the second part, he shares how he has applied or has seen these principles applied over the years.

Medicine in the English Middle Ages - Faye Getz 1998-11-02

This book presents an engaging, detailed portrait of the people, ideas, and beliefs that made up the world of English medieval medicine between 750 and 1450, a time when medical practice extended far beyond modern definitions. The institutions of court, church, university, and hospital--which would eventually work to separate medical practice from other duties--had barely begun to exert an influence in medieval England, writes Faye Getz. Sufferers could seek healing from men and women of all social ranks, and the healing could encompass spiritual, legal, and philosophical as well as bodily concerns. Here the author presents an account of practitioners (English Christians, Jews, and foreigners), of medical works written by the English, of the emerging legal and institutional world of medicine, and of the medical ideals present among the educated and social elite. How medical learning gained for itself an audience is the central argument of this book, but the journey, as Getz shows, was an intricate one. Along the way, the reader encounters the magistrates of London, who confiscate a bag said by its owner to contain a human head capable of learning to speak, and learned clerical practitioners who advise people on how best to remain healthy or die a good death. Islamic medical ideas as well as the poetry of Chaucer come under scrutiny. Among the remnants of this far distant medical past, anyone may find something to amuse and something to admire.

Muddy People - Sara El Sayed 2022-06-07

“By turns heartfelt, biting funny, and emotionally devastating, *Muddy People* is not your average coming-of-age tale. I loved this memoir of a young Egyptian-Australian girl growing up Muslim. It's a clear-eyed, fierce debut; every word rings true.”—Nadine Jolie Courtney, author of *All-American Muslim Girl* A quick, clever debut that is “like the best kind of cake: warm, sweet, a bit nutty—and made with so much love.”—Alice Pung, author of *Unpolished Gem* Sara is growing up in a family with a lot of rules. Her mother tells her she’s not allowed to wear a bikini, her father tells her she’s not allowed to drink alcohol, and her grandmother tells her to never trust a man with her money. After leaving Egypt when Sara was only six years old, her family slowly learns how to navigate the social dynamics of their new home. Sara feels out of place in her new school. Her father refuses to buy his coworkers a ginger beer, thinking it contains alcohol. Her mother refuses to wear a hijab, even if it would help them connect with other local Muslims. And Sara learns what it feels like to have a crush on a boy, that some classmates are better friends than others, and that her parents are loving, but flawed people who don't always know what's best for her, despite being her strongest defenders. For readers of Patricia Lockwood’s *Priestdaddy* and Michelle Zauner’s *Crying in H Mart*, this heartwarming book about family and identity introduces a compelling new voice, with a coming-of-age story that will speak to everyone who’s ever struggled to figure out where they belong.

Building Up One Another - Gene A. Getz 2011-03-01

The body of Christ can't be all that it should be unless we mature in our interpersonal relationships as the Bible commands. Building Up One Another has been helping believers do just that since 1976, when Gene Getz first published what has since become a best-selling classic. This book, the cornerstone of the well-known "One Another Series," has now been thoroughly updated and rewritten, drawing upon Dr. Getz's church planting and "building up" experience. It also includes a personal and group study. Explore with Dr. Getz twelve significant "one another" commands of the New Testament, and follow the practical steps for developing them in your own life and in the life of your church. It's a long-term building process, but one that pleases God and reaps rewards not just in this lifetime but in the next.

Music in the Collective Experience in Sixteenth-century Milan - Christine Suzanne Getz 2005

Using archival documents, music prints, manuscripts and contemporary writing, Getz examines the musical culture of sixteenth-century Milan. The book investigates the musician's role as an actor and a functionary in the political, religious, and social spectacles produced by the Milanese church, state and aristocracy within the city's diverse urban spaces. Furthermore, it establishes a context for the numerous motets, madrigals, and lute intabulations composed and printed in sixteenth-century Milan by examining their function within the urban milieu in which they were first performed.

Today I F**d Up** - Thomas Mitchell 2021-03-03

A toe curling, laugh out loud collection of worst day disasters. I'd always

rolled my eyes when people describe things as 'happening in slow motion'. Surely everything happens in regular time and it's only when you replay it in your head that it seems to slow down? But as the car lurched forward and I found myself sailing through the back of the garage, I finally understood what they meant. When a trip to meet his new girlfriend's grandparents ends in disaster (think a crashed ute, an angry wasp and a cranky farmer with a shotgun), Thomas Mitchell knows one thing for sure: bad days make for great stories. While we might not like to admit it, we can't help but find a sneaky pleasure in other people's misfortune. It's the reason fail compilations rack up millions of views on YouTube or television shows like Funniest Home Videos exist at all. Deep down we're addicted to the downfall of our fellow humans, and if there was ever a point in history when we needed a laugh, it's now. Today I F***D Up is a collection of tall tales but true that are equal parts hilarious and horrifying; a timely reminder that no matter how terrible things get, they could always be worse. So much worse. Praise for Today I F***D Up 'Today I F****d Up turns disaster, catastrophes, abject humiliation and pure mortification into gold. Essential reading for anyone who's been there as many times as I have. Read the book, and you'll laugh for sure, and you just might also cry.' Markus Zusak `You know those days where everything goes wrong? We've all had them and now Thomas Mitchell has written a book about them. It's very funny. You can do what we love to do the most... laugh at other people's expense.' Larry Emdur `If you're in need of a good laugh do yourself a favour and give it a read.' Francesca Hung `Thomas Mitchell has written a book. He says it's hilarious and I concur!' Samantha Armytage `I'm reading this - it's so good. Thomas Mitchell is very funny. And talented. If you want a laugh and a great read - can't recommend it enough.' Sally Obermeder `He's hilarious!' Kylie Gillies `Ever had a bad day? It's nothing compared to the hilarious stories in this book. Filled to the brim with stories about dating, sex, losing your job, capitulating in a job interview and accidentally throwing a house party (we've all been there), Mitchell has compiled the best of the best for your enjoyment.' Pop Sugar `Bad day? This book will help you feel 100 per cent better about your life choices.' TV WEEK

Join Benn in his search for "the perfect stool", and experience his frustration after purchasing the latest state-of-the-art home cinema equipment to the envy of all his friends-and after six months, still not being able to get it to work. Packaging Life - Pramod K Nayar 2010-05-01

Packaging Life: Cultures of the Everyday is a study of the cultural politics of four aspects of everyday life-health, comfort, risk and mobility-as manifest in public culture. The book explores the commodification of these aspects, arguing that our experience and perception of these are mediated by discourses circulating in the mass media. The author explores how notions of 'good' health, 'cosmopolitan' identities, and

'luxurious' lifestyles are constructed, arguing that such constructions, or what this book calls 'packaging', encourage us to buy particular commodities, adopt certain lifestyles, assimilate specific political beliefs and develop significant anxieties. Discourses, he suggests, morph into consumer practices, where particular kinds of bodies, objects, and practices are established as the norm-safe, stylish and cosmopolitan-so that they appear natural, legitimate and desirable and lead us, consumers, to buy, practice, believe in and adopt them. He also analyzes or tries to 'unpack' this underlying discourse within images, rhetoric, narratives and representations so that we understand the politics behind them. 'Unpacking' cultural politics, this book demonstrates, is the disentangling of the insidious regulatory frames of representation so that we generate dissident reading practices for public culture. The book is an essential reading for those who want to understand modern urban cultural rhetorics. Scholars and practitioners working in the fields of media and communication, consumer behaviour studies and cultural studies will find it highly engaging as well as provocative.

Nathan Farrugia is in a class by himself. You can't help but enjoy this adventure." ★★★★★ "What an amazing series. Plenty of action, thrills, gut-wrenching pace, cool weapons/gadgets and well written story." ★★★★★ "Can I give this book 10 stars? It kept me on the edge of my seat from the first page to the last!" ★★★★★ "The Fifth Column series is a tour de force. This amazing series deserves a 5 star review." ★★★★★ "Really humorous, lots of action and the characters are so much fun. Loved it. Fast-paced, entertaining read." ★★★★★ "I picked up a copy of The Chimera Vector thinking it would be a standard adventure novel. I was wrong. From the sands of the Middle East to the streets of New York, Nathan Farrugia has taken the techno-action/spy novel pioneered by David Morrell and given it steroids." ★★★★★ "Farrugia weaves an amazing tale of power, deceit and double crosses. Espionage at its finest, intrigue that will tighten your gut and light every nerve on fire, The Chimera Vector goes far beyond science fiction and becomes a fast-paced mystery-thriller that defies early detection of where we are headed." ★★★★★ "This is going down as one of the best series I've read. And that's saying something. Filled with intense action with enough sci-fi and thriller to make me grin like I found the girl of my dreams." ★★★★★ "Loved it. High paced action thriller it definitely is. You think you know where it is going then the plot twists again. It really kept me turning the pages to see what was going to happen next." ★★★★★ "An excellent fast paced series that merges science, science fiction and adventure in one well written read that will

make it impossible to put down." ★★★★★ "Oh. Wow. What a book. I found The Chimera Vector to be well written, thoroughly entertaining, and at times unbearably suspenseful. I was literally holding my breath." ★★★★★ "All the action that I really enjoyed in the first one and hoped would continue... the sequel blew that out of the ballpark. Amazing book, even better than the first, if that's possible! Love all the characters." ★★★★★ "Be warned! This series is totally addictive. Don't start this unless you're ready for a wild action-packed ride." About the author Nathan M.
