The Awkward Black Man - Walter Mosley 2020-09-15

A new collection of short fiction from the Edgar Award-winning author of *Devil in a Blue Dress* and *Trouble is What I Do*. With his extraordinary fiction and gripping television writing, Walter Mosley has proven himself a master of narrative tension. *The Awkward Black Man* collects seventeen of Mosley's most accomplished short stories to showcase the full range of his remarkable talent. Touching, contemplative, and always surprising, these stories introduce an array of imperfect characters—awkward, self-defeating, elf-involved, or just plain odd. In *The Awkward Black Man*, Mosley overturns the stereotypes that corral black male characters and paints subtle, powerful portraits of unique individuals. In "The Good News Is," a man's insecurity about his weight gives way to illness and a loneliness so intense that he'd do anything for a little human comfort. "Pet Fly," previously published in the *New Yorker*, follows a man working as a mailroom clerk—a solitary job for which he is overqualified—and the unforeseen repercussions he endures when he attempts to forge a new connection. And "Almost Alyce" chronicles failed loves, family loss, alcoholism, and a Zen approach to the art of begging that proves surprisingly effective.

The Mother Plane (UFO's) - Elijah Muhammad 2008

This book is comprised of sixteen articles written by Elijah Muhammad in the *Nation of Islam's* official newspaper, *Muhammad Speaks*, beginning May, 1973. What had previously been known as Ezekiel's Wheel or his vision of the wheel, was in fact called *The Mother Plane*, because it is today in fact, not visions, a humanly

built planet, or the "mother" of all planes, so teaches Elijah Muhammad. The bible's Ezekiel did not see an actual wheel, but only a vision of one that would be in the future. This book analyzes Ezekiel's vision and brings it to bear with what Elijah Muhammad says that God taught him about it. What's called "UFO's today is in fact the wheel which eludes the scientists of this world. Elijah Muhammad interprets Ezekiel's Wheel in modern terms.

The Black Man's President - Michael Burlingame 2021-11-02

Frederick Douglass called the martyred president "emphatically the black man's president" as well as "the first who rose above the prejudice of his times and country." This narrative history of Lincoln's personal interchange with Black people over the course his career reveals a side of the sixteenth president that, until now, has not been fully explored or understood. In a little-noted eulogy delivered shortly after Lincoln's assassination, Frederick Douglass called the martyred president "emphatically the black man's president," the "first to show any respect for their rights as men." To justify that description, Douglass pointed not just to Lincoln's official acts and utterances, like the Emancipation Proclamation or the Second Inaugural Address, but also to the president's own personal experiences with Black people. Referring to one of his White House visits, Douglass said: "In daring to invite a Negro to an audience at the White House, Mr. Lincoln was saying to the country: I am President of the black people as well as the white, and I mean to respect their rights and feelings as men and as citizens." But Lincoln's description as "emphatically the black man's president" rests

on more than his relationship with Douglass or on his official words and deeds. Lincoln interacted with many other African Americans during his presidency. His unfailing cordiality to them, his willingness to meet with them in the White House, to honor their requests, to invite them to consult on public policy, to treat them with respect whether they were kitchen servants or leaders of the Black community, to invite them to attend receptions, to sing and pray with them in their neighborhoods—all those manifestations of an egalitarian spirit fully justified the tributes paid to him by Frederick Douglass and other African Americans like Sojourner Truth, who said: "I never was treated by any one with more kindness and cordiality than were shown to me by that great and good man, Abraham Lincoln." Historian David S. Reynolds observed recently that only by examining Lincoln's "personal interchange with Black people do we see the complete falsity of the charges of innate racism that some have leveled against him over the years."

Lorraine Hansberry's *The Sign in Sidney Brustein's Window* - Lorraine Hansberry 1986

This is the probing, hilarious and provocative story of Sidney, a disenchanting Greenwich Village intellectual, his wife Iris, an aspiring actress, and their colorful circle of friends and relations. Set against the shenanigans of a stormy political campaign, the play follows its characters in their unorthodox quests for meaningful lives in an age of corruption, alienation and cynicism. With compassion, humor and poignancy, the author examines questions concerning the fragility of love, morality and ethics, interracial relationships, drugs, rebellion, conformity and especially withdrawal from or commitment to the world.

Muslim Cool - Su'ad Abdul Khabeer 2016-12-06
Interviews with young, black Muslims in Chicago explore the complexity of those with identities formed at the crossroads of Islam and hip hop. This groundbreaking study of race, religion and popular culture in the 21st century United States focuses on a new concept, "Muslim Cool." Muslim Cool is a way of being an American Muslim—displayed in ideas, dress, social activism in the 'hood, and in complex relationships to state power. Constructed through hip hop and the performance of Blackness, Muslim Cool is a

way of engaging with the Black American experience by both Black and non-Black young Muslims that challenges racist norms in the U.S. as well as dominant ethnic and religious structures within American Muslim communities. Drawing on over two years of ethnographic research, Su'ad Abdul Khabeer illuminates the ways in which young and multiethnic U.S. Muslims draw on Blackness to construct their identities as Muslims. This is a form of critical Muslim self-making that builds on interconnections and intersections, rather than divisions between "Black" and "Muslim." Thus, by countering the notion that Blackness and the Muslim experience are fundamentally different, Muslim Cool poses a critical challenge to dominant ideas that Muslims are "foreign" to the United States and puts Blackness at the center of the study of American Islam. Yet Muslim Cool also demonstrates that connections to Blackness made through hip hop are critical and contested—critical because they push back against the pervasive phenomenon of anti-Blackness and contested because questions of race, class, gender, and nationality continue to complicate self-making in the United States.

Islam in Black America - Edward E. Curtis IV 2012-02-01

Explores modern African-American Islamic thought within the context of Islamic history, giving special attention to questions of universality versus particularity.

The Color of Water - James McBride 2006-02-07

From the bestselling author of *Deacon King Kong* and the National Book Award-winning *The Good Lord Bird*: The modern classic that spent more than two years on *The New York Times* bestseller list and that *Oprah.com* calls one of the best memoirs of a generation. Who is Ruth McBride Jordan? A self-declared "light-skinned" woman evasive about her ethnicity, yet steadfast in her love for her twelve black children. James McBride, journalist, musician, and son, explores his mother's past, as well as his own upbringing and heritage, in a poignant and powerful debut, *The Color of Water: A Black Man's Tribute to His White Mother*. The son of a black minister and a woman who would not admit she was white, James McBride grew up in "orchestrated chaos" with his eleven siblings in the poor, all-black

projects of Red Hook, Brooklyn. "Mommy," a fiercely protective woman with "dark eyes full of pep and fire," herded her brood to Manhattan's free cultural events, sent them off on buses to the best (and mainly Jewish) schools, demanded good grades, and commanded respect. As a young man, McBride saw his mother as a source of embarrassment, worry, and confusion—and reached thirty before he began to discover the truth about her early life and long-buried pain. In *The Color of Water*, McBride retraces his mother's footsteps and, through her searing and spirited voice, recreates her remarkable story. The daughter of a failed itinerant Orthodox rabbi, she was born Rachel Shilsky (actually Ruchel Dwara Zylska) in Poland on April 1, 1921. Fleeing pogroms, her family emigrated to America and ultimately settled in Suffolk, Virginia, a small town where anti-Semitism and racial tensions ran high. With candor and immediacy, Ruth describes her parents' loveless marriage; her fragile, handicapped mother; her cruel, sexually-abusive father; and the rest of the family and life she abandoned. At seventeen, after fleeing Virginia and settling in New York City, Ruth married a black minister and founded the all-black New Brown Memorial Baptist Church in her Red Hook living room. "God is the color of water," Ruth McBride taught her children, firmly convinced that life's blessings and life's values transcend race. Twice widowed, and continually confronting overwhelming adversity and racism, Ruth's determination, drive and discipline saw her dozen children through college—and most through graduate school. At age 65, she herself received a degree in social work from Temple University. Interspersed throughout his mother's compelling narrative, McBride shares candid recollections of his own experiences as a mixed-race child of poverty, his flirtations with drugs and violence, and his eventual self-realization and professional success. *The Color of Water* touches readers of all colors as a vivid portrait of growing up, a haunting meditation on race and identity, and a lyrical valentine to a mother from her son.

Uncomfortable Conversations with a Black Man - Emmanuel Acho 2020-11-10

INSTANT NEW YORK TIMES BESTSELLER An urgent primer on race and racism, from the host of the viral hit video series "Uncomfortable Conversations with a Black Man" "You cannot fix

a problem you do not know you have." So begins Emmanuel Acho in his essential guide to the truths Americans need to know to address the systemic racism that has recently electrified protests in all fifty states. "There is a fix," Acho says. "But in order to access it, we're going to have to have some uncomfortable conversations." In *Uncomfortable Conversations With a Black Man*, Acho takes on all the questions, large and small, insensitive and taboo, many white Americans are afraid to ask—yet which all Americans need the answers to, now more than ever. With the same open-hearted generosity that has made his video series a phenomenon, Acho explains the vital core of such fraught concepts as white privilege, cultural appropriation, and "reverse racism." In his own words, he provides a space of compassion and understanding in a discussion that can lack both. He asks only for the reader's curiosity—but along the way, he will galvanize all of us to join the antiracist fight.

The True History of Master Fard Muhammad (Allah in Person) - Elijah Muhammad 2008

Since the Nation of Islam has been known to the public, the question of Elijah Muhammad's teacher has been at the top of the inquirer's want to know list. His disappearance and the never ending insistence by Elijah Muhammad, that his teacher was in fact God in person. This title examines Elijah Muhammad's historical, empirical as well as theological positions regarding Master Fard Muhammad's birth and whereabouts. The arguments are quite enlightening.

Black Man in a White Coat - Damon Tweedy 2015-09-08

"When Damon Tweedy first enters the halls of Duke University Medical School on a full scholarship, he envisions a bright future where his segregated, working class background will become largely irrelevant. Instead, he finds that he has joined a new world where race is front and center. When one of his first professors mistakes him for a maintenance worker, it is a moment that crystallizes the challenges he will face throughout his early career. Making matters worse, in lecture after lecture the common refrain for numerous diseases resounds, "More common in blacks than whites." In riveting, honest prose, *Black Man in a White Coat*

examines the complex ways in which both black doctors and patients must navigate the difficult and often contradictory terrain of race and medicine. As Tweedy transforms from student to practicing physician, he discovers how often race influences his encounters with patients. Through their stories, he illustrates the complex social, cultural, and economic factors at the root of most health problems in the black community. These elements take on greater meaning when Tweedy finds himself diagnosed with a chronic disease far more common among black people. In this powerful, moving, and compassionate book, Tweedy deftly explores the challenges confronting black doctors, and the disproportionate health burdens faced by black patients, ultimately seeking a way forward to better treatment and more compassionate care.- For readers of Atul Gawande, Sandeep Jauhar, Pauline W. Chen, and Henrietta Lacks"-- *Message to the Blackman in America, By Elijah Muhammad* - Elijah Poole 1965

Thirteen Ways of Looking at a Black Man - Henry Louis Gates, Jr. 2011-06-08

"This is a book of stories," writes Henry Louis Gates, "and all might be described as 'narratives of ascent.'" As some remarkable men talk about their lives, many perspectives on race and gender emerge. For the notion of the unitary black man, Gates argues, is as imaginary as the creature that the poet Wallace Stevens conjured in his poem "Thirteen Ways of Looking at a Blackbird." James Baldwin, Colin Powell, Harry Belafonte, Bill T. Jones, Louis Farrakhan, Anatole Broyard, Albert Murray -- all these men came from modest circumstances and all achieved preeminence. They are people, Gates writes, "who have shaped the world as much as they were shaped by it, who gave as good as they

got." Three are writers -- James Baldwin, who was once regarded as the intellectual spokesman for the black community; Anatole Broyard, who chose to hide his black heritage so as to be seen as a writer on his own terms; and Albert Murray, who rose to the pinnacle of literary criticism. There is the general-turned-political-figure Colin Powell, who discusses his interactions with three United States presidents; there is Harry Belafonte, the entertainer whose career has been distinct from his fervent activism; there is Bill T. Jones, dancer and choreographer, whose fierce courage and creativity have continued in the shadow of AIDS; and there is Louis Farrakhan, the controversial religious leader. These men and others speak of their lives with candor and intimacy, and what emerges from this portfolio of influential men is a strikingly varied and profound set of ideas about what it means to be a black man in America today.

100 Greatest African Americans - Molefi Kete Asante 2010-06-28

Since 1619, when Africans first came ashore in the swampy Chesapeake region of Virginia, there have been many individuals whose achievements or strength of character in the face of monumental hardships have called attention to the genius of the African American people. This book attempts to distill from many wonderful possibilities the 100 most outstanding examples of greatness. Pioneering scholar of African American Studies Molefi Kete Asante has used four criteria in his selection: the individual's significance in the general progress of African Americans toward full equality in the American social and political system; self-sacrifice and the demonstration of risk for the collective good; unusual will and determination in the face of the greatest danger or against the most stubborn odds; and personal achievement that reveals the best qualities of the African American people. In adopting these criteria Professor Asante has sought to steer away from the usual standards of popular culture, which often elevates the most popular, the wealthiest, or the most photogenic to the cult of celebrity. The individuals in this book - examples of lasting greatness as opposed to the ephemeral glare of celebrity fame - come from four centuries of African American history. Each entry includes brief biographical information, relevant dates, an assessment of the

individual's place in African American history with particular reference to a historical timeline, and a discussion of his or her unique impact on American society. Numerous pictures and illustrations will accompany the articles. This superb reference work will complement any library and be of special interest to students and scholars of American and African American history.

Between the World and Me - Ta-Nehisi Coates
2015-07-14

#1 NEW YORK TIMES BESTSELLER • NATIONAL BOOK AWARD WINNER • NAMED ONE OF TIME'S TEN BEST NONFICTION BOOKS OF THE DECADE • PULITZER PRIZE FINALIST • NATIONAL BOOK CRITICS CIRCLE AWARD FINALIST • ONE OF OPRAH'S "BOOKS THAT HELP ME THROUGH" • NOW AN HBO ORIGINAL SPECIAL EVENT Hailed by Toni Morrison as "required reading," a bold and personal literary exploration of America's racial history by "the most important essayist in a generation and a writer who changed the national political conversation about race" (Rolling Stone) NAMED ONE OF THE MOST INFLUENTIAL BOOKS OF THE DECADE BY CNN • NAMED ONE OF PASTE'S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY The New York Times Book Review • O: The Oprah Magazine • The Washington Post • People • Entertainment Weekly • Vogue • Los Angeles Times • San Francisco Chronicle • Chicago Tribune • New York • Newsday • Library Journal • Publishers Weekly In a profound work that pivots from the biggest questions about American history and ideals to the most intimate concerns of a father for his son, Ta-Nehisi Coates offers a powerful new framework for understanding our nation's history and current crisis. Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? *Between the World and Me* is Ta-Nehisi Coates's

attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bracingly confronts our present, and offers a transcendent vision for a way forward.

Lessons from a Third Grade Dropout - Rick Rigsby
2019-02-05

A USA TODAY and Wall Street Journal bestseller! Learn how to live a life of character and integrity—by following the simple advice of a third grade dropout. Be inspired by the book behind Dr. Rick Rigsby's viral graduation speech. After his wife died, Rick Rigsby was ready to give up. The bare minimum was good enough. Rigsby was content to go through the motions, living out his life as a shell of himself. But then he remembered the lessons his father taught him years before— incredibly simple, yet incredibly profound. These lessons weren't about advanced mathematics or the secrets of the stock market. They were quite straightforward, in fact, as Rigsby's father never made it through third grade. But if this man's instructions were powerful enough to inspire one of his children to earn a Ph.D. and another to become a judge—imagine what they can do for you. While Rick Rigsby's father was a third-grade dropout, he was a man who never hid behind any excuse. A man who never allowed his problems or lack of a formal education to determine his present or affect his future. A man who realized that destiny was a choice and not a chance. In *Lessons from a Third Grade Dropout*, Rigsby shares the simple lessons from his father that will transform your mindset, including: Remain true to yourself Think the best at all times Give your best regardless of

the circumstances Keep standing no matter what Join Rigsby as he dusts off time-tested beliefs and shares his father's impactful, far-reaching story—of how a life can be enhanced, of how a corporate culture can be changed, of how a family can be united—by living the simple lessons of a third-grade dropout.

A Particular Kind of Black Man - Tope Folarin 2020-08-11

****One of Time's 32 Books You Need to Read This Summer**** An NPR Best Book of 2019 An "electrifying" (Publishers Weekly) debut novel from Rhodes Scholar and winner of the Caine Prize for African Writing about a Nigerian family living in Utah and their uneasy assimilation to American life. Living in small-town Utah has always been an uncomfortable fit for Tunde Akinola's family, especially for his Nigeria-born parents. Though Tunde speaks English with a Midwestern accent, he can't escape the children who rub his skin and ask why the black won't come off. As he struggles to fit in, he finds little solace from his parents who are grappling with their own issues. Tunde's father, ever the optimist, works tirelessly chasing his American dream while his wife, lonely in Utah without family and friends, sinks deeper into schizophrenia. Then one otherwise-ordinary morning, Tunde's mother wakes him with a hug, bundles him and his baby brother into the car, and takes them away from the only home they've ever known. But running away doesn't bring her, or her children, any relief; once Tunde's father tracks them down, she flees to Nigeria, and Tunde never feels at home again. He spends the rest of his childhood and young adulthood searching for connection—to the wary stepmother and stepbrothers he gains when his father remarries; to the Utah residents who mock his father's accent; to evangelical religion; to his Texas middle school's crowd of African-Americans; to the fraternity brothers of his historically black college. In so doing, he discovers something that sends him on a journey away from everything he has known. Sweeping, stirring, and perspective-shifting, A Particular Kind of Black Man is "wild, vulnerable, lived...A study of the particulate self, the self as a constellation of moving parts" (The New York Times Book Review).

Elijah Muhammad--Original Man Know

Thyself - Abul Pitre 2021-10-15

Elijah Muhammad--Original Man Know Thyself: A Pedagogy for Black Liberation introduces students to the works of Elijah Muhammad, a thought leader who championed the development of Black education and helped to raise the consciousness of Blacks in America between 1934 and 1975. The book examines Elijah Muhammad's works and accomplishments within the context of modern education. The text begins with a biographical sketch of Elijah Muhammad and an exploration of how his life can provide a blueprint for liberation through education. Following these contextual introductions, the volume features nine selections, one of which comes from the Muhammad Speaks newspaper and the rest of which are from Elijah Muhammad's classic books, Message to the Blackman in America, How to Eat to Live, and Our Savior Has Arrived. In addition to its focus on education, the book demonstrates how the teachings of Elijah Muhammad have contributed to Africana/Black Studies. Discussion questions throughout stimulate critical thinking and challenge readers to apply the excerpted works to contemporary educational practice.

Our Saviour Has Arrived - Elijah Muhammad 1974

This title addresses the creation of God, the New World, and what's referred to as the "metaphysical" side of Elijah Muhammad's teaching. It eloquently delves into the subject of form and spirit in the simplest terms. The relationship of Jesus, Joseph and Mary is given a critical analysis as it relates to blacks in America.

History of the Nation of Islam - Elijah Muhammad 2008-11-06

This book is an interview of Elijah Muhammad explaining his initial encounter with his teacher, Master Fard Muhammad and how his messengership came about. The subjects discussed are Master Fard Muhammad's whereabouts, the races and what makes a devil and satan. He answers questions dealing the concept of divine and how ideas are perfected. More basic subjects include Malcolm X, Noble Drew Ali, C. Eric Lincoln, Udom, and a comprehensive range of information.

America Made Me a Black Man - Boyah J. Farah
2022-09-06

A searing memoir of American racism from a Somalian-American who survived hardships in his birth country only to experience firsthand the dehumanization of Blacks in his adopted land, the United States. "No one told me about America." Born in Somalia and raised in a valley among nomads, Boyah Farah grew up with a code of male bravado that helped him survive deprivation, disease, and civil war. Arriving in America, he believed that the code that had saved him would help him succeed in this new country. But instead of safety and freedom, Boyah found systemic racism, police brutality, and intense prejudice in all areas of life, including the workplace. He learned firsthand not only what it meant to be an African in America, but what it means to be African American. The code of masculinity that shaped generations of men in his family could not prepare Farah for the painful realities of life in the United States. Lyrical yet unsparring, *America Made Me a Black Man* is the first book-length examination of American racism from an African outsider's perspective. With a singular poetic voice brimming with imagery, Boyah challenges us to face difficult truths about the destructive forces that threaten Black lives and attempts to heal a fracture in Black men's identity.

A Torchlight for America - Louis Farrakhan

Understanding the Bible and Holy Qur'an as Taught by the Honorable Elijah Muhammad
- Ernest Muhammad 2004-01-01

In His book, "MESSAGE TO THE BLACKMAN IN AMERICA," The Honorable Elijah Muhammad gave us scriptures from both Bible and Holy Qur'an to study. What I have set out to accomplish in this book, is to make the study of these scriptures simple by researching all of them and bringing it all together in one book.

It's Hard to Be a Black Man in America and Other African American Poems - Elroy Alister Esdaille 2021-10-29

It's Hard to Be a Black Man in America and Other African American Poems By: Elroy Alister Esdaille
This book examines the African-American experience from multiple perspectives and cannot be nailed down to any singular thematic presentation. By peering through the pages of time to current day, the book attempts to disclose the African-American experience in The United States, and it can be applied to other countries as well that once had former colonial designs and slave labor. Modern day America, for many Black people, can be said to be a sum total of its messy history of slavery and segregation, and the recalcitrant roots that still persist today. Life for many black men and women in America is extremely challenging for we have to negotiate systemic, and institutionalize racism on a daily basis, while simultaneously wrestling with issues of colorism and microaggressions that continue to pervade society. It's difficult to understand the perspective of a black man or black woman in America without getting at least a glimpse into his or her insight about race relations and its impact on him or her. Many African Americans

feel that the system is designed against them, but their racial concerns often fall on deaf ears. This book gives in-depth examinations about race in America and it asks questions about accountability through the stylistic forms of the poems. As a Caribbean immigrant who migrated to The United States, Elroy Alister Esdaille's experiences as a black man with race relations has at times been painful as he has experienced firsthand the ugliness of racism and how the system so often makes it extremely hard for many black men to strive and live with dignity and pride. He has watched how the stereotype of criminality has informed decisions made against black men like him, and how one must develop a will stronger than iron in order to survive. As he envisions his readers, it is his desire to speak to all truth seekers and world changers. Race is a messy topic that many people avoid, but it is his aim to confront the issues head-on and lay the foundation for honest and controversial conversations that could inspire meaningful change in society. He would not say he is attempting to enlighten anyone, but rather for people to find their true selves and push hard for the future that they want and deserve.

Makes Me Wanna Holler - Nathan McCall
2011-01-26

One of our most visceral and important memoirs on race in America, this is the story of Nathan McCall, who began life as a smart kid in a close, protective family in a black working-class neighborhood. Yet by the age of fifteen, McCall was packing a gun and embarking on a criminal career that five years later would land him in prison for armed robbery. In these pages, McCall chronicles his passage from the street to the prison yard—and, later, to the newsrooms of The Washington Post and ultimately to the faculty of Emory University. His story is at once devastating and inspiring, at once an indictment and an elegy. *Makes Me Wanna Holler* became an instant classic when it was first published in 1994 and it continues to bear witness to the great troubles—and the great hopes—of our nation. With a new afterword by the author

The Theology of Time - Elijah Muhammad 1997

Message to the White Man in America - William Breiannis 2019-05-05

This book serves as a call for White America to move towards faith, freedom and uprightness. It is an introduction to the message of Islam, introducing the reader to God, His messengers (peace be upon them all) and His message. It takes a hard and honest look at the state of our nation today and offers a clear and Straight Path out of the decline and the inevitable fall if the course is not changed. It is a social criticism, an invitation and a call to action. There is a clear call to identity and community that permeates this book. In this way, this book seeks to be three dimensional looking at Height (faith), width (society) and depth (personal and communal identity) while seeking also to be timely in its message. Indeed, this is a much needed work in our time and it is hoped that it will serve every reader well.

The Envy of the World - Ellis Cose 2002-02-01
With an eloquence and compassion reminiscent of James Baldwin's Letter to My Nephew, Ellis Cose presents a frank and realistic examination of the daunting challenges facing black men in twenty-first-century America and offers a way out of the cycle of defeatism and despair that wreaks havoc on America's black communities. Black men have never had more opportunity for success than they do today. Yet, as Ellis Cose bluntly puts it, "We are watching the largest group of black males in history stumbling through life with a ball and chain wrapped around their legs. If brought together in one incorporated region, the population of black males behind bars would instantly become the twelfth largest urban area in America." Add to that the ravages of AIDS, murder, poverty, and illiteracy, the raging anger between many black men and women, and the widening gap separating the black elite from

the so-called underclass, and you have a prescription for a paralyzing pessimism. But even as he acknowledges the systemic obstacles that confront black men of all social strata, Ellis Cose refuses to accept them as reasons for giving up or giving in. In powerful and stirring prose, Cose rails against the historical worldview that has categorized academic achievement as a source of shame instead of pride in many black communities; he also outlines steps black males can take to enhance their odds for success. With insightful anecdotes about a broad range of black men -- from Franklin Raines, the first black man to run a Fortune 500 company, to unlettered ex-prisoners -- Cose documents the amazing journey the black race has made, and contemplates the challenges ahead. Both a warning of the vast social tragedy that is wasted black potential and a vital call to arms that can enable black men to reclaim their destiny, *The Envy of the World* is an honest and important book for anyone concerned about the future of America.

Policing the Black Man - Angela J. Davis
2018-05-15

A comprehensive, readable analysis of the key issues of the Black Lives Matter movement, this thought-provoking and compelling anthology features essays by some of the nation's most influential and respected criminal justice experts and legal scholars. "Somewhere among the anger, mourning and malice that *Policing the Black Man* documents lies the pursuit of justice. This powerful book demands our fierce attention." —Toni Morrison *Policing the Black Man* explores and critiques the many ways the

criminal justice system impacts the lives of African American boys and men at every stage of the criminal process, from arrest through sentencing. Essays range from an explication of the historical roots of racism in the criminal justice system to an examination of modern-day police killings of unarmed black men. The contributors discuss and explain racial profiling, the power and discretion of police and prosecutors, the role of implicit bias, the racial impact of police and prosecutorial decisions, the disproportionate imprisonment of black men, the collateral consequences of mass incarceration, and the Supreme Court's failure to provide meaningful remedies for the injustices in the criminal justice system. *Policing the Black Man* is an enlightening must-read for anyone interested in the critical issues of race and justice in America.
