**Historical Atlas of Medieval Music** - Vera Minazzi 2020-11-03

Music is rooted in the heart of Western culture. The absence of music from the usual publications of medieval history and history of art of the Middle Ages is understandable, considering the rarity of sources. And yet, throughout the last decades, an intense activity of historico-musicological research has been carried out internationally by a select group of specialized scholars. The ambitious goal of this work is to set medieval music within its historical and cultural context and to provide readers interested in different disciplines with an overall picture of music in the Middle Ages; multi-faceted, enjoyable, yet scientifically rigorous. To achieve this goal, the most prominent scholars of medieval musicology were invited to participate, along with archaeologists, experts of acoustics and architecture, historians and philosophers of medieval thought. The volume offers exceptional iconography and several maps, to accompany the reader in a fascinating journey through a network of places, cultural influences, rituals and themes.

Classical Guitar Making - John S. Bogdanovich 2007

"Renowned luthier John S. Bogdanovich crafted the project shown inside for his own personal use. The design he presents is simple but elegant and is a composite of ideas borrowed from several different guitars admired for their tonal qualities and aesthetic details. In close-up photographs Bogdanovich invites you to stand by his side and follow the entire process from start to finish. He offers guidance through every step, and explains every decision, from the arrangement of his workbench and the selection of the wood, to tuning and setting up the instrument.

Bogdanovich also provides a choice of alternative methods and materials -- to help you find your own style of working, and to enable you to add your personal touches to your project. By the time your instrument is finished, you'll have acquired a world of knowledge, from the difference between quartersawn and flat-sawn wood to the pros and cons of lacquer versus French polish. You'll have mastered dozens of skills, including bending and aminating wood and cutting and seating wire frets. Best of all, you'll have a beautiful instrument, designed to your own specifications, that will give pleasure to everyone who hears it." -- Book jacket.

**Maestro** - James O. Gump 2021-07  
Wine insiders called André Tchelistcheff the "winemaker's winemaker," the "wine doctor," and simply "maestro." After Prohibition brought Napa Valley and its wine industry to the brink of catastrophe, Tchelistcheff (1901-94) proved essential in its revitalization. Tchelistcheff's unique background--a sickly child, a Russian émigré forced from his homeland during the Bolshevik Revolution, a White Army lieutenant who fought in the Crimea, a physical laborer in a Bulgarian coal mine, a Czechoslovakian-trained agronomist, and a French-schooled viticulturist and enologist--prepared him for a remarkable winemaking career. He spent thirty-five years in Napa Valley's Beaulieu Vineyard and nearly two "post-retirement" decades doing freelance consulting work for more than thirty wineries. His early struggles forged his principal character traits, which he passed on to an entire generation of winemakers. His students, including some of the most accomplished winemakers of the post-Prohibition period, marveled over their mentor's sense of authority, profound insight, humble presence, and abundant wisdom. This inspiring account of Tchelistcheff's life includes interviews with friends, family, and mentees, which reveal how one man used his passion and knowledge to help save a community on the edge of disaster. In **Maestro** James O. Gump preserves the memory of a fascinating individual and one of the most influential winemakers of the modern era.

Build Your Own Acoustic Guitar -  
Jonathan Kinkead 2004

(Book). Every guitarist dreams of  
owning a handmade instrument, but for  
most, the cost is likely to be  
prohibitive. The alternative building  
your own fine guitar is not as  
difficult as you might imagine, given  
some skill, patience, and the expert  
guidance of a master luthier. Every  
step of construction is fully  
covered, from choice, selection, and  
preparation of woods, to  
consideration of size, bracing, and  
tonal qualities. Each step of the  
building sequence is clearly  
photographed in color, with  
variations to the standard design  
shown to enable you to personalize  
your instrument as you make it.  
Briston, England-based Jonathan  
Kinkead has been building guitars for  
nearly 30 years. His craft is born  
out of experience and intuition  
rather than a strict following of  
technical detail. The resulting  
beauty of form and distinctive tone  
have earned him his reputation as one  
of the world's most respected  
independent luthiers.
