The Promise of the New South - Edward L. Ayers 2007-09-07

At a public picnic in the South in the 1890s, a young man paid five cents for his first chance to hear the revolutionary Edison talking machine. He eagerly listened as the soundman placed the needle down, only to find that through the tubes he held to his ears came the chilling sounds of a lynching. In this story, with its blend of new technology and old hatreds, genteel picnics and mob violence, Edward Ayers captures the history of the South in the years between Reconstruction and the turn of the century. Ranging from the Georgia coast to the Tennessee mountains, from the power brokers to tenant farmers, Ayers depicts a land of startling contrasts. Ayers takes us from remote Southern towns, revolutionized by the spread of the railroads, to the statehouses where Democratic Redeemers swept away the legacy of Reconstruction; from the small farmers, trapped into growing nothing but cotton, to the new industries of Birmingham; from abuse and intimacy in the family to tumultuous public meetings of the prohibitionists. He explores every aspect of society, politics, and the economy, detailing the importance of each in the emerging New South. Central to the entire story is the role of race relations, from alliances and friendships between blacks and whites to the spread of Jim Crow laws and disfranchisement. The teeming nineteenth-century South comes to life in these pages. When this book first appeared in 1992, it won a broad array of prizes and was a finalist for both the National Book Award and the Pulitzer Prize. The citation for the National Book Award declared Promise of the New South a vivid and masterfully detailed picture of the evolution of a new society. The Atlantic called it "one of the broadest and most original interpretations of southern history of the past twenty years.

Mikhail Bakhtin - Gary Saul Morson 1990

Books about thinkers require a kind of unity that their thought may not possess. This cautionary statement is especially applicable to Mikhail Bakhtin, whose intellectual development displays a diversity of insights that cannot be easily integrated or accurately described in terms of a single overriding concern. Indeed, in a career spanning some sixty years, he experienced both dramatic and gradual changes in his thinking, returned to abandoned insights that he then developed in unexpected ways, and worked through new ideas only loosely related to his earlier concerns. Small wonder, then, that Bakhtin should have speculated on the relations among received notions of biography, unity, innovation, and the creative process. Unity—with respect not only to individuals but also to art, culture, and the world generally—is usually understood as conformity to an underlying structure or an overarching scheme. Bakhtin believed that this idea of unity contradicts the possibility of true creativity. For if everything conforms to a preexisting pattern, then genuine development is reduced to mere discovery, to a mere uncovering of something that, in a strong sense, is already there. And yet Bakhtin accepted that some concept of unity was essential. Without it, the world ceases to make sense and creativity again disappears, this time replaced by the purely aleatory. There would again be no possibility of anything meaningfully new. The grim truth of these two extremes was expressed well by Borges: an inescapable labyrinth could consist of an infinite number of turns or of no turns at all. Bakhtin attempted to rethink the concept of unity in order to allow for the possibility of genuine creativity. The goal, in his words, was a "nonmonologic unity," in which real change (or "surprisingness") is an essential component of the creative process. As it happens, such change was characteristic of Bakhtin's own thought, which seems to have developed by continually diverging from his initial intentions. Although it would not necessarily follow that the development of Bakhtin's thought corresponded to his ideas about unity and creativity, we believe that in this case his ideas on nonmonologic unity are useful in understanding his own thought—as well as that of other thinkers whose careers are comparably varied and productive.

The Discourse Studies Reader - Johannes Angermuller 2014-06-19

Discourse Studies is an interdisciplinary field studying the social production of meaning across the entire spectrum of the social sciences

and humanities. The Discourse Studies Reader brings together 40 key readings from discourse researchers in Europe and North America, some of which are now translated into English for the first time. Divided into seven sections – 'Theoretical Inspirations: Structuralism versus Pragmatics', 'From Structuralism to Poststructuralism', 'Enunciative Pragmatics', 'Interactionism', 'Sociopragmatics', 'Historical Knowledge' and 'Critical Approaches' – The Discourse Studies Reader offers a comprehensive overview of the main currents in discourse studies, both discourse theory and discourse analysis. With short introductions elaborating the broader context, the sections present key selections from a variety of disciplinary backgrounds by placing them into their respective epistemological traditions. The Discourse Studies Reader is an indispensable textbook for students and scholars alike who are interested in discourse theoretical questions and working with discourse analytical methods.

Peaks of Yemen I Summon - Steven C. Caton 1990-12-11

In this first full-scale ethnographic study of Yemeni tribal poetry, Steven Caton reveals an astonishingly rich folkloric system where poetry is both a creation of art and a political and social act. Almost always spoken or chanted, Yemeni tribal poetry is cast in an idiom considered colloquial and "ungrammatical," yet admired for its wit and spontaneity. In Yemeni society, the poet has power over people. By eloquence the poet can stir or, if his poetic talents are truly outstanding, motivate an audience to do his bidding. Yemeni tribesmen think, in fact, that poetry's transformative effect is too essential not to use for pressing public issues. Drawing on his three years of field research in North Yemen, Caton illustrates the significance of poetry in Yemeni society by analyzing three verse genres and their use in weddings, war mediations, and political discourse on the state. Moreover, Caton provides the first anthropology of poetics. Challenging Western cultural assumptions that political poetry can rarely rise above doggerel, Caton develops a model of poetry as cultural practice. To compose a poem is to construct oneself as a peacemaker, as a warrior, as a Muslim. Thus the poet engages in constitutive social practice. Because of its highly interdisciplinary approach, this book will interest a wide range of readers including anthropologists, linguists, folklorists, literary critics, and scholars of Middle Eastern society, language, and culture.

Electromagnetic Wave Propagation, Radiation, and Scattering -

Akira Ishimaru 2017-08-09

One of the most methodical treatments of electromagnetic wave propagation, radiation, and scattering—including new applications and ideas Presented in two parts, this book takes an analytical approach on the subject and emphasizes new ideas and applications used today. Part one covers fundamentals of electromagnetic wave propagation, radiation, and scattering. It provides ample end-of-chapter problems and offers a 90-page solution manual to help readers check and comprehend their work. The second part of the book explores up-to-date applications of electromagnetic waves—including radiometry, geophysical remote sensing and imaging, and biomedical and signal processing applications. Written by a world renowned authority in the field of electromagnetic research, this new edition of Electromagnetic Wave Propagation, Radiation, and Scattering: From Fundamentals to Applications presents detailed applications with useful appendices, including mathematical formulas, Airy function, Abel's equation, Hilbert transform, and Riemann surfaces. The book also features newly revised material that focuses on the following topics: Statistical wave theories—which have been extensively applied to topics such as geophysical remote sensing, bio-electromagnetics, bio-optics, and bio-ultrasound imaging Integration of

several distinct yet related disciplines, such as statistical wave theories, communications, signal processing, and time reversal imaging New phenomena of multiple scattering, such as coherent scattering and memory effects Multiphysics applications that combine theories for different physical phenomena, such as seismic coda waves, stochastic wave theory, heat diffusion, and temperature rise in biological and other media Metamaterials and solitons in optical fibers, nonlinear phenomena, and porous media Primarily a textbook for graduate courses in electrical engineering, Electromagnetic Wave Propagation, Radiation, and Scattering is also ideal for graduate students in bioengineering, geophysics, ocean engineering, and geophysical remote sensing. The book is also a useful reference for engineers and scientists working in fields such as geophysical remote sensing, bio-medical engineering in optics and ultrasound, and new materials and integration with signal processing.

Saying And Silence - Frank Farmer 2001-03

In composition studies for the last two or three decades, Bakhtin has been especially influential through his theories of language, dialogue, and genre. His work is required reading in upper division and graduate rhetoric courses and is included in the recent major surveys of rhetoric. Frank Farmer has contributed important essays to the study of Bakhtin in composition, and in *Saying and Silence* he gathers some of those, along with several new essays, into a single volume. Scholars who specialize in Bakhtin will find this work engaging, but equally Farmer wants to explicate and apply Bakhtin for readers whose focus is teaching or some other nonspecialist dimension of writing scholarship. Farmer explores the relationship between the meaningful word and the meaningful pause, between saying and silence, especially as the relationship emerges in our classrooms, our disciplinary conversations, and encounters with publics beyond the academy. Each of his chapters here addresses some aspect of how we and our students, colleagues, and critics have our say and speak our piece, often under conditions where silence is the institutionally sanctioned and preferred alternative. He has enlisted a number of Bakhtinian ideas (the superaddressee, outsideness, voice in dialogue) to help in the project of interpreting the silences we hear, naming the silences we do not hear, and of encouraging all silences to speak in ways that are freely chosen, not enforced. What he offers, then, is a compact collection that addresses major areas of Bakhtinian thought and influence on composition practice to date. And he does this in a voice and style that will be accessible to the general scholar as well as the specialist and will be suitable for use with the advanced composition student, too.

The Dialogic Imagination : Four Essays - Mikhail Mikhailovich Bakhtin 1996

Introducing Bakhtin - Sue Vice 1997

The Russian critic and theorist Mikhail Bakhtin is once again in favor, his influence spreading across many discourses including literature, film, cultural and gender studies. This book provides the most comprehensive introduction to Bakhtin's central concepts and terms. Sue Vice illustrates what is meant by such ideas as carnival, the grotesque body, dialogism and heteroglossia. These concepts are then placed in a contemporary context by drawing out the implications of Bakhtin's writings, for current issues such as feminism and sexuality. Vice's examples are always practically based on specific texts such as the film *Thelma and Louise*, Helen Zahavi's *Dirty Weekend* and James Kelman's *How late it was, how late*.

Mikhail Bakhtin - Katerina Clark 1984

Traces the life of Bakhtin, a Russian literary critic recently rediscovered, and discusses his major works on Freud, Dostoevsky, Rabelais, Marxism, and the philosophy of language

Narrative - Michael J. Toolan 2001

This classic text has been substantially rewritten. *Narrative* explores a range of written, spoken, literary and non-literary narratives. It shows what systematic attention to language can reveal about the narratives themselves, their tellers, and those to whom they are addressed. New material includes sections on gendered narrative, film narrative and a discussion of ways in which the internet and global television are changing conceptions of narrative.

The Dialogic Imagination - Mikhail Mikhailovich Bakhtin 1981

Genre Trajectories - Garin Dowd 2015-08-25

This book provides a fresh interdisciplinary perspective on genre and identifies developments in genre studies in the early 21st century. Genre approaches are applied to examine a fascinating range of texts including

ancient Greek poems, Holocaust visual and literary texts, contemporary Hollywood films, selfies, melodrama, and classroom practices.

Future Interaction Design - A. Pirhonen 2005-12-06

In 1969 Herbert Simon wrote a book, *The Science of the Artificial*, in which he argued that cognitive science should have its area of application in the design of devices. He proposed the foundation of a science of the artificial related with cognitive science in the sense in which we have traditionally understood the relationship between the engineering disciplines and the basic sciences. Such a science has been called cognitive ergonomics or cognitive engineering (Norman 1986). Simon's cognitive ergonomics (1969), would be independent of cognitive science, its basic science, although both would be closely related. Cognitive science would contribute knowledge on human cognitive processes, and cognitive ergonomics would contribute concrete problems of design that should be solved in the context of the creation of devices. Norman (1986), the author that coined the term cognitive engineering, conceived it as an applied cognitive science where the knowledge of cognitive science is combined with that of engineering to solve design problems. According to Norman, its objectives would be: (1) to understand the fundamental principles of human actions important for the development of the engineering of design principles, and (2) to build systems that are pleasant in their use.

The Bakhtin Reader - Pam Morris 2009-09-01

This anthology provides a comprehensive selection of the writing by Bakhtin and of that attributed to Voloshinov and Medvedev. It introduces readers to the aspects most relevant to literary and cultural studies and gives a focused sense of Bakhtin's central ideas and the underlying cohesiveness of his thinking.

Dialogism - Michael Holquist 2003-12-16

Holquist's masterly study draws on all of Bakhtin's known writings providing a comprehensive account of his achievement. Widely acknowledged as an exceptional guide to Bakhtin and dialogics, this book now includes a new introduction, concluding chapter and a fully updated bibliography. He argues that Bakhtin's work gains coherence through his commitment to the concept of dialogue, examining Bakhtin's dialogues with theorists such as Saussure, Freud, Marx and Lukacs, as well as other thinkers whose connection with Bakhtin has previously been ignored. *Dialogism* also includes dialogic readings of major literary texts, Mary Shelley's *Frankenstein*, Gogol's *The Notes of a Madman* and Fitzgerald's *The Great Gatsby*, which provide another dimension of dialogue with dialogue.

Mikhail Bakhtin - Tzvetan Todorov 1984

Mikhail Bakhtin - Mikhail Bakhtin 2019-08-09

This annotated book is a first English translation of 12-hours of interviews of Victor Duvakin with Mikhail Bakhtin recorded in 1973. From Freud to Kant, from the French Symbolists to the German Romantics, Bakhtin shares his knowledge and appreciation of various Western European authors and thinkers. As a result, Mikhail Bakhtin: *The Duvakin Interviews*, 1973, invites us to reconsider the importance of Western art and thought to Bakhtin himself, and Russian culture in general.

Bakhtin and his Others - Liisa Steinby 2013-03-01

'*Bakhtin and his Others*' aims to develop an understanding of Mikhail Bakhtin's ideas through a contextual approach, particularly with a focus on Bakhtin studies from the 1990s onward. The volume offers fresh theoretical insights into Bakhtin's ideas on (inter)subjectivity and temporality – including his concepts of chronotope and literary polyphony – by reconsidering his ideas in relation to the sources he employs, and taking into account later research on similar topics. The case studies show how Bakhtin's ideas, when seen in light of this approach, can be constructively employed in contemporary literary research.

Art and Answerability - M. M. Bakhtin 2011-01-01

Mikhail Bakhtin (1895-1975) is one of the preeminent figures in twentieth-century philosophical thought. *Art and Answerability* contains three of his early essays from the years following the Russian Revolution, when Bakhtin and other intellectuals eagerly participated in the debates, lectures, demonstrations, and manifesto writing of the period. Because they predate works that have already been translated, these essays—"Art and Answerability," "Author and Hero in Aesthetic Activity," and "The Problem of Content, Material, and Form in Verbal Art"—are essential to a comprehensive understanding of Bakhtin's later works. A superb introduction by Michael Holquist sets out the major themes and concerns of the three essays and identifies their place in the canon of Bakhtin's

work and in intellectual history. The introduction, together with Vadim Liapunov's scholarly gloss, makes these essays accessible to students as well as scholars.

Rabelais and His World - Mikhail Mikhailovich Bakhtin 1984

This classic work by the Russian philosopher and literary theorist Mikhail Bakhtin (1895-1975) examines popular humor and folk culture in the Middle Ages and the Renaissance. One of the essential texts of a theorist who is rapidly becoming a major reference in contemporary thought, *Rabelais and His World* is essential reading for anyone interested in problems of language and text and in cultural interpretation.

Mastering Drawing the Human Figure - Jack Faragasso 2020-04-15

This comprehensive handbook for drawing the human figure is by a veteran instructor of the Art Students League of New York. Both a guide and a reference, it is suitable for all: novices, students, and professionals. Numerous illustrations with commentary cover the basic structure of the head and body, light and shade, the proper use of line, conveying action, depicting drapery, and much more.

Feminism, Bakhtin, and the Dialogic - Dale M. Bauer 1991-01-01

Feminism, Bakhtin, and the Dialogic assembles thirteen essays on the intersection of Bakhtin's narrative theory, especially his concept of dialogism. The book explores the dimensions of using Bakhtin for a feminist analysis and discerns the connections between feminist dialogics and cultural materialism. The authors offer various views ranging from studies of ecofeminism, gender theories of novelistic discourse, Bakhtin and French feminism, to analyses of contemporary novelists such as Toni Morrison, Nadine Gordimer, and Pat Barker. Drawing on Bakhtin's sociolinguistics, this book provides an introduction to feminist work on Bakhtin and the development of a cultural politics of reading. Challenging questions are raised: What is dialogic feminism? Can Bakhtin's theories advance a feminist politics? How does a feminist dialogics fit into a materialist feminist practice? Can the "dialogic imagination" also describe some of the most radical moments within feminist thinking? The interdisciplinary focus of these responses represents the ongoing dialogue among literary critics, cultural theorists, and feminists.

Mikhail Bakhtin - Don Bialostosky 2016-01-01

Rhetoric appears to be a marginal topic for the Bakhtin School and for most Bakhtin scholars, but many rhetorical critics, theorists, and teachers have nonetheless found the school's work compelling and challenging. This book collects ten essays by Don Bialostosky focusing specifically on the ways that Bakhtin's work conceptualizes and elaborates the functions of rhetoric, including dialogism, the art of discourse, poetics, carnivalesque, and much more.

Bakhtinian Thought: Intro Read - Simon Dentith 2003-09-02

First published in 1994. Routledge is an imprint of Taylor & Francis, an informa company.

Freudianism - Valentin Voloshinov 2014-07-22

Freudianism is a major icon in the history of ideas, independently rich and suggestive today both for psychoanalysis and for theories of language. It offers critical insights whose recognition demands a change in the manner in which the fundamental principles of both psychoanalysis and linguistic theory are understood. Voloshinov went to the root of Freud's theory and method, arguing that what is for him the central concept of psychoanalysis, "the unconscious," was a fiction. He argued that the phenomena that were taken by Freud as evidence for "the unconscious" constituted instead an aspect of "the conscious," albeit one with a person's "official conscious." For Voloshinov, "the conscious" was a monologue, a use of language, "inner speech" as he called it. As such, the conscious participated in all of the properties of language, particularly, for Voloshinov, its social essence. This type of argumentation stood behind Voloshinov's charge that Freudianism presented humans in an inherently false, individualistic, asocial, and ahistorical setting.

The Cambridge Introduction to Mikhail Bakhtin - Ken Hirschkop 2021-11-04

A concise, readable and up-to-date introduction to Bakhtin, which provides students with an accessible but sophisticated guide to his work.

The Dialogic Imagination - M. M. Bakhtin 2010-03-01

These essays reveal Mikhail Bakhtin (1895-1975)—known in the West largely through his studies of Rabelais and Dostoevsky—as a philosopher of language, a cultural historian, and a major theoretician of the novel. *The Dialogic Imagination* presents, in superb English translation, four selections from *Voprosy literatury i estetiki* (Problems of literature and esthetics), published in Moscow in 1975. The volume also contains a lengthy introduction to Bakhtin and his thought and a glossary of terminology. Bakhtin uses the category "novel" in a highly idiosyncratic

way, claiming for it vastly larger territory than has been traditionally accepted. For him, the novel is not so much a genre as it is a force, "novelness," which he discusses in "From the Prehistory of Novelistic Discourse." Two essays, "Epic and Novel" and "Forms of Time and of the Chronotope in the Novel," deal with literary history in Bakhtin's own unorthodox way. In the final essay, he discusses literature and language in general, which he sees as stratified, constantly changing systems of subgenres, dialects, and fragmented "languages" in battle with one another.

To Teach - William Ayers 2015-04-17

"This graphic novel brings to life William Ayers's bestselling memoir *To Teach*: the journey of a teacher, third edition. From Ayers's early days teaching kindergarten, readers follow this renowned educational theorist on his 'voyage of discovery and surprise.'"--Cover, p. [4].

Problems of Dostoevsky's Poetics - Mikhail Bakhtin 2013-11-30

This book is not only a major twentieth-century contribution to Dostoevsky's studies, but also one of the most important theories of the novel produced in our century. As a modern reinterpretation of poetics, it bears comparison with Aristotle.

Don Quixote - Slav N. Gratchev 2017-11-06

This book is a unique scholarly attempt to examine *Don Quixote* from multiple angles to see how the re-accentuation of the world's greatest literary hero takes place in film, theater, and literature. To accomplish this task, eighteen scholars from the USA, Canada, Spain, and Great Britain have come together, and each of them has brought his/her unique perspective to the subject.

Toward a Philosophy of the Act - M.M. Bakhtin 2010-02-22

Rescued in 1972 from a storeroom in which rats and seeping water had severely damaged the fifty-year-old manuscript, this text is the earliest major work (1919-1921) of the great Russian philosopher M. M. Bakhtin. *Toward a Philosophy of the Act* contains the first occurrences of themes that occupied Bakhtin throughout his long career. The topics of authoring, responsibility, self and other, the moral significance of "outsideness," participatory thinking, the implications for the individual subject of having "no-alibi in existence," the difference between the world as experienced in actions and the world as represented in discourse—all are broached here in the heat of discovery. This is the "heart of the heart" of Bakhtin, the center of the dialogue between being and language, the world and mind, "the given" and "the created" that forms the core of Bakhtin's distinctive dialogism. A special feature of this work is Bakhtin's struggle with the philosophy of Immanuel Kant. Put very simply, this text is an attempt to go beyond Kant's formulation of the ethical imperative. It will be important for scholars across the humanities as they grapple with the increasingly vexed relationship between aesthetics and ethics.

Persistent Forms - Ilya Kliger 2015-12-14

Since the mid-1980s, attempts to think history and literature together have produced much exciting work in the humanities. Indeed, some form of historicism can be said to inform most of the current scholarship in literary studies, including work in poetics, yet much of this scholarship remains undertheorized. Envisioning a revitalized and more expansive historicism, this volume builds on the tradition of Historical Poetics, pioneered by Alexander Veselovsky (1838-1906) and developed in various fruitful directions by the Russian Formalists, Mikhail Bakhtin, and Olga Freidenberg. The volume includes previously untranslated texts of some of the major scholars in this critical tradition, as well as original contributions which place that tradition in dialogue with other thinkers who have approached literature in a globally comparatist and evolutionary-historical spirit. The contributors seek to challenge and complement a historicism that stresses proximate sociopolitical contexts through an engagement with the longue durée of literary forms and institutions. In particular, Historical Poetics aims to uncover deep-historical stratifications and asynchronicities, in which formal solutions may display elective affinities with other, chronologically distant solutions to analogous social and political problems. By recovering the traditional nexus of philology and history, *Persistent Forms* seeks to reinvigorate poetics as a theoretical discipline that would respond to such critical and intellectual developments as Marxism, New Historicism, the study of world literature, practices of distant reading, and a renewed attention to ritual, oral poetics, and genre.

Speech Genres and Other Late Essays - M. M. Bakhtin 2010-03-01

Speech Genres and Other Late Essays presents six short works from Bakhtin's *Esthetics of Creative Discourse*, published in Moscow in 1979. This is the last of Bakhtin's extant manuscripts published in the Soviet Union. All but one of these essays (the one on the Bildungsroman) were

written in Bakhtin's later years and thus they bear the stamp of a thinker who has accumulated a huge storehouse of factual material, to which he has devoted a lifetime of analysis, reflection, and reconsideration.

The Dialogic Imagination - Mikhail Mikhailovich, Bakhtin 2000

Critical Pedagogies and Language Learning - Bonny Norton 2004-01-26

This volume applies the critical pedagogical approach to the area of language learning, and in doing so, it addresses such topics as critical multiculturalism, gender and language learning, and popular culture.

The Literate Revolution in Greece and Its Cultural Consequences - Eric Alfred Havelock 2019-01-29

This volume brings together studies by a distinguished classical scholar that address specific problems associated with the development of literacy in ancient Greece. The articles were written over a twenty-year period and published individually in various journals and books. They deal with Greece's technological and intellectual transition from a

preliterate to a literate culture, showing the effects registered by the introduction of the alphabet as the written word came to replace its oral counterpart in the literature of Greece and of Europe. Eric A. Havelock is Sterling Professor Emeritus of Classics at Yale University. His numerous publications include *The Liberal Temper in Greek Politics* (Yale), *Preface to Plato* (Harvard), and *The Greek Concept of Justice* (Harvard).

[Bakhtin's Theory of the Literary Chronotope](#) - Nele Bemong 2010

This collection of essays is the first international study exclusively dedicated to Bakhtin's theory of the literary chronotope
