Entrepreneurial Life: The Path From Startup to Market Leader -

Robert L. Luddy 2018-03-06

Entrepreneurial Life tells the fascinating history of CaptiveAire, the largest commercial kitchen ventilation company in North America. From the beginning, CaptiveAire's story is not a typical one. Forged by Bob Luddy during a growing recession, with little capital, and as a newcomer to the region his startup should not have survived, much less taken the trajectory it has had. In these pages, Luddy shares some of the values he learned as one of eight children in a 'hard-scrabble, can-do' family and details his take on the type of leadership, innovation, financial management, and marketing strategy that has spurred his manufacturing company to grow at a remarkable pace over the course of forty-plus years at the helm. Entrepreneurial Life reveals Luddy's philosophy on all things entrepreneurship, character, and the skills necessary for achieving your fullest potential, no matter what your calling.

How To Win Friends And Influence People - Dale Carnegie 2014-01-28

With an enduring grasp of human nature, Dale Carnegie's How to Win Friends and Influence People teaches his readers how to handle people without letting them feel manipulated, how to make people feel important without inspiring resentment, how win people over to your point of view without causing offence, and how to make a friend out of just about anyone. Published in 1937, Carnegie's How to Win Friends and Influence People, was originally written as a companion book to his lectures on how to be a good salesperson. However, what began as a basic sales primer, quickly exploded into an overnight success, eventually selling more than 15 million copies worldwide, and pioneering an entire genre of self-help and personal success books. HarperTorch brings great works of non-fiction and the dramatic arts to life in digital format, upholding the highest standards in ebook production and celebrating reading in all its forms. Language Leader Workbook with Key and Audio CD - Grant Kempton 2010

The Discipline of Market Leaders - Michael Treacy 2007-03-20

Why is it that Casio can sell a calculator more cheaply than Kellogg's can sell a box of corn flakes? Why can FedEx "absolutely, positively" deliver your package overnight but airlines have trouble keeping track of your bags? What does your company do better than anyone else? What unique value do you provide to your customers? How will you increase that value next year? As customers' demands for the highest quality products, best services, and lowest prices increase daily, the rules for market leadership are changing. Once powerful companies that haven't gotten the message are faltering, while others, new and old, are thriving. In disarmingly simple and provocative terms, Treacy and Wiersema show what it takes to become a leader in your market, and stay there, in an ever more sophisticated and demanding world.

The Anarchist Cookbook - William Powell 2018-03-11

The Anarchist Cookbook will shock, it will disturb, it will provoke. It places in historical perspective an era when "Turn on, Burn down, Blow up" are

revolutionary slogans of the day. Says the author" "This book... is not written for the members of fringe political groups, such as the Weatherman, or The Minutemen. Those radical groups don't need this book. They already know everything that's in here. If the real people of America, the silent majority, are going to survive, they must educate themselves. That is the purpose of this book." In what the author considers a survival guide, there is explicit information on the uses and effects of drugs, ranging from pot to heroin to peanuts. There i detailed advice concerning electronics, sabotage, and surveillance, with data on everything from bugs to scramblers. There is a comprehensive chapter on natural, non-lethal, and lethal weapons, running the gamut from cattle prods to sub-machine guns to bows and arrows.
