Football - Bloody Hell! -

Patrick Barclay 2010-10-31
SHORTLISTED FOR THE BRITISH SPORTS BOOK AWARDS
Sir Alex Ferguson is the most controversial and compelling figure in football. For many he ranks as the greatest manager of all time. He is certainly the most successful. It's been more than ten years since Ferguson's Manchester United triumphed over Bayern Munich in the dying seconds of the Champions League final. Since then he has presided over the rise and fall and rise again of José Mourinho; the arrival and departure of the world's best player, Ronaldo; the removal of one English talisman - Beckham - and the irresistible instalment of another - Rooney. Ferguson has been instrumental in

making the Premier League the most successful competition in football, and he has endured while the mountains of cash have turned to valleys of debt. Throughout, award-winning journalist Patrick Barclay has been pitch-side and spoken to all those who know Ferguson best - fellow managers, former players, colleagues and commentators. The result is Football - Bloody Hell!: the definitive work on the game's greatest living legend.

Cheer Up Peter Reid - Peter Reid 2018-05

Up Close and All In - John Mack 2022-10-11

From John Mack, former CEO of Morgan Stanley, an intimate personal memoir and riveting business story, recounting how he helped grow the company from 300 to 50,000 employees over four decades, transformed a notoriously competitive culture into a successful and collaborative one, and lead the company through the 2008 financial crisis. During his thirty-four-year tenure at Morgan Stanley, John Mack's goal was to build the strongest and most productive team on Wall Street. His ability to motivate his employees to do

their best work, especially in times of crisis, was fostered by his willingness to slash through bureaucracy and stand up to powerful interests. A forceful personality, one journalist said Mack was "described as 'charismatic' so regularly that it could be part of his name." In *Up Close and All In*, Mack traces his personal journey from a one-stoplight North Carolina mill town to a fortieth-floor corner office on Wall Street—and shares the life lessons he learned along the way. He developed a titanium-strength stomach for risk, stress, and competition while landing accounts early in his career, as investment banks fought like wolfpacks to take advantage of new deregulation, fielding business raids, booms, and busts. As he rose through the ranks, he never forgot where he came from, relying on his instincts, doing what was right, and listening to his people on the front lines. This culture of trust and collaboration helped Morgan Stanley anticipate future trends before other firms, adapt

quickly, and achieve record profits. This gripping memoir includes both humbling lows—like when Mack made the difficult decision to leave Morgan Stanley in 2001—and exhilarating highs—such as when he made an eleventh-hour agreement with the Japanese bank Mitsubishi to save the company during the 2008 financial crisis, having refused to give in when top regulators pressured him to sell the firm for \$2 per share. With humor and honesty, Mack shares advice on both business and life: how to create a culture of team players, how to keep perspective during crises, how to make difficult decisions when all eyes are on you, and more. From a singular man who's as unafraid to cry publicly as he is to anger some of the most powerful people in the world, this is an indispensable guide to living and leading well.

Born to Run - Bruce Springsteen 2017-09-05

In 2009, Bruce Springsteen and the E Street Band performed at the Super Bowl's half-time show. The experience was so exhilarating that Bruce decided to write about it. That's how this extraordinary autobiography began. Over the past seven years, Bruce Springsteen has privately devoted himself to writing the story of his life, bringing to these pages the same honesty, humour, and originality found in his songs. He describes growing up Catholic in Freehold, New Jersey, amid the poetry,

danger, and darkness that fueled his imagination, leading up to the moment he refers to as "The Big Bang": seeing Elvis Presley's debut on The Ed Sullivan Show. He vividly recounts his relentless drive to become a musician, his early days as a bar band king in Asbury Park, and the rise of the E Street Band. With disarming candour, he also tells for the first time the story of the personal struggles that inspired his best work, and shows us why the song "Born to Run" reveals more than we previously realized.

The Islander - Chris Blackwell

2022-06-07

In the vein of *Sound Man* and *The Soundtrack of My Life*, a lyrical memoir from the founder of one of the greatest music labels of all time, Island Records, about his astonishing life and career helping to bring reggae music to the world stage and working with Bob Marley, U2, Grace Jones, Cat Stevens, and many other icons. Since its founding in 1959, Island Records has been home to legendary artists representing wildly divergent musical styles, yet who share the same maverick, outsider spirit of its founder, Chris Blackwell. Time and again, Blackwell and his Island cohorts identified and nurtured musicians overlooked by other

labels, including Bob Marley, U2, Cat Stevens, Grace Jones, Roxy Music, Traffic, Nick Drake, Tom Waits, Robert Palmer, Free, the B-52's, John Martyn, and Jimmy Cliff. Like these artists, Blackwell never took the conventional route. After a privileged early childhood in Jamaica—crossing paths with Ian Fleming, Noël Coward, and Errol Flynn—he was expelled from the elite British school Harrow for rebellious behavior at age seventeen. Within five years, he had moved back to Jamaica, and founded Island. Intertwined with the story of Island is that of Bob Marley and the Wailers. After an impromptu meeting with the band in 1972, Blackwell produced the groundbreaking album *Catch a Fire*, formed a deep bond of mutual trust and friendship with Marley, and became known for helping to bring reggae music to the world stage. He also opened the first Jamaican boutique hotel, on the property of Ian Fleming's former home, GoldenEye, where all the James Bond books were written. This engaging memoir from one of

the great raconteurs of the late 20th century makes for a giddy ride through some of that era's most cutting-edge, enduring music. As Bono says, Blackwell "is an adventurer, an entrepreneur, a buccaneer, a visionary, and a gentleman."

You Can't Always Get What You Want - Sam Cutler 2010-02-23

A "straight-dope, tell-all account" of touring with two of the world's greatest bands of the 60s and 70s—A "fast-moving narrative of rock-n-roll excess" (Publishers Weekly). In this all-access memoir of the psychedelic era, Sam Cutler recounts his life as tour manager for the Rolling Stones and the Grateful Dead—whom he calls the yin and yang of bands. After working with the Rolling Stones at their historic Hyde Park concert in 1969, Sam managed their American tour later that year, when he famously dubbed them "The Greatest Rock Band in the

World." And he was caught in the middle as their triumph took a tragic turn during a free concert at the Altamont Speedway in California, where a man in the crowd was killed by the Hell's Angels. After that, Sam took up with the fun-loving Grateful Dead, managing their tours and finances, and taking part in their endless hijinks on the road. With intimate portraits of other stars of the time—including Janis Joplin, Jimi Hendrix, the Band, the Allman Brothers, Pink Floyd, and Eric Clapton—this memoir is a treasure trove of insights and anecdotes that bring some of rock's greatest legends to life.

wrote his bestseller *Down all the Days*.

Models of My Life - Herbert A. Simon 1996-10-08

In this candid and witty autobiography, Nobel laureate Herbert A. Simon looks at his distinguished and varied career, continually asking himself whether (and how) what he learned as a scientist helps to explain other aspects of his life. A brilliant polymath in an age of increasing specialization, Simon is one of those rare scholars whose work defines fields of inquiry.

Crossing disciplinary lines in

half a dozen fields, Simon's story encompasses an explosion in the information sciences, the transformation of psychology by the information-processing paradigm, and the use of computer simulation for modeling the behavior of highly complex systems. Simon's theory of bounded rationality led to a Nobel Prize in economics, and his work on building machines that think—based on the notion that human intelligence is the rule-governed manipulation of symbols—laid conceptual foundations for the new cognitive science.

Subsequently, contrasting metaphors of the maze (Simon's view) and of the mind (neural nets) have dominated the artificial intelligence debate. There is also a warm account of his successful marriage and of an unconsummated love affair, letters to his children, columns, a short story, and political and personal intrigue in academe.

Bill Graham Presents - Bill Graham 2004-05-05

"As a child, Bill Graham fled

Europe to escape Hitler's armies. He grew up on the streets of New York and in the dining rooms of the hotels in the Catskills. After failing as an actor, he headed for San Francisco right before the Summer of Love where he founded the Fillmore and launched the rock icons of a generation--Janis Joplin, Otis Redding, Jefferson Airplane, Cream, the Grateful Dead, and more. He was a complex, caring, compassionate whirlwind of energy who rock stars either loved--or hated. In his own voice and those of the people who knew him--Jerry Garcia, Keith Richards, Grace Slick, Ken Kesey, Eric Clapton, Pete Townshend, and Carlos Santana--we hear Bill's story as well as the scoop on the major events in rock for more than three decades, ending with his tragic death in a 1991 helicopter crash. Gritty, moving, funny, and always fascinating, *Bill Graham Presents* is the inside story of the explosive and unforgettable man who created the business of rock" -- From Amazon.com.

Playing It My Way - Sachin

Tendulkar 2014-11-06

The greatest run-scorer in the history of cricket, Sachin Tendulkar retired in 2013 after an astonishing 24 years at the top. The most celebrated Indian cricketer of all time, he received the Bharat Ratna Award - India's highest civilian honour - on the day of his retirement. Now Sachin Tendulkar tells his own remarkable story - from his first Test cap at the age of 16 to his 100th international century and the emotional final farewell that brought his country to a standstill. When a boisterous Mumbai youngster's excess energies were channelled into cricket, the result was record-breaking schoolboy batting exploits that launched the career of a cricketing phenomenon. Before long Sachin Tendulkar was the cornerstone of India's batting line-up, his every move watched by a cricket-mad nation's devoted followers. Never has a cricketer been burdened with so many expectations; never has a cricketer performed at such a

high level for so long and with such style - scoring more runs and making more centuries than any other player, in both Tests and one-day games. And perhaps only one cricketer could have brought together a shocked nation by defiantly scoring a Test century shortly after terrorist attacks rocked Mumbai. His many achievements with India include winning the World Cup and topping the world Test rankings. Yet he has also known his fair share of frustration and failure - from injuries and early World Cup exits to stinging criticism from the press, especially during his unhappy tenure as captain. Despite his celebrity status, Sachin Tendulkar has always remained a very private man, devoted to his family and his country. Now, for the first time, he provides a fascinating insight into his personal life and gives a frank and revealing account of a sporting life like no other.
