Weinberg 1981

Completely rewritten and simplified for the undergraduate, the second edition of this anthology of readings describes five major perspectives on social problems (social pathology, social disorganization, value

others.

Brokering Culture in Britain's Empire and the Historical Novel - Matthew C. Salyer 2020-08-15

Brokering Culture in Britain's Empire and the Historical Novel examines the relationship between the historical sensibilities of nineteenth-century British and American "romancers" and the conceptual frameworks that eighteenth-century imperial interlocutors used to

imagine and critique their own experiences of Britain's diffused, tenuous, and often accidental authority. Salyer argues that this cultural experience, more than what Lukács had in mind when he wrote of a mass historical consciousness after Napoleon, gave rise to the Romantic historiographical approach of writers such as Walter Scott, James Fenimore Cooper, Charles Brockden Brown and Frederick Marryat. This book traces the conversion of the eighteenth-century imperial speaker into the nineteenth-century "romance" hero through a number of proto-novelistic responses to the problem of Imperial history, including Edmund Burke in the Annual Register and the celebrated court case of James Annesley, among others. The author argues that popular Romantic novels such as Scott's *Waverley* and Cooper's *The Pioneers* convert the problem of narrating the political geographies of

eighteenth-century Empire into a discourse of history, placing the historical realities of negotiating Imperial authority at the heart of a nineteenth-century project that fictionalized the possibilities and limits of political historical agency in the modern nation state.

China in Ten Words - Yu Hua
2012-08-21

From one of China's most acclaimed writers: a unique, intimate look at the Chinese experience over the last several decades. Framed by ten phrases common in the Chinese vernacular, *China in Ten Words* uses personal stories and astute analysis to reveal as never before the world's most populous yet oft-misunderstood nation. In "Disparity," for example, Yu Hua illustrates the expanding gaps that separate citizens of the country. In "Copycat," he depicts the escalating trend of piracy and imitation as a creative new form of revolutionary action. And in "Bamboozle," he describes the increasingly brazen practices of trickery, fraud, and chicanery that are, he

suggests, becoming a way of life at every level of society. Witty, insightful, and courageous, this is a refreshingly candid vision of the "Chinese miracle" and all of its consequences.

By Reason of Breakings - Andrew Zawacki 2002

By Reason of Breakings, Andrew Zawacki's first book of poetry, overwhelms and silences by virtue of its extremely austere beauty. In highly wrought lyrics, prose poems, fragments of

apocrypha, and splintered efforts at song, this volume is forceful and haunted by doubt. Each intimate and restrained line is a glimpse at a wisdom that defies paraphrase, each image carefully chosen and constructed. Zawacki's language summons and invites and is almost menacing in its delicate intensity: "Weight is the syntax of filling empty spaces: scalpels and expired tissue fall, but fire rises to fever and sere." While pursuing an explanation for the disappearance of God and for the denouement of a love affair, and exploring the failure of language to compensate or console, these poems maintain their sublime power and elegance.
