Building the Corporate Intranet - Steve Guengerich 1997

Building a corporate intranet requires integrating two very different technologies; web development tools and enterprise-wide legacy systems. Few people possess enough experience in both areas to successfully make these technologies work together. The authors, leading consultants at BSG, explain the tools and techniques necessary for building an Intranet system. This book will show how to plan, design and build a corporate intranet system, including how to arrange and manage the project team and what tools for building a system are available, including HTML, Java, and Shockwave.

International Marketing Strategy - Isobel Doole 1997

This reader collects together key articles in international marketing, building on a four-part framework of market analysis, strategy development, implementation issues and international marketing management. It explores in more depth the essential elements of marketing in the international context, illustrating developments in the area with detailed examples of particular strategies and techniques; it covers such topics as strategic alliances, entrepreneurship, advertising, branding, culture and multinational portfolios. The editors provide an overview, commentary and discussion questions to draw out the key issues from the articles and relate them to the central framework.

Accounting and Finance - Sara Helm 2010
