Daisy is a girl coming of age in L.A. in the late sixties, sneaking into clubs on the Sunset Strip, sleeping with rock stars, and dreaming of singing at the Whisky a Go Go. The sex and drugs are thrilling, but it’s the rock ’n’ roll she loves most. By the time she’s twenty, her voice is getting noticed, and she has the kind of heedless beauty that makes people do crazy things. Also getting noticed is The Six,

a band led by the brooding Billy Dunne. On the eve of their first tour, his girlfriend Camila finds out she's pregnant, and with the pressure of impending fatherhood and fame, Billy goes a little wild on the road. Daisy and Billy cross paths when a producer realizes that the key to supercharged success is to put the two together. What happens next will become the stuff of legend. The making of that legend is chronicled in this riveting and unforgettable novel, written as an oral history of one of the biggest bands of the seventies. Taylor Jenkins Reid is a talented writer who takes her work to a new level with *Daisy Jones & The Six*, brilliantly capturing a place and time in an utterly distinctive voice.

Policy Agendas in Australia - Keith Dowding 2016-11-04

This book contributes to and expands on the major international Comparative Policy Agendas Project. It sets the project in context, and

provides a comprehensive assessment of the changing policy agenda in Australia over a forty-year period, using a unique systematic dataset of governor-general speeches, legislation and parliamentary questions, and then mapping these on to media coverage and what the public believes (according to poll evidence) government should be concentrating upon. The book answers some important questions in political science: what are the most important legislative priorities for government over time? Does the government follow talk with action? Does government attend to the issues the public identifies as most important? And how does media attention follow the policy agenda? The authors deploy their unique dataset to provide a new and exciting perspective on the nature of Australian public policy and the Comparative Policy Agendas Project more broadly.

to his horror that a Midwest car dealer is taking his fiction as truth. Napoli/New York/Hollywood - Giuliana Muscio 2018-10-30

Napoli/New York/Hollywood is an absorbing investigation of the significant impact that Italian immigrant actors, musicians, and directors—and the southern Italian stage traditions they embodied—have had on the history of Hollywood cinema and American media, from 1895 to the present day. In a unique exploration of the transnational communication between American and Italian film industries, media or performing arts as practiced in Naples, New York, San Francisco, and Los Angeles, this groundbreaking book looks at the historical context and institutional film history from the illuminating perspective of the performers themselves—the workers who lend their bodies and their performance culture to screen representations. In doing so, the author brings to light the cultural work of

families and generations of artists that have contributed not only to American film culture, but also to the cultural construction and evolution of “Italian-ness” over the past century. *Napoli/New York/Hollywood* offers a major contribution to our understanding of the role of southern Italian culture in American cinema, from the silent era to contemporary film. Using a provocative interdisciplinary approach, the author associates southern Italian culture with modernity and the immigrants’ preservation of cultural traditions with innovations in the mode of production and in the use of media technologies (theatrical venues, music records, radio, ethnic films). Each chapter synthesizes a wealth of previously under-studied material and displays the author’s exceptional ability to cover transnational cinematic issues within an historical context. For example, her analysis of the period from the end of World War I until the beginning of sound in film production in the end of the 1920s, delivers a meaningful revision of the relationship between Fascism and American cinema, and Italian emigration. *Napoli/New York/Hollywood* examines the careers of those Italian performers who were Italian not only because of their origins but because their theatrical culture was Italian, a culture that embraced high and low, tragedy and comedy, music, dance and even acrobatics, naturalism, and improvisation. Their previously unexplored story—that of the Italian diaspora’s influence on American cinema—is here meticulously

reconstructed through rich primary sources, deep archival research, extensive film analysis, and an enlightening series of interviews with heirs to these traditions, including Francis Coppola and his sister Talia Shire, John Turturro, Nancy Savoca, James Gandolfini, David Chase, Joe Dante, and Annabella Sciorra.

Instrumental - James Rhodes 2017-02-07

“A mesmeric combination of vivid, keen, obsessive precision and raw, urgent energy.” --Zoe Williams, Guardian “Thrilling and harrowing . . . Unsurpassed and unsurpassable.” --Sunday Times James Rhodes's passion for music has been his lifeline--the thread that has held through a life encompassing abuse and turmoil. But whether listening to

Rachmaninov on a loop as a traumatized teenager or discovering a Bach adagio while in a hospital ward, he survived his demons by encounters with musical miracles. These--along with a chance encounter with a stranger--inspired him to become the renowned concert pianist he is today. **Instrumental** is a memoir like no other: unapologetically candid, boldly outspoken, and surprisingly funny--shot through with a mordant wit, even in its darkest moments. A feature film adaptation of Rhodes's incredible story is now in development from Monumental Pictures and BBC Films, following a competitive bidding war involving major U.S. and U.K. companies. An impassioned tribute to the therapeutic powers of music, **Instrumental** also weaves in fascinating facts about how classical music actually works and about the extraordinary lives of some of the great composers.
