Pro: Reclaiming Abortion Rights - Katha Pollitt 2014-10-14

A poet, essayist and columnist argues that abortion is a common part of a woman's reproductive life and shouldn't be vilified, but accepted as a moral right that can be a force for social good.

**Killers of the Flower Moon** - David Grann 2018-04-03

#1 NEW YORK TIMES BESTSELLER • A twisting, haunting true-life murder mystery about one of the most monstrous crimes in American history, from the author of *The Wager* and *The Lost City of Z*, "one of the preeminent adventure and true-crime writers working today."—*New York Magazine* • NATIONAL BOOK AWARD FINALIST • SOON TO BE A MAJOR MOTION PICTURE "A shocking whodunit...What more could fans of true-crime thrillers ask?"—*USA Today* "A masterful work of literary journalism crafted with the urgency of a mystery." —*The Boston Globe* In the 1920s, the richest people per capita in the world were members of the Osage Nation in Oklahoma. After oil was discovered beneath their land, the Osage rode in chauffeured automobiles, built mansions, and sent their children to study in Europe. Then, one by one, the Osage began to be killed off. The family of an Osage woman, Mollie Burkhart, became a prime target. One of her relatives was shot. Another was poisoned. And it was just the beginning, as more and more Osage were dying under mysterious circumstances, and many of those who dared to investigate the killings were themselves murdered. As the death toll rose, the newly created FBI took up the case, and the young director, J. Edgar Hoover, turned to a former Texas Ranger named Tom White to try to unravel the mystery. White put together an undercover team, including a Native American agent who infiltrated the region, and together with the Osage began to expose one of the most chilling conspiracies in American history. **Black Body** - Radhika Mohanram 1999

From Algeria to the Antipodes, the female black body, when viewed through the colonial lens, represents all that is dangerous and unknown in an alien land. Its true significance can be understood only through the concept of space, because a "black body" is understood as "black" only outside of its context, its "place" -- and a female black body is doubly out of place. Yet for all its importance to racial identity, Radhika Mohanram argues, space has been submerged and overlooked in postcolonial theory. Accordingly, she develops in *Black Body* a theory of identity situated within space and place rather than the more familiar models of identity formation that emphasize time. Mohanram's emphasis on space brings out the connections among various strands in postcolonial studies: the politics of displacement, the concept of diasporic identity versus indigenous identity, the identity of woman in the nation and the spatial construction of femininity, the association of the black body with nature and landscape and the white body with knowledge. Drawing on the work of Fanon, Merleau-Ponty, and Levi-Strauss, *Black Body* interrogates theories produced in the Northern Hemisphere and questions their value for the Southern Hemisphere. The relationship between the female black body and the white male body effectively and tellingly parallels the relationship between the two hemispheres.

*Long Way Down* - Jason Reynolds 2017-10-24

"An intense snapshot of the chain reaction caused by pulling a trigger." —Booklist (starred review) "Astonishing." —Kirkus Reviews (starred review) "A tour de force." —Publishers Weekly (starred review) A Newbery Honor Book A Coretta Scott King Honor Book A Printz Honor Book A Time Best YA Book of All Time (2021) A Los Angeles Times Book Prize Winner for Young Adult Literature Longlisted for the National Book Award for Young People's Literature Winner of the Walter Dean Myers Award An Edgar Award Winner for Best Young Adult Fiction Parents' Choice Gold Award Winner An Entertainment Weekly Best YA Book of 2017 A Vulture Best YA Book of 2017 A Buzzfeed Best YA Book of 2017 An ode to Put the Damn Guns Down, this is New York Times bestselling author Jason Reynolds's electrifying novel that takes place in sixty potent seconds—the time it takes a kid to decide whether or not he's going to murder the guy who killed his brother. A cannon. A strap. A piece. A biscuit. A burner. A heater. A chopper. A gat. A hammer A tool for RULE Or, you can call it a gun. That's what fifteen-year-old Will has shoved in the back waistband of his jeans. See, his brother Shawn was just murdered. And Will knows the rules. No crying. No snitching. Revenge. That's where Will's now heading, with that gun shoved in the back waistband of his jeans, the gun that was his brother's gun. He gets on the elevator, seventh floor, stoked. He knows who he's after. Or does he? As the elevator stops on the sixth floor, on comes Buck. Buck, Will finds out, is who gave Shawn the gun before Will took the gun. Buck tells Will to check that the gun is even loaded. And that's when Will sees that one bullet is missing. And the only one who could have fired Shawn's gun was Shawn. Huh. Will didn't know that Shawn had ever actually USED his gun. Bigger huh. BUCK IS DEAD. But Buck's in the elevator? Just as Will's trying to think this through, the door to the next floor opens. A teenage girl gets on, waves away the smoke from Dead Buck's cigarette. Will doesn't know her, but she knew him. Knew. When they were eight. And stray bullets had cut through the playground, and Will had tried to cover her, but she was hit anyway, and so what she wants to know, on that fifth floor elevator stop, is, what if Will, Will with the gun shoved in the back waistband of his jeans, MISSES. And so it goes, the whole long way down, as the elevator stops on each floor, and at each stop someone connected to his brother gets on to give Will a piece to a bigger story than the one he thinks he knows. A story that might never know an END...if Will gets off that elevator. Told in short, fierce staccato narrative verse, *Long Way Down* is a fast and furious, dazzlingly brilliant look at teenage gun violence, as could only be told by Jason Reynolds.

*Project Hail Mary* - Andy Weir 2021-05-04

#1 NEW YORK TIMES BESTSELLER • From the author of *The Martian*, a lone astronaut must save the earth from disaster in this "propulsive" (Entertainment Weekly), cinematic thriller full of suspense, humor, and fascinating science—in development as a major motion picture starring Ryan Gosling. HUGO AWARD FINALIST • ONE OF THE YEAR'S BEST BOOKS: Bill Gates, GatesNotes, New York Public Library, Parade, Newsweek, Polygon, Shelf Awareness, She Reads, Kirkus Reviews, Library Journal • "An epic story of redemption, discovery and cool speculative sci-fi."—*USA Today* "If you loved *The Martian*, you'll go crazy for Weir's latest."—*The Washington Post* Ryland Grace is the sole survivor on a desperate, last-chance mission—and if he

fails, humanity and the earth itself will perish. Except that right now, he doesn't know that. He can't even remember his own name, let alone the nature of his assignment or how to complete it. All he knows is that he's been asleep for a very, very long time. And he's just been awakened to find himself millions of miles from home, with nothing but two corpses for company. His crewmates dead, his memories fuzzily returning, Ryland realizes that an impossible task now confronts him. Hurtling through space on this tiny ship, it's up to him to puzzle out an impossible scientific mystery—and conquer an extinction-level threat to our species. And with the clock ticking down and the nearest human being light-years away, he's got to do it all alone. Or does he? An irresistible interstellar adventure as only Andy Weir could deliver, Project Hail Mary is a tale of discovery, speculation, and survival to rival The Martian—while taking us to places it never dreamed of going.

Summary of Dorothy E. Roberts's Killing the Black Body - Everest Media, 2022-05-04T22:59:00Z

Please note: This is a companion version & not the original book. Sample Book Insights: #1 The control of Black women's reproductive lives began with the experiences of slave women like Rose Williams. Their childbearing replenished the enslaved labor force, and their procreation was largely a result of oppression rather than self-definition. #2 The control of slave women's reproduction is a great example of the importance of reproductive liberty to women's equality. The harms of treating women's wombs as procreative vessels, policies that pit a mother's welfare against that of her unborn child, and government manipulation of women's childbearing decisions all come from the denial of reproductive liberty. #3 The essence of Black women's experience during slavery was the denial of autonomy over reproduction. Female slaves were commercially valuable to their masters not only for their labor, but also for their ability to produce more slaves. #4 Slaveholders used many methods to increase the fertility of their female slaves, from giving them presents to manipulating their marital choices. Women who did not produce children were often sold off or worse.

*Racial Justice and the Catholic Church* - Bryan N. Massingale 2014-07-30

Black Bodies, White Gazes - George Yancy 2016-11-02

Following the deaths of Trayvon Martin and other black youths in recent years, students on campuses across America have joined professors and activists in calling for justice and increased awareness that Black Lives Matter. In this second edition of his trenchant and provocative book, George Yancy offers students the theoretical framework they crave for understanding the violence perpetrated against the Black body. Drawing from the lives of Ossie Davis, Frantz Fanon, Malcolm X, and W. E. B. Du Bois, as well as his own experience, and fully updated to account for what has transpired since the rise of the Black Lives Matter movement, Yancy provides an invaluable resource for students and teachers of courses in African American Studies, African American History, Philosophy of Race, and anyone else who wishes to examine what it means to be Black in America.

Between the World and Me - Ta-Nehisi Coates 2015-07-14

#1 NEW YORK TIMES BESTSELLER • NATIONAL BOOK AWARD WINNER • NAMED ONE OF TIME'S TEN BEST NONFICTION BOOKS OF THE DECADE • PULITZER PRIZE FINALIST • NATIONAL BOOK CRITICS CIRCLE AWARD FINALIST • ONE OF OPRAH'S "BOOKS THAT HELP ME THROUGH" • NOW AN HBO ORIGINAL SPECIAL EVENT Hailed by Toni Morrison as "required reading," a bold and personal literary exploration of America's racial history by "the most important essayist in a generation and a writer who changed the national political conversation about race" (Rolling Stone) NAMED ONE OF THE MOST INFLUENTIAL BOOKS OF THE DECADE BY CNN • NAMED ONE OF PASTE'S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY The New York Times Book Review • O: The Oprah Magazine • The Washington Post • People • Entertainment Weekly • Vogue • Los Angeles Times • San Francisco Chronicle • Chicago Tribune • New York • Newsday • Library Journal • Publishers Weekly In a profound work that pivots from the biggest questions about

American history and ideals to the most intimate concerns of a father for his son, Ta-Nehisi Coates offers a powerful new framework for understanding our nation's history and current crisis. Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? *Between the World and Me* is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bracingly confronts our present, and offers a transcendent vision for a way forward.

**Strange Case of Dr Jekyll and Mr Hyde** - Robert Louis Stevenson 1886

This short novel, published in 1886 by Robert Louis Stevenson (1850–94), may well be more familiar in its many stage, film and television adaptations than in its original form, while 'Jekyll and Hyde' has become the shorthand for a character who seems to have a 'split personality'. Stevenson claimed that the main features of the story came to him in a dream, and he wrote it very rapidly, though ill and bedridden at the time. Priced at one shilling (the genre of macabre and horror stories was known as the 'shilling shocker'), it was an immediate success. Though not the first of Stevenson's works to explore the notion of the divided self, in a period where increasing concern was felt about the possible negative sides of discoveries in both the physical and biological sciences, the story clearly struck a chord, and it has remained popular ever since.

**Torn Apart** - Dorothy Roberts 2022-04-05

An award-winning scholar exposes the foundational racism of the child welfare system and calls for radical change. Many believe the child welfare system protects children from abuse. But as *Torn Apart* uncovers, this system is designed to punish Black families. Drawing on decades of research, legal scholar and sociologist Dorothy Roberts reveals that the child welfare system is better understood as a “family policing system” that collaborates with law enforcement and prisons to oppress Black communities. Child protection investigations ensnare a majority of Black children, putting their families under intense state surveillance and regulation. Black children are disproportionately likely to be torn from their families and placed in foster care, driving many to juvenile detention and imprisonment. The only way to stop the destruction caused by family policing, *Torn Apart* argues, is to abolish the child welfare system and liberate Black communities.

[I'm Still Here](#) - Austin Channing Brown 2018-05-15

NEW YORK TIMES BESTSELLER • REESE'S BOOK CLUB PICK • From a leading voice on racial justice, an eye-opening account of growing up Black, Christian, and female that exposes how white America's love affair with “diversity” so often falls short of its ideals. “Austin Channing Brown introduces herself as a master memoirist. This book will break open hearts and minds.”—Glennon Doyle, #1 New York Times bestselling author of *Untamed* Austin Channing Brown's first encounter with a racialized America came at age seven, when she discovered her parents named her Austin to deceive future employers into thinking she was a white man. Growing up in majority-white schools and churches, Austin writes, “I had to learn what it means to love blackness,” a journey that led to a lifetime spent navigating America's racial divide as a writer, speaker, and expert helping organizations practice genuine inclusion. In a time when nearly every institution (schools, churches, universities, businesses) claims to value diversity in its mission statement, Austin writes in breathtaking detail about her journey to self-worth and the pitfalls that kill our attempts at racial justice. Her stories bear witness to the complexity of America's social fabric—from Black Cleveland neighborhoods to private schools in the middle-class suburbs, from prison walls to the boardrooms at majority-white organizations. For readers who have engaged with America's legacy on race through the writing of Ta-Nehisi Coates and Michael Eric Dyson, *I'm Still Here* is an illuminating look at how white, middle-class, Evangelicalism has participated in an era of rising racial hostility, inviting the reader to confront apathy, recognize God's ongoing work in the world, and discover how blackness—if we let it—can save us all.

[Of Women and Salt](#) - Gabriela Garcia 2021-03-30

AN INSTANT NEW YORK TIMES BESTSELLER THE WASHINGTON POST NOTABLE BOOK OF 2021 A GOOD MORNING AMERICA BOOK CLUB PICK WINNER of the Isabel Allende Most Inspirational Fiction Award, She Reads Best of 2021 Awards • FINALIST for the 2022 Southern Book Prize • LONGLISTED for Crook's Corner Book Prize • NOMINEE for 2021 GoodReads Choice Award in Debut Novel and Historical Fiction A sweeping, masterful debut about a daughter's fateful choice, a mother motivated by her own past, and a family legacy that begins in Cuba before either of them were born. In present-day Miami, Jeanette is battling addiction. Daughter of Carmen, a Cuban immigrant, she is determined to learn more about her family history from her reticent mother and makes the snap decision to take in the daughter of a neighbor detained by ICE. Carmen, still wrestling with the trauma of displacement, must process her difficult relationship with her own mother while trying to raise a wayward Jeanette. Steadfast in her quest for understanding, Jeanette travels to Cuba to see her grandmother and reckon with secrets from the past destined to erupt. From 19th-century cigar factories to present-day detention centers, from Cuba to Mexico, Gabriela Garcia's *Of Women and Salt* is a kaleidoscopic portrait of betrayals—personal and political, self-inflicted and those done by others—that have shaped the lives of these extraordinary women. A haunting meditation on the choices of mothers, the legacy of the memories they carry, and the tenacity of women who choose to tell their stories despite those who wish to silence them, this is more than a diaspora

story; it is a story of America's most tangled, honest, human roots.

[Beloved](#) - Toni Morrison 2004-06-08

PULITZER PRIZE WINNER • NEW YORK TIMES BESTSELLER • An unflinchingly look into the abyss of slavery, from the acclaimed Nobel Prize winner. This spellbinding novel transforms history into a story as powerful as *Exodus* and as intimate as a lullaby. With a new afterword. Sethe, its protagonist, was born a slave and escaped to Ohio, but eighteen years later she is still not free. She has too many memories of Sweet Home, the beautiful farm where so many hideous things happened. And Sethe's new home is haunted by the ghost of her baby, who died nameless and whose tombstone is engraved with a single word: *Beloved*. Filled with bitter poetry and suspense as taut as a rope, *Beloved* is a towering achievement.

[In Cold Blood](#) - Truman Capote 2013-02-19

Selected by the Modern Library as one of the 100 best nonfiction books of all time From the Modern Library's new set of beautifully repackaged hardcover classics by Truman Capote—also available are *Breakfast at Tiffany's* and *Other Voices, Other Rooms* (in one volume), *Portraits and Observations*, and *The Complete Stories* Truman Capote's masterpiece, *In Cold Blood*, created a sensation when it was first published, serially, in *The New Yorker* in 1965. The intensively researched, atmospheric narrative of the lives of the Clutter family of Holcomb, Kansas, and of the two men, Richard Eugene Hickock and Perry Edward Smith, who brutally killed them on the night of November 15, 1959, is the seminal work of the “new journalism.”

Perry Smith is one of the great dark characters of American literature, full of contradictory emotions. "I thought he was a very nice gentleman," he says of Herb Clutter. "Soft-spoken. I thought so right up to the moment I cut his throat." Told in chapters that alternate between the Clutter household and the approach of Smith and Hickock in their black Chevrolet, then between the investigation of the case and the killers' flight, Capote's account is so detailed that the reader comes to feel almost like a participant in the events.

**Policing the Womb** - Michele Goodwin 2020-02-29

Policing the Womb brings to life the chilling ways in which women have become the targets of secretive state surveillance of their pregnancies. Michele Goodwin expands the reproductive health and rights debate beyond abortion to include how legislators increasingly turn to criminalizing women for miscarriages, stillbirths, and threatening the health of their pregnancies. The horrific results include women giving birth while shackled in leg irons, in solitary confinement, and even delivering in prison toilets. In some states, pregnancy has become a bargaining chip with prosecutors offering reduced sentences in exchange for women agreeing to be sterilized. The author shows how prosecutors may abuse laws and infringe women's rights in the process, sometimes with the complicity of medical providers who disclose private patient information to law enforcement. Often the women most affected are poor and of color. This timely book brings to light how the unrestrained efforts to punish and police women's bodies have led to the United States being the deadliest country in the developed world to be pregnant.

What White People Can Do Next - Emma Dabiri 2021-06-22

INTERNATIONAL BESTSELLER In the spirit of *We Should All Be Feminists* and *How to Be an Antiracist*, a poignant and sensible guide to questioning the meaning of whiteness and creating an antiracist world from the acclaimed historian and author of *Twisted*. Vital and empowering *What White People Can Do Next* teaches each of us how to be agents of change in the fight against racism and the establishment of a more just and equitable world. In this affecting and inspiring collection of essays, Emma Dabiri draws on both academic discipline and lived experience to probe the ways many of us are complacent and complicit—and can therefore combat—white supremacy. She outlines the actions we must take, including: Stop the Denial Interrogate Whiteness Abandon Guilt Redistribute Resources Realize this shit is killing you too . . . To move forward, we must begin to evaluate our prejudices, our social systems, and the ways in which white supremacy harms us all. Illuminating and practical, *What White People Can Do Next* is essential for everyone who wants to go beyond their current understanding and affect real—and lasting—change.

**Song of Solomon** - Toni Morrison 2022-02-03

Stunningly-designed new editions of Toni Morrison's best-known novels, published by Vintage Classics in celebration of her life and work. WITH A NEW INTRODUCTION BY BOOKER PRIZE WINNING AUTHOR MARLON JAMES Soon after a local eccentric leaps from a rooftop in a vain attempt at flight, Macon 'Milkman' Dead III is born. Brought up by his well-off black family to revere the white world around him, Milkman strives to make sense of his conflicting identities. Always seeking flight in some way, he leaves his Michigan home for the South, retracing the steps of his forebears in search of his own buried heritage and is introduced to an entire cast of strivers and seeresses, liars and assassins; the inhabitants of a fully realized black world. Evocative and kaleidoscopic, *Song of Solomon* is a brilliantly imagined coming-of-age tale.

**Kindred** - Octavia E. Butler 2004-02-01

From the New York Times bestselling author of *Parable of the Sower* and MacArthur "Genius" Grant, Nebula, and Hugo award winner *The Visionary* time-travel classic whose Black female hero is pulled through time to face the horrors of American slavery and explores the impacts of racism, sexism, and white supremacy then and now. "I lost an arm on my last trip home. My left arm." Dana's torment begins when she suddenly vanishes on her 26th birthday from California, 1976, and is dragged through time to antebellum Maryland to rescue a boy named Rufus, heir to

a slaveowner's plantation. She soon realizes the purpose of her summons to the past: protect Rufus to ensure his assault of her Black ancestor so that she may one day be born. As she endures the traumas of slavery and the soul-crushing normalization of savagery, Dana fights to keep her autonomy and return to the present. Blazing the trail for neo-slavery narratives like Colson Whitehead's *The Underground Railroad* and Ta-Nehisi Coates's *The Water Dancer*, Butler takes one of speculative fiction's oldest tropes and infuses it with lasting depth and power. Dana not only experiences the cruelties of slavery on her skin but also grimly learns to accept it as a condition of her own existence in the present. "Where stories about American slavery are often gratuitous, reducing its horror to explicit violence and brutality, *Kindred* is controlled and precise" (New York Times). "Reading Octavia Butler taught me to dream big, and I think it's absolutely necessary that everybody have that freedom and that willingness to dream." —N. K. Jemisin Developed for television by writer/executive producer Branden Jacobs-Jenkins (*Watchmen*), executive producers also include Joe Weisberg and Joel Fields (*The Americans*, *The Patient*), and Darren Aronofsky (*The Whale*). Janicza Bravo (*Zola*) is director and an executive producer of the pilot. *Kindred* stars Mallori Johnson, Micah Stock, Ryan Kwanten, and Gayle Rankin.

Fatal Invention - Dorothy Roberts 2011-06-14

An incisive, groundbreaking book that examines how a biological concept of race is a myth that promotes inequality in a supposedly "post-racial" era. Though the Human Genome Project proved that human beings are not naturally divided by race, the emerging fields of personalized medicine, reproductive technologies, genetic genealogy, and DNA databanks are attempting to resuscitate race as a biological category written in our genes. This groundbreaking book by legal scholar and social critic Dorothy Roberts examines how the myth of race as a biological concept—revived by purportedly cutting-edge science, race-specific drugs, genetic testing, and DNA databases—continues to undermine a just society and promote inequality in a supposedly "post-racial" era. Named one of the ten best black nonfiction books 2011 by AFRO.com, *Fatal Invention* offers a timely and "provocative analysis" (Nature) of race, science, and politics that "is consistently lucid . . . alarming but not alarmist, controversial but evidential, impassioned but rational" (Publishers Weekly, starred review). "Everyone concerned about social justice in America should read this powerful book." —Anthony D. Romero, executive director, American Civil Liberties Union "A terribly important book on how the 'fatal invention' has terrifying effects in the post-genomic, 'post-racial' era." —Eduardo Bonilla-Silva, professor of sociology, Duke University, and author of *Racism Without Racists: Color-Blind Racism and the Persistence of Racial Inequality in the United States* "Fatal Invention is a triumph! Race has always been an ill-defined amalgam of medical and cultural bias, thinly overlaid with the trappings of contemporary scientific thought. And no one has peeled back the layers of assumption and deception as lucidly as Dorothy Roberts." —Harriet A. Washington, author of *and Deadly Monopolies: The Shocking Corporate Takeover of Life Itself*

Fearing the Black Body - Sabrina Strings 2019-05-07

Winner, 2020 Body and Embodiment Best Publication Award, given by the American Sociological Association Honorable Mention, 2020 Sociology of Sex and Gender Distinguished Book Award, given by the American Sociological Association How the female body has been racialized for over two hundred years There is an obesity epidemic in this country and poor black women are particularly stigmatized as "diseased" and a burden on the public health care system. This is only the most recent incarnation of the fear of fat black women, which Sabrina Strings shows took root more than two hundred years ago. Strings weaves together an eye-opening historical narrative ranging from the Renaissance to the current moment, analyzing important works of art, newspaper and magazine articles, and scientific literature and medical journals—where fat bodies were once praised—showing that fat phobia, as it relates to black women, did not originate with medical findings, but with the Enlightenment era belief that fatness was evidence of "savagery" and racial inferiority. The author argues that the contemporary ideal of

slenderness is, at its very core, racialized and racist. Indeed, it was not until the early twentieth century, when racialized attitudes against fatness were already entrenched in the culture, that the medical establishment began its crusade against obesity. An important and original work, *Fearing the Black Body* argues convincingly that fat phobia isn't about health at all, but rather a means of using the body to validate race, class, and gender prejudice.

***Black Ships Before Troy*** - Rosemary Sutcliff 2005-12-13

For Greek myth fans, those who can't get enough of the D'Aulaires' Book of Greek Myths, and readers who have aged out of Rick Riordan, this classroom staple and mythology classic is perfect for learning about the ancient myths! As the gods and goddesses of Olympus scheme, the ancient world is thrown into turmoil when Helen, the most beautiful woman in all of Greece, is stolen away by her Trojan love. Inflamed by jealousy, the Greek king seeks lethal vengeance and sends his black war ships to descend on the city of Troy. In the siege that follows, history's greatest heroes, from Ajax to Achilles to Odysseus, are forged in combat, and the brutal costs of passion, pride, and revenge must be paid. In the end, the whims of the gods, the cunning of the warriors, and a great wooden horse will decide who emerges victorious. Homer's epic poem, *The Iliad*, is one of the greatest adventure stories of all time and Rosemary Sutcliff's retelling of the classic saga embodies all of the astonishing drama, romance, and intrigue of ancient Greece.

Don't miss *The Wanderings of Odysseus*, the companion to *Black Ships Before Troy*, and follow Odysseus on his adventure home. This book has been selected as a Common Core State Standards Text Exemplar (Grades 6-8, Stories) in Appendix B.

***The Black Book of Communism*** - Stéphane Courtois 1999

This international bestseller plumbs recently opened archives in the former Soviet bloc to reveal the accomplishments of communism around the world. The book is the first attempt to catalogue and analyse the crimes of communism over 70 years.

***Killing the Black Body*** - Dorothy Roberts 1998-12-29

*Killing the Black Body* remains a rallying cry for education, awareness, and action on extending reproductive justice to all women. It is as crucial as ever, even two decades after its original publication. "A must-read for all those who claim to care about racial and gender justice in America." —Michelle Alexander, author of *The New Jim Crow* In 1997, this groundbreaking book made a powerful entrance into the national conversation on race. In a media landscape dominated by racially biased images of welfare queens and crack babies, *Killing the Black Body* exposed America's systemic abuse of Black women's bodies. From slave masters' economic stake in bonded women's fertility to government programs that coerced thousands of poor Black women into being sterilized as late as the 1970s, these abuses pointed to the degradation of Black motherhood—and the exclusion of Black women's reproductive needs in mainstream feminist and civil rights agendas. "Compelling. . . . Deftly shows how distorted and racist constructions of black motherhood have affected politics, law, and policy in the United States." —Ms.

***Brown Girl in the Ring*** - Nalo Hopkinson 2001-03-15

In this "impressive debut" from award-winning speculative fiction author Nalo Hopkinson, a young woman must solve the tragic mystery surrounding her family and bargain with the gods to save her city and herself. (The Washington Post) The rich and privileged have fled the city, barricaded it behind roadblocks, and left it to crumble. The inner city has had to rediscover old ways--farming, barter, herb lore. But now the monied need a harvest of bodies, and so they prey upon the helpless of the streets. With nowhere to turn, a young woman must open herself to ancient truths, eternal powers, and the tragic mystery surrounding her mother and grandmother. She must bargain with gods, and give birth to new legends.

***Pregnancy and Power*** - Rickie Solinger 2007-03

Winner of the 2013 Bullough Award presented by the Foundation for the Scientific Study of Sexuality The term "intersex" evokes diverse images, typically of people who are both male and female or neither male nor female. Neither vision is accurate. The millions of people with an

intersex condition, or DSD (disorder of sex development), are men or women whose sex chromosomes, gonads, or sex anatomy do not fit clearly into the male/female binary norm. Until recently, intersex conditions were shrouded in shame and secrecy: many adults were unaware that they had been born with an intersex condition and those who did know were advised to hide the truth. Current medical protocols and societal treatment of people with an intersex condition are based upon false stereotypes about sex, gender, sexual orientation, gender identity, and disability, which create unique challenges to framing effective legal claims and building a strong cohesive movement. In *Intersexuality and the Law*, Julie A. Greenberg examines the role that legal institutions can play in protecting the rights of people with an intersex condition. She also explores the relationship between the intersex movement and other social justice movements that have effectively utilized legal strategies to challenge similar discriminatory practices. She discusses the feasibility of forming effective alliances and developing mutually beneficial legal arguments with feminists, LGBT organizations, and disability rights advocates to eradicate the discrimination suffered by these marginalized groups.

***Nineteen Eighty-Four*** - George Orwell 2021-01-09

"*Nineteen Eighty-Four: A Novel*", often published as "1984", is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, "*Nineteen Eighty-Four*" centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and behaviours within society. Orwell, himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to power.

***Body Kindness*** - Rebecca Scritchfield 2016-12-27

Imagine a graph with two lines. One indicates happiness, the other tracks how you feel about your body. If you're like millions of people, the lines do not intersect. But what if they did? This

practical, inspirational, and visually lively book shows you how to create a healthier and happier life by treating yourself with compassion rather than shame. It shows the way to a sense of well-being attained by understanding how to love, connect, and care for yourself—and that includes your mind as well as your body. Body Kindness is based on four principles. WHAT YOU DO: the choices you make about food, exercise, sleep, and more HOW YOU FEEL: befriending your emotions and standing up to the unhelpful voice in your head WHO YOU ARE: goal-setting based on your personal values WHERE YOU BELONG: body-loving support from people and communities that help you create a meaningful life With mind and body exercises to keep your energy spiraling up and prompts to help you identify what YOU really want and care about, Body Kindness helps you let go of things you can't control and embrace the things you can by finding the workable, daily steps that fit you best. Think of it as the anti-diet book that leads to a more joyful and meaningful life!

Under the Skin - Linda Villarosa 2022-06-14

PULITZER PRIZE FINALIST • "A stunning exposé of why Black people in our society 'live sicker and die quicker'—an eye-opening game changer."—Oprah Daily From an award-winning writer at the New York Times Magazine and a contributor to the 1619 Project comes a landmark book that tells the full story of racial health disparities in America, revealing the toll racism takes on individuals and the health of our nation. In 2018, Linda Villarosa's New York Times Magazine article on maternal and infant mortality among black mothers and babies in America caused an awakening. Hundreds of studies had previously established a link between racial discrimination and the health of Black Americans, with little progress toward solutions. But Villarosa's article exposing that a Black woman with a college education is as likely to die or nearly die in childbirth as a white woman with an eighth grade education made racial disparities in health care impossible to ignore. Now, in *Under the Skin*, Linda Villarosa lays bare the forces in the American health-care system and in American society that cause Black people to "live sicker and die quicker" compared to their white counterparts. Today's medical texts and instruments still carry fallacious slavery-era assumptions that Black bodies are fundamentally different from white bodies. Study after study of medical settings show worse treatment and outcomes for Black patients. Black people live in dirtier, more polluted communities due to environmental racism and neglect from all levels of government. And, most powerfully, Villarosa describes the new understanding that coping with the daily scourge of racism ages Black people prematurely. Anchored by unforgettable human stories and offering incontrovertible proof, *Under the Skin* is dramatic, tragic, and necessary reading.

The Underground Railroad - Colson Whitehead 2018-01-30

Winner of the Pulitzer Prize and the National Book Award, this #1 New York Times bestseller chronicles a young slave's adventures as she makes a desperate bid for freedom in the antebellum South. The basis for the acclaimed original Amazon Prime Video series directed by Barry Jenkins. Cora is a slave on a cotton plantation in Georgia. An outcast even among her fellow Africans, she is on the cusp of womanhood—where greater pain awaits. And so when Caesar, a slave who has recently arrived from Virginia, urges her to join him on the Underground Railroad, she seizes the opportunity and escapes with him. In Colson Whitehead's ingenious conception, the Underground Railroad is no mere metaphor: engineers and conductors operate a secret network of actual tracks and tunnels beneath the Southern soil. Cora embarks on a harrowing flight from one state to the next, encountering, like Gulliver, strange yet familiar iterations of her own world at each stop. As Whitehead brilliantly re-creates the terrors of the antebellum era, he weaves in the saga of our nation, from the brutal abduction of Africans to the unfulfilled promises of the present day. *The Underground Railroad* is both the gripping tale of

one woman's will to escape the horrors of bondage—and a powerful meditation on the history we all share. Look for Colson Whitehead's bestselling new novel, *Harlem Shuffle*!

**Shattered Bonds** - Dorothy Roberts 2002-12-25

*Shattered Bonds* is a stirring account of a worsening American social crisis--the disproportionate representation of black children in the U.S. foster care system and its effects on black communities and the country as a whole. Tying the origins and impact of this disparity to racial injustice, Dorothy Roberts contends that child-welfare policy reflects a political choice to address startling rates of black child poverty by punishing parents instead of tackling poverty's societal roots. Using conversations with mothers battling the Chicago child-welfare system for custody of their children, along with national data, Roberts levels a powerful indictment of racial disparities in foster care and tells a moving story of the women and children who earn our respect in their fight to keep their families intact.

**Homegoing** - Yaa Gyasi 2016-06-07

A NEW YORK TIMES NOTABLE BOOK • Ghana, eighteenth century: two half sisters are born into different villages, each unaware of the other. One will marry an Englishman and lead a life of comfort in the palatial rooms of the Cape Coast Castle. The other will be captured in a raid on her village, imprisoned in the very same castle, and sold into slavery. One of Oprah's Best Books of the Year and a PEN/Hemingway award winner, *Homegoing* follows the parallel paths of these sisters and their descendants through eight generations: from the Gold Coast to the plantations of Mississippi, from the American Civil War to Jazz Age Harlem. Yaa Gyasi's extraordinary novel illuminates slavery's troubled legacy both for those who were taken and those who stayed—and shows how the memory of captivity has been inscribed on the soul of our nation.

**Afropessimism** - Frank B. Wilderson III 2020-04-07

"Wilderson's thinking teaches us to believe in the miraculous even as we decry the brutalities out of which miracles emerge"—Fred Moten Praised as "a trenchant, funny, and unsparing work of memoir and philosophy" (Aaron Robertson, Literary Hub), Frank B. Wilderson's *Afropessimism* arrived at a moment when protests against police brutality once again swept the nation. Presenting an argument we can no longer ignore, Wilderson insists that we must view Blackness through the lens of perpetual slavery. Radical in conception, remarkably poignant, and with soaring flights of memoir, *Afropessimism* reverberates with wisdom and painful clarity in the fractured world we inhabit. "Wilderson's ambitious book offers its readers two great gifts. First, it strives mightily to make its pessimistic vision plausible. . . . Second, the book depicts a remarkable life, lived with daring and sincerity."—Paul C. Taylor, Washington Post

**Dying of Whiteness** - Jonathan M. Metz 2019-03-05

A physician's "provocative" (Boston Globe) and "timely" (Ibram X. Kendi, New York Times Book Review) account of how right-wing backlash policies have deadly consequences -- even for the white voters they promise to help. In election after election, conservative white Americans have embraced politicians who pledge to make their lives great again. But as physician Jonathan M. Metz shows in *Dying of Whiteness*, the policies that result actually place white Americans at ever-greater risk of sickness and death. Interviewing a range of everyday Americans, Metz examines how racial resentment has fueled pro-gun laws in Missouri, resistance to the Affordable Care Act in Tennessee, and cuts to schools and social services in Kansas. He shows these policies' costs: increasing deaths by gun suicide, falling life expectancies, and rising dropout rates. Now updated with a new afterword, *Dying of Whiteness* demonstrates how much white America would benefit by emphasizing cooperation rather than chasing false promises of supremacy. Winner of the Robert F. Kennedy Book Award
