The Golden Rules of Human Resource Management - Ali Asadi MBA MA 2012-05-02

This authoritative volume on human resource management is highly recommended reading for business owners, HR professionals, and others who are responsible for the human resource function within their organizations. Written by an acknowledged expert in all areas of business management, The Golden Rules of Human Resource Management is a well-organized guide to understanding this vitally important area of your business. Covering such topics as hiring, orientation, mentoring, performance, and so much more, the author has given us a much-needed reference that you will turn to again and again.

Essentials of Managing Human Resources - Eileen B. Stewart 2013-01-04

Essentials of Managing Human Resources Fifth Canadian Edition is written for students who will become (or are) supervisors and line managers and HR professionals. Since the text covers the major human resources management processes and systems, it will provide a good overview if you are thinking about moving into the HR profession. The book has been authored by experienced instructors recognized by students for many years for their excellence in teaching and facilitating learning. The authors are also active HR practitioners who share business stories throughout the text to make the materials interesting for students. Essentials is a shorter and a more relevant book for general business students with simpler language. Finally, this book is designed to cover all the materials you will need for a good general understanding of all the HR activities in a company, as well as your role in managing people. It shows how theory applies to managers and HR practices in the 21st century. Further, the book has stories about all types of organizations: profit, non-profit/voluntary, public sector; those that are unionized and non-unionized; and those that are small and large.

Managing Human Resources - Monica Belcourt 2016-01

The HR Scorecard - Brian E. Becker 2001

An ongoing study of some 3,000 firms is the basis for this measurement system for evaluating the role and value of the human resource department. The system is designed to embed human resources within a firm's overall strategy and to manage the human resources architecture as a strategic asset. Examples from leading companies show how to develop and implement the system and how to link the human resources department's results to measures, such as profitability and shareholder value, that line managers and senior executives can understand. Becker is professor and chair of organizations and human resources at the State University of New York-Buffalo. c. Book News Inc.

Human Resource Management: Essential Perspectives - Robert L. Mathis 2015-01-09

HUMAN RESOURCE MANAGEMENT: ESSENTIAL PERSPECTIVES, 7E provides a focused understanding of the most up-to-date concepts and practices that are important for today's successful HR professionals. Recognized authors Robert Mathis, John Jackson, and Sean Valentine have condensed the best from their market-leading Human Resource Management, 14e to create a concise text intended for HR directors and instructors seeking basic yet comprehensive and up-to-date coverage of HR concepts and practices. Thorough yet concise, HUMAN RESOURCE MANAGEMENT: ESSENTIAL PERSPECTIVES, 7E follows a consolidated framework adapted from the larger book while helping students identify and focus on core concepts in the field in a more succinct, streamlined format. This edition reviews today's most important laws and regulations and addresses the information most often used by HR professionals. The authors focus on the coverage most important for students, with a solid introduction to concepts and practices that are applicable for HR professionals and general managers in numerous industries. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Research in Personnel and Human Resources Management - 2014-06-04
Volume 32 of Research in Personnel and Human Resources Management (RPHRM) contains seven papers on important issues in the field of human resources management. The subject matter in this volume covers myriad areas: compensation, performance evaluation, reputation, employee furloughs, and research methodology.

Sustainable Human Resource Management - RAFAL. SITKO 2022-11-29

Sustainable human resource management (HRM) processes and practices are not a nice-to-have, they're a need-to-have to benefit employees, organizations, societies and the environment. Sustainability has been highlighted by the Chartered Institute of Personnel and Development (CIPD) as one of the key trends influencing the HR profession so Sustainable Human Resource Management is crucial reading for undergraduate and postgraduate HR students. It explains what sustainable HRM is, what the benefits of sustainable HRM are as well as the dangers of unsustainable HRM. It is full of examples throughout to show how sustainable HRM works in practice including how it can be used to improve candidate attraction, retention and employee engagement as well as how it can improve productivity, employer branding, company culture and drive both efficiency and business performance. There is also coverage of how sustainable HRM can be introduced and measured as well as specific guidance on sustainable HRM in different parts of the world, green HRM, responsible business, ethics and sustainable HRM as a business strategy. Sustainable Human Resource Management is written specifically for third year undergraduate and postgraduate students with pedagogical features in each chapter including learning objectives, key concept definitions, skill check boxes, workshop discussion articles, chapter summaries, study questions and key readings. Online resources include a sample course outline, PowerPoint slides and student engagement questions.

Contemporary Global Issues in Human Resource Management - Mehmet Ali Türkmenoğlu 2020-11-18

Focusing on current workplace issues and employee and employer expectations of Human Resource Management in a rapidly changing business environment, this book examines current trends of HR practices and expands on current literature.

Strategic Human Resources Planning - Monica Belcourt 2018-09-06

International Human Resource Management - Mustafa F. Özbilgin 2014-03-07

International Human Resource Management offers a contemporary and multilayered introduction to international and comparative human resource management for university study. It critically analyses the core issues and emerging trends in the field, with a consistent emphasis on real-world scenarios and concerns. At the macro level, the book examines how IHRM fits within and adapts to the ever-changing environment of international relations and global development. At the firm level, it elucidates the strategic goals served by IHRM and the processes used to achieve them. At the individual level, the analysis extends beyond the traditional focus on expatriates to encompass the various IHRM actors and their motivations. Each chapter features a case study, tutorial activities and discussion questions. The book concludes with three extended case studies, each based on a specific region, to help students consolidate their understanding.

Fundamentals of Human Resource Management - Raymond A. Noe 2003-03

Fundamentals of Human Resource Management, by Noe, Hollenbeck, Gerhart and Wright is specifically written to provide a brief introduction to human resource management. While it doesn't cover the depths of human resource management theory, the book is rich with examples and engages students through application. This first edition takes on a different approach than the hardback text by the same team. Instead of a

higher level of theory that's geared towards the HRM professional, this book focuses on the uses of human resources for the general population. Issues such as strategy are reduced to give a greater focus on how human resources is used in the every day work environment. Much like this author team's first project, *Fundamentals of Human Resource Management* provides instructors with a robust ancillary package. A comprehensive instructor's manual, test bank, PowerPoint presentation and a complete Online Learning Center make course preparation easy.

Managing Human Resources - Wayne Cascio 2009-02-09

Wayne Cascio's *Managing Human Resources*, 8e is perfect for the general management student whose job inevitably will involve responsibility for managing people. It explicitly links the relationship between productivity, quality of work life, and profits to various human resource management activities and as such, strengthens the students' perception of human resource management as an important function, which affects individuals, organizations, and society. It is research-based and contains strong links to the applicability of this research to real business situations.

The Handbook of Human Resource Management Education - Vida Gulbinas Scarpello 2008

"HRM educators and professionals, graduate students, business executives, and anyone interested in effective and efficient management of human resources or in advancing the HRM field will find the *Handbook of Human Resource Management Education* an invaluable reference tool."--BOOK JACKET.

International Human Resource Management - Anne-Wil Harzing 2014-11-25

"I enthusiastically endorse the fourth edition of IHRM. The editors are to be congratulated for recruiting the top-rated authors in this field to contribute to this volume. The chapters are up to date, insightful, and sometimes even provocative. Students, including post-grads and advanced undergraduates, as well as savvy practitioners, will benefit from reading this volume." Neal M. Ashkanasy, Professor of Management, The University of Queensland Anne-Wil Harzing and Ashly Pinnington's bestselling textbook has guided thousands of students through their *International Human Resource Management* studies. The fourth edition retains the critical edge, academic rigour and breadth of coverage which have established this book as the most authoritative text on the market. The new edition by our international team of experts provides an even more stimulating journey through the core curriculum, contemporary debates and emerging issues in IHRM. New for the fourth edition: Reduced number of chapters to allow for greater depth and an improved structure ensuring fundamental topics underpin your knowledge Expanded coverage of Equality and Diversity, Corporate Social Responsibility and Sustainability and Cross-Cultural Management in line with developments in the field New Stop and Reflect feature provides an opportunity to test your understanding at regular intervals This text comes with access to a companion website containing web links, SAGE journal articles and more.

Human Resource Management Applications - Stella M. Nkomo 2010-09-28

Research in Personnel and Human Resources Management - Hui Liao 2010-06-10

Offers a collection of seven papers that deals with the issues in the field of human resources management.

Essentials of Managing Human Resources - Eileen B. Stewart 2016

Human Resource Management Applications: Cases, Exercises, Incidents, and Skill Builders - Stella M. Nkomo 2010-09-29

Strengthen your students' understanding of today's important human resource issues and equip them with the skills to overcome current practical HRM challenges when you supplement your course with the latest edition of Nkomo/Fottler/McAfee's unique *HUMAN RESOURCE MANAGEMENT APPLICATIONS: CASES, EXERCISES, INCIDENTS, AND SKILL*

BUILDERS, 7E. This one-of-a-kind, single source brings contemporary human resource management cases, focused exercises, timely incidents and proven skill builders together. You save significant preparation time, while your students gain hands-on experience critical. A new Correlation Chart in the revised Instructor's Manual corresponds with other leading Cengage Learning introductory HR texts makes this edition's valuable cases and applications easy to integrate into your introductory HR course. An emphasis on problem solving and decision making throughout the exercises make *HUMAN RESOURCE MANAGEMENT APPLICATIONS*, 7E ideal for any level of study. New and updated cases and applications drawn from actual current events highlight a variety of organizations and industries, including today's growing service sector. The book reinforces topics most critical to today's HR manager as it helps you strengthen your students' hands-on experience to better meet the challenges of HRM today. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Human Resource Management - Sean Valentine 2019-02-15

Prepare for HR and career success with the book that has set the standard for excellence in human resource management.

Valentine/Meglich/Mathis/Jackson's *HUMAN RESOURCE MANAGEMENT*, 16E offers today's most current look at HRM and its impact on the success of organizations today. A leading resource in preparing for professional HR certification, this edition ensures you are familiar with all major topics for professional examinations from the Society for Human Resource Management and Human Resource Certification Institute. You examine the latest HR research as well as HR theory in contemporary practice. This edition highlights emerging trends driving change in HRM today, including technology, globalization, competencies and HR metrics. Accompanying MindTap digital resources offer a personalized, online learning platform with a tailored presentation created by your instructor. MindTap's Learning Path Navigator guides you in completing reading assignments, annotating readings, finishing homework and checking your understanding with quizzes and assessments.

Human Resource Management - Barry Gerhart 2019-03-04

Steen/Noe Fifth Canadian Edition has been written to make HR more accessible to students, more reflective of their situation, and more about them. Today, every manager is "in HR", and every employee is actively engaged in the process of HRM, regardless of whether they aspire to be a manager or an HR professional. Students will experience HRM every day of their working lives, from how they are perceived by recruiters to completing a performance appraisal, to being promoted or fired. When students ask "What's In It For Me?", the Fifth Canadian Edition will show them just how relevant HRM is to them as people, employees and eventually managers. This easy to read and relevant 11 chapter human resource management text is ideal for a one-semester course. Steen/Noe balances theory with practical application and rich examples that support the need for foundational HRM, thought leadership and applied insight necessary to perform and thrive in organizations today.

Key Tools for Human Resource Management (Collection) - Steven Director 2013-08-08

HR managers are under intense pressure to become strategic business partners. Many, unfortunately, lack the technical skills in financial analysis to succeed in this role. Now, respected HR management educator Dr. Steven Director addresses this skill gap head-on. Writing from HR's viewpoint, Director covers everything mid-level and senior-level HR professionals need to know to formulate, model, and evaluate their HR initiatives from a financial and business perspective. Drawing on his unsurpassed expertise working with HR executives, he walks through each crucial financial issue associated with strategic talent management, including the quantifiable links between workforces and business value, the cost-benefit analysis of HR and strategic financial initiatives, and specific issues related to total rewards programs. Unlike finance books for non-financial managers, *Financial Analysis for HR Managers* focuses entirely on core HR issues. More than ever before, HR practitioners must empirically demonstrate a clear link between their practices and firm performance. In *Investing in People*, Wayne F. Cascio and John W. Boudreau show exactly how to choose, implement, and use metrics to improve decision-making, optimize organizational effectiveness, and maximize the value of HR investments. They provide powerful techniques for looking inside the HR "black box," implementing human capital metrics that track the effectiveness of talent policies and practices, demonstrating the logical connections to financial and line-of-business, and using HR metrics to drive more effective decision-making. Using their powerful "LAMP" methodology (Logic, Analytics, Measures, and Process), the authors demonstrate how to measure and analyze the value of every area

and results, and uses case studies to explore the extent to which performance is enhanced by distributed leadership and constrained by social, political and economic contexts. The book is divided into three parts: examining the current context of human resource management, by critically analysing globalization, human capital theory, and worldwide trends in government legislation, societal values, and teacher culture(s); exploring two pairs of contemporary themes in human resource management, by comparing the roles of leaders and followers, on the one hand, and contrasting learning and greedy organizations, on the other; looking at how the context and the themes impact on particular contemporary practices in human resource management, by analysing the selection and development of professionals, the remodelling of school teams and the management of performance. The authors carefully blend advocacy with evidence to ensure relevance for both practitioner and academic audiences across the globe. The book would be of particular use to students on masters courses in educational leadership.

Human Resource Management - Michael Müller-Camen 2008-01-31

Human Resource Management: A Case Study Approach is ideal for all HR students with limited real-life experience of HR in the workplace. Covering all the essential HR topics including recruitment, reward, performance management, employment relations, health and safety and equality and diversity, this book expertly uses case studies of these activities and issues in the real world to truly show HR in practice. Closely structured around the changing role of the HR function, Human Resource Management: A Case Study Approach provides expert guidance on HR processes and practices in the modern workplace while also looking forward to the role of HR professionals in the future. Packed with case studies, international examples and global research, this is an essential resource for all students of HR from the beginning of their studies right through to graduation and into the workplace. Online resources include powerpoint slides and lecture notes for tutors and additional case studies and multiple choice questions for students.

Human Resource Management - Greg L. Stewart 2019-06-18

Human Resource Management addresses the challenges faced by human resource managers, integrating traditional theory with real-world strategy to equip students with the knowledge, perspective, and skills they need to thrive in the ever-changing global business environment. Presented in a clear and relatable style, this text emphasizes how effective human resource management and strategic planning work in concert to allow organizations to achieve maximum success. The focus on practical application illustrates the essential link between strategic planning and implementation, providing an inside look at how real-world companies increase effectiveness through world-class human resources management practices. A wealth of case studies, discussion topics, and exercises reinforce key concepts, strengthening students' ability to think strategically and integrate core HR management principles into the decision-making process. By mirroring the current landscape's increased reliance on smart people-management strategy, this text underscores the importance of HR management in attracting and retaining the top talent that drives an organization forward.

Leading, Managing and Developing People - Gary Rees 2016-04-15

Leading, Managing and Developing People is critical reading for all those studying the CIPD Level 7 Advanced module in Leading, Managing and Developing People as well as all HR and L&D practitioners. It provides extensive coverage of the aims, objectives and contribution of HRM such as the scope and nature of human resources, HR's role when organisations grow and how to ensure professionalism and ethical behaviour when managing people. This book also includes discussion of major contemporary themes in leading, managing and developing people including leadership development, flexibility, agile working and the psychological contract. This ensures that readers are fully prepared to lead, manage and develop staff in the new world of work. With rigorous academic underpinning and clear theoretical exploration, Leading, Managing and Developing People also includes practical advice on key activities including recruitment, job design, performance management, motivation and reward. Supported by online resources including an instructor's manual, lecture slides, international case studies, example essay questions and annotated web links, this is an indispensable guide for both students and practitioners.

Human Resource Management - Barry Gerhart 2014-01-17

The Ninth Edition of Human Resource Management: Gaining a Competitive Advantage was developed to teach students how to face and meet a variety of challenges within their organizations and how to gain a competitive advantage for their companies. This product represents a valuable approach to teaching human resource management for several reasons: The content draws from the diverse research, teaching, and consulting experiences of the four authors who have taught human resource management to undergraduates, MBA students, and experienced managers and professional employees. The teamwork approach gives a depth and breadth to the coverage that is not found in other texts. The content emphasizes how the HRM function, as well as the management of human resources, can help companies gain a competitive advantage. The content discusses current issues such as social networking, talent management, diversity, and employee engagement, all of which have a major impact on business and HRM practice. Strategic human resource management is introduced early in the book and integrated throughout the text. Examples of how new technologies are being used to improve the efficiency and effectiveness of HRM practices are presented. Examples of how companies are evaluating HRM practices to determine their value are discussed.

Human Resource Management - John M. Ivancevich 2012-02-16

Human Resource Management, 12e by Ivancevich and Konopaske takes a managerial orientation; that is it takes the position that HRM is relevant to managers in every unit, project, or team. Managers are constantly faced with HRM issues, problems, and decision-making and the text's primary goal is to show how each manager must be a human resource problem solver and diagnostician. This book pays attention to the application of HRM approaches in "real" organizational settings and situations. Realism, understanding, and critical thinking were important in the revision. Students and faculty alike have identified readability and relevance as key strengths of the text. The Twelfth Edition provides a book that stimulates ideas and keeps all users up-to-date on HRM thinking and practice.
