The Warhound and the World's Pain - Michael Moorcock 2014-12-22

This is the story of Ulrich von Bek, a cynical mercenary who sells his skills as a soldier in the wars taking place all over Europe. After the particularly horrific destruction of a city in which he played a role, von Bek decides to desert the military company he was working for and travel alone for awhile before seeking further employment. On his solo journey, he happens upon a castle where he takes refuge with - and then falls in love with - the keeper of the castle, the beautiful Sabrina. It is in this castle that he meets Lucifer, the master of Hell, and finds out that his soul is already destined for Hell. And so, in exchange for his soul, von Bek agrees to go on a quest for Lucifer, namely to find the Cure for the World's Pain. This quest is also known as the Search for the Holy Grail.

In the Footsteps of the Ancients - Ronald G. Witt 2003

This monograph demonstrates why humanism began in Italy in the mid-thirteenth century. It considers Petrarch a third generation humanist, who christianized a secular movement. The analysis traces the beginning of humanism in poetry and its gradual

penetration of other Latin literary genres, and, through stylistic analyses of texts, the extent to which imitation of the ancients produced changes in cognition and visual perception. The volume traces the link between vernacular translations and the emergence of Florence as the leader of Latin humanism by 1400 and why, limited to an elite in the fourteenth century, humanism became a major educational movement in the first decades of the fifteenth. It revises our conception of the relationship of Italian humanism to French twelfth-century humanism and of the character of early Italian humanism itself. Límites saludables para tu

adolescente - Hunt, June 2012-12-17
Establecemos límites para nuestros hijos porque queremos mantenerlos sanos y salvos, y queremos enseñarles a tomar buenas decisiones. Si bien los límites pueden cambiar a medida que nuestros hijos vayan creciendo, la necesidad de ellos es la misma. Los padres necesitan consejos para navegar por los escenarios complejos y difíciles que puedan surgir con sus hijos adolescentes. June Hunt y Jody

Capehart proporcionan esta clase de asesoramiento en *Límites saludables para tu adolescente*. Basándose en principios bíblicos, enseñan a los padres a establecer límites apropiados en cuatro áreas críticas de la vida de un adolescente: en casa y en la escuela, y en su vida personal y social. Cada capítulo se inicia con un escenario de la vida real seguido de consejos específicos sobre qué decir y las medidas disciplinarias a tomar, si las hubiera, con su hijo. Práctico y realista en sus pautas, el libro muestra continuamente cómo la disciplina y los límites son catalizadores útiles para sanas relaciones en la familia. We provide our children with boundaries because we want to keep them safe and we want to teach them to make good decisions. While the boundaries themselves may change as our children grow older, the need for them does not. Parents need advice to navigate complex and difficult scenarios that may arise with their teen. June Hunt and Jody Capehart provide such advice in *Bonding with Your Teen Through Boundaries*. Drawing on biblical principles, they show parents how to provide appropriate boundaries in the critical areas of a teen's life: at home and at school, in both their personal and social lives. Each chapter opens with a real-life scenario followed by concrete advice on what to say and what disciplinary action, if any, to take with your teen. Practical and realistic in its tone, the book continually shows how discipline and boundaries are helpful catalysts for healthy bonding. *Claves Bíblicas No. 1-Victoria sobre las Emociones* - June Hunt 2005

The Eve of Spain - Patricia E. Grieve
2020-03-03

The Eve of Spain demonstrates how the telling and retelling of one of Spain's founding myths played a central role in the formation of that country's national identity. King Roderigo, the last Visigoth king of Spain, rapes (or possibly seduces) La Cava, the daughter of his friend and counselor, Count Julian. In revenge, the count travels to North Africa and conspires with its Berber rulers to send an invading army into Spain. So begins the Muslim conquest and the end of Visigothic rule. A few years

later, in Northern Spain, Pelayo initiates a Christian resistance and starts a new line of kings to which the present-day Spanish monarchy traces its roots. Patricia E. Grieve follows the evolution of this story from the Middle Ages into the modern era, as shifts in religious tolerance and cultural acceptance influenced its retelling. She explains how increasing anti-Semitism came to be woven into the tale during the Christian conquest of the peninsula—in the form of traitorous Jewish conspirators. In the sixteenth century, the tale was linked to the looming threat of the Ottoman Turks. The story continued to resonate through the Enlightenment and into modern historiography, revealing the complex interactions of racial and religious conflict and evolving ideas of women's sexuality. In following the story of La Cava, Rodrigo, and Pelayo, Grieve explains how foundational myths and popular legends articulate struggles for national identity. She explores how myths are developed around few historical facts, how they come to be written into history, and how they are exploited politically, as in the expulsion of the Jews from Spain in 1492 followed by that of the Moriscos in 1609. Finally, Grieve focuses on the misogynistic elements of the story and asks why the fall of Spain is figured as a cautionary tale about a woman's sexuality.

Forests and Human Health - Carol J. Pierce Colfer 2006-01-01

This study has two central concerns: the state of human health in forests, and the causal links between forests and human health. Within this framework, we consider four issues related to tropical forests and human health. First, we discuss forest foods, emphasizing the forest as a food-producing habitat, human dependence on forest foods, the

nutritional contributions of such foods, and nutrition-related problems that affect forest peoples. Our second topic is disease and other health problems. In addition to the major problems—HIV/AIDS, malaria, Ebola and mercury poisoning—we address some 20 other tropical diseases and health problems related to forests. The third topic is medicinal products. We review the biophysical properties of medicinal species and consider related indigenous knowledge, human uses of medicinal forest products, the serious threats to forest sustainability, and the roles of traditional healers, with a discussion of the benefits of forest medicines and conflicts over their distribution. Our fourth and final topic is the cultural interpretations of human health found among forest peoples, including holistic world views that impinge on health and indigenous knowledge. The Occasional Paper concludes with some observations about the current state of our knowledge, its utility and shortcomings, and our suggestions for future research.

Until Tuesday - Luis Carlos Montalvan 2011-05-03

A heartwarming dog story like no other: Tuesday, a lovable golden retriever, changes a former soldier's life forever. A highly decorated captain in the U.S. Army, Luis Montalván never backed down from a challenge during his two tours of duty in Iraq. After returning home from combat, however, his physical wounds and crippling post-traumatic stress disorder began to take their toll. He wondered if he would ever recover. Then Luis met Tuesday, a

sensitive golden retriever trained to assist the disabled. Tuesday had lived among prisoners and at a home for troubled boys, and he found it difficult to trust in or connect with a human being--until Luis. Until Tuesday is the story of how two wounded warriors, who had given so much and suffered the consequences, found salvation in each other. It is a story about war and peace, injury and recovery, psychological wounds and spiritual restoration. But more than that, it is a story about the love between a man and dog, and how, together, they healed each other's souls.

Up in Honey's Room - Elmore Leonard 2009-10-13

The odd thing about Walter Schoen, German born but now running a butcher shop in Detroit, he's a dead ringer for Heinrich Himmler, head of the SS and the Gestapo. They even share the same birthday. Honey Deal, Walter's American wife, doesn't know that Walter is a member of a spy ring that sends U.S. war production data to Germany and gives shelter to escaped German prisoners of war. But she's tired of telling him jokes he doesn't understand--it's time to get a divorce. Along comes Carl Webster, the hot kid of the Marshals Service. He's looking for Jurgen Schrenk, a former Afrika Korps officer who escaped from a POW camp in Oklahoma. Carl's pretty sure Walter's involved with keeping Schrenk hidden, so Carl gets to know Honey, hoping she'll take him to Walter. Carl then meets Vera Mezwa, the nifty Ukrainian head of the spy ring who's better looking than Mata Hari, and her tricky lover Bohdan with the Buster Brown haircut and a sly way of killing. Honey's a

free spirit; she likes the hot kid marshal and doesn't much care that he's married. But all Carl wants is to get Jurgen Schrenk without getting shot. And then there's Otto—the Waffen-SS major who runs away with a nice Jewish girl. It's Elmore Leonard's world—gritty, funny, and full of surprises.

Mexicans in the Making of America - Neil Foley 2014-10-06

America has always been a composite of racially blended peoples, never a purely white Anglo-Protestant nation. The Mexican American historian Neil Foley offers a sweeping view of the evolution of Mexican America, from a colonial outpost on Mexico's northern frontier to a twenty-first-century people integral to the nation they have helped build.

The Object of the Atlantic - Rachel Price 2014-11-30

The Object of the Atlantic is a wide-ranging study of the transition from a concern with sovereignty to a concern with things in Iberian Atlantic literature and art produced between 1868 and 1968. Rachel Price uncovers the surprising ways that concrete aesthetics from Cuba, Brazil, and Spain drew not only on global forms of constructivism but also on a history of empire, slavery, and media technologies from the Atlantic world. Analyzing Jose Marti's notebooks, Joaquim de Sousa Andrade's poetry, Ramiro de Maeztu's essays on things and on slavery, 1920s Cuban literature on economic restructuring, Ferreira Gullar's theory of the "non-object," and neoconcrete art, Price shows that the turn to objects—and from these to new media networks—was rooted in the very philosophies of history that helped form the Atlantic world itself.

The Last Colonial Massacre - Greg Grandin 2011-07-30

After decades of bloodshed and political terror, many lament the rise of the left in Latin America. Since the triumph of Castro, politicians and historians have accused the left there of rejecting democracy, embracing communist totalitarianism, and prompting both revolutionary violence and a right-wing backlash. Through unprecedented archival research and gripping personal testimonies, Greg Grandin powerfully challenges these views in this classic work. In doing so, he uncovers the hidden history of the Latin American Cold War: of hidebound reactionaries holding on to their power and privilege; of Mayan Marxists blending indigenous notions

of justice with universal ideas of equality; and of a United States supporting new styles of state terror throughout the region. With Guatemala as his case study, Grandin argues that the Latin American Cold War was a struggle not between political liberalism and Soviet communism but two visions of democracy—one vibrant and egalitarian, the other tepid and unequal—and that the conflict's main effect was to eliminate homegrown notions of social democracy. Updated with a new preface by the author and an interview with Naomi Klein, *The Last Colonial Massacre* is history of the highest order—a work that will dramatically recast our understanding of Latin American politics and the role of the United States in the Cold War and beyond. “This work admirably explains the process in which hopes of democracy were brutally repressed in Guatemala and its people experienced a civil war lasting for half a century.”—International History Review “A richly detailed, humane, and passionately subversive portrait of inspiring reformers tragically redefined by the Cold War as enemies of the state.”—Journal of American History

The Cutting Edge - Leslie Cavendish
2019-04-23

The Beatles' hair changed the world. As their increasingly wild, untamed manes grew, to the horror of parents everywhere, they set off a cultural revolution as the most tangible symbol of the Sixties' psychedelic dream of peace, love and playful rebellion. In the midst of this epochal change was Leslie Cavendish, hairdresser to the Beatles and some of the greatest stars of the music and entertainment industry. But just how did a fifteen-year-old Jewish school dropout from an undistinguished North London suburb, with no particular artistic talent or showbusiness connections, end up

literally at the cutting edge of Sixties' fashion in just four years? His story – honest, always entertaining and inspiring – parallels the meteoric rise of the Beatles themselves, and is no less astounding.

One River - Wade Davis 2010-05-11
The story of two generations of scientific explorers in South America—Richard Evans Schultes and his protégé Wade Davis—an epic tale of adventure and a compelling work of natural history. In 1941, Professor Richard Evan Schultes took a leave from Harvard and disappeared into the Amazon, where he spent the next twelve years mapping uncharted rivers and living among dozens of Indian tribes. In the 1970s, he sent two prize students, Tim Plowman and Wade Davis, to follow in his footsteps and unveil the botanical secrets of coca, the notorious source of cocaine, a sacred plant known to the Inca as the Divine Leaf of Immortality. A stunning account of adventure and discovery, betrayal and destruction, *One River* is a story of two generations of explorers drawn together by the transcendent knowledge of Indian peoples, the visionary realms of the shaman, and the extraordinary plants that sustain all life in a forest that once stood immense and inviolable.

Cultural Encounters - Mary Elizabeth Perry 2018-08-14

More than just an expression of religious authority or an instrument of social control, the Inquisition was an arena where cultures met and clashed on both shores of the Atlantic. This pioneering volume examines how cultural identities were maintained despite oppression. Persecuted groups were able to survive the Inquisition by means of diverse strategies—whether Christianized Jews in Spain preserving their experiences in literature, or native American folk healers practicing medical care. These investigations of social resistance and cultural persistence will reinforce the cultural significance of the Inquisition. Contributors: Jaime Contreras, Anne J. Cruz, Jesús M. [The Rise of Euroskepticism](#) - Luis Martin-Estudillo 2018-03-26

Electronic open access edition funded by the National Endowment for the Humanities. Covering from 1915 to the present, this book deals with the

role that artists and intellectuals have played regarding projects of European integration. Consciously or not, they partake of a tradition of Euroskepticism. Because Euroskepticism is often associated with the discourse of political elites, its literary and artistic expressions have gone largely unnoticed. This book addresses that gap. Taking Spain as a case study, author Luis Martín-Estudillo analyzes its conflict over its own Europeanness or exceptionalism, as well as the European view of Spain. He ranges from canonical writers like Unamuno, Ortega y Gasset, and Zambrano to new media artists like Valeriano López, Carlos Spottorno, and Santiago Sierra. Martín-Estudillo provides a new context for the current refugee crisis, the North-South divide among EU countries, and the generalized disaffection toward the project of European integration. The eclipsed critical tradition he discusses contributes to a deeper understanding of the notion of Europe and its institutional embodiments. It gives resonance to the intellectual and cultural history of Europe's "peripheries" and re-evaluates Euroskeptic contributions as one of the few hopes left to imagine ways to renew the promise of a union of the European nations.

The Celestial Hunter - Roberto Calasso 2020-04-28

A New York Times Book Review Editors' Choice "[Calasso's] flow of associations leaves you feeling not out of your depth, but smarter and better read." --The New York Times Book Review The eighth part of Roberto Calasso's monumental series on the primal forces of civilization The eighth part of Roberto Calasso's singular work in progress that began in 1983 with *The Ruin of Kasch*, *The Celestial Hunter* is an inspired and provocative exploration of mankind's relationship with myth, the divine, and the idea of transformation. There was a time, even before prehistory, when man was simply a defenseless animal. The gods he worshiped took the form of other beasts or were the patterns of the stars he saw above him each night in the sky, which he transformed into figures and around which he created stories. Soon,

however, man learned to imitate the animals that attacked him and he became a hunter. This transformation, Calasso posits, from defenseless victim to hunter was a key moment, the first step on man's ascendance to power. Suddenly the notion of the hunter became fundamental. It would be developed over thousands of years through the figures that became central to Greek mythology, including the constellations. Among them was Orion, the celestial hunter, and his dog, Sirius. Vivid and strikingly original, and expertly translated from the Italian by Richard Dixon, *The Celestial Hunter* traces how man created the divine myths that would become the cornerstones of Western civilization. As Calasso demonstrates, the repercussions of these ideas would echo through history, from Paleolithic to modern times. And they would be the product of one thing: the human mind.

The Shadow of His Wings - Gereon Karl Goldmann 2000-01-01

We had to do it. We had to reprint this book. Rarely has a book had such an impact on so many of us here at Ignatius Press. It is one of the most powerful and moving books we have come across. If you can only buy one book this season, this must be the one. Here is the astonishing true story of the harrowing experiences of a young German seminarian drafted into Hitler's dreaded SS at the onset of World War II. Without betraying his Christian ideals, against all odds, and in the face of Evil, Gereon Goldmann was able to complete his priestly training, be ordained, and secretly minister to German Catholic soldiers and innocent civilian victims caught up in the horrors of war. How it all came to pass will astound you. Father Goldmann tells of his own incredible experiences of the trials of war, his many escapes from almost certain death, and the

diabolical persecution that he and his fellow Catholic soldiers encountered on account of their faith. What emerges is an extraordinary witness to the workings of Divine Providence and the undying power of love, prayer, faith, and sacrifice. Illustrated

Death's Old Sweet Song - Jonathan Stagge 2018-08-07

A song holds the key to murder in this Dr. Hugh Westlake mystery from the Edgar Award-winning author who wrote the Peter Duluth series as Patrick Quentin. Patrick Quentin, best known for the Peter Duluth puzzle mysteries, also penned outstanding detective novels from the 1930s through the 1960s under other pseudonyms, including Q. Patrick and Jonathan Stagge. Anthony Boucher wrote: "Quentin is particularly noted for the enviable polish and grace which make him one of the leading American fabricants of the murderous comedy of manners; but this surface smoothness conceals intricate and meticulous plot construction as faultless as that of Agatha Christie." The affluent Bray family

was known for throwing the most enjoyable picnics, and this one seemed to be no different to Dr. Hugh Westlake and his precocious progeny, Dawn. When their host's daughter breaks into a version of the old English folk ballad, "Green Grow the Rushes, O," no one gives it a second thought. Little do they know the song portends death. It begins with the bodies of twin boys found in the river, which connects to a lyric from the ballad. And before anyone can even recover from such a horror, more killings occur—all diabolically tied to the song. With help from Dawn and his old friend, Inspector Cobb, Westlake must sort through an ever-shrinking circle of suspects and stop a murderer from striking another deadly note.
