Gender, Nation and Women Politicians in Serbia and Kosovo - Gordana Subotić 2022-03-31

This book examines the ways women politicians in Serbia and Kosovo have imagined, constructed, and politicised national identity and gender while engaging with politics in the context of the democratisation process. The first book to focus on the work of women inside political structures, it draws on participant observation and interview material to answer the question of how women in positions of power and influence deal with their national identity and gender in societies deeply divided along ethnic lines. Based on close studies of the work of a small number of women from different ethnic backgrounds, the author offers comparative analyses of the ways in which women politicians of different ethnicities respond to similar events in their everyday work. An original political ethnography that considers engagement of women in formal politics, this volume will appeal to scholars across the social sciences with interests in political structures and political participation, particularly as these relate to questions of gender, nation and ethnicity.

I Have the Right To - Chessy Prout 2018-03-06

"A bold, new voice." —People "A nuanced addition to the #MeToo conversation." —Vice A young survivor tells her searing, visceral story of sexual assault, justice, and healing in this gutwrenching memoir. The numbers are staggering: nearly one in five girls ages fourteen to seventeen have been the victim of a sexual assault or attempted sexual assault. This is the true story of one of those girls. In 2014, Chessy Prout was a freshman at St. Paul's School, a prestigious boarding school in New Hampshire, when a senior boy sexually assaulted her as part of a ritualized game of conquest. Chessy bravely reported her assault to the police and testified against her attacker in court. Then, in the face of unexpected backlash from her once-trusted school community, she shed her anonymity to help other survivors find their voice. This memoir is more than an account of a horrific event. It takes a magnifying glass to the institutions that turn a blind eye to such behavior and a society that blames victims rather than perpetrators. Chessy's story offers real, powerful solutions to upend rape culture as we know it today. Prepare to be inspired by this remarkable young woman and her story of survival, advocacy, and hope in the face of unspeakable trauma.

[Daughters in My Kingdom](#) - The Church of Jesus Christ of Latter-day Saints

In the first meeting of the Relief Society, Sister Emma Smith said, "We are going to do something extraordinary." She was right. The history of Relief Society is filled with examples of ordinary women who have accomplished extraordinary things as they have exercised faith in Heavenly Father and Jesus Christ. Relief Society was established to help prepare daughters of God for the blessings of eternal life. The purposes of Relief Society are to increase faith and personal righteousness, strengthen families and homes, and provide relief by seeking out and helping those in need. Women fulfill these purposes as they seek, receive, and act on personal revelation in their callings and in their personal lives. This book is not a chronological history, nor is it an attempt to provide a comprehensive view of all that the Relief Society has accomplished. Instead, it provides a historical view of the grand scope of the work of the Relief Society. Through historical accounts, personal experiences, scriptures, and words of latter-day prophets and Relief Society

leaders, this book teaches about the responsibilities and opportunities Latter-day Saint women are given in Heavenly Father's plan of happiness.

Sexual Assault in Canada - Elizabeth A. Sheehy 2012-09-29

Sexual Assault in Canada is the first English-language book in almost two decades to assess the state of sexual assault law and legal practice in Canada. Gathering together feminist scholars, lawyers, activists and policy-makers, it presents a picture of the difficult issues that Canadian women face when reporting and prosecuting sexual violence. The volume addresses many themes including the systematic undermining of women who have been sexually assaulted, the experiences of marginalized women, and the role of women's activism. It explores sexual assault in various contexts, including professional sports, the doctor-patient relationship, and residential schools. And it highlights the influence of certain players in the reporting and litigation of sexual violence, including health care providers, social workers, police, lawyers and judges. *Sexual Assault in Canada* provides both a multi-faceted assessment of the progress of feminist reforms to Canadian sexual assault law and practice, and articulates a myriad of new ideas, proposed changes to law, and inspired activist strategies. This book was created to celebrate the tenth anniversary of Jane Doe's remarkable legal victory against the Toronto police for sex discrimination in the policing of rape and for negligence in failing to warn her of a serial rapist.

The case made legal history and motivated a new generation of feminist activists. This book honours her pioneering work by reflecting on how law, legal practice and activism have evolved over the past decade and where feminist research and reform should lead in the years to come. *Back to Work After Baby* - Lori Mihalich-Levin 2017-04-11

Sisterhood - Balin/Herman 2013-12-21

The work of a coterie of dynamic women - not the brainchild of Reform Judaism's male leaders, as is often thought - Women of Reform Judaism has been a force in the shaping of American Jewish life since its founding as the National Federation of Temple Sisterhoods in 1913. The synergy of Reform Judaism's universalist ideas and the women's emancipation movement in the early twentieth century made the synagogue auxiliary a natural platform for women to assume new leadership roles in their synagogues, in Reform Judaism, and in American society. These "sisterhoods" have stood for the solidarity among synagogue women as well as the commitment of these women to important social action issues. Called Women of Reform Judaism since 1993, this oldest federation of women's synagogue auxiliaries has grown from 52 temple sisterhoods to 500 and a membership of over 65,000 women, today a vibrant international women's organization. Women of Reform Judaism, in cooperation with The Jacob Rader Marcus Center of the American Jewish Archives and Hebrew Union College Press, marks its centennial anniversary with this collection of new scholarly essays which looks back at its history in order to understand how the hopes and dreams of its founders have come to fruition. Armed with the rich archival resources of the American Jewish Archives, including Proceedings of the National Federation of Temple Sisterhoods, 1913-1955, eighteen scholars contributed essays on the spectrum of Women of Reform Judaism's activities, including their funding of Hebrew Union College during the Great Depression, their support for Jewish education through production of a substantial women's Torah commentary designed to edify lay people as well as scholars and clergy, their promotion of Jewish foodways and art through publication of cookbooks and support of synagogue gift shops, their invention of the Uniongram as a formidable fundraising tool on a par with the Girl Scout cookie, and their efforts to safeguard Jewish continuity through support of youth activities (NFTY).

A Leader in Action -

The Laywoman Project - Mary J. Henold 2020-01-30

Summoning everyday Catholic laywomen to the forefront of twentieth-century Catholic history, Mary J. Henold considers how these committed parishioners experienced their religion in the wake of Vatican II (1962-1965). This era saw major changes within the heavily patriarchal religious faith—at the same time as an American feminist revolution caught fire. Who was the Catholic woman for a new era? Henold uncovers a vast archive of writing, both intimate and public facing, by hundreds of rank-and-file American laywomen active in national laywomen's groups, including the National Council of Catholic Women, the Catholic Daughters of America, and the Daughters of Isabella. These records evoke a formative period when laywomen played publicly with a surprising variety of ideas about their own position in the Catholic Church. While marginalized near the bottom of the church hierarchy, laywomen quietly but purposefully engaged both their religious and gender roles as changing circumstances called them into question. Some eventually chose feminism while others rejected it, but most, Henold says, crafted a middle position: even

conservative, nonfeminist laywomen came to reject the idea that the church could adapt to the modern world while keeping women's status frozen in amber.

Honor Girl - Maggie Thrash 2017-05

A graphic novel memoir depicting the author's teenage experiences at summer camp where she fell in love with an older girl.

Rethinking Global Sisterhood - Nima Naghibi 2007

Annotation. Nineteenth-century neoclassical sculpture was a highly politicized international movement. Based in Rome, many expatriate American sculptors created works that represented black female subjects in compelling and problematic ways. Rejecting pigment as dangerous and sensual, adherence to white marble abandoned the racialization of the black body by skin color. & In *The Color of Stone*, Charmaine A. Nelson brilliantly analyzes a key, but often neglected, aspect of neoclassical sculpture—color. Considering three major works—Hiram Powers's *Greek Slave*, William Wetmore Story's *Cleopatra*, and Edmonia Lewis's *Death of Cleopatra*—she explores the intersection of race, sex, and class to reveal the meanings each work holds in terms of colonial histories of visual representation as well as issues of artistic production, identity, and subjectivity. She also juxtaposes these sculptures with other types of art to scrutinize prevalent racial discourses and to examine how the black female subject was made visible in high art. & By establishing the centrality of race within the discussion of neoclassical sculpture, Nelson provides a model for a black feminist art history that at once questions and destabilizes canonical texts. & Charmaine A. Nelson is assistant professor of art history at McGill University.

Girl, Woman, Other - Bernardine Evaristo 2019-11-05

NATIONAL BESTSELLER WINNER OF THE BOOKER PRIZE "A must-read about modern Britain and womanhood . . . An impressive, fierce novel about the lives of black British families, their struggles, pains, laughter, longings and loves . . . Her style is passionate, razor-sharp, brimming with energy and humor. There is never a single moment of dullness in this book and the pace does not allow you to turn away from its momentum." —Booker Prize Judges Bernardine Evaristo is the winner of the 2019 Booker Prize and the first black woman to receive this highest literary honor in the English language. *Girl, Woman, Other* is a magnificent portrayal of the intersections of identity and a moving and hopeful story of an interconnected group of Black British women that paints a vivid portrait of the state of contemporary Britain and looks back to the legacy of Britain's colonial history in Africa and the Caribbean. The twelve central characters of this multi-voiced novel lead vastly different lives: Amma is a newly acclaimed playwright whose work often explores her Black lesbian identity; her old friend Shirley is a teacher, jaded after decades of work in London's funding-deprived schools; Carole, one of Shirley's former students, is a successful investment banker; Carole's mother Bummi works as a cleaner and worries about her daughter's lack of rootedness despite her obvious achievements. From a nonbinary social media influencer to a 93-year-old woman living on a farm in Northern England, these unforgettable characters also intersect in shared aspects of their identities, from age to race to sexuality to class. Sparklingly witty and filled with emotion, centering voices we often see othered, and written in an innovative fast-moving form that borrows technique from poetry, *Girl, Woman, Other* is a polyphonic and richly textured social novel that shows a side of Britain we rarely see, one that reminds us of all that connects us to our neighbors, even in times when we are encouraged to be split apart.

The Feminine Mystique - Betty Friedan 2010

When Betty Friedan produced *The Feminine Mystique* in 1963, she could not have realized how the discovery and debate of her contemporaries' general malaise would shake up society. Victims of a false belief system, these women were following strict social convention by loyally conforming to the pretty image of the magazines, and found themselves forced to seek meaning in their lives only through a family and a home. Friedan's controversial book about these women - and every woman - would ultimately set Second Wave feminism in motion and begin the battle for equality. This groundbreaking and life-changing work remains just as powerful, important and true as it was forty-five years ago, and is essential reading both as a historical document and as a study of women living in a man's world. 'One of the most influential nonfiction books of the twentieth century.' New York Times 'Feminism began with the work of a single person: Friedan.' Nicholas Lemann With a new Introduction by Lionel Shriver

The Fatherless Daughter Project - Denna Babul RN 2016-06-07

“This groundbreaking work will give voice to an enormous population of women who are struggling to understand themselves in the face of their fathers’ absence.” —Claire Bidwell Smith, author of *The Rules of Inheritance* and *After This When Motherless Daughters* was published 20 years ago, it unleashed a tsunami of healing awareness. When Denna Babul and Karin Smithson couldn't find the equivalent book for fatherlessness, *The Fatherless Daughter Project* was born. The book will set fatherless women on the path to growth and fulfillment by helping them to understand how their loss has impacted their lives. A father is supposed to provide a sense of security and stability. Losing a father comes with particular costs that vary depending on the way he left and how old a girl was when she lost him. Drawing on interviews with over 5000 women who became fatherless due to death, divorce, neglect, and outright abandonment, the authors have found that fatherless daughters tend to push their emotions underground. These issues in turn become distinct patterns in their relationships as adult women and they often can't figure out why. Delivered with compassion and expertise, this book allows readers support and

understanding they never had when they first needed it, and it encourages the conversation to continue.

Raquella Berto-Anirul has formed the Bene Gesserit School on the jungle planet Rossak as the first Reverend Mother. The descendants of Aurelius Venport and Norma Cenva have built Venport Holdings, using mutated, spice-saturated Navigators who fly precursors of Heighliners. The Butlerian movement, rabidly opposed to all forms of "dangerous technology," is led by Manford Torondo and his devoted Swordmaster, Anari Idaho. A Sisterhood of Sculptors - Melissa Dabakis 2020-05-01

This project is made possible through support from the Terra Foundation for American Art. When Elizabeth Cady Stanton penned the Declaration of Sentiments for the first women’s rights convention, held in Seneca Falls, New York, in 1848, she unleashed a powerful force in American society. In *A Sisterhood of Sculptors*, Melissa Dabakis outlines the conditions under which a group of American women artists adopted this egalitarian view of society and negotiated the gendered terrain of artistic production at home and abroad. Between 1850 and 1876, a community of talented women sought creative refuge in Rome and developed successful professional careers as sculptors. Some of these women have become well known in art-historical circles: Harriet Hosmer, Edmonia Lewis, Anne Whitney, and Vinnie Ream. The reputations of others have remained, until now, buried in the historical record: Emma Stebbins, Margaret Foley, Sarah Fisher Ames, and Louisa Lander. At midcentury, they were among the first women artists to attain professional stature in the American art world while achieving international fame in Rome, London, and other cosmopolitan European cities. In their invention of modern womanhood, they served as models for a younger generation of women who adopted artistic careers in unprecedented numbers in the years following the Civil War. At its core, *A Sisterhood of Sculptors* is concerned with the gendered nature of creativity and expatriation. Taking guidance from feminist theory, cultural geography, and expatriate and postcolonial studies, Dabakis provides a detailed investigation of the historical phenomenon of women’s artistic lives in Rome in the mid-nineteenth century. As an interdisciplinary examination of femininity and creativity, it provides models for viewing and interpreting nineteenth-century sculpture and for analyzing the gendered status of the artistic profession.

Their work, explored collectively for the first time in this groundbreaking text, demonstrates the roots of early advances in southern literacy education, vocational education, community outreach education, adult education, equal educational opportunity, curricular integrity, public support, and teacher pay equity.

Circles of Sisterhood - Anita Hooley Yoder 2017-06-27

The saga of Mennonite women's organizations is a story of struggle and triumph, productivity and misgivings, questions and celebrations. During the twentieth and twenty-first centuries, women's groups have offered Mennonite women a means of serving others by sewing clothing, laboring over quilts, rolling bandages, and packing school kits. Women's groups have also provided Mennonite women the opportunity to test their skills as leaders and give voice to callings they felt in a church that has not always valued their gifts for ministry. In this vibrant portrait of Mennonite Women USA, Anita Hooley Yoder paints with both broad and subtle strokes the one-hundred-year history of an organization that nurtures local church women's groups and connects Mennonite women across the world.

The Miraculous Medal - Mary Fabyan Windeatt 1949

Sister, it couldnt have happened! declared the priest. It was all a dream, like the other time. But Sister Catherine shook her head with childlike confidence. Oh no, Father! I see the Blessed Virgin as plainly as I see you. And she wants the Medal made right away, so people can wear it and start receiving graces. Father Aladel just could not believe that Our Lady was appearing to Sister Catherine Laboureand asking for a medal to be made too! Why, Sister Catherine was only a novice! Forget the whole thing, he told her. Just say your prayers and try to be like the other Sisters. Catherine obediently tried to forgetbut then the Blessed Mother came again! And again she asked for the Medal to be made. Would Our Ladys request ever be granted? Would Fr. Aladel ever believe she had really come? And what were the great graces she had promised to those who wore the Medal with confidence? This book shows what happened, also telling about Catherines second mother, and about obstinate old Johnwho refused to have anything to do with

the Medaland about how Sister Catherine kept her big secret. In short, here is the wonderful story of what happened when the Blessed Virgin Mary appeared to young St. Catherine Laboure.

[The Crunk Feminist Collection](#) - Brittney C. Cooper 2017

For the Crunk Feminist Collective, their academic day jobs were lacking in conversations they actually wanted - relevant, real conversations about how race and gender politics intersect with pop culture and current events. To address this void, they started a blog. Now with an annual readership of nearly one million, their posts foster dialogue about activist methods, intersectionality, and sisterhood. In this collection of essays, these self-described as 'critical homegirls' tackle life stuck between loving hip hop and ratchet culture while hating patriarchy, misogyny and sexism.

Strategic Sisterhood - Rebecca Tuuri 2018-04-09

When women were denied a major speaking role at the 1963 March on Washington, Dorothy Height, head of the National Council of Negro Women (NCNW), organized her own women's conference for the very next day. Defying the march's male organizers, Height helped harness the womanpower waiting in the wings. Height's careful tactics and quiet determination come to the fore in this first history of the NCNW, the largest black women's organization in the United States at the height of the civil rights, Black Power, and feminist movements of the 1960s and 1970s. Offering a sweeping view of the NCNW's behind-the-scenes efforts to fight racism, poverty, and sexism in the late twentieth century, Rebecca Tuuri examines how the group teamed with U.S. presidents, foundations, and grassroots activists alike to implement a number of important domestic development and international aid projects. Drawing on original interviews, extensive organizational records, and other rich sources, Tuuri's work narrates the achievements of a set of seemingly moderate, elite activists who were able to use their personal, financial, and social connections to push for change as they facilitated grassroots, cooperative, and radical activism.

Maggie knows Ginny really can't live on her own, so she brings her sister and her occasionally vicious dog to live near her in upstate New York. Their other sister, Betsy, is against the idea but as a professional surfer, she is conveniently thousands of miles away. Thus, Maggie's life as a caretaker begins. It will take all of her dark humor and patience, already spread thin after a separation, raising two boys, freelancing, an ex who just won't go away, and starting a dating life, to deal with Ginny's diapers, sugar addiction, porn habit, and refusal to cooperate. "The Frederick sisters will have you laughing out loud—often through tears—in this roller coaster ride of a novel that explores what it means to be family" (Tracey Lange, New York Times bestselling author).

[Feminist Theory](#) - bell hooks 2014-10-03

When Feminist Theory: From Margin to Center was first published in 1984, it was welcomed and praised by feminist thinkers who wanted a new vision. Even so, individual readers frequently found the theory "unsettling" or "provocative." Today, the blueprint for feminist movement presented in the book remains as provocative and relevant as ever. Written in hooks's characteristic direct style, Feminist Theory embodies the hope that feminists can find a common language to spread the word and create a mass, global feminist movement.
