Miracle of the Angels - John W. Culbertson 2014-04-01

Miracle of the Angels is an eye-opening account of the wonderful ways in which people and actions affect us. An eminently enjoyable read, the appeal of this short story by John Culbertson lies in the unobtrusive way in which it makes you reflect upon your own life, and how you interpret experiences. Through seemingly normal occurrences such as vivid dreams, casual conversations and chance encounters with people, the writer paints a poignant tapestry of premonitions, near mishaps,

prevented accidents, misunderstandings, second chances and reconciled relationships in Miracle of the Angels. Every day we witness miracles and we live in the midst of angels. Our failure to recognize these miracles and the messengers of an omniscient being is perhaps the reason why despite our expanding knowledge and information, most of us are still lacking in the wisdom which is essential to feel contented and at peace with ourselves. There are many ways to read and interpret this book and therein lies its appeal. On one level, Miracle of the Angels could be seen as a series of conversations between the writer and God, sometimes through angels and sometimes through miracles. It would be hardly surprising therefore if you found similar parallels between your life

and the events described or the characters delineated in the story. We are constantly questioning and expecting answers when everything is already as clear as daylight. This could well be what John Culbertson is expressing through Miracle of the Angels. Reading this short story is akin to having a revelation, an epiphany of sorts, just like the myriad experiences that the protagonist has during the course of a very intense period in his life. The incidents go from the deeply moving to the light-hearted while the characters portrayed range from the passionately sincere to the almost bathetic. Despite the unnatural ways in which they occur, none of the events described come across as contrived nor do the characters appear anything other than real. This

is definitely an amazing feat by the writer considering the not so regular subject of the story which is about angels and miracles. On the practical side, the short story can be a great source of solace for everyone. Anyone who has lost someone dear and near will be able to relate to it. For who hasn't grieved the passing away of a relative, friend or mentor and found it difficult to come to terms with the seeming cruelty or unfairness of it? *Miracle of the Angels* shows the reader the impracticality of finding fault or playing the blame game when something goes wrong or we lose someone. Instead it awakens in us the ability to find the wisdom to see the true meaning of loss and the transient nature of things.

**The Kingdom of Sun** - Dipanjan

Dasgupta 2020-10-06

Numerology is a science of the Numbers, algorithms of the Numbers. Numerology is the language of the numbers. Each number has its own vibration upon an individual. In Numerology we study these numbers and their behaviour. We try to decode the language of the numbers to understand human nature. The day we were born numbers started flying around us. "The Kingdom of Sun" is the book based on my studies and understanding about Numerology. It teaches you the soul of the Numerology. The superstitions or myths you have in your mind about Numerology or Occult Science that should be eradicated once for all. God has given tremendous potential in us. But we cannot recognize our true potential. I love 3 words very much. Awakening,

Transforming and Navigating. With the help of Numerology you can awaken your unconscious mind. If you are awake and conscious, you can transform your life and finally you can navigate your life to the right direction. I will explain you the subject in such a way with logic that your base will be rock solid and your thoughts will be crystal clear. You will stop believing in miracles. We can transform our lives but there will be no miracles. Miracles may happen if God wants it, if the supreme power wants it and if the nature wants it. You are not responsible for it neither you have the power to do it. The only thing you can do in your life is navigate your life in a best possible way. That should be the ultimate goal for all of us. If you can learn the

fundamentals of Numerology perfectly you will be able to take control of your problems of your own.

Here is one of the most fascinating and authentic works ever produced on the interpretation of lines on the palm. There is a hidden meaning for every line that appears on the palm and the author has explored the occult significance attached to each line and sign. Napoleon had said:

Perhaps the face can deceive but never the hand. This book is a concrete proof of what he said. The study of palmistry needs tenacity and patience and sometimes a guru (teacher). But with this book you can study the abstruse subject of palm-reading at ease and in your leisure time. This book describes all the essentials of the subject which you can easily pick up. SECRETS of NUMEROLOGY and MIRACLES of YOUR NAME! ASTRO NUMEROLOGY and WONDERS! - G. R. Narasimhan 2018-01-20

Similar to astrology; numerology is also one of the alternative belief systems which is closely related to planets and we can predict readings for personal life, career, life partner, business, travel, vastu etc. Also this will be extended to the monthly, yearly or life time predictions for anyone or anything. The prediction of future with the help of numbers, which are from Date of Birth, Name & Signature. Numerology deals with the practical application of the laws of

mathematics & astrology to the material existence. It is not only like astrology and stops with planetary positions and predictions; but more than astrology by doing miracle with naming the baby or elderly people or organization or business or place etc. The basic vibration comes from the date in which we born, then the sum of date/month/year - each digit and finally the alphabets we use in our name along with the signature. Mars and their characteristic features. Each one of these nine planets is assigned numbers ranging from 1 to 9, depending on which planet vibrates to a particular number. Angel Numbers - Doreen Virtue

2005-04-01

"Why do I always see the numbers 444  
(or 111, 333, etc.) everywhere I go?"  
is one of the most frequently asked  
questions that Doreen Virtue receives  
at her worldwide workshops. In her  
best-selling book Healing with the  
Angels, Doreen included a chapter  
that briefly explained the meanings  
behind these number sequences, and

many people have commented that they carry the book with them everywhere to help them interpret the numbers they see daily. By popular request from Doreen's audience members, Angel Numbers has been created to serve as a pocket guide containing the angelic meanings of numbers from 0 to 999. Designed to fit into a purse or pocket for easy transport, Angel Numbers provides an interpretation of more complex number sequences than was previously available in *Healing with the Angels*. This new book focuses on numbers such as 123, 337, 885, and so on. Whether you're seeing these numbers on license plates, telephone numbers, the clock, or other locations, they're very real messages from the angels. *All About Numbers: Attract Luck, Abundance, and Joy Based on Your Numbers* - Jesse Kalsi 2021-06-21  
The universe speaks to us through numbers. Each number carries a different vibration and every one of us has a unique set of numbers that are etched into our destiny. Your numerology is calculated using your

name and birthday, two elements that are inseparable from your identity. These numbers grant you personal power so that you can achieve your goals with ease and grace. By comprehending the deeper meaning of your numbers, you can use them to your advantage and make progress in your life. The more you become familiar with numbers that work in your favor and ones you should avoid, the more you can utilize your individual code to boost luck, success, and abundance. All About Numbers first teaches you how to calculate the codes for your name and birthday as well as the role that each number in your code plays and how these numbers interact with one another. You'll understand how to pick the luckiest days and months according to your numbers and divine

timing of your life. This will help you refrain from using conflicting numbers that adversely affect you and those around you. You'll be given various methods for healing heavy number energies, such as wearing the appropriate crystals and gemstones, and aligning the body's seven chakras for optimal universal flow. Once you know your numbers, you can find the best home or business address and patch an address that's contradictory to your code. You'll learn about the most lucrative names and numbers for maintaining a successful business and generating profit and how to choose a bank and account number that attracts savings. You'll be given ways to pick the right color and make for your car and a license plate that matches your energy. You'll also gain insight on how to choose a pet that's most

agreeable with you and your family members and which numbers and colors enhance education and learning abilities. Throughout this book, you'll discover how numbers affect compatibility in relationships and dictate dating, love, marriage, and separation. Included too are numbers that fare well with real estate, the stock market, and sports teams and those that influence fame, recognition, success, and politics in the US and around the world. The second part of this book delves into the specific and separate energies carried by the numbers 1 through 9 and the mysterious powers of master numbers 11, 22, 33, and 44. We all have different numbers that work for us; no two people have the same set of numbers that benefit them. Once you find your numbers, use them and

stick with them in time to live your best life. You'll be glad you did.

**Magic, Mystery, and Science** - Dan Burton 2004

"[P.D. Ouspensky's] yearning for a transcendent, timeless reality—one that cancels out physical disintegration and death—figures into science at some fundamental level.

Einstein found solace in his theory of relativity, which suggested to him that events are ever-present in the space-time continuum. When his friend Michele Besso passed on shortly before his own death, he wrote: 'For us believing physicists the distinction between past, present, and future is only an illusion, even if a stubborn one.'" —from *Magic, Mystery, and Science* The triumph of science would appear to have routed all other explanations of reality. No longer does astrology or alchemy or magic have the power to explain the world to us. Yet at one time each of these systems of belief, like religion, helped shed light on what was dark to our understanding. Nor have the occult arts disappeared. We humans have a need for mystery and a sense of the infinite. Magic,

Mystery, and Science presents the occult as a "third stream" of belief, as important to the shaping of Western civilization as Greek rationalism or Judeo-Christianity. The occult seeks explanations in a world that is living and intelligent—quite unlike the one supposed by science. By taking these beliefs seriously, while keeping an eye on science, this book aims to capture some of the power of the occult. Readers will discover that the occult has a long history that reaches back to Babylonia and ancient Egypt. It proceeds alongside, and frequently mingles with, religion and science. From the Egyptian Book of the Dead to New Age beliefs, from Plato to Adolf Hitler, occult ways of knowing have been used—and hideously abused—to explain a world that still

tempts us with the knowledge of its dark secrets.
